COUNCIL

TWENTIETH ANNUAL REPORT ACCORDING TO ARTICLE 8(2) OF COUNCIL COMMON POSITION 2008/944/CFSP DEFINING COMMON RULES GOVERNING THE CONTROL OF EXPORTS OF MILITARY TECHNOLOGY AND EQUIPMENT

(2018/C 453/01)

INTRODUCTION

The present report covers statistics on licences and exports of conventional arms from EU Member States during the 2017 calendar year. It also covers activities undertaken by the EU and its Member States in the framework of the implementation of Council Common Position 2008/944/CFSP⁽¹⁾ throughout 2017 and 2018, in addition to those activities mentioned in the nineteenth annual report.

In addition, the report contains non-exhaustive information on intra-EU transfers of defence-related products that are governed by Directive 2009/43/EC of the European Parliament and of the Council on simplifying terms and conditions of transfers of defence-related products within the Community⁽²⁾.

During 2017 and 2018, the EU and its Member States continued to implement Council Common Position 2008/944/CFSP defining common rules governing the control of exports of military technology and equipment, which replaced in 2008 the EU Code of Conduct on arms exports in force since June 1998.

The following third countries have officially aligned themselves with the criteria and principles of Common Position 2008/944/CFSP: Albania, Bosnia and Herzegovina, Canada, the former Yugoslav Republic of Macedonia, Georgia, Iceland, Montenegro and Norway. An information exchange system between the EU and certain third countries aligned with the Common Position has been in place since 2012.

The promotion of effective national arms export controls and the principles and criteria of Common Position 2008/944/CFSP in selected third countries was pursued in the period covered by this report with the adoption of Council Decision (CFSP) 2018/101⁽³⁾, which secured the follow up to Council Decision (CFSP) 2015/2309⁽⁴⁾. EU outreach efforts also significantly increased on universalisation and implementation of the Arms Trade Treaty, with a large number of activities carried out during the same period under Council Decision (CFSP) 2017/915⁽⁵⁾.

I. IMPLEMENTATION OF COMMON POSITION 2008/944/CFSP**1. Implementation of Common Position 2008/944/CFSP**

The Common Position includes, inter alia, assessment criteria for export licence applications; an extension of controls on brokering, transit transactions and intangible transfers of technology; and strengthened procedures to promote the convergence of Member States' export policies by means of the exchange of information on denied exports, as well as guidance with regard to end-user documentation, transparency and reporting.

⁽¹⁾ OJ L 335, 13.12.2008, p. 99.

⁽²⁾ OJ L 146, 10.6.2009, p. 1.

⁽³⁾ OJ L 17, 23.01.2018, p. 40.

⁽⁴⁾ OJ L 326, 11.12.2015, p. 56.

⁽⁵⁾ OJ L 139, 30.5.2017, p. 38.

Member States implement the provisions of the Common Position in their national export control systems and have to ensure that their national legislation or administrative rules conform to the Common Position. The situation regarding national implementation of the Common Position is reported in the attached Table C.

Denial notifications and consultations

The Common Position foresees the notification of licence denials. When a Member State is reviewing a licence application for a transaction that is essentially identical to one denied before by another Member State, the Common Position foresees a consultation process. As a result of the review of the EU Common Position culminating in 2015, a new functionality was added to the COARM online information system in 2016 to support this denials-related information-sharing and to store denials and their related consultations in a EU central database. During 2017 and 2018, adjustments and further improvements were made to the COARM online system with a view to enhancing its security and to providing a quicker and more efficient information-sharing to all national stakeholders involved in arms export control. The system has already demonstrated that it further supports transparency between Member States vis-à-vis specific countries of final destination and end users.

The number of denials notified in 2017 is indicated in row (d) of the tables in Table AI (annexed to this report) per destination and per military list category; the number of consultations issued and received by each Member State, and the number of consultations per destination can be found in Tables BI and BII respectively.

2. User's Guide

The User's Guide is a key instrument summarising agreed guidance for the implementation of the operative provisions of Common Position 2008/944/CFSP and the interpretation of its criteria. It is referred to in Article 13 of the Common Position.

It was developed by the Council Working Party on Conventional Arms Exports (COARM) and is updated as appropriate. It was last updated in July 2015 as a result of the completed review of Common Position 2008/944/CFSP. The User's Guide is intended for use primarily by export licensing officials, thus substantially contributing in a pragmatic way to the convergence of Member States' arms export control policies and procedures.

With a view to supporting the operationalisation of the criteria of Common Position 2008/944/CFSP, the Guide presents good practices that have been developed by the COARM Working Party, building on national best practices and taking into account input from other relevant stakeholders, including civil society. Their purpose is to achieve greater consistency among Member States in the application of the criteria of the Common Position. This is achieved, inter alia, through the identification of factors that need to be considered when assessing export licence applications. The best practices are for use by licensing officers and other officials in relevant government departments and agencies. The decision-making process is informed by the expertise of these officials on matters covering regional, legal, judicial, technical, development, as well as security and military related issues.

