**KOMMISSIONENS FORORDNING (EF) Nr. 578/2002  
af 20. marts 2002**

**om ændring af bilag I til Rådets forordning (EØF) nr. 2658/87 om told- og statistiknomenklaturen og den fælles toldtarif**

KOMMISSIONEN FOR DE EUROPÆISKE FÆLLESSKABER HAR —

under henvisning til traktaten om oprettelse af Det Europæiske Fællesskab,

under henvisning til Rådets forordning (EØF) nr. 2658/87 af 23. juli 1987 om told- og statistiknomenklaturen og den fælles toldtarif <sup>(1)</sup>, senest ændret ved Kommissionens forordning (EF) nr. 2433/2001 <sup>(2)</sup>, særlig artikel 9, og

ud fra følgende betragtninger:

(1) Ved forordning (EØF) nr. 2658/87 indførtes en vareno- menklatur, i det følgende benævnt »den kombinerede no- menklatur«, til opfyldelse af behovene i forbindelse med den fælles toldtarif, Fællesskabets udenrigshandelsstatistikker og andre EF-politikker med hensyn til indførsel eller udfør- sel af varer.

(2) I forbindelse med ændringerne til nomenklaturen, der er vedføjet som bilag til den internationale konvention om det harmoniserede varebeskrivelses- og vareno- menklatursystem, og som er accepteret i overensstemmelse med Told- samarbejdsrådets rekommandation af 25. juni 1999, blev bestemmelse 8 til kapitel 29 indsat og formuleringen af position 2937 ændret med virkning fra 1. januar 2002 i den kombinerede nomenklatur ved Kommissionens forord- ning (EF) nr. 2031/2001 <sup>(3)</sup>.

(3) Som følge af den nye bestemmelse 8 til kapitel 29 og den nye ordlyd af position 2937 er det nødvendigt at tilpasse bilag 3 i den kombinerede nomenklatur (liste udarbejdet af World Health Organization over internationale ikke- navnebeskyttede navne (INNs) på medicinske præparater

med toldfritagelse) for at tage hensyn til det nye vareområde omfattet af positionen.

(4) Da mere end 100 stoffer nævnt i bilag 3 til den kombine- rede nomenklatur tidligere blev tariferet andetsteds end i position 2937, men nu henhører under position 2937, er det nødvendigt at erstatte dette bilag med et nyt.

(5) Bilag I til forordning (EØF) nr. 2658/87 må derfor ændres i overensstemmelse hermed.

(6) Denne foranstaltning indebærer ikke, at todsatserne tilpas- ses. Den indebærer heller ikke, at der slettes eller tilføjes stoffer i bilag 3 til den kombinerede nomenklatur.

(7) De i denne forordning fastsatte foranstaltninger er i over- ensstemmelse med udtalelse fra Toldkodeksudvalget —

UDSTEDT FØLGENDE FORORDNING:

*Artikel 1*

Bilag 3 i afsnit II i del III til bilag I til forordning (EØF) nr. 2658/87 erstattes med bilaget til nærværende forordning.
