

Notice from the Commission pursuant to Article 6(3) of the Protocol 1 to the stepping-stone Economic Partnership Agreement between the European Union and Ghana, concerning the definition of the concept of 'originating products' and methods of administrative cooperation

List of materials to which cumulation provided for in Article 6 of Protocol 1 to the Ghana-EU stepping-stone EPA may apply

(2023/C 29/02)

Article 6 of Protocol No 1 to the Ghana - EU stepping stone EPA provides for cumulation in Ghana with materials which at importation into the European Union are free of customs duties by means of application of conventional rates of the most-favoured nation tariff in accordance with its Common Customs Tariff, when those materials are incorporated into a product manufactured in Ghana, provided that they have undergone working or processing in Ghana beyond the insufficient operations listed Article 5(1) of Protocol No 1.

In accordance to Article 6(4) of Protocol No1, the cumulation provided for in Article 6 shall not apply to materials which at importation into the European Union are subject to antidumping or countervailing duties when originating from a country which is subject to these duties.

Movement certificates EUR.1 (in Box 7) or origin declarations issued by application of Article 6 shall bear the following entry:

'Application of Article 6(1) of Protocol No 1 to the Ghana-EU EPA'.

The list of materials to which the above-mentioned cumulation may be applied is therefore published in accordance with Article 6(3) of Protocol 1 to the Ghana – EU stepping-stone EPA.