The Guide is a public document available on the website of the European External Action Service ⁽⁶⁾.

3. Outreach

Article 11 of the Common Position calls on Member States to '*use their best endeavours to encourage other States, which export military technology or equipment to apply the criteria of the Common Position.*' Intensive outreach activities carried out by both the EU and by Member States individually continued in 2017 and 2018, as outlined in Table D, annexed to this report.

Under Decisions (CFSP) 2015/2309 of 10 December 2015 and (CFSP) 2018/101 of 23 January 2018, both implemented by the German Federal Office for Economic Affairs and Export Control (BAFA), a number of regional workshops, study visits and individual assistance events took place. In addition, further regional outreach activities, tailored national assistance programmes and ad hoc individual assistance workshops were carried out under Decision (CFSP) 2017/915, supporting the Arms Trade Treaty's effective implementation and universalisation (further information on the latter activities is reported in section II.2).

⁽⁶⁾ https://eeas.europa.eu/headquarters/headquarters-homepage/8465/arms-export-control_en

4. Political Dialogue meetings

Political Dialogue meetings on arms export control issues were held on a regular basis in 2017 and 2018 with Norway, Canada, the United States and Ukraine. These political dialogues provided a forum for fruitful discussions on matters of mutual interest such as export policies to specific destinations, compliance and control issues and the Arms Trade Treaty process.

5. Update of the Common Military List of the European Union

Under Article 12 of the Common Position, the Common Military List of the European Union (CML) covers the minimum scope of military items that Member States have to subject to export control. It is identical to the list of defence-related products annexed to Directive 2009/43/EC⁽⁷⁾.

As this report covers statistics on conventional arms exports from EU Member States during the 2017 calendar year, the CML included is that relating to 2017 that was adopted by the Council on 6 March 2017, and that takes into account the changes in the Wassenaar Arrangement's Munitions List agreed at the 2016 Plenary meeting of the Arrangement. This updated version of the CML was published in the *Official Journal of the European Union* C 97 of 28 March 2017. The CML that was valid in 2018 was published in the *Official Journal of the European Union* C 98 on 15 March 2018 with reference 2018/C 098/01.

6. Arms brokering

In accordance with Article 5 of Council Common Position 2003/468/CFSP of 23 June 2003 on the control of arms brokering⁽⁸⁾, Member States have put in place separate arrangements for the exchange of information on brokering licences granted and denied. Furthermore, those Member States who require brokers to obtain a written authorisation to act as brokers and/or have established a register of arms brokers, have put in place separate arrangements for the exchange of relevant information on registered brokers. Information on brokering licences granted and denied by EU Member States can be found in the attached Table AIII.

Detailed information on national implementation of Common Position 2003/468/CFSP is provided in the attached Table C.

7. Dialogue with stakeholders: European Parliament, civil society and industry

Dialogue with the European Parliament on arms export control issues usually takes place annually with the hearing of a European External Action Service official. During 2017 and 2018, the EEAS also had regular contacts with the EP's Rapporteur on arms export control and answered a significant number of parliamentary questions on arms exports issues. The Rapporteur of the European Parliament on the implementation of the EU Council Common Position (2008/944/CFSP) for the 18th EU Annual Report, Ms Bodil Valero, attended two COARM meetings in 2017.

In accordance with past practice, COARM meetings with non-governmental organisations were organised in the period 2017-2018 on a six-monthly basis. In 2017 and 2018, COARM also invited representatives from industry to one of its meetings.

II. ARMS TRADE TREATY (ATT)

1. Involvement in the ATT: Conferences of States Parties

As with the First and Second Conferences of States Parties (CSP) (reported on in previous Annual Reports), the EU and its Member States played an active part in the Third Conference of States Parties, held in Geneva on 11-15 September 2017 (reported on in the 19th Annual Report), and the Fourth Conference of States Parties, held in Tokyo on 20-24 August 2018. The Presidents of the Third and Fourth CSPs each attended a meeting of COARM during their respective Presidencies.

The Fourth Conference of States Parties continued the good work of the Third Conference, including support for the work of the three Working Groups (Effective Treaty Implementation, Universalisation, and Transparency and Reporting), and for the activities of the Voluntary Trust Fund and Sponsorship Programme. It agreed that the Working Groups would continue and, within the context of their existing terms of reference, adopt working methods that deliver tangible assistance to States Parties in implementing the Treaty at a national level. It agreed to continue work to enhance reporting, in particular the number and timeliness of national reports, and to further explore the links between the ATT and the Sustainable

⁽⁷⁾ See footnote 2.

⁽⁸⁾ OJ L 156, 25.6.2003, p. 79.

