COMMISSION IMPLEMENTING REGULATION (EU) No 964/2014
of 11 September 2014
laying down rules for the application of Regulation (EU) No 1303/2013 of the European Parliament and of the Council as regards standard terms and conditions for financial instruments

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1303/2013 of the European Parliament and of the Council of 17 December 2013 laying down common provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund, the European Agricultural Fund for Rural Development and the European Maritime and Fisheries Fund and laying down general provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund and the European Maritime and Fisheries Fund and repealing Council Regulation (EC) No 1083/2006 (1), and in particular the second subparagraph of Article 38(3) thereof,

Whereas:

(1) To facilitate the use of financial instruments set up at national, regional, transnational or cross-border level and managed by or under the responsibility of the managing authority in accordance with Article 38(3)(a) of Regulation (EU) No 1303/2013, rules on standard terms and conditions for certain financial instruments should be established. Those standard terms and conditions would make those instruments ready to use — the so-called off-the-shelf financial instruments.

(2) To facilitate the use of financial instruments, the standard terms and conditions need to ensure compliance with state aid rules and facilitate the delivery of Union financial support of final recipients through a combination of financial instruments and grants.

(3) The standard terms and conditions should not allow a finance provider, such as a public or private investor or a lender, a manager of the financial instrument, or a final recipient to receive any state aid which is incompatible with the internal market. The standard terms and conditions should take into account the relevant de minimis Regulations such as Commission Regulation (EU) No 1407/2013 (2) and Commission Regulation (EU) No 1408/2013 (3), Commission Regulation (EU) No 651/2014 (4), Commission Regulation (EU) No 702/2014 (5), the Guidelines on State aid to promote risk finance investments (6) and the Guidelines for State aid in the agricultural and forestry sectors and in rural areas 2014 to 2020 (7).

(4) Given that the State aid rules do not apply to agricultural activities supported under the European Agricultural Fund for Rural Development, compliance with the standard terms and conditions should be voluntary. For other activities receiving support from the European Agricultural Fund for Rural Development, general State aid rules apply and therefore, the standard terms and conditions should be mandatory.

(5) It is possible that undertakings in the fisheries sector, particularly small and medium-sized enterprises (SMEs), may benefit from financial instruments financed by a European Structural and Investment Fund. When such a benefit is funded by another European Structural and Investment Fund than the European Maritime and Fisheries Fund, the total amount of the aid granted through the financial instruments to all undertakings in the fisheries and aquaculture sector over three years should be below a cap of the annual fishery, aquaculture and processing

turnover by Member State specified in Commission Regulation (EU) No 717/2014 (1). In addition Regulation (EU) No 702/2014 and the Guidelines for the examination of State aid to fisheries and aquaculture (2) should to be taken into account.

(6) The standard terms and conditions should also include a minimum set of governance requirements to ensure proper management of the financial instruments in order to provide for more detailed rules than those included in the Regulation (EU) No 1303/2013.

(7) In order to support SMEs growth in a difficult funding environment, a portfolio risk sharing loan (‘RS loan’) is an appropriate financial instrument. The RS loan provides new loans to SMEs with easier access to finance by providing financial intermediaries with funding contribution and credit risk sharing and thereby offering SMEs with more funds at preferential conditions in terms of interest rate reduction and/or collateral reduction.

(8) Financing through the RS loan may be a particularly effective way of supporting SMEs in a context of limited availability of funding or relatively little risk appetite of the financial intermediaries for certain sectors or type of SMEs. In this context, the standard terms and conditions are an effective way to address such market failure.

(9) In order to provide an incentive to financial intermediaries to increase lending to SMEs covered by Union funded guarantees, a capped portfolio guarantee is an appropriate financial instrument.

(10) The capped portfolio guarantee should address the existing gap in the debt market for SMEs supporting new loans by providing credit risk protection (in the form of a first loss portfolio capped guarantee) with the aim to reduce the particular difficulties that SMEs face in accessing finance because of the lack of sufficient collateral in combination with the relatively high credit risk they represent. In order to achieve the expected impact, the Union contribution to the capped portfolio guarantee should, however, not replace equivalent guarantees received by the respective financial institutions for the same purpose under existing Union, national and regional financial instruments. In this context, the standard terms and conditions are an effective way to address such market failure.

(11) In order to incentivize the energy saving potential arising from the renovation of residential buildings, a renovation loan is an appropriate financial instrument.

(12) The renovation loan should target long term subsidised loan conditions and upfront technical support and funding of residential building owners to prepare and implement building renovation projects. It also assumes a financing market in which banking intermediaries are essentially the only source of funding, but where this funding is either too little (due to the risk appetite of the intermediary), too short term, too costly or otherwise inappropriate for the long term payback nature of the projects being financed. This, together with an inefficient system of identifying and procuring the works on behalf of multiple apartment owners without excluding the possibility to support individuals, constitutes a market failure. In this context, the standard terms and conditions are an effective way to address such market failure.

(13) The measures provided for in this Regulation are in accordance with the opinion of the Coordination Committee for the European Structural and Investment Funds,

HAS ADOPTED THIS REGULATION:

Article 1

Subject matter

This Regulation lays down rules concerning the standard terms and conditions for the following financial instruments:

(a) a portfolio risk sharing loan (RS Loan);

(b) a capped portfolio guarantee;

(c) a renovation loan.

(2) Guidelines for the examination of State aid to fisheries and aquaculture (OJ C 84, 3.4.2008, p. 10).
Article 2

Additional terms and conditions

Managing authorities may include other terms and conditions in addition to those to be included in the funding agreement in accordance with the terms and conditions for the selected financial instrument set out in this Regulation.

Article 3

Compliance with State aid rules under the standard terms and conditions

1. In case of financial instruments combined with grants for technical support to final recipients benefiting from one of the instruments, such grants shall not exceed 5 % of the ESI Funds contribution to the instrument and be subject to the conclusions of the ex-ante assessment justifying such grants referred to in Article 37 of Regulation (EU) No 1303/2013.

2. The body implementing the financial instrument (hereinafter ‘the financial intermediary’) shall manage the grant for technical support. The technical support shall not cover the activities which are covered by management cost and fees received to manage the financial instrument. The expenditure covered by the technical support may not constitute part of the investment to be financed by the loan under the relevant financial instrument.

Article 4

Governance under the standard terms and conditions

1. The managing authority or, if applicable, the fund of funds manager shall be represented in the supervisory committee or a similar type of governance structure of the financial instrument.

2. The managing authority shall not participate directly in individual investment decisions. In the case of a fund of funds, the managing authority shall exercise only its supervisory role at the level of the fund of funds without interfering in individual decisions by the fund of funds.

3. The financial instrument shall have a governance structure that allows for decisions concerning credit and risk diversification to be made transparently in line with relevant market practice.

4. The fund of funds manager and the financial intermediary shall have a governance structure that ensures impartiality and independence of the fund of funds manager or of the financial intermediary.

Article 5

Funding agreement under the standard terms and conditions

1. The managing authority shall conclude in writing a funding agreement for contributions from programmes to financial instrument, which shall contain the terms and conditions in accordance with Annex I.

2. The funding agreement shall contain as annexes:

(a) the ex-ante assessment required under Article 37 of Regulation (EU) No 1303/2013 justifying the financial instrument;

(b) the business plan of the financial instrument including the investment strategy and a description of the investment, guarantee or lending policy;

(c) the description of the instrument which must be aligned with the detailed standard terms and conditions of the instrument and which must fix the financial parameters of the financial instruments;

(d) the monitoring and reporting templates.
Article 6

RS Loan

1. The RS Loan shall take the form of a loan fund to be set up by a financial intermediary with contribution from the programme and contribution of at least 25% of the loan fund from the financial intermediary. The loan fund shall finance a portfolio of newly originated loans, to the exclusion of the refinancing of existing loans.

2. The RS Loan shall comply with the terms and conditions set out in Annex II.

Article 7

Capped Portfolio Guarantee

1. The Capped Portfolio Guarantee shall provide credit risk coverage on a loan by loan basis up to a guarantee rate of maximum 80%, for the creation of a portfolio of new loans to the small and medium-sized enterprises up to a maximum loss amount fixed by the guarantee cap rate which shall not exceed 25% of the risk exposure at portfolio level.

2. The Capped Portfolio Guarantee shall comply with the terms and conditions set out in Annex III.

Article 8

Renovation Loan

1. The Renovation Loan shall take the form of a loan fund to be set up by a financial intermediary with contribution from the programme and contribution of at least 15% of the loan fund from the financial intermediary. The loan fund shall finance a portfolio of newly originated loans, to the exclusion of the refinancing of existing loans.

2. Final recipients may be natural or legal persons or independent professionals, owning premises as well as administrators or other legal bodies acting on behalf and for the benefit of owners, implementing energy efficiency or renewable energies measures that are eligible under Regulation (EU) No 1303/2013 and programme support.

