## COMMITTEE OF THE REGIONS

CHAPTER 1 4 — OTHER STAFF AND EXTERNAL SERVICES (*cont'd*)1 4 0 (*cont'd*)1 4 0 8 (*cont'd*)*Remarks*

This appropriation is intended to cover costs for services related to the establishment and payment of entitlements for officials, temporary and other staff of the European Committee of the Regions. Since such services may include, amongst others, services offered by the Commission's Office for the Administration and Payment of Individual Entitlements, interinstitutional cooperation will be enhanced and benefits will result from economies of scale, thus bringing about savings. Such services may include the following:

- the transfer of pension rights from and to the country of origin,
- the calculation of pension rights,
- the establishment and payment of resettlement allowances,
- the management of files relating to unemployment benefits and the payment of benefits to those who qualify.

It is also intended to cater for expenditure for the provision of other horizontal human resources related services to officials, temporary and other staff of the European Committee of the Regions (and their family members) throughout their career such as opening up access for European Committee of the Regions staff to the activities organised by the Commission's Welcome Office and the handling of expat administrative support files related to Protocol No 7 on the privileges and immunities of the European Union.

In the event that the handling of other non-strategic human resources processes with pecuniary impact (such as the establishment of individual rights pursuant to the provisions of Annex VII to the Staff Regulations) would be outsourced, the related expenditure shall also be covered from this appropriation.

In order to generate further economies of scale, the provision of such services will, as a rule, be operated through enhanced interinstitutional cooperation.

*Legal basis*

Staff Regulations of Officials of the European Union.

Conditions of Employment of Other Servants of the European Union.