Development Goals. It re-emphasised the importance of the ATT Voluntary Trust Fund, expressed appreciation to the States that had made voluntary financial contributions to the Fund and encouraged all other States, in a position to do so, to contribute to the Fund. It decided on its budget for 2018/2019 and, in reference to decisions of the Third Conference of States Parties regarding ATT financial contributions, again expressed deep concern about the unpaid contributions of States and called on States that had not done so to address their financial obligations in a prompt and timely manner. The Conference elected Ambassador Janis Karklins of Latvia as President of the Fifth Conference of States Parties in 2019. The meeting saw the active engagement of States Parties and Observers, as well as of civil society and academia representatives. States Parties are in agreement that attention should continue to be on effective implementation and universalisation.

2. The EU Implementation Support Programme under Decision (CFSP) 2017/915

Further to its entry into force in December 2014 and with so far 97 States Parties (as of 1 September 2018), the ATT continues to face the challenges of its universalisation and its effective implementation by States Parties.

To contribute to addressing these challenges, the EU adopted in May 2017 under Decision (CFSP) 2017/915 an ambitious implementation support programme for third countries. This programme is implemented by both the German Federal Office for Economic Affairs and Export Control (BAFA) and Expertise France. It currently assists a total of 18 third countries as long term partners and 14 third countries as ad-hoc partners, on their request, in strengthening their arms transfer control systems in line with the requirements of the Treaty. Details of the activities carried out under the EU programme during 2017 and 2018 (to end August 2018) can be found in the attached Table D.

III. PRIORITY GUIDELINES FOR COARM FOR THE NEAR FUTURE

With the adoption of Common Position 2008/944/CFSP, the core elements of a common approach to the control of conventional arms exports by Member States are in place. In spite of the progress represented by the adoption of the Common Position, there is still work to be done, notably at the implementing level of the Common Position.

The following are priority guidelines for the near future:

1. In accordance with the Council Conclusions of 20 July 2015 (10900/15), re-assess the implementation of the Common Position and the fulfilment of its objectives, ten years after its adoption;
2. to continue to reinforce cooperation and to promote convergence in the fields of exports of military technology and equipment in accordance with Common Position 2008/944/CFSP, with the aim to strengthen the European Union's export control policy, including by the exchange among EU Member States of relevant information on denial notifications and arms export policies;
3. to continue the discussion of extra functionalities in the COARM online system;
4. to ensure that those Member States, which have not yet done so, adopt the appropriate national regulations or administrative rules to fully implement:
 - Common Position 2003/468/CFSP on the control of arms brokering,
 - Common Position 2008/944/CFSP defining common rules governing control of exports of military technology and equipment;
5. to further support the effective implementation and universalisation of the Arms Trade Treaty, notably through the continuation of the EU Implementation Support Programme initiated by Decision (CFSP) 2017/915;
6. to further develop information and best practices exchanges with third countries aligned with Common Position 2008/944/CFSP;
7. to continue to encourage other arms exporting States to apply the criteria of the Common Position;
8. to continue the dialogue with the European Parliament and to further develop contacts with civil society and industry;
9. to strive for finalisation and publication of the 21st EU Annual Report on Arms Exports as early as possible in 2019.

BRIEF DESCRIPTIONS OF EU COMMON MILITARY LIST CATEGORIES ⁽⁹⁾

- ML1 Smooth-bore weapons with a calibre of less than 20 mm, other arms and automatic weapons with a calibre of 12,7 mm (calibre 0,50 inches) or less and accessories, and specially designed components therefor
- ML2 Smooth-bore weapons with a calibre of 20 mm or more, other weapons or armament with a calibre greater than 12,7 mm (calibre 0,50 inches), projectors and accessories, and specially designed components therefor
- ML3 Ammunition and fuze setting devices, and specially designed components therefor
- ML4 Bombs, torpedoes, rockets, missiles, other explosive devices and charges and related equipment and accessories, and specially designed components therefor
- ML5 Fire control, and related alerting and warning equipment, and related systems, test and alignment and countermeasure equipment, specially designed for military use, and specially designed components and accessories therefor
- ML6 Ground vehicles and components
- ML7 Chemical agents, 'biological agents', 'riot control agents', radioactive materials, related equipment, components and materials
- ML8 'Energetic materials', and related substances
- ML9 Vessels of war (surface or underwater), special naval equipment, accessories, components and other surface vessels
- ML10 'Aircraft', 'lighter-than-air vehicles', 'Unmanned Aerial Vehicles' ('UAVs'), aero-engines and 'aircraft' equipment, related equipment, and components, specially designed or modified for military use
- ML11 Electronic equipment, 'spacecraft' and components, not specified elsewhere on the EU Common Military List
- ML12 High velocity kinetic energy weapon systems and related equipment, and specially designed components therefor
- ML13 Armoured or protective equipment, constructions and components
- ML14 'Specialised equipment for military training' or for simulating military scenarios, simulators specially designed for training in the use of any firearm or weapon specified by ML1 or ML2, and specially designed components and accessories therefor
- ML15 Imaging or countermeasure equipment, specially designed for military use, and specially designed components and accessories therefor
- ML16 Forgings, castings and other unfinished products, specially designed for items specified by ML1 to ML4, ML6, ML9, ML10, ML12 or ML19
- ML17 Miscellaneous equipment, materials and 'libraries', and specially designed components therefor
- ML18 'Production' equipment and components
- ML19 Directed Energy Weapon (DEW) systems, related or countermeasure equipment and test models, and specially designed components therefor
- ML20 Cryogenic and 'superconductive' equipment, and specially designed components and accessories therefor
- ML21 'Software'
- ML22 'Technology'