3. The Renovation Loan shall comply with the terms and conditions set out in Annex IV.

Article 9

This Regulation shall enter into force on the twentieth day following that of its publication in the Official Journal of the European Union.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 11 September 2014.

For the Commission

The President

José Manuel BARROSO
ANNEX I

Annotated table of content of a funding agreement between a managing authority and a financial intermediary

Table of content:

(1) Preamble
(2) Definitions
(3) Scope and objective
(4) Policy objectives and ex-ante assessment
(5) Final recipients
(6) Financial advantage and State aid
(7) Investment, guarantee or lending policy
(8) Activities and operations
(9) Target results
(10) Role and liability of the financial intermediary: risk and revenue sharing
(11) Management and audit of the financial instrument
(12) Programme contribution
(13) Payments
(14) Account management
(15) Administrative costs
(16) Duration and eligibility of expenditure at closure
(17) Re-utilisation of resources paid by the managing authority (including interest yielded)
(18) Capitalisation of interest rate subsidies, guarantee fee subsidies (if applicable)
(19) Governance of the financial instrument
(20) Conflicts of interest
(21) Reporting and Monitoring
(22) Evaluation
(23) Visibility and transparency
(24) Exclusivity
(25) Settlement of disputes
(26) Confidentiality
(27) Amendment of the agreement and transfer of rights and obligations
1. PREAMBLE

Name of the Country/Region

Identification of the Management Authority

Common Code for Identification (CCI) No of programme

Title of the related programme

Relevant section of the programme referring to the financial instrument

Name of the ESIF

Identification of the priority axis

Regions where the financial instrument shall be implemented (NUTS level or other)

Amount allocated to the financial instrument by the managing authority

Amount from ESIF

Amount from national public (programme public contribution)

Amount from national private (programme private contribution)

Amount from national public and private outside programme contribution

Expected starting date of the financial instrument

Completion date of the financial instrument

Contact information for communications between the parties

Purpose of the agreement

2. DEFINITIONS

3. SCOPE AND OBJECTIVE

The description of the financial instrument, including its investment strategy or policy, the type of support to be provided.

4. POLICY OBJECTIVES AND EX-ANTE ASSESSMENT

The criteria for eligibility for financial intermediaries if applicable as well as additional operational requirements transposing the policy objectives of the instrument, financial products to be offered, final recipients targeted, and envisaged combination with grants.

5. FINAL RECIPIENTS

Identification and eligibility of the final recipients (target group) of the financial instrument.

6. FINANCIAL ADVANTAGE AND STATE AID

Evaluation of the financial advantage by the programme public contribution and alignment with the State aid rules.

7. INVESTMENT, GUARANTEE OR LENDING POLICY

Provisions regarding investment, guarantee or lending policy especially regarding portfolio diversification (risk, sector, geographical zones, size) and existing portfolio of the financial intermediary.
8. ACTIVITIES AND OPERATIONS

Business plan or equivalent documents for the financial instrument to be implemented, including the expected leverage effect referred to in Article 37(2)(c) of Regulation (EU) No 1303/2013.

Definition of eligible activities

A clear definition of the activities assigned and the limits thereof, concerning in particular the modification of activities and the portfolio management (losses and default and recovery process).

9. TARGET RESULTS

Definition of the activities, results and impact indicators associated with baseline measurements and expected targets.

The target results the financial instrument is expected to achieve as contribution to the specific objectives and results of the relevant priority or measure. List of indicators in accordance with the operational programme and Article 46 of Regulation (EU) No 1303/2013.

10. ROLE AND LIABILITY OF THE FINANCIAL INTERMEDIARY: RISK AND REVENUE SHARING

Identifications and Provisions on the liability of the financial intermediary and of other entities involved in the implementation of the financial instrument.

Explanation of risk valuation and risk and profit sharing of the different parties.

11. MANAGEMENT AND AUDIT OF THE FINANCIAL INSTRUMENT

Relevant provisions in line with Article 9 of Delegated Regulation (EU) No 480/2014 concerning management and control of financial instruments.

Provisions on the audit requirements, such as minimum requirements for documentation to be kept at the level of the financial intermediary (and at the level of the fund of funds), and requirements in relation to the maintenance of separate records for the different forms of support in compliance with Article 37(7) and (8) of Regulation (EU) No 1303/2013 (where applicable), including provisions and requirements regarding access to documents by audit authorities of the Member State, Commission auditors and the European Court of Auditors in order to ensure a clear audit trail in accordance with Article 40 of Regulation (EU) No 1303/2013.

Provisions in order for the audit authority to comply with guidance in relation with audit methodology, check list and availability of documents.

12. PROGRAMME CONTRIBUTION

Provisions in line with Article 38(10) of Regulation (EU) No 1303/2013 concerning the modalities of transfer and management of programme contributions.

Where appropriate, provisions on a framework of conditions for the contributions from the European Regional Development Fund, the European Social Fund, the Cohesion Fund, the European Agricultural Fund for Rural Development and the European Maritime and Fisheries Fund.

13. PAYMENTS

Requirements and procedures for managing payments in tranches, respecting the ceilings of Article 41 of Regulation (EU) No 1303/2013 and for the forecast of deal flows.

Conditions for a possible withdrawal of the programme public contribution to the financial instrument.

Rules concerning which supporting documents are required to justify the payments from the managing authority to the financial intermediary.

Conditions under which payments from the managing authority to the financial intermediary must be suspended or interrupted.

14. ACCOUNT MANAGEMENT

Details of the accounts, including if applicable requirements for fiduciary/separate accounting as set out in Article 38(6) of Regulation (EU) No 1303/2013.

Provisions explaining how the account of the financial instrument is managed. Including conditions governing the use of bank accounts: counterparty risks (if applicable), acceptable treasury operations, responsibilities of parties concerned, remedial actions in the event of excessive balances on fiduciary accounts, record keeping and reporting.

15. ADMINISTRATIVE COSTS

Provisions on the remuneration of the financial intermediary on the calculation and payment of management costs and fees to the financial intermediary and in accordance with Articles 12 and 13 of Delegated Regulation (EU) No 480/2014.

The provision must include the maximum rate applicable and the reference amounts for the calculation.

16. DURATION AND ELIGIBILITY OF EXPENDITURE AT CLOSURE

The date for the entry into force of the agreement.

The dates defining the implementing period of the financial instrument and the eligibility period.

Provisions on the possibility of extension, and termination of the programme public contribution to the financial intermediary for the financial instrument, including the conditions for early termination or withdrawal of programme contributions, exit strategies and the winding-up of financial instruments (including the fund of funds where applicable).

Provisions regarding the eligible expenditure at closure of the programme in accordance with Article 42 of Regulation (EU) No 1303/2013.

17. RE-UTILISATION OF RESOURCES PAID BY THE MANAGING AUTHORITY (INCLUDING INTEREST YIELDED)

Provisions on the re-utilisation of resources paid by the managing authority.

Requirements and procedures for managing interest and other gains attributable to support from ESIF in accordance with Article 43 of Regulation (EU) No 1303/2013.

Provisions regarding the re-use of resources attributable to the support of the ESI Funds until the end of the eligibility period in compliance with Article 44 of Regulation (EU) No 1303/2013.

Provisions regarding the use of resources attributable to the support of the ESI Funds following the end of the eligibility period in compliance with Article 45 of Regulation (EU) No 1303/2013.

18. CAPITALISATION OF INTEREST RATE SUBSIDIES, GUARANTEE FEE SUBSIDIES (IF APPLICABLE)

19. GOVERNANCE OF THE FINANCIAL INSTRUMENT

Provisions describing an appropriate governance structure of the financial instrument to ensure that decisions concerning loans/guarantees/investments, divestments and risk diversification are implemented in accordance with the applicable legal requirements and market standards.

Provisions on the investment board of the financial instrument (role, independence, criteria).
20. CONFLICTS OF INTEREST

Clear procedures need to be established to deal with conflicts of interest.

21. REPORTING AND MONITORING

Provisions for monitoring of the implementation of investments and of deal flows including reporting by the financial intermediary to the fund of funds and/or the managing authority to ensure compliance with Article 46 of Regulation (EU) No 1303/2013 and State aid rules.

Rules on reporting to the managing authority on how the tasks are performed, reporting on results and irregularities and corrective measures taken.

22. EVALUATION

Conditions and arrangements for the evaluation of the financial instrument.

23. VISIBILITY AND TRANSPARENCY

Provisions on visibility of the funding provided by the union in line with the Annex XII to Regulation (EU) No 1303/2013.

Provisions guaranteeing access to information for final recipients.

24. EXCLUSIVITY

Provisions establishing under which conditions the fund of funds manager or the financial intermediary is allowed to start a new investment vehicle.

