COMMISSION IMPLEMENTING REGULATION (EU)
No 414/2013
of 6 May 2013

specifying a procedure for the authorisation of same biocidal
products in accordance with Regulation (EU) No 528/2012 of the
European Parliament and of the Council
(Text with EEA relevance)

Article 1

Subject matter

This Regulation lays down the procedure applicable where an authori-
sation is sought for a product (the ‘same product’) which is identical to
another single biocidal product, biocidal product family, or individual
product of a biocidal product family which has been authorised or
registered in accordance with Directive 98/8/EC of the European
Parliament and of the Council (1) or Regulation (EU) No 528/2012, or
for which an application for such authorisation has been submitted (the
‘related reference product’), with regard to all the latest information
submitted in relation to the authorisation or registration, except
information which can be the subject of an administrative change in
accordance with Commission Implementing Regulation (EU)
No 354/2013 (2).

Article 2

Content of applications

By way of derogation from Article 20(1) of Regulation (EU)
No 528/2012 and the information requirements in Article 43(1)
thereof, an application for authorisation of a same product shall
contain the following information:

(a) the authorisation number or, for not yet approved related reference
products, the application number in the Register for Biocidal
Products of the related reference product;

(b) an indication of the proposed differences between the same product
and the related reference product, and evidence that the products are
identical on all other aspects;

(c) where required by Article 59(1) of Regulation (EU) No 528/2012,
letters of access to all the data supporting the authorisation of the
related reference product;

(d) a draft summary of the biocidal product characteristics for the same
product.

16 February 1998 concerning the placing of biocidal products on the

on changes of biocidal products authorised in accordance with
Regulation (EU) No 528/2012 of the European Parliament and of the
Council (OJ L 109, 19.4.2013, p. 4).
Article 3

Submission and validation of applications for national authorisation

1. Where the related reference product has been authorised by national authorisation or is the subject of an application for such an authorisation, applications for authorisation of a same product shall be submitted in accordance with Article 29(1) of Regulation (EU) No 528/2012 to the competent authority that has granted or is requested to grant the national authorisation of the related reference product.

1a. Where the related reference product has been authorised by Union authorisation or is the subject of an application for such an authorisation, applications for national authorisation of a same product shall be submitted in accordance with Article 29(1) of Regulation (EU) No 528/2012 to the competent authority of the Member State in which the national authorisation is sought.

2. By way of derogation from paragraphs 2 and 4 of Article 29 of Regulation (EU) No 528/2012, the competent authority shall validate the application within 30 days of accepting it, provided that the information indicated in Article 2 has been submitted.

The validation shall include a check that the proposed differences between the same product and the related reference product concern merely information which can be the subject of an administrative change in accordance with Implementing Regulation (EU) No 354/2013.

Article 4

Submission and validation of applications for Union authorisation

1. Where the related reference product has been authorised by Union authorisation or is the subject of an application for such an authorisation, applications for authorisation of a same product shall be submitted to the Agency in accordance with Article 43(1) of Regulation (EU) No 528/2012.

2. However, the application shall not include a confirmation that the biocidal product would have similar conditions of use across the Union or a reference to an evaluating competent authority.

3. For the purposes of the application of this Article, Article 43(2) of Regulation (EU) No 528/2012 shall be read as requiring the Agency to inform the applicant only.

4. By way of derogation from the first and second subparagraphs of Article 43(3) of Regulation (EU) No 528/2012, the Agency shall validate the application within 30 days of accepting it provided that the information indicated in Article 2 has been submitted.

5. The validation shall include a check that the proposed differences between the same product and the related reference product concern merely information which can be the subject of an administrative change in accordance with Implementing Regulation (EU) No 354/2013.

6. For the purposes of the application of this Article, all references to the evaluating competent authority in the third subparagraph of Article 43(3) and in Article 43(4) and (5) of Regulation (EU) No 528/2012 shall be read as referring to the Agency.
Article 4a
Submission and acceptance of applications under the simplified procedure

1. Where the related reference product has been authorised in accordance with Article 26(3) of Regulation (EU) No 528/2012 or is the subject of an application for such an authorisation, applications for authorisation of a same product shall be submitted in accordance with Article 26(1) of that Regulation to the competent authority that has granted or is requested to grant the authorisation of the related reference product.

2. The competent authority shall accept the application in accordance with Article 26(2) of Regulation (EU) No 528/2012.

Article 4b
Guidance on handling applications for authorisation of same products

1. The Agency shall, after consulting the Member States, the Commission and interested parties, draw up guidelines on the details related to the handling of applications covered by this Regulation.

2. Where necessary, those guidelines shall be updated taking into account the contributions from Member States and interested parties on its implementation as well as scientific and technical progress.

Article 5
Evaluation and decision on applications for national authorisation

By way of derogation from Article 30 of Regulation (EU) No 528/2012, the receiving competent authority shall decide whether to grant or refuse authorisation of a same product in accordance with Article 19 of that Regulation within 60 days from the validation of the application in accordance with Article 3 of this Regulation, or, where applicable, from the subsequent date of adoption of the corresponding decision concerning the related reference product.

Article 6
Evaluation and decision on applications for Union authorisation

1. By way of derogation from Article 44(1), (2) and (3) of Regulation (EU) No 528/2012 the Agency shall prepare and submit to the Commission an opinion on the application within 30 days from the validation of the application in accordance with Article 4 of this Regulation, or, where applicable, on the subsequent date of submission of an opinion on the related reference product in accordance with Article 44(3) of Regulation (EU) No 528/2012.
2. If the Agency recommends the authorisation of the same product, the opinion shall contain at least both the following elements:

(a) a statement on whether the conditions laid down in Article 19 of Regulation (EU) No 528/2012 are fulfilled, and a draft summary of biocidal products characteristics, as referred to in Article 22(2) of that Regulation;

(b) where relevant, details of any terms and conditions which should be imposed on the making available on the market and use of the same product.

**Article 6a**

**Evaluation and decision on applications under the simplified procedure**

1. By way of derogation from Article 26(3) and (4) of Regulation (EU) No 528/2012, the receiving competent authority shall decide whether to grant or refuse authorisation of a same product in accordance with Article 25 of that Regulation within 60 days from the acceptance of the application in accordance with Article 4a(2) of this Regulation, or, where applicable, from the subsequent date of adoption of the corresponding decision concerning the related reference product.

2. The evaluation shall include a check that the information indicated in Article 2 has been submitted and that the proposed differences between the same product and the related reference product concern merely information which can be the subject of an administrative change in accordance with Implementing Regulation (EU) No 354/2013.

3. Where the product authorised through this procedure is intended to be made available on the market of other Member States, Article 27 of Regulation (EU) No 528/2012 shall apply.

**Article 7**

**Authorisations and changes of same products**

1. A same product shall have a different authorisation number than that of the related reference product.

On all other aspects, the content of the authorisation of a same product shall be identical with that of the related reference product except in terms of the information in respect of which the products differ. The Register for Biocidal Products shall show a link between same products and related reference products.

2. Changes of a same product or of a related reference product shall be notified or applied for in accordance with Implementing Regulation (EU) No 354/2013 independently of each other.

Authorisations of a same product or of a related reference product may be changed or cancelled independently of each other.

However, in the evaluation of a proposed change of a same product or of a related reference product, the receiving competent authority or, where relevant, the Agency shall consider the appropriateness of cancelling or amending the authorisation of other products to which the product is linked in the Register for Biocidal Products as referred to in the second subparagraph of paragraph 1.
Article 8

This Regulation shall enter into force on the twentieth day following that of its publication in the Official Journal of the European Union.

It shall apply from 1 September 2013.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