⁽⁹⁾ The full description of the categories as adopted by the Council on 6 March 2017 (2017/C 097/01) can be found on <https://eur-lex.europa.eu/legal-content/EN/TXT/PDF/?uri=OJ:C:2017:097:FULL&from=EN>

ANNEX

The attached tables contain the following information:

- A I TABLES SETTING OUT EXPORTS AND LICENCE REFUSALS PER DESTINATION, PER REGION AND WORLD WIDE
- A II TABLE SHOWING EXPORTS TO UNITED NATIONS-MANDATED OR OTHER INTERNATIONAL MISSIONS IN 2017
- A III TABLE PROVIDING INFORMATION ON BROKERING LICENCES GRANTED AND DENIED PER MEMBER STATE
- B I TABLE SHOWING TOTAL NUMBER OF CONSULTATIONS INITIATED AND TOTAL NUMBER OF CONSULTATIONS RECEIVED BY EACH MEMBER STATE IN 2017
- B II TABLE SHOWING TOTAL NUMBER OF CONSULTATIONS FOR EACH DESTINATION CONCERNED IN 2017
- C INFORMATION ON NATIONAL IMPLEMENTATION OF COMMON POSITION 2003/468/CFSP ON THE CONTROL OF ARMS BROKERING AND COMMON POSITION 2008/944/CFSP DEFINING COMMON RULES FOR THE CONTROL OF EXPORTS OF MILITARY TECHNOLOGY AND EQUIPMENT
- D TABLE OF EU OUTREACH ACTIVITIES
- E TABLE SHOWING INTERNET ADDRESSES FOR NATIONAL REPORTS ON ARMS EXPORTS

TABLE A I

Figures of Table A.I are broken down per Member State, and per EU Common Military List category where (a) = number of licences issued; (b) = value of licences issued in euros; (c) = value of arms exports in euros (if available).⁽¹⁾

Information on licence denials is provided per destination, per region and per Member State broken down by Common Military List category; (d) = number of denials (discrepancies may appear between breakdowns and totals due to denials concerning more than one ML category) item or denials for items other than those appearing in the ML⁽²⁾; (e) = the number of the criterion of Common Position 2008/944 invoked to support the refusal (the number of times each criterion is invoked is indicated between brackets).

Statistics are compiled differently by each Member State: no uniform standard is used. Consequently, owing to current procedures regarding arms export reporting or data protection legislation, not all countries have been able to submit the same information⁽³⁾.

⁽¹⁾ To make the table more readable, nil values and/or the mention 'not available' are omitted, and empty rows and columns are deleted.

⁽²⁾ In some instances in accordance with the Common Position denials are issued for items which do not appear on the Common Military List (for example for license applications for transactions of dual-use items where intended military end-use has been identified) are included in the total.