25. SETTLEMENT OF DISPUTES

Provisions on the settlement of disputes.

26. CONFIDENTIALITY

Provisions defining what elements of the financial instrument are covered by confidentiality clauses. Otherwise all other information is considered public.

Confidentiality obligations entered into as part of this agreement shall not prevent proper reporting to the investors, including those providing public funds.

27. AMENDMENT OF THE AGREEMENT AND TRANSFER OF RIGHTS AND OBLIGATIONS

Provisions defining the scope and conditions for possible amendment and termination of the agreement.

Provisions forbidding the financial intermediary to transfer any right or obligation without the prior authorisation of the managing authority.

ANNEX A: the ex-ante assessment required under Article 37 of Regulation (EU) No 1303/2013 justifying the financial instrument.

ANNEX B: the business plan of the financial instrument including the investment strategy and a description of the investment, guarantee or lending policy.

ANNEX C: the description of the instrument which must be aligned with the detailed standard terms and conditions of the instrument and which must fix the financial parameters of the financial instruments.

ANNEX D: the monitoring and reporting templates.
ANNEX II

Loan for SMEs based on a portfolio Risk Sharing loan model (RS loan)

Schematic representation of the RS loan principle

### Structure of the financial instrument

The Risk Sharing loan (RS loan or financial instrument) shall take the form of a loan fund to be set up by a financial intermediary with contributions from the programme and the financial intermediary to finance a portfolio of newly originated loans, to the exclusion of the refinancing of existing loans.

The Risk Sharing loan shall be made available in the framework of an operation which is part of the priority axis defined in the programme co-funded by the relevant ESIF and defined in the context of the ex-ante assessment required in Article 37 of Regulation (EU) No 1303/2013.

### Aim of the instrument

The aim of the instrument shall be to:

1. combine resources from the ESIF programme and the financial intermediary to support financing to SMEs as referred in Article 37(4) of Regulation (EU) No 1303/2013, and

2. provide SMEs with easier access to finance by providing financial intermediary with a funding contribution and credit risk sharing and thereby offering SMEs more funds at preferential conditions in terms of interest rate reduction and if relevant collateral reduction.

The contribution from the ESIF programme to the financial intermediary shall not crowd out financing available from other private investors or public investors.

The ESIF programme shall provide funding to the financial intermediary in order to build up a portfolio of newly generated loans to SMEs, and in parallel, participate in the losses/defaults and recoveries on the SME loans in this portfolio on a loan by loan basis and in the same proportion as the programme contribution in the instrument.

In the case of fund of funds structure, the fund of funds shall transfer the contribution from the ESIF programme to the financial intermediary.

In addition to the ESIF programme contribution, the fund of funds may provide its own resources which are combined with the financial intermediary resources. The fund of funds shall in this case take the pro-rata part of the risk sharing between the different contributions in the portfolio of loans. State aid rules have to be respected if the resources provided by the fund of funds are State resources.
State aid implication

The RS Loan shall be designed as a State aid free instrument, i.e. market-conform remuneration for the financial intermediary, full pass-on of financial advantage by the financial intermediary to the final recipients, and the financing provided to the final recipients are under the applicable de minimis Regulation.

(a) Aid at the level of the financial intermediary and the fund of funds is excluded when:

1. the financial intermediary and the managing authority or fund of funds bear at any time the losses and benefits in proportion to their contributions (pro-rata) and there is an economically significant participation of the financial intermediary in the Risk Sharing loan, and

2. The remuneration (i.e. management costs and/or fees) of the financial intermediary and the fund of funds reflects the current market remuneration in comparable situations, which is the case when the latter has been selected through an open, transparent, non-discriminatory and objective selection procedure or if the remuneration is aligned with the Articles 12 and 13 of Delegated Regulation (EU) No 480/2014 and no other advantages are granted by the State. Where the fund of fund only transfers the ESIF contribution to the financial intermediary, and has a public interest mission, and has no commercial activity when implementing the measure, and is not co-investing with its own resources — therefore it is not considered a beneficiary of aid, — it is enough that the fund of fund is not overcompensated, and

3. The financial advantage of the programme public contribution to the instrument shall be fully passed on to the final recipients in the form of an interest rate reduction. When selecting the financial intermediary, the managing authority shall, in line with the Article 7(2) of Delegated Regulation (EU) No 480/2014, asses the pricing policy and the methodology to pass on the financial advantage to the final recipients.

Where the financial intermediary does not pass on all the financial advantage to the final recipients, the undisbursed public contribution shall be transferred back to the managing authority.

(b) At the level of the SMEs:

At the SMEs' level, the loan shall comply with the de minimis rules.

For each loan inserted in the portfolio, the financial intermediary shall calculate the GGE by using the following calculation methodology:

Calculation of the GGE = Nominal amount of the loan (EUR) × (Cost of funding (standard practice) + Cost of risk (standard practice) – Any fees charged by the managing authority on the programme contribution to the financial intermediary) × Weighted average life of the loan (Years) × Risk sharing rate.

When the GGE is calculated with the above mentioned formula, for the purpose of the Risk Sharing loan, the requirement as foreseen in Article 4 of the de minimis Regulation (1) is considered to be met. There is no minimum collateral requirement.

A verification mechanism shall ensure that the GGE calculated with the above mentioned formula is not below than the GGE calculated following the Article 4(3)(c) of the de minimis Regulation.

The total amount of aid calculated with the GGE cannot be above EUR 200 000 over a 3 years fiscal period taking into account the cumulation rule for final recipients in the de minimis Regulation.

Technical support grant or another grant provided to the final recipient shall be cumulated with the calculated GGE.

Regarding SMEs in the fisheries and aquaculture sector, the aid shall comply with the relevant rules of the fisheries de minimis Regulation.

For activities supported by the EAFRD, general rules apply.
Lending policy

(a) Disbursement from the managing authority or fund of funds to the financial intermediary:
Following the signature of a funding agreement between the managing authority and the fund of funds or the financial intermediary, the relevant managing authority transfers public contributions from the programme to the fund of funds or the financial intermediary which places such contributions in a dedicated Risk Sharing loan fund. The transfer shall be in tranches and respect the ceilings of the Article 41 of Regulation (EU) No 1303/2013.

The target lending volume and range of interest rate shall be confirmed within the ex-ante assessment in accordance with Article 37 of Regulation (EU) No 1303/2013 and shall be taken into account to determine the nature of the instrument (revolving or non-revolving instrument).

(b) Origination of a portfolio of new loans:
The financial intermediary shall be required to originate within a pre-determined limited period of time a portfolio of new eligible loans in addition to its current loan activities, partly funded from the disbursed funds under the programme at the risk-sharing rate agreed in the funding agreement.

Eligible loans for SMEs (according to pre-defined eligibility criteria on a loan-by-loan and portfolio level) shall be automatically included in the Portfolio, by way of submitting inclusion notices at least on a quarterly basis.

The financial intermediary shall implement a consistent lending policy, especially regarding portfolio diversification, enabling a sound credit portfolio management and risk diversification, while complying with the applicable industry standards and while remaining aligned with the managing authority’s financial interests and policy objectives.

The identification, selection, due diligence, documentation and execution of the loans to final recipients shall be performed by the financial intermediary in accordance with its standard procedures and in accordance with the principles set out in the relevant funding agreement.

(c) Re-use of resources paid back to financial instrument:
Resources paid back to the financial instrument shall be either reused within the same financial instrument (revolving within the same financial instrument) or after being paid back to the managing authority or the fund of funds they shall be used in accordance with Article 44 of Regulation (EU) No 1303/2013.

When revolving within the same financial instrument, as a matter of principle, the amounts that are attributable to the support of the ESIF and that are reimbursed and/or recovered by the financial intermediary from loans to final recipients within the time framework for investments shall be made available for new use within the same financial instrument. This revolving approach as referred at Articles 44 and 45 of Regulation (EU) No 1303/2013 shall be included in the funding agreement.

Alternatively, if the managing authority or the fund of funds is directly repaid, the repayments shall occur regularly mirroring (i) principal repayments (on a pro rata basis on the basis of the risk sharing rate) (ii) any recovered amounts and losses deductions (according to the risk sharing rate), of the SME loans and (iii) any interest rate payments. These resources have to be used in accordance with Articles 44 and 45 of Regulation (EU) No 1303/2013.

(d) Loss recoveries:
The financial intermediary shall take recovery actions in relation to each defaulted SME loan financed by the financial instrument in accordance with its internal guidelines and procedures.

Amounts recovered (net of recovery and foreclosure costs, if any) by the financial intermediary shall be allocated pro-rata to the risk-sharing between the financial intermediary and the managing authority or the fund of funds.

