

Proposal for a Council Decision on the conclusion of a Protocol adjusting the trade aspects of the Europe Agreement establishing an association between the European Communities and their Member States, of the one part, and the Republic of Estonia, of the other part, to take account of the outcome of negotiations between the parties on new mutual agricultural concessions

(2003/C 45 E/10)

COM(2002) 572 final — 2002/0250(ACC)

(Submitted by the Commission on 21 October 2002)

EXPLANATORY MEMORANDUM

1. On 30 March 1999, the Council authorised the Commission to open negotiations for additional mutual agricultural concessions in the framework of the Europe Agreements between the European Community and the associated Central and Eastern European Countries.
2. The negotiations with the Republic of Estonia, which were undertaken in the overall context of the accession process, were based on Article 19(4) of the Europe Agreement. This article provides that the Community and Estonia shall examine in the Association Council, product by product and on an orderly and reciprocal basis, the possibility of granting each other further concessions, taking account of the volume of trade in agricultural products between them, of their particular sensitivity, of the rules of the common agricultural policy of the Community and of the role of agriculture in Estonia's economy.
3. According to the Council directives, the negotiations should lead to a fair equilibrium, both in terms of exports and imports, between the interests of the European Community and its Member States and those of the associated countries. On this basis, negotiations were undertaken and concluded between the parties on 31 January 2002.
4. The results of the negotiations between the Commission and Estonia on additional agricultural concessions involve immediate, full and reciprocal liberalisation of trade in some agricultural products. Agreement was also reached on opening new tariff quotas in certain sectors and increasing certain previously existing quotas.
5. The results of the negotiations have so far been implemented by the respective parties in the form of autonomous measures, applicable as from 1 July 2002. On the Community side, the autonomous measures were implemented by Council Regulation (EC) No 1151/2002. Estonia has, as stipulated in Article 24(3) of the Europe Agreement, renounced all tariffs on agricultural imports from the Community.
6. The present Protocol on new mutual agricultural concessions would replace the aforementioned autonomous and transitional measures at the date of its entry into force.

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 133, in conjunction with Article 300(2), subparagraph 1, first sentence thereof,

Having regard to the proposal from the Commission,

Whereas:

(1) The Europe Agreement establishing an association between the European Communities and their Member States, of the one part, and the Republic of Estonia, of the other part ⁽¹⁾, provides for certain reciprocal trade concessions for certain agricultural products.

(2) Article 19(4) of the Europe Agreement provides that the Community and Estonia shall examine product by product and on an orderly and reciprocal basis the possibilities of granting each other further concessions.

(3) The first improvements to the preferential arrangements of the Europe Agreement with Estonia were provided for in the Protocol adjusting trade aspects of the Europe Agreement to take account of the accession of the Republic of Austria, the Republic of Finland and the Kingdom of Sweden to the European Union and the outcome of the Uruguay Round negotiations on agriculture, including improvements to the existing preferential arrangements, approved by Decision 1999/86/EC ⁽²⁾.

⁽¹⁾ OJ L 68, 9.3.1998, p. 3.

⁽²⁾ OJ L 29, 3.2.1999, p. 9.

- (4) Improvements to the preferential arrangements were also provided for as a result of negotiations to liberalise agricultural trade concluded in 2000. On the Community side, these were implemented from 1 July 2000 by Regulation (EC) No 1349/2000 establishing certain concessions in the form of Community tariff quotas for certain agricultural products and providing for an adjustment, as an autonomous and transitional measure, of certain agricultural concessions provided for in the Europe Agreement with Estonia⁽¹⁾. This second adjustment of the preferential arrangements has not yet been incorporated in the Europe Agreement in the form of an Additional Protocol.
- (5) Negotiations for further improvements to the preferential arrangements of the Europe Agreement with Estonia were concluded on 31 January 2002. The results of the negotiations have so far been implemented in the form of autonomous measures, applicable as from 1 July 2002. On the Community side, the autonomous measures were implemented by Council Regulation (EC) No 1151/2002⁽²⁾.
- (6) The new Additional Protocol to the Europe Agreement adjusting the trade aspects of the Europe Agreement between the European Communities and their Member States, of the one part, and the Republic of Estonia, of the other part (hereinafter referred to as 'the Protocol') should be approved with a view to consolidating all concessions in agricultural trade between the two sides, including the results of the negotiations concluded in 2000 and 2002.
- (7) Commission Regulation (EEC) No 2454/93 of 2 July 1993 laying down provisions for the implementation of Council Regulation (EEC) No 2913/92 establishing the Community Customs Code⁽³⁾ has codified the management rules for tariff quotas designed to be used following the chronological order of dates of customs declarations. Certain tariff quotas under this Decision should therefore be administered in accordance with those rules.
- (8) Further measures necessary for the implementation of this Decision should be adopted in accordance with the Management Committee procedure of Decision 1999/468/EC of 28 June 1999 laying down the procedures for the exercise of implementing powers conferred on the Commission⁽⁴⁾.
- (9) As a result of the aforementioned negotiations, Regulation (EC) No 1151/2002 has effectively lost its substance and should therefore be repealed,