⁽³⁾

- (i) Concerning Austria: with regard to items covered by the EU Common Military List, the Austrian law distinguishes between 'war material' (as stipulated in the Austrian War Material Act and Regulation) and 'equipment on the Common Military List not listed as war material' covered by the Austrian Foreign Trade Act. As to category c) value of actual exports by Military List Category, figures may be inaccurate in particular as such data regarding equipment of the Common Military List not listed as war material is available to the competent authorities only after expiration or full utilisation of the individual export licence.
- (ii) Concerning Croatia: data provided includes figures of global and individual export licences. In 2017 there was no export by general licences. As the value of global licences is not visible ('unlimited value') figures will occur only in column c) and not b).
- (iii) Concerning the Czech Republic: In rows a) and b) are not included General transfer licences and Global transfer licences pursuant to the Defence Transfer Directive (2009/43/EC), which could cover goods of more than only one ML Category and allow exports to more than only one Member State. In addition to that, some other licences issued cover goods of more than only one ML Category and their value is the total value of all covered goods. Due to this fact, these types of licences are not included in row b). The sums in rows c) are based on information provided by exporters and also contain actual exports made in 2017 based on licences issued in previous years.
- (iv) Concerning Denmark: With regards to the value listed in rows b and c it should be noted, that values listed in row b 'Value of export licences granted' relates to licences issued according to national legislation, i.e. to third countries. Values listed in row c 'Value of actual exports' relates to licences issued as global licences (article 6 of the ICT directive) as well as transfers undertaken in accordance with the general licences (article 5 of the ICT directive) and licences issued as individual licences (article 7 of the ICT directive) as well. Thus, when a value is listed in row b as well as row c, these values relates to different licences. The Danish currency (DKK) is where relevant converted to (EUR) using the exchange rate on 30 December 2016.
- (v) Concerning France: France requires its defence companies to obtain a licence from the early stages of market prospection. The licence should indicate the potential of the transaction. Any operation, starting from the negotiation stage, requires obtaining a licence: transmission of documentation, demonstrations, participation in calls for tenders, etc. This requirement for transparency and control results in a licenced value (row (b)) that can greatly differ from the value of the final contracts signed and goods actually exported (row (c)).
- (vi) Concerning Germany: some licences issued cover goods of more than one ML Category (e.g. one licence for the export of rifles and their ammunition). In reporting in table A.I., each time a licence concerns a ML category, it is counted as one single licence, so the sums in rows a) and column 'Total per destination' do not always reflect the actual numbers of licences granted, but a slightly higher figure (i.e. the number of times a ML category has been affected by a licence for that destination).
- (vii) Concerning the Netherlands: As values of global licenses cannot always be attributed to individual military list categories or individual countries, the value of those global licenses has been added to the total value of 'worldwide' for the Netherlands. The figures on actual exports reported by the Netherlands are based on information provided by the exporters in 2017, and may reflect exports based on a license issued in a previous year. Although much care has been given to the collection of the data on actual exports, the actual exports figures for 2017 may be higher than the values quoted in this report.
- (viii) Concerning Hungary: data provided includes figures of general, global and individual export licences. Transfers of military equipment to the Hungarian Forces deployed in various missions (table AII) are not considered regular foreign trade transactions, because there is no actual payment taking place.
- (ix) Concerning Poland: the actual values of transfers, provided in the row (c), are related to the individual, global and national general licences. Data from rows (a), (b) and (c) do not include temporary transfers.
- (x) Concerning Portugal: data provided includes figures of export transactions (definitive and temporary) covered by general, global and individual export licences. Since some licences cover goods of more than one ML category and destination, so each time a licence concerns an ML category or destination, it is counted as one single licence, so the sum in column 'Number of Export Licenses' do not always reflect the actual numbers of licences granted, but a slightly higher figure. As the value of General and Global licenses is not always visible ('unlimited value') figures will occur only in column c) and not b).
- (xi) Concerning Romania: data provided includes figures of general, global and individual export licences. Global and general licenses cannot always be attributed to an individual military list category ML or an individual country. Therefore, the figures on number of licenses issued (row a) could be slightly higher.
- (xii) Concerning Slovenia: data provided includes figures of general and individual export licences. Some export licences cover goods of more than one ML category (Austria, Poland and Bulgaria), so each time a licence concerns an ML category it is counted as one single licence, so the sum in column 'Number of Export Licenses' do not always reflect the actual numbers of licences granted, but a slightly higher figure. The value of some licences was 0. Weapons and military equipment/defence-related products were sent to Austria for the purpose of replacement, to Spain for the purpose of testing and presentation, to the Turkey for the purpose of destruction and to the Austria for the purpose of donation.
- (xiii) Concerning Sweden: The Swedish krona is converted to Euro using the average exchange rate for 2017 (9,62). Licences covering more than one ML category and/or destination are counted multiple times, one for every ML category per country of destination. The total number of licenses quoted in this report therefore exceeds the actual number of licenses issued.
- (ix) Greece did not submit data on their arms exports.

The EU User's Guide stipulates that the value of actual exports only needs to be provided where it is available. With regard to actual exports authorised by EU Member States (row c), it is important to note that Belgium, Germany, Ireland, Malta and the United Kingdom do not provide these data; while France and Italy have reported total values only. No aggregation is therefore reported at the EU level.

With regard to the use of global and general licences notably applied to intra-EU transfers pursuant to Directive 2009/43/EC, it is important to note that the actual value of arms transfers and exports under global and general licences is generally reported by EU Member States. This is however dependant on the Member States' ability to report on actual values (row c) as described above and to possible additional national specificities as explained in footnote n°3.

Data are reported in Euros and accordingly converted from national currencies for Member States not having the Euro as national currency. Please bear in mind the possible exchange rate fluctuations between the data collection at national level, the date of reporting to the EU level and the date of consultation of the data.

It is important to bear in mind that exports to destinations subject to EU arms embargoes comply with the terms, conditions and possible exceptions set out in the decisions imposing such embargoes. The full list and details of embargoes are available at: http://eeas.europa.eu/cfsp/sanctions/docs/measures_en.pdf.

Exports to UN mandated or other international missions are further reported in table AII.