(e) Others:
Interest and other gains generated by support from the ESI Funds to financial instrument shall be used as referred in Article 43 of Regulation (EU) No 1303/2013.
Pricing policy

When proposing its pricing, the financial intermediary shall present a pricing policy and the methodology to ensure the full pass on of the financial advantage of the programme public contribution to the eligible SMEs. The pricing policy and the methodology shall include the following elements:

1. the interest rate on the financial intermediary participation is set at market basis (i.e. according to the financial intermediary own policy),
2. the overall interest rate, to be charged on loans to the eligible SMEs included in the portfolio, must be reduced proportionally to the allocation provided by the public contribution of the programme. This reduction shall take into account the fees that the managing authority might charge on the programme contribution.
3. The GGE calculation as presented in the State aid section shall be applied on each loan included in the Portfolio.
4. The pricing policy and the methodology shall remain constant during the eligibility period.

Programme contribution to financial instrument: amount and rate (product details)

The actual risk sharing rate, programme public contribution and interest rate on loans shall be based on the ex-ante assessment findings and shall be such as to ensure that the benefit to the final recipients complies with the de minimis rule.

The size of the target portfolio Risk Sharing loan shall be confirmed within the ex-ante assessment justifying the support to the financial instrument (Article 37 of Regulation (EU) No 1303/2013) and take into account the revolving approach of the instrument (if applicable). The composition of the targeted portfolio of loans shall be defined in a way to ensure diversification of risk.

The RS loan allocation and the risk-sharing rate must be set in order to fill the gap evaluated within the ex-ante assessment, but in any case must comply with the conditions laid down in this term sheet.

The risk sharing rate agreed with the financial intermediary shall define for each eligible loan included in the portfolio, the portion of the eligible loan principal amount financed by the programme.

The risk-sharing rate agreed with the financial intermediary determines the exposure of the losses which are to be covered by the financial intermediary and by the programme contribution accordingly.

Programme contribution to financial instrument (activities)

The portfolio funded by the RS loan instrument shall include only newly originated loans provided to SMEs, to the exclusion of the refinancing of existing loans. The eligibility criteria for inclusion in the portfolio are determined pursuant to Union law (e.g. Regulation (EU) No 1303/2013 and Fund-specific rules), programme, national eligibility rules, and with the financial intermediary with the aim of reaching a large number of final recipients and achieving sufficient portfolio diversification. The financial intermediary shall have a reasonable estimation of the portfolio risk profile. These criteria shall reflect market conditions and practices in the relevant Member State or region.

Managing Authority’s liability

The managing authority’s liability in relation to the financial instrument shall be as set out in Article 6 of Delegated Regulation (EU) No 480/2014.

The losses covered are principal amounts due, payable and outstanding and standard interest (but excluding late payment fees and any other costs and expenses).

Duration

The lending period of the financial instrument shall be set in order to ensure that the programme contribution as referred in Article 42 of Regulation (EU) No 1303/2013 is used for loans disbursed to final recipients no later than the 31 December 2023.

The typical duration to create the portfolio of loans is recommended to be up to 4 years from the date of signature of the funding agreement (between the managing authority or fund of funds and the financial intermediary).
### Lending and risk-sharing at financial intermediary level (alignment of interest)

Alignment of interest between the managing authority and the financial intermediary shall be achieved through:

- Performance fees as provided by Articles 12 and 13 of the Delegated Regulation (EU) No 480/2014.
- In addition to the programme contribution, the financial intermediary shall contribute under local market conditions to the financing of at least 25% of the total financing commitment for lending to SMEs within the RS loan instrument.
- The losses and recoveries shall impact pro-rata the financial intermediary and the managing authority within their respective liability according to the risk-sharing rate.

The expected risk-sharing rate shall be determined based on the *ex-ante* assessment findings justifying the support to the financial instrument.

### Eligible Financial Intermediaries

Public and private bodies established in a Member State which shall be legally authorised to provide loans to enterprises operating in the jurisdiction of the programme which contributes to the financial instrument. Such bodies are financial institutions, and, as appropriate, microfinance institutions or any other institution authorised to provide loans.

### Final recipients eligibility

The final recipients shall be eligible under EU and national law, the relevant programme and funding agreement. The following eligibility criteria shall be met at the date of the signature of the loan:

- (a) shall be a micro, small and medium enterprise (SMEs (including individual entrepreneurs/self-employed persons) as defined in Commission Recommendation 2003/361/EC (1) (2).
- (b) shall not be a SME active in the sectors defined in point (d) – (f) of Article 1 of the *de minimis* Regulation.
- (c) shall not be part of on one or more restricted sectors (3).
- (d) shall not be a firm in difficulty as defined by State aid rules.
- (e) shall not be delinquent or in default in respect of any other loan or lease either granted by the financial intermediary or by another financial institution pursuant to checks made in accordance with the financial intermediary internal guidelines and standard credit policy.

In addition, at the time of the investment and during the reimbursement of the loan, final recipients shall have a registered place of business in a Member State and the economic activity for which the loan was disbursed shall be located in the relevant Member State and Region/Jurisdiction of the ESIF programme.

### Characteristics of the product for the final recipients

The financial intermediary shall deliver to final recipients the loans that contribute to the objective of the programme and that are co-financed by the programme under the RS loan instrument. Their terms shall be grounded on the *ex-ante* assessment referred to in Article 37 of Regulation (EU) No 1303/2013.

The loans shall be used exclusively for the following permitted purposes:

- (a) investments in tangible and intangible assets, including transfer of proprietary rights in enterprises provided that such transfer takes place between independent investors.
- (b) working capital related to development or expansion activities that are ancillary (and linked) to activities referred to in (a) above (which ancillary nature shall be evidenced, inter alia, by the business plan of the SME and the amount of the financing).

The following eligibility criteria shall be met at all times by the loans included in the portfolio:

- (c) Loans shall be newly originated, to the exclusion of the refinancing of existing loans.
- (d) The principal amount of a loan included in the RS loan portfolio (i) shall be up to EUR 1 000 000 based on the *ex-ante* assessment and (ii) shall be provided under such conditions that would not cause the GGE with respect to each final recipient to exceed EUR 200 000 (or EUR 100 000 in the road freight transport and EUR 30 000 in the fishery and aquaculture sectors) over any period of three fiscal years; eligible SMEs could potentially apply more than once for loans allocated in the context of this financial instrument provided that the above-mentioned GGE limit is fully respected.
(e) Loans shall provide financing for one or more of the permitted purposes in EUR and/or national currency in the relevant jurisdiction and, as the case may be, in any other currency.

(f) Loans shall not be in the form of mezzanine loans, subordinated debt or quasi equity.

(g) Loans shall not be in the form of revolving credit lines.

(h) Loans shall have a repayment schedule, including regular amortising and/or bullet payments.

(i) Loans shall not finance pure financial activities or real estate development when undertaken as a financial investment activity and shall not finance the provision of consumer finance.

(j) Loans shall have a minimum maturity of 12 months including the relevant grace period (if any) and a maximum maturity of up to 120 months.

### Reporting and targeted results

Financial intermediaries shall provide the managing authority or fund of funds with at least quarterly information in a standardised form and scope.

The report shall include all the relevant elements for the managing authority to fulfil the conditions of Article 46 of Regulation (EU) No 1303/2013.

Member States shall also fulfil their reporting obligations pursuant to the de minimis Regulation.

Indicators must be aligned with the specific objectives of the relevant priority of the ESIF programme financing the financial instrument and on the expected results of the ex-ante assessment. They shall be measured and reported at least quarterly for the RS loan instrument and aligned as a minimum with the regulation requirements. In addition to the common indicators of the priority axis of the ESIF programme (employment increase, number of SMEs, …) other indicators are:

- Numbers of loans/projects financed
- Amounts of loans financed
- Defaults (numbers and amounts)
- Resources repaid and gains

### Evaluation of the economic benefit of the programme contribution

The financial intermediary shall reduce the overall effective interest rate (and collateral policy where appropriate) charged to the final recipients under each eligible loan included in the portfolio reflecting the favourable funding and risk sharing conditions of the RS loan.

The entire financial advantage of the programme public contribution to the instrument shall be transferred to the final recipients in the form of an interest rate reduction. The financial intermediary shall monitor and report on the GGE for final recipients as referred in the State aid section. This principle shall be reflected in the funding agreement between the managing authority or fund of funds and the financial intermediary.

(3) Enterprise with less than 250 employees and having a turnover of less than EUR 50 million or total assets less than EUR 43 million; also not belonging to a group exceeding such thresholds. According to the Commission Recommendation, ‘an enterprise is considered to be any entity engaged in an economic activity, irrespective of its legal form’.

(4) The following economic sectors are together referred to as the ‘restricted sectors’.

