

New national side of euro coins intended for circulation

(2021/C 470/06)

National side of the new commemorative 2-euro coin intended for circulation and issued by Andorra

Euro coins intended for circulation have legal tender status throughout the euro area. For the purpose of informing the public and all parties who handle the coins, the Commission publishes a description of the designs of all new coins ⁽¹⁾. In accordance with the Council conclusions of 10 February 2009 ⁽²⁾, euro-area Member States and countries that have concluded a monetary agreement with the European Union providing for the issuing of euro coins are allowed to issue commemorative euro coins intended for circulation, provided that certain conditions are met, particularly that only the 2-euro denomination is used. These coins have the same technical characteristics as other 2-euro coins, but their national face features a commemorative design that is highly symbolic in national or European terms.

Issuing country: Andorra

Subject of commemoration: Taking care of our seniors

Description of the design: The subject of the coin 'CUIDEM LA NOSTRA GENT GRAN' (taking care of our seniors) is symbolized by the image of the hand of a young person holding another hand that shows all the signs of aging, with a stethoscope below them. The name of the issuing country 'ANDORRA' encircling several reproductions of the SARS-CoV-2 virus represents the State's commitment to preventing its spread and caring for its citizens. The design also shows the date of issue '2021'. The coin's outer ring depicts the 12 stars of the European flag.

Estimated number of coins to be issued: 70 000

Date of issue: Last quarter of 2021