TABLES SETTING OUT EXPORTS AND REFUSALS PER DESTINATION, PER REGION AND WORLDWIDE

EU ARMS EXPORTS PER DESTINATION IN 2017

Key: (a) = number of licences issued, (b) = value of licences issued in Euros, (c) = value of arms exports in Euros (if available) (d) = total EU number of licence refusals (small discrepancies may appear between breakdowns and totals due to refusals concerning more than one ML item or refusals for items other than those appearing in the ML); (e) criteria numbers on which refusals are based (the approximate number of times each criterion is invoked is indicated in brackets)

EU ARMS EXPORTS PER DESTINATION IN 2017

Key: (a) = number of licences issued, (b) = value of licences issued in Euros, (c) = value of arms exports in Euros (if available) (d) = total EU number of licence refusals (small discrepancies may appear between breakdowns and totals due to refusals concerning more than one ML item or refusals for items other than those appearing in the ML); (e) criteria numbers on which refusals are based (the approximate number of times each criterion is invoked is indicated in brackets)

EU ARMS EXPORTS PER DESTINATION IN 2017

Key: (a) = number of licences issued, (b) = value of licences issued in Euros, (c) = value of arms exports in Euros (if available) (d) = total EU number of licence refusals (small discrepancies may appear between breakdowns and totals due to refusals concerning more than one ML item or refusals for items other than those appearing in the ML); (e) criteria numbers on which refusals are based (the approximate number of times each criterion is invoked is indicated in brackets)

EU ARMS EXPORTS PER DESTINATION IN 2017

Key: (a) = number of licences issued, (b) = value of licences issued in Euros, (c) = value of arms exports in Euros (if available) (d) = total EU number of licence refusals (small discrepancies may appear between breakdowns and totals due to refusals concerning more than one ML item or refusals for items other than those appearing in the ML); (e) criteria numbers on which refusals are based (the approximate number of times each criterion is invoked is indicated in brackets)

EU ARMS EXPORTS PER REGION IN 2017

Key: (a) = number of licences issued, (b) = value of licences issued in Euros, (c) = value of arms exports in Euros (if available) (d) = total EU number of licence refusals (small discrepancies may appear between breakdowns and totals due to refusals concerning more than one ML item or refusals for items other than those appearing in the ML); (e) criteria numbers on which refusals are based (the approximate number of times each criterion is invoked is indicated in brackets)

EU ARMS EXPORTS PER REGION IN 2017

Key: (a) = number of licences issued, (b) = value of licences issued in Euros, (c) = value of arms exports in Euros (if available) (d) = total EU number of licence refusals (small discrepancies may appear between breakdowns and totals due to refusals concerning more than one ML item or refusals for items other than those appearing in the ML); (e) criteria numbers on which refusals are based (the approximate number of times each criterion is invoked is indicated in brackets)

TABLE A II

Exports to United Nations-mandated or other international missions in 2017 ⁽¹⁾ ⁽²⁾Destination Country: **Afghanistan**

Exporting Member State	United Nations-mandated or other international missions	Description of goods
Austria	United Nations Assistance Mission in Afghanistan (UNAMA — SUP — AMA-ISAF — EU POL)	Land crafts ML6
Germany	United Nations Office for the Coordination of Humanitarian Affairs (UNOCHA)	Cross-country vehicles with special protection
	United Nations Assistance Mission in Afghanistan (UNAMA)	Ammunition for shotguns; ammunition for revolvers and pistols
Greece	NATO 'Resolute Support' (Resolute Support — RS)	ML 1a: 8 pistol guns 0.45" Browning, 8 automatic rifles 5.56 mm M4
Portugal	NATO ISAF HQ	Equipment and communication systems (ML 11), Protection equipment (ML 13)
United Kingdom	United Nations Mine Action Service (UNMAS)	Information security equipment

Destination Country: **Algeria**

Exporting Member State	United Nations-mandated or other international missions	Description of goods
United Kingdom	United Nations Mine Action Service (UNMAS)	Body armour, components for body armour, military helmets

Destination Country: **Austria**

Exporting Member State	United Nations-mandated or other international missions	Description of goods
United Kingdom	United Nations Office On Drugs And Crime (UNODC)	Components for body armour

⁽¹⁾ The following Member States submitted a nil report: Austria, Belgium, Cyprus, Denmark, Finland, France, Greece, Latvia, Lithuania, Luxembourg, Malta, Portugal, Slovakia, Spain

⁽²⁾ Regarding Spain: there have not been final exports of equipment accompanying UN peace missions abroad. All the equipments have to be reimported to Spain. The Spanish legislation allows, without a licence, temporal exports accompanying the Spanish Armed Forces. For security reasons this control belongs to the Spanish Ministry of Defence.