- (a) illegal economic activities: any production, trade or other activity, which is illegal under the laws or regulations of the home jurisdiction for such production, trade or activity.
- (b) Tobacco and distilled alcoholic beverages. The production of and trade in tobacco and distilled alcoholic beverages and related products.
- (c) Production of and trade in weapons and ammunition: the financing of the production of and trade in weapons and ammunition of any kind. This restriction does not apply to the extent such activities are part of or accessory to explicit European Union policies.
- (d) Casinos. Casinos and equivalent enterprises.
- (e) IT sector restrictions. Research, development or technical applications relating to electronic data programs or solutions, which (i) aim specifically at: (a) supporting any activity included in the Restricted Sectors referred to in (a) to (d) above; (b) internet gambling and online casinos; or (c) pornography, or which (ii) are intended to enable to illegally (a) enter into electronic data networks; or (b) download electronic data.
- (f) Life science sector restrictions. When providing support to the financing of the research, development or technical applications relating to: (i) human cloning for research or therapeutic purposes; or (ii) Genetically Modified Organisms (GMOs).
ANNEX III

Capped Portfolio Guarantee for SME’s (Capped Guarantee)

Schematic representation of the Capped Guarantee

Relation between stakeholders and Capped Guarantee portfolio coverage

Guarantee Rate on a loan by loan basis

\[ \text{Multiplier} = \frac{1}{\text{Guarantee Rate}} \times \frac{1}{\text{Guarantee Cap Rate}} \]
### Structure of the financial instrument

The Capped Portfolio Guarantee shall provide credit risk coverage on a loan by loan basis, for the creation of a portfolio of new loans to SMEs up to a maximum loss amount (cap).

The Capped Portfolio Guarantee shall be made available by the managing authority, in the framework of the operation which is part of the priority axis defined in the programme co-funded by the European Structural and Investment Funds (ESIF) and defined in the context of the ex-ante assessment required in Article 37 of Regulation (EU) No 1303/2013.

### Aim of the instrument

The aim of the instrument shall be to:

1. Provide better access to finance to targeted SMEs, addressing concrete and well identified market gaps.
2. Leverage of the ESIFs to support financing for SMEs as referred in Article 37(4) of Regulation (EU) No 1303/2013.

The ESIF programme contribution from the managing authority takes the form of a guarantee fund managed by a financial intermediary. This contribution shall not crowd out guarantees available from other public or private investors.

The guarantee fund managed by the financial intermediary shall commit to provide funds from the ESIF programme to the financial institutions building up portfolios of new loans in case of default of the final recipients.

In the case of fund of funds structure, the fund of funds shall transfer the contribution from the ESIF programme to the financial intermediary.

The Capped Guarantee Instrument shall be implemented to cover a portfolio of new loans build up by one or more financial institutions.

The financial institutions building up portfolios of new loans shall count on a partial guarantee covering losses up to a capped amount when providing loans to eligible SMEs.

The financial advantage of the guarantee must be passed on to the final recipients (e.g. as a reduction of the interest rate of the loans or/and collateral reduction but always with a full financial advantage of the programme public contribution passed on to the final recipients).

### State aid implication

The Capped Portfolio Guarantee shall be designed as a State aid free instrument, i.e. market conform at the level of the financial intermediary managing the guarantee fund and financial institutions building up portfolios of new loans and aid to the final recipients under the applicable de minimis Regulation.

(a) At the level of the fund of funds, the financial intermediary managing the guarantee fund, the financial institutions building up portfolios of new loans the aid is excluded when:

1. The remuneration (i.e. management costs and/or fees) of the financial intermediary and the fund of funds reflects the current market remuneration in comparable situations, which is the case when the latter has been selected in an open, transparent, objective and non-discriminatory selection procedure or if the remuneration is aligned with the Articles 12 and 13 of Delegated Regulation (EU) No 480/2014, and no other advantage is granted by the State. Where the fund of fund only transfers the ESIF contribution to the financial intermediary, and has a public interest mission, and has no commercial activity when implementing the measure, and is not co-investing with its own resources — therefore it is not considered a beneficiary of aid, — it is enough that the fund of fund is not overcompensated and
2. The financial institution shall be selected through an open, transparent, non-discriminatory and objective selection procedure to build up the portfolio of new loans with its own resources and the risk retained by the financial institution is in no case less than 20 % of the loan amount (on a loan by loan basis), and
3. In addition, the financial advantage of the programme public contribution to the instrument shall be fully passed on to the final recipients in the form of an interest rate reduction. When selecting the financial intermediary, the managing authority shall, in line with the Article 7(2) of Delegated Regulation (EU) No 480/2014, assess the pricing policy and the methodology to pass on the financial advantage to the final recipients.
Where the financial intermediary does not pass on all the financial advantage to the final recipients, the uncommitted public contribution shall be transferred back to the managing authority.

The guarantee must be linked to a specific financial transaction, for a fixed maximum amount and limited in time.

(b) At the level of final recipients:

At the SMEs' level, the guaranteed loan shall comply with the de minimis rules.

For each loan inserted within the guaranteed portfolio, the financial intermediary shall calculate the GGE by using the following calculation methodology:

\[
\text{Calculation of the GGE} = \text{Nominal amount of the loan (EUR)} \times \text{Cost of risk (standard practice)} \times \text{Guarantee rate} \times \text{Guarantee cap rate} \times \text{Weighted average life of the loan (Years)}.
\]

The total amount of aid calculated with the GGE cannot be above EUR 200 000 over a 3 years fiscal period taking into account the cumulation rule for final recipients in the de minimis Regulation.

When the GGE is calculated with the above mentioned formula, for the purpose of a Capped Portfolio Guarantee instrument, the requirement as foreseen in Article 4 of the de minimis Regulation (1) is considered to be met.

A verification mechanism shall ensure that the GGE calculated with the above mentioned formula is not below than the GGE calculated following the Article 4(6)(c) of the de minimis Regulation.

Technical support grant or another grant provided to the final recipient shall be cumulated with the calculated GGE.

Regarding SMEs in the fisheries and aquaculture sector, the aid shall comply with the relevant rules of the fisheries de minimis Regulation

For activities supported by the EAFRD, general rules apply.

### Guarantee policy

(a) Transfer from the managing authority to the financial intermediary:

Following the signature of a funding agreement between the managing authority and the fund of funds or the financial intermediary, the relevant managing authority transfers contributions from the programme to the fund of funds or to the financial intermediary which places such contributions in a dedicated guarantee fund. The transfer shall be in tranches and respect the ceilings of Article 41 of Regulation (EU) No 1303/2013.

(b) Origination of a portfolio of new loans:

The financial institutions shall be required to build up within a pre-determined limited period of time portfolios of new SME loans. Newly originated SME loans are partly covered by the programme contribution on a loan by loan basis up to a certain amount (Cap). Eligible SME loans are automatically included in the portfolio subject to a pre-set loan inclusion criteria.

Inclusion of SME loans shall occur automatically upon receipt by the financial intermediary managing the guarantee fund of an inclusion notice submitted at least on a quarterly basis until the end of the relevant inclusion period.

The financial institutions shall implement a consistent loan policy regarding portfolio diversification, enabling a sound portfolio management and risk diversification, while complying with the applicable industry standards and while remaining appropriate to the managing authority's financial interests and policy objectives.

The identification, selection, due diligence, documentation and execution of the loans for final recipients shall be performed by the financial institutions in accordance with their standard procedures and in accordance with the principles set out in the agreement between the financial intermediary and the financial institution building up a portfolio of new loans.
### Loss cover:

The Capped Portfolio Guarantee shall cover losses incurred by the financial institutions in respect of each defaulted eligible SME loan in accordance with the guarantee rate of a maximum percentage of 80%.

Losses covered by the Capped Portfolio Guarantee in respect of the portfolio of eligible SME loans shall in aggregate not exceed the cap amount.

The cap amount which is the maximum liability under this instrument is the product of the volume of the target loan portfolio multiplied by the guarantee rate and the guarantee cap rate.

The guarantee cap rate shall be determined as part of the ex-ante risk assessment in accordance with Article 42(1)(b) of Regulation (EU) No 1303/2013 and Article 8 of Delegated Regulation (EU) No 480/2014.

Losses covered are principal amounts due, payable and outstanding and standard interest (but excluding late payment, fees and any other costs and expenses).

### Guarantee payment:

Following the occurrence of a loss related to a default, the financial intermediary managing the guarantee fund shall make guarantee payments to the financial institution under the Guarantee within typically 60 days.

