

List of sites registered in the European eco management and audit scheme (Council Regulation (EEC) No 1836/93)

(96/C 223/02)

(Text with EEA relevance)

The following list is published so as to comply with Article 9 of Council Regulation (EEC) No 1836/93 ⁽¹⁾.

This Regulation establishes a voluntary environmental management scheme, based on harmonized lines and principles throughout the European Union, open to companies in the industrial sector operating in the European Union.

The overall objective of the scheme is to promote continuous environmental performance improvements of industrial activities by committing sites to evaluate and improve their environmental performance and provide relevant information to the public.

Sites that wish to be registered in the scheme must have their environmental policy, programme, management system, review or audit procedure and environmental statement or statements examined, to verify that they meet the requirements of this Regulation and the environmental statements validated. This verification and validation must be carried out by an independent, appropriately accredited, environmental verifier.

Article 9 of the Regulation specifies that each year the Commission shall publish in the *Official Journal of the European Communities* a list of all the registered sites in the Community.

The list below contains details of all sites whose registration has been notified to the Commission, by the competent bodies or national authorities in the Member States, up to and including 16 February 1996.

⁽¹⁾ OJ No L 168, 10. 7. 1993.

LIST OF REGISTERED SITES

A. Contact details of registered sites

BELGIUM

Registration No	Suspended	Company name and address	Contact person
B-VL-S-0000001		Volvo Europa Truck N.V. Smalleheerweg 31 P.O. Box 10 B-9041 Oostakker Tél. + 32/(09)250.42.11 Fax + 32/(0)9-251.68.95