Destination Country: **Belgium**

Exporting Member State	United Nations-mandated or other international missions	Description of goods
Germany	United Nations High Commissioner for Refugees (UNHCR) — Supply Management Service	Cross-country vehicles with special protection

Destination Country: **Brazil**

Exporting Member State	United Nations-mandated or other international missions	Description of goods
United Kingdom	UNIMIN Do Brasil LTDA	Information security equipment

Destination Country: **Burkina Faso**

Exporting Member State	United Nations-mandated or other international missions	Description of goods
United Kingdom	United Nations High Commissioner for Refugees (UNHCR) — Office in Ouagadougou	Body armour, components for body armour, military helmets

Destination Country: **Burundi**

Exporting Member State	United Nations-mandated or other international missions	Description of goods
Finland	World Food Programme (WFP)	Tactical vests and plates
Germany	United Nations Children's Fund (UNICEF)	Cross-country vehicles with special protection

Destination Country: **Cambodia**

Exporting Member State	United Nations-mandated or other international missions	Description of goods
Germany	United Nations Assistance Mission to the Khmer Rouge Trials (UNAKRT)	Ammunition for revolvers and pistols

Destination Country: **Cameroon**

Exporting Member State	United Nations-mandated or other international missions	Description of goods
Germany	United Nations Office for the Coordination of Humanitarian Affairs (UNOCHA) — Country Office in Cameroon	Cross-country vehicles with special protection

Destination Country: **Central African Republic**

Exporting Member State	United Nations-mandated or other international missions	Description of goods
Finland	International Organisation for Migration (IOM)	Tactical vests and plates, helmets
Germany	United Nations Multidimensional Integrated Stabilization Mission in the Central African Republic (MINUSCA)	Ammunition for guns; ammunition for revolvers and pistols;
Germany	World Food Program (WFP)	Cross-country vehicles with special protection
Portugal	EU mission — EUTM RCA United Nations Multidimensional Integrated Stabilization Mission in the Central African Republic (MINUSCA)	Assault rifles (ML 1), SA — Revolvers and Pistols (ML 1), Portable anti-tank weapons (ML 2), Ammunition (ML 3), Bombs, rockets, other explosive devices, etc. (ML 4), Ground vehicles (ML 6), Ground vehicles components (ML 6), UAV (ML 10), Equipment and communication systems (ML 11), Protection equipment (ML 13), Imaging or countermeasure equipment (ML 15), Containers specially designed or 'modified' for military use (ML 17)
United Kingdom	United Nations Multidimensional Integrated Stabilization Mission in the Central African Republic (MINUSCA)	Information security equipment, information security software
United Kingdom	Operational Support Services RCA SARL (Used by UN Agencies in CAR)	Military support vehicles, military trailers, general military vehicle components
United Kingdom	The United Nations Mine Action Service (UNMAS), RCA	Body armour, components for body armour, military helmets

Destination Country: **Chad**

Exporting Member State	United Nations-mandated or other international missions	Description of goods
United Kingdom	United Nations Children's Fund (UNICEF)	Body armour, components for body armour, military helmets

Destination Country: **Democratic Republic of Congo**

Exporting Member State	United Nations-mandated or other international missions	Description of goods
Germany	United Nations Organization Stabilization Mission in the Democratic Republic of the Congo (MONUSCO — UNDSS)	Ammunition for revolvers and pistols
United Kingdom	Leonardo c/o MONUSCO	Military aero-engines, Components for military aero-engines
United Kingdom	United Nations Organization Stabilization Mission in the Democratic Republic of the Congo (MONUSCO)	Information security equipment

Exporting Member State	United Nations-mandated or other international missions	Description of goods
United Kingdom	United Nations Population Fund (UNFPA)	Body armour, components for body armour, military helmets
United Kingdom	United Nations High Commissioner for Refugees (UNHCR)	Body armour, components for body armour, military helmets
United Kingdom	United Nations Office For Project Services (UNOPS)	Body armour, components for body armour, military helmets

Destination Country: **Denmark**

Exporting Member State	United Nations-mandated or other international missions	Description of goods
United Kingdom	United Nations Children's Fund (UNICEF)	Body armour, components for body armour, military helmets

Destination Country: **Germany**

Exporting Member State	United Nations-mandated or other international missions	Description of goods
Slovakia	NATO AGS (Alliance Ground Surveillance) Programme	Containers: AGS, S/N: SH09/2016-P8
United Kingdom	VALLON GmbH (United Nations Interim Security Force For Abyei, UNISFA HQ, Abyei, South Sudan)	Software enabling equipment to function as munitions/ordnance detection/disposal equipment

Destination Country: **Greece**

Exporting Member State	United Nations-mandated or other international missions	Description of goods
Portugal	EU — FRONTEX	Several aircraft equipment (ML 10)

Destination Country: **Haiti**

Exporting Member State	United Nations-mandated or other international missions	Description of goods

All export licence applications are assessed against the Consolidated EU and National Arms Export Licensing Criteria (known as the 'Consolidated Criteria').	Implementation completed.