<thead>
<tr>
<th>Pricing and collateral policies</th>
</tr>
</thead>
<tbody>
<tr>
<td>The financial intermediary shall present a methodology that ensures the full pass on of the financial advantage of the programme public contribution to the eligible SMEs. The financial institution shall have a pricing/collateral policy in line with the methodology. The pricing/collateral policy and the methodology shall include the following elements:</td>
</tr>
<tr>
<td>(1) The instrument shall cover a maximum of 80% of the risk exposure of each eligible SME Loan (up to a Cap).</td>
</tr>
<tr>
<td>(2) The entire financial advantage of the programme public contribution shall be passed on to the eligible SMEs, through a reduction of the interest rate charged and/or a reduction of the collateral required by the financial institution.</td>
</tr>
<tr>
<td>(3) The GGE calculation as presented in the State aid section shall be applied for each loan included in the portfolio.</td>
</tr>
<tr>
<td>(4) No Guarantee fees shall be charged to the financial institution by the financial intermediary managing the guarantee fund.</td>
</tr>
<tr>
<td>(5) The financial institution shall reduce the overall interest rate and/or collateral requirement under each eligible SME loan included in the portfolio following the pricing policy and methodology ensuring the full pass on of the financial advantage. The level of such reduction proposed by the financial institution shall be assessed and confirmed by the financial intermediary following the relevant analysis and due diligence and shall deemed to be an eligibility criterion for SME loans to be included in the Portfolio.</td>
</tr>
<tr>
<td>(6) The managing authority may decide based on the ex-ante assessment which identifies the targeted SMEs and the ex-ante risk assessment that determines the risk, to require guarantee fees payable by the final recipients. In such case, the GGE shall be calculated with the formula presented in the section on State aid here above or be aligned with the conditions of the Guarantee Notice. The fees paid by the final recipients shall be paid back to the guarantee fund as resources returned in the sense of Article 43 of Regulation (EU) No 1303/2013.</td>
</tr>
<tr>
<td>(7) The pricing policy and the methodology shall remain constant during the eligibility period.</td>
</tr>

<table>
<thead>
<tr>
<th>Guarantee to financial institution amount and rate (product details)</th>
</tr>
</thead>
<tbody>
<tr>
<td>The Capped Portfolio Guarantee shall respect the conditions set in Article 8 of the Delegated Regulation (EU) No 480/2014.</td>
</tr>
<tr>
<td>The Guarantee Cap rate shall be determined in the ex-ante risk assessment in accordance with Article 42(1)(b) of Regulation (EU) No 1303/2013 and Article 8 of Delegated Regulation (EU) No 480/2014 and in all cases not exceed 25%. The guarantee may cover expected and unexpected losses.</td>
</tr>
</tbody>
</table>
The multiplier of the guarantee financed by the programme contribution is defined as:

\[ \text{Multiplier} = \frac{1}{\text{Guarantee Rate}} \times \frac{1}{\text{Guarantee Cap Rate}}. \]

The multiplier ratio shall be based on the ex-ante risk assessment and be equal to or higher than 5.

The size of the target portfolio partially covered by the guarantee shall be based on the ex-ante assessment findings justifying the support to the financial instrument (Article 37 of Regulation (EU) No 1303/2013) and take into account the revolving approach of the instrument (if applicable). The composition of the targeted portfolio of loans shall be defined in a way to ensure diversification of risk.

### Guarantee to financial institution (activities)

The loan portfolio guaranteed by the guarantee instrument shall include newly originated loans provided to the final recipients, to the exclusion of refinancing of existing loans. The eligibility criteria for inclusion in the portfolio are determined pursuant to the Union law (e.g. Regulation (EU) No 1303/2013 and Fund-specific rules), programme, national eligibility rules, and with the financial intermediary with the aim of reaching a large number of final recipients and achieving sufficient portfolio diversification. Financial institutions shall have a reasonable estimation of the portfolio risk profile (concentration limit by sector for example). These criteria shall reflect market conditions and practices in the relevant country or region.

The financial institution shall estimate ex-ante a recovery rate to be used for calculating the amount expected to be recovered from the defaults in the portfolio, which impacts the evaluation of the guarantee cap rate.

### Managing authority's liability

The managing authority's liability in relation to the financial instrument shall be as set out in Article 6 of Delegated Regulation (EU) No 480/2014.

Default means, in respect of a loan to final recipient that (i) the financial institution can prove at any time (acting in accordance with its internal procedures and as reflected in its financial and regulatory reporting) that a final recipient is unlikely to meet its payment obligations; or (ii) a final recipient has failed to meet any payment obligation under the relevant SME loan which has continued for at least 90 consecutive calendar days.

### Duration

The guarantee period of the financial instrument shall be set in order to ensure that the programme contribution as referred in Article 42 of Regulation (EU) No 1303/2013 is used with guarantees of loans disbursed to final recipients no later than the 31 December 2023.

The typical duration to create the portfolio of guaranteed loans is recommended to be up to 4 years from the date of signature of the funding agreement (between the managing authority or fund of funds and the financial intermediary).

### Risk-sharing at FI level (alignment of interest)

Alignment of interest between the managing authority, the financial intermediary and the financial institution shall be achieved through:
- The own credit risk retained by the financial institution in no case shall be less than 20 % on a loan by loan basis.
- The financial institution commits to build up a portfolio of new loans with its own resources.
- The financial advantage of the Capped Guarantee is fully passed on to final recipient SMEs.
- Performance fees for financial intermediary as provided by Articles 12 and 13 of Delegated Regulation (EU) No 480/2014.

### Eligible Financial Intermediaries and Financial Institutions

Financial intermediaries shall be public and private bodies established in a Member State which are legally authorised to provide guarantees on loans to enterprises operating in the jurisdiction of the programme which contributes to the financial instrument.
Financial institutions shall be public and private bodies established in a Member States which are legally authorised to provide loans to enterprises operating in the jurisdiction of the programme which contributes to the financial instrument. Such bodies are financial institutions, and, as appropriate, microfinance institutions or any other institution authorised to provide loans.

Final Recipient (final recipients) eligibility

The final recipients shall be eligible under Union and national law, the relevant programme, and funding agreement. The final recipients shall fulfil the following eligibility criteria at the date of the document evidencing the relevant SME guarantee, meaning the guarantee commitment:

(a) shall be a micro, small and medium enterprise (SMEs (including individual entrepreneurs/self-employed persons) as defined in the Commission Recommendation 2003/361/EC (1).

(b) shall not be a SME active in the sectors defined in points (d)-(f) of Article 1 of the de minimis Regulation.

(c) shall not be part of one or more restricted sectors (1).

(d) shall not be a firm in difficulty as defined by State aid rule.

(e) shall not be delinquent or in default in respect of any other loan or lease either granted by the financial intermediary or by another financial institution pursuant to checks made in accordance with the financial intermediary internal guidelines and standard credit policy.

In addition, at the time of the investment and during the reimbursement of the guaranteed loan, final recipients shall have a registered place of business in a Member State and the economic activity for which the guaranteed loan was disbursed shall be located in the relevant Member State and Region/Jurisdiction of the ESIF programme.

Characteristics of the product for the final recipients

The financial institution shall deliver to final recipients the loans that contribute to the objective of the programme and that are guaranteed by the programme under the Capped guarantee portfolio. The terms of the guarantees and of the loans shall be grounded on the ex-ante assessment referred to in Article 37(2) of Regulation (EU) No 1303/2013.

The loans shall be used exclusively for the following permitted purposes:

(a) Investments in tangible and intangible assets including transfer of proprietary rights in enterprises provided that such transfer takes place between independent investors.

(b) Working capital related to development or expansion activities that are ancillary (and linked) to activities referred to in (a) above (which ancillary nature shall be evidenced, inter alia, by the business plan of the final recipient and the amount of the financing).

The following eligibility criteria shall be met at all times by the loans included in the portfolio:

(c) Loans shall be newly originated, to the exclusion of refinancing existing loans.

(d) The guaranteed part of the underlying loan included in the portfolio i) shall be up to EUR 1 500 000 based on the ex-ante assessment and ii) shall be provided under such conditions that would not cause the GGE with respect to each final recipient to exceed EUR 200 000 (or EUR 100 000 in the road freight transport and EUR 30 000 in the fishery and aquaculture sectors) over any period of three fiscal years. Eligible SMEs could potentially apply more than once for loans allocated in the context of this financial instrument provided that the above-mentioned GGE limit is fully respected.

(e) Loans shall provide financing for one or more of the permitted purposes in EUR and/or national currency in the relevant jurisdiction and, as the case may be, in any other currency.

(f) Loans shall not be in the form of mezzanine loans, subordinated debt or quasi equity.

(g) Loans shall not be in the form of revolving credit lines.

   - **(f) Life science sector restrictions. When providing support to the financing of the research, development or technical applications relating to: (i) human cloning for research or therapeutic purposes; or (ii) Genetically Modified Organisms (GMOs).**
ANNEX IV

Loan for energy efficiency and renewable energies in the residential building sector (Renovation loan)

Schematic representation of the Renovation loan principle

Structure of the financial instrument

The Renovation loan shall take the form of a loan fund to be set up by a financial intermediary with contributions from the programme and the financial intermediary itself to finance a portfolio of newly originated loans, to the exclusion of the refinancing of existing loans.

