

## SPOLEČNÝ KATALOG ODRŮD DRUHŮ ZEMĚDĚLSKÝCH ROSTLIN

### Dodatek A 2025/3

(Text s významem pro EHP)

(C/2025/2469)

1. Tento dodatek ke Společnému katalogu odrůd druhů zemědělských rostlin <sup>(1)</sup> odráží změny, které bylo nutno zapracovat s ohledem na informace, jež Komise obdržela od členských států.
2. Tento dodatek zahrnuje oznámení obdržená v období od 1. února 2025 do 28. února 2025.
3. Změny oproti konsolidovanému znění jsou vyznačeny následujícím způsobem:
  - (add.): znamená, že do společného katalogu byla přidána nová položka,
  - (mod.): znamená, že stávající položka byla změněna. Údaje k takové položce v tomto dodatku pak nahrazují údaje z konsolidovaného znění,
  - (del.): znamená, že tato položka a všechny údaje s ní související jsou ze společného katalogu vymazány.
4. Tento dodatek se týká oznámených odrůd, na něž se vztahují ustanovení čl. 16 odst. 1 směrnice Rady 2002/53/ES <sup>(2)</sup>.
5. Pokud kód udržovatele nebyl v konsolidovaném znění uveden, jméno udržovatele a jeho adresu lze získat od příslušné instituce, uvedené v seznamu pro daný členský stát nebo zemi ESVO.

| 20.2 | <i>Lolium multiflorum</i> Lam. >> <i>Ssp. non alternativum</i> .....                                                                                               | 14 |
| 21   | <i>Lolium perenne</i> L. – Perennial ryegrass .....                                                                                                                | 15 |
| 22   | <i>Lolium x hybridum</i> Hausskn. – Hybrid ryegrass .....                                                                                                          | 18 |
| 24   | <i>Phleum nodosum</i> L. – Small timothy .....                                                                                                                     | 19 |
| 25   | <i>Phleum pratense</i> L. – Timothy .....                                                                                                                          | 19 |
| 29   | <i>Poa pratensis</i> L. – Smooth-stalked meadowgrass .....                                                                                                         | 19 |
| 38   | <i>Lupinus angustifolius</i> L. – Narrow leaved lupin .....                                                                                                        | 19 |
| 47   | <i>Medicago sativa</i> L. – Lucerne .....                                                                                                                          | 20 |
| 51   | <i>Onobrychis viciifolia</i> Scop. – Sainfoin .....                                                                                                                | 21 |
| 54   | <i>Pisum sativum</i> L. (partim) – Field pea .....                                                                                                                 | 21 |
| 55   | <i>Trifolium alexandrinum</i> L. – Berseem/Egyptian clover .....                                                                                                   | 23 |
| 60   | <i>Trifolium incarnatum</i> L. – Crimson clover .....                                                                                                              | 23 |
| 63   | <i>Trifolium pratense</i> L. – Red clover .....                                                                                                                    | 23 |
| 64   | <i>Trifolium repens</i> L. – White clover .....                                                                                                                    | 23 |
| 71   | <i>Vicia faba</i> L. (partim) – Field bean .....                                                                                                                   | 24 |

## III. Oil and fibre plants

|    |                                                                                  |    |
|----|----------------------------------------------------------------------------------|----|
| 79 | <i>Raphanus sativus</i> L. var. <i>oleiformis</i> Pers. – Fodder radish .....    | 25 |
| 81 | <i>Brassica rapa</i> L. var. <i>silvestris</i> (Lam.) Briggs – Turnip rape ..... | 25 |
| 82 | <i>Brassica juncea</i> (L.) Czern. – Brown mustard .....                         | 25 |
| 83 | <i>Brassica napus</i> L. (partim) – Swede rape .....                             | 26 |
| 85 | <i>Cannabis sativa</i> L. – Hemp .....                                           | 29 |
| 87 | <i>Carum carvi</i> L. – Caraway .....                                            | 29 |
| 88 | <i>Gossypium</i> spp. – Cotton .....                                             | 29 |
| 89 | <i>Helianthus annuus</i> L. – Sunflower .....                                    | 30 |
| 90 | <i>Linum usitatissimum</i> L. – Flax, Linseed .....                              | 39 |

|    |                                                 |    |
|----|-------------------------------------------------|----|
| 91 | <i>Papaver somniferum</i> L. – Poppy .....      | 41 |
| 92 | <i>Sinapis alba</i> L. – White mustard .....    | 41 |
| 93 | <i>Glycine max</i> (L.) Merr. – Soya bean ..... | 41 |

#### IV. Cereals

|      |                                                                                                                                                                          |    |
|------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----|
| 95   | <i>Avena sativa</i> L. (including <i>A. byzantina</i> K. Koch) – Oat and Red oat .....                                                                                   | 44 |
| 97.1 | <i>Hordeum vulgare</i> L. >> 2-row barley .....                                                                                                                          | 44 |
| 97.2 | <i>Hordeum vulgare</i> L. >> 6-row barley .....                                                                                                                          | 48 |
| 98   | <i>Oryza sativa</i> L. – Rice .....                                                                                                                                      | 50 |
| 99   | <i>Phalaris canariensis</i> L. – Canary grass .....                                                                                                                      | 52 |
| 100  | <i>Secale cereale</i> L. – Rye .....                                                                                                                                     | 52 |
| 101  | <i>Sorghum bicolor</i> (L.) Moench – Sorghum .....                                                                                                                       | 53 |
| 104  | × <i>Triticosecale</i> Wittm. ex A. Camus – Hybrids resulting from the crossing of a species of the genus <i>Triticum</i> and a species of the genus <i>Secale</i> ..... | 54 |
| 105  | <i>Triticum aestivum</i> L. – Wheat .....                                                                                                                                | 55 |
| 106  | <i>Triticum durum</i> Desf. – Durum wheat .....                                                                                                                          | 63 |
| 108  | <i>Zea mays</i> L. (partim) – Maize .....                                                                                                                                | 64 |

#### V. Potatoes

|     |                                            |    |
|-----|--------------------------------------------|----|
| 109 | <i>Solanum tuberosum</i> L. – Potato ..... | 99 |
|-----|--------------------------------------------|----|
