COMMISSION IMPLEMENTING REGULATION (EU) 2015/1080
of 3 July 2015
amending Regulation (EU) No 37/2010 as regards the substance 'propyl 4-hydroxybenzoate and its sodium salt'

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to the opinion of the European Medicines Agency formulated by the Committee for Medicinal Products for Veterinary Use,

Whereas:

(1) Article 17 of Regulation (EC) No 470/2009 requires that the maximum residue limit (‘MRL’) for pharmacologically active substances intended for use in the Union in veterinary medicinal products for food-producing animals or in biocidal products used in animal husbandry is established in a Regulation.

(2) Table 1 of the Annex to Commission Regulation (EU) No 37/2010 (2) sets out the pharmacologically active substances and their classification regarding MRLs in foodstuffs of animal origin.

(3) Propyl 4-hydroxybenzoate and its sodium salt is not yet included in this table.

(4) An application for the establishment of MRLs for propyl 4-hydroxybenzoate and its sodium salt in all food producing species has been submitted to the European Medicines Agency (‘EMA’).

(5) The EMA, based on the opinion of the Committee for Medicinal Products for Veterinary Use, has recommended that the establishment of maximum residue limits for propyl 4-hydroxybenzoate and its sodium salt in all food producing species is not necessary for the protection of human health, provided that this substance is used as a preservative only.

(6) According to Article 5 of Regulation (EC) No 470/2009, the EMA is to consider using MRLs established for a pharmacologically active substance in a particular foodstuff for another foodstuff derived from the same species, or MRLs established for a pharmacologically active substance in one or more species for other species.

(7) Given the opinion of the EMA that no MRLs should be established for propyl 4-hydroxybenzoate and its sodium salt, an extrapolation for this substance is not possible.

(8) Table 1 of the Annex to Regulation (EU) No 37/2010 should therefore be amended accordingly.

(9) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Veterinary Medicinal Products,

HAS ADOPTED THIS REGULATION:

Article 1

The Annex to Regulation (EU) No 37/2010 is amended as set out in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the twentieth day following that of its publication in the Official Journal of the European Union.

It shall apply from 2 September 2015.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 3 July 2015.

For the Commission

The President

Jean-Claude JUNCKER
In Table 1 of the Annex to Regulation (EU) No 37/2010, an entry for the following substance is inserted in alphabetical order:

<table>
<thead>
<tr>
<th>Pharmacologically active Substance</th>
<th>Marker residue</th>
<th>Animal Species</th>
<th>MRL</th>
<th>Target Tissues</th>
<th>Other Provisions (according to Article 14(7) of Regulation (EC) No 470/2009)</th>
<th>Therapeutic Classification</th>
</tr>
</thead>
<tbody>
<tr>
<td>Propyl 4-hydroxybenzoate and its sodium salt</td>
<td>NOT APPLICABLE</td>
<td>All food producing species</td>
<td>No MRL required</td>
<td>NOT APPLICABLE</td>
<td>For use as a preservative only</td>
<td>NO ENTRY</td>
</tr>
</tbody>
</table>