The Renovation loan shall be made available, in the framework of the operation which is part of the priority axis defined in the programme funded by the ESIF and defined in the context of the ex-ante assessment required in Article 37 of Regulation (EU) No 1303/2013.

Aim of the instrument

The aim of the instrument is to offer preferential loans to natural and legal persons or independent professionals owning premises (apartment, social housing or individual household), as well as administrators or other legal bodies acting on behalf and for the benefit of the owners in order to undertake renovation works that are eligible for ESIF support.

The ESIF programme contribution from the managing authority to a financial intermediary shall not crowd out financing available from other private or public investors.

The ESIF programme shall provide funding to the financial intermediary in order to build up a portfolio of newly generated loans, and in parallel, participate in the losses/defaults and recoveries on the loans in this portfolio on a loan by loan basis and in the same proportion as the programme contribution in the instrument.

In the case of fund of funds structure, the fund of funds shall transfer the contribution from the ESIF programme to the financial intermediary.

In addition to the ESIF programme contribution, the fund of funds may provide its own resources which are combined with the financial intermediary resources. The fund of funds shall in this case take the pro-rata part of the risk sharing between the different contributions in the portfolio of loans. State aid rules have to be respected also in relation to such resources if they are public resources.
The Reno vation Loan shall be designed as a State aid free instrument, i.e. market-conform remuneration for the financial intermediary, full pass-on of financial advantage by the financial intermediary to the final recipients, and the financing provided to the final recipients are under the applicable de minimis Regulation.

(a) Aid at the level of the financial intermediary and the fund of funds is excluded when:

1. the financial intermediary and the managing authority or fund of funds bear at any time the losses and benefits in proportion to their contribution (pro-rata) and there is an economically significant participation of the financial intermediary in the Reno vation loan instrument, and

2. The remuneration (i.e. management costs and/or fees) of the financial intermediary and the fund of funds reflects the current market remuneration in comparable situations, which is the case when the they have been selected through an open, transparent, non-discriminatory and objective selection procedure or if their remuneration is aligned with the Articles 12 and 13 of Delegated Regulation (EU) No 480/2014 and no other advantages are granted by the State. Where the fund of fund only transfers the ESIF contribution to the financial intermediary, and has a public interest mission, and has no commercial activity when implementing the measure, and is not co-investing with its own resources — therefore it is not considered a beneficiary of aid, — it is enough that the fund of fund is not overcompensated, and

3. The financial advantage of the programme public contribution to the instrument shall be fully passed on to the final recipients in the form of an interest rate reduction. When selecting the financial intermediary, the managing authority shall, in line with the Article 7(2) of Delegated Regulation (EU) No 480/2014, assess the pricing policy and the methodology to pass on the financial advantage to the final recipients.

Where the financial intermediary does not pass on all the financial advantage to the final recipients, the undisbursed public contribution shall be transferred back to the managing authority.

(b) Aid at the level of an entity acting on behalf of the owners (i.e. natural and legal persons, independent professionals owning premises, administrators, other legal bodies):

Aid at the level of an entity acting on behalf of the owners is excluded when:

1. the entity does not benefit from any direct transfers of public support and

2. The entity transfers all the financial advantages of the programme public contribution to the final recipients

(c) At the level of the owners without or with an economic activity (legal person or independent professionals, landlords and owners who install renewable energies, supplying part of the energy produced to the grid):

Owners that are natural persons and which are not considered undertakings because they do not exercise an economic activity are not considered to be beneficiaries of State aid.

Owners with an economic activity qualify as an 'undertaking' and are subject to State aid rules. In particular, this is the case if they are landlords (renting is an economic activity) and in the case of installing renewable energies, if part of the renewable energies produced is supplied to the grid (supplying energy to the grid is considered an economic activity).

At the level of the owners with an economic activity, the aid shall comply with the de minimis rules.

For each loan inserted within the portfolio regarding owners with an economic activity, the financial intermediary shall calculate the GGE by using the following calculation methodology:

\[
\text{Calculation of the GGE} = \text{Nominal amount of the loan (EUR)} \times (\text{Cost of funding (standard practice)} + \text{Cost of risk (standard practice)} - \text{Any fees charged by the managing authority on the programme contribution to the financial intermediary}) \times \text{Weighted average life of the loan (Years)} \times \text{Risk sharing rate}.
\]

When the GGE is calculated with the above mentioned formula, for the purpose of the Reno vation loan instrument, the requirement as foreseen in Article 4 of the de minimis Regulation (¹) is considered to be met. There is no minimum collateral requirement.
A verification mechanism shall ensure that the GGE calculated with the above mentioned formula is not below than the GGE calculated following the Article 4(3)(c) of the de minimis Regulation.

The total amount of aid calculated with the GGE cannot be above EUR 200 000 over a 3 years fiscal period taking into account the cumulation rule for final recipients in the de minimis Regulation.

Technical support grant or another grant provided to the final recipient shall be cumulated with the calculated GGE.

**Lending policy**

(a) **Disbursement from the managing authority or fund of funds to the financial intermediary:**

Following the signature of a funding agreement between the managing authority and the fund of funds or the financial intermediary, the relevant managing authority transfers public contributions from the programme to the fund of funds or the financial intermediary which places such contributions in a dedicated Renovation loan fund. The transfer shall be in tranches and respect the ceilings of Article 41 of Regulation (EU) No 1303/2013.

The target lending volume and range of interest rate shall be confirmed within the ex-ante assessment in accordance with Article 37 of Regulation (EU) No 1303/2013 and shall be taken into account to determine the nature of the instrument (revolving or non-revolving instrument).

The maximum risk-sharing of the financial instrument towards the final recipients shall be 85 % (i.e. at least 15 % shall be provided by the financial intermediary own funds).

(b) **Origination of a portfolio of new loans:**

The financial intermediary shall be required to originate within a pre-determined limited period of time a portfolio of new loans funded according to a risk-sharing rate agreed in the funding agreement (i.e. funded by (i) the programme contribution) (ii) the financial intermediary own fund).

Eligible loans pre-defined according to eligibility criteria on a loan-by-loan basis and portfolio level shall be automatically included in the portfolio by way of submitting inclusion notices at least on a quarterly basis.

The financial intermediary shall implement a consistent lending policy, especially regarding portfolio composition enabling a sound credit portfolio management and risk diversification, while aiming at reducing the market failure identified in the ex-ante assessment (referring to Article 37 of Regulation (EU) No 1303/2013) and while remaining aligned with the managing authority’s financial interests and policy objectives.

The identification, selection, due diligence, documentation and execution of the loans to final recipients shall be performed by the financial intermediary in accordance with its standard procedures and in accordance with the principles set out in the relevant funding agreement.

(c) **Re-use of resources paid back to financial instrument:**

Resources paid back to the financial instrument shall be either reused within the same financial instrument (revolving within the same financial instrument) or after being paid back to the managing authority or the fund of funds they shall be used in accordance with Article 44 of Regulation (EU) No 1303/2013.

When revolving within the same financial instrument, as a matter of principles, the amounts that are attributable to the support of the ESIF and that are reimbursed and/or recovered by the financial intermediary from loans to final recipients within the time framework for investments shall be made available for new use within the same financial instrument. This revolving approach as referred at Articles 44 and 45 of Regulation (EU) No 1303/2013 shall be included in the funding agreement.

Alternatively, if managing authority or fund of funds is directly repaid, the repayments shall occur regularly mirroring (i) principal repayments (on a pro rata basis on the basis of the risk sharing rate) (ii) any recovered amounts and losses deductions (according to the risk sharing rate), of the Renovation loans and (iii) any interest rate payments. These resources have to be used in accordance with Articles 44 and 45 of Regulation (EU) No 1303/2013.
(d) Loss recoveries:

The financial intermediary shall take recovery actions in relation to each defaulted loan co-financed by the Renovation loan in accordance with its internal guidelines and procedures.

Amounts recovered by the financial intermediary (net of recovery and foreclosure costs, if any) shall be allocated pro-rata to the risk-sharing between the financial intermediary and the managing authority or the fund of funds.

(e) Others:

Interest and other gains generated by support from the ESI Funds to financial instrument shall be used in accordance with Article 43 of Regulation (EU) No 1303/2013.

<th>Pricing policy</th>
</tr>
</thead>
<tbody>
<tr>
<td>When proposing its pricing, the financial intermediary shall present a pricing policy and the methodology to ensure the full pass on of the financial advantage of the programme public contribution to the final recipients. The pricing policy and the methodology shall include the following elements:</td>
</tr>
<tr>
<td>(1) the interest rate on the financial intermediary participation is set at market basis (i.e. according to the financial intermediary own policy),</td>
</tr>
<tr>
<td>(2) the overall interest rate, to be charged on loans to the final recipients included in the portfolio, must be reduced proportionally to the allocation provided by the public contribution of the programme. This reduction shall take into account the fees that the managing authority might charge on the programme contribution.</td>
</tr>
<tr>
<td>(3) The GGE calculation as presented in the State aid section shall be applied on each loan included in the Portfolio.</td>
</tr>
<tr>
<td>(4) The pricing policy and the methodology shall remain constant during the eligibility period.</td>

<td>The lending period of the financial instrument shall be set in order to ensure that the programme contribution as referred in Article 42 of Regulation (EU) No 1303/2013 is used for loans disbursed to final recipients no later than by 31 December 2023.</td>
</tr>
</tbody>
</table>
| **Lending and risk-sharing at financial intermediary level (alignment of interest)** | Alignment of interest between the managing authority and the financial intermediary shall be achieved through:
— Performance fees as provided by Articles 12 and 13 of Delegated Regulation (EU) No 480/2014.  
— The financial intermediary must contribute under local market conditions to the financing with at least 15% of the total financing commitment for lending to final recipients (allowing determining the risk sharing rate).  
— The losses and recoveries shall impact pro-rata the financial intermediary and the managing authority within their respective liability. |
| **Eligible financial intermediaries** | Public and private bodies established in a Member State which shall be legally authorised to provide Renovation loans to persons owning premises and enterprises operating and owning premises in the jurisdiction of the programme which contributes to the financial instrument. Such bodies are financial institutions, and as appropriate microfinance institutions or any other institution authorised to provide loans. |
| **Final recipient eligibility** | The final recipients shall be eligible under Union and national law, the relevant priority, and funding agreement. Final recipients shall be natural or legal persons or independent professionals (economic activity), as well as administrators or other legal bodies acting on behalf and for the benefit of owners, owning premises (apartment or individual household) implementing energy efficiency or renewable energies measures that are eligible under Regulation (EU) No 1303/2013 and programme support. Within the eligibility rules under the programme and in line with national and Union rules the following examples of types of works may be eligible:
— Technical support for the preparation of the part of the project relating to the energy efficiency or renewable energies measures.  
— Implementation costs of the part of the project relating to the energy efficiency or renewable energies measures.  
— Major repairs or replacement of heating and hot water systems:  
— Replacement or refitting of the heating substation or the boiler house (individual boilers) as well as hot water preparation systems.  
— Installation of balancing valves for stands.  
— Improvement of heat insulation for pipes.  
— Replacement of pipes and heating devices.  
— Installation of individual heating measurement system and thermostatic valves in apartments.  
— Replacement or refitting of hot water system pipes and installations.  
— Replacement or refitting of ventilation system.  
— Replacement of windows and entrance doors.  
— Roof insulation, including construction of a new sloping roof (excluding construction of premises in the attic).  
— Insulation of façade walls.  
— Insulation of cellar ceiling.  
— Installation of alternative energy sources (sun, wind, etc.) systems.  
— Major repairs or replacement of elevators by replacing them by more energy efficient elevators.  
— Replacement or repair of the common use engineering systems of the building (sewage system, electric installations, fire prevention installations, drinking water pipelines and installations ventilation system). |
Regarding the final recipients, the following eligibility criteria shall apply when lending to final recipient/owners with an economic activity under a legal entity (for example independent professionals). The eligibility criteria shall be met at the date of the signature of the loan:

(a) shall be a micro, small and medium enterprise (SMEs (including individual entrepreneurs/self-employed persons) as defined in the Commission Recommendation 2003/361/EC.

(b) shall not be a SME active in the sectors defined in points (a) — (f) of Article 1 of the de minimis Regulation.

(c) shall not be part of on one or more restricted sectors (?).

(d) shall not be a firm in difficulty as defined by State aid rules.

(e) shall not be delinquent or in default in respect of any other loan or lease either granted by the financial intermediary or by another financial institution pursuant to checks made in accordance with the financial intermediary internal guidelines and standard credit policy.

In addition, at the time of the investment and during the reimbursement of the loan, final recipients shall have a registered place of business in a Member State and the economic activity for which the loan was disbursed shall be located in the relevant Member State and Region/jurisdiction of the ESIF programme.

The financial intermediary shall deliver to final recipients new loans that contribute to the objective of the programme and that are co-financed by the programme under the Renovation loan, to the exclusion of the refinancing of existing loans. Their terms shall be grounded on the ex-ante assessment referred to in Article 37 of Regulation (EU) No 1303/2013.

The Renovation loan maturity shall be for a period of up to 20 years.

The maximum amount of each Renovation loan shall be fixed in relation with the ex-ante assessment findings justifying the programme contribution to the financial instrument and shall be fixed in the funding agreement between the managing authority, fund of funds and the financial intermediary. The maximum amount per loan per individual household shall not exceed EUR 75 000. Loans for a building administrator are the sum of individual households of the building.

The financial instrument may require from the final recipients or the administrators of common property acting on behalf of final recipients, an ‘own funds’ contribution.

The Renovation loan shall be subject to annual fixed interest rate and shall include regular amortisation. The interest rate on the financial intermediary participation is set at market basis. The interest rate applicable to the relevant eligible loan included in the portfolio shall be reduced by the proportion of the programme public contribution in favour of the final recipients.

An interest rate subsidy, as under Article 37(7) of Regulation (EU) No 1303/2013, may be awarded to low income households or vulnerable households (?) The maximum interest rate subsidy shall correspond to the interest rate to be paid by the low income households or vulnerable households on the contribution of the financial intermediary in each loan.

Certain technical support costs may be included in the financial instrument in the context of Article 37(7) of Regulation (EU) No 1303/2013. Support must be provided for project preparation only (preparatory studies and assisting in the preparation of the investment up to the investment decision). These technical support costs shall only be eligible in the event that a Renovation loan is signed between the financial intermediary and the final recipients and regardless of the entity that provides these services (e.g. regardless of whether the financial intermediary provides such services or they are obtained from another entity).

Financial intermediaries shall provide the managing authority or fund of funds with at least quarterly information in a standardised form and scope.

The report shall include all the relevant elements for the managing authority to fulfil the conditions of Article 46 of Regulation (EU) No 1303/2013.
Member States shall also fulfil their reporting obligations pursuant to the *de minimis* Regulation.

Indicators must be aligned with the specific objectives of the relevant priority of the ESIF programme financing the financial instrument and on the expected results of the *ex-ante* assessment. They shall be measured and reported at least quarterly for the Renovation loan and aligned as a minimum with the regulation requirements. In addition to the common indicators of the priority axis of the ESIF programme (number of households with improved energy consumption classification, estimated annual decrease of GHG ...) other indicators are:

- Number and volume of the loans
- Renovated family houses (square meters)
- Renovated apartments in buildings (square meters).
- Defaults (numbers and amounts)
- Resources repaid and gains
- Number and amounts of the technical support
- Number and amounts of interest rate subsidies

### Evaluation of the economic benefit of the programme contribution

The financial intermediary shall reduce the overall effective interest rate (and collateral policy where appropriate) charged to the final recipients under each eligible loan included in the portfolio reflecting the favourable funding and risk sharing conditions of the Renovation loan.

The entire financial advantage of the programme public contribution to the instrument shall be transferred to the final recipients in the form of an interest rate reduction. The financial intermediary shall monitor and report on the GGE for final recipients as referred in the State aid section. This principle shall be reflected in the funding agreement between the managing authority or fund of funds and the financial intermediary.

---

(2) The following economic sectors are together referred to as the ‘restricted sectors’.

   - (a) illegal economic activities: any production, trade or other activity, which is illegal under the laws or regulations of the home jurisdiction for such production, trade or activity.
   - (b) Tobacco and distilled alcoholic beverages. The production of and trade in tobacco and distilled alcoholic beverages and related products.
   - (c) Production of and trade in weapons and ammunition: the financing of the production of and trade in weapons and ammunition of any kind. This restriction does not apply to the extent such activities are part of or accessory to explicit European Union policies.
   - (d) Casinos. Casinos and equivalent enterprises.
   - (e) IT sector restrictions. Research, development or technical applications relating to electronic data programs or solutions, which
     - (i) aim specifically at: (a) supporting any activity included in the Restricted Sectors referred to (a) to (d) above; (b) internet gambling and online casinos; or (c) pornography, or which (ii) are intended to enable to illegally (a) enter into electronic data networks; or (b) download electronic data.
   - (f) Life science sector restrictions. When providing support to the financing of the research, development or technical applications relating to: (i) human cloning for research or therapeutic purposes; or (ii) Genetically Modified Organisms (GMOs).

(3) As defined in Commission Decision 2012/21/EU of 20 December 2011 as disadvantaged citizens or socially less advantaged groups who due to solvency constraints are unable to obtain housing at market conditions.