TABLE D

1. Promotion of Control of Arms Exports and the Principles and Criteria of Common Position 2008/944/CFSP among Third Countries**1.1. Council Decision (CFSP) 2015/2309 on the promotion of effective arms export controls**

COARM Study Visit Eastern Europe, Warsaw, Poland, 14-15 February 2017

On 14-15 February 2017, a study visit was organised for the partner countries Azerbaijan, Georgia and Moldova within the framework of the EU Council Decision 2015/2309 to Warsaw, Poland. The first sessions focused on the licensing systems, including end-use verification and goods identification from a licensing perspective, and included case studies on arms transit.

On the second day, the participants had the opportunity to visit the Cargo Terminal of the Airport in Warsaw. They had access to a temporary warehouse, as well as the customs operation centre where they received first hand insight into the work of the customs officers. Afterwards, the group visited the passenger terminal where Polish custom officers shared cases of illegal arms transfers which had been discovered at Chopin airport. Discussion on customs profiling and inter-agency cooperation completed the study visit.

COARM Regional Workshop, Skopje, Macedonia, 26-27 April 2017

The second Regional Workshop for South East European countries within the framework of the EU Council Decision 2015/2309 was held in Skopje, Former Yugoslav Republic of Macedonia on 26-27 April 2017.

The aim of the workshop was to provide partner countries with a platform to meet and discuss recent developments concerning export control of conventional arms with their counterparts from neighbouring countries and EU Member States. The event provided the opportunity for an overview on the state of international agreements such as the ATT and the Wassenaar Arrangement.

This was followed by discussions comparing risk assessment from both the licensing and customs perspectives. Other sessions covered arms diversion and import marking. In addition to the EU experts, support was provided by UNDP-SEESAC.

COARM Regional Workshop, Rabat, Morocco, 23-24 May 2017

The second workshop for North African countries in this project was dedicated to the issue of transit and transshipment provisions, as well as arms diversion in Northern Africa, and regional cooperation. The main topics addressed included marking and tracing, as well as recent developments in the sector of strategic trade management. Participants were also informed about recent policy developments within the EU as regards arms trade controls. The regional workshop was organised by the COARM project's implementing agency, BAFA.

COARM Study Visit for South East European Countries, Bratislava, Slovakia, 7-8 June 2017

An Arms Export Control Study Visit for Southeast Europe took place in Bratislava, Slovakia on 7-8 June 2017 for participants from Bosnia and Herzegovina, Kosovo, Montenegro and Serbia.

The study visit focused on two topics of great importance for the region, namely arms diversion and inter-agency cooperation. Experts stressed the importance of national inter-agency cooperation and regional coordination to tackle complex problems, such as arms diversion. On the morning of the second seminar day, the group of 30 participants and experts was invited to witness a demonstration of customs officers' daily work at Bratislava airport and at the border crossing point Jarovce-Kittsee. Various tools and equipment that can be used to support controls were presented on this occasion. This was followed by a lively roundtable discussion involving all delegates, as well as representatives of the US EXBS programme, on the challenges of modern customs authorities in risk management.

COARM Regional Workshop, Chisinau, Moldova, 28-29 June 2017

The second Regional Workshop for Eastern partnership countries, which took place on 28-29 June 2017 in Chisinau, Moldova, completed a successful series of regional events within the framework of the current COARM project.

The workshop was dedicated to state officials and other representatives from Armenia, Azerbaijan, Belarus, Georgia, Moldova and the Ukraine. Participants were given the opportunity to discuss regional developments in the area of strategic trade management for conventional arms and military goods with their counterparts from neighbouring countries, as well as with EU experts.

EU experts provided information on recent developments in international export control regimes. This was followed by a roundtable session on end-use verification. Topics covered on the second day included mechanisms to counter arms diversion (a representative from Conflict Armament Research provided insight into their work and reported on their latest findings), customs case studies, and internal compliance mechanisms.

COARM Study Visit for North African Countries, London, United Kingdom, 19-20 July 2017

An Arms Export Control Study Visit to London Heathrow Airport took place on 19-20 July 2017, hosted by the UK Border Force. Delegates from Algeria and Morocco accepted the EU's invitation to participate in this two-day training course. The main topics of discussion were effective inter-agency cooperation, arms diversion and related counter strategies. On this occasion, the Strategic Exports Team of the UK Border Force introduced participants to the workflow at different warehouses at Heathrow Airport. Thereby, the study visit provided the opportunity for delegates and experts to learn more about relevant customs procedures at this major trading hub.

During this workshop, experts from Germany, the Netherlands and the United Kingdom provided their valuable expertise and engaged in lively discussions with the participants. The study visit was organised by the COARM project's implementing agency, BAFA.

COARM Individual Assistance Workshop, Boge (Peje), Kosovo, 19-21 September 2017

The third Individual Assistance activity for the beneficiary country Kosovo was conducted at Boge (Peje). The event was attended by 15 licensing and customs officials from various parts of the country. Some customs officers are stationed at border crossings, some at post-border inspection and some are performing centralised functions. Most of the participants took part in some kind of identification and classification training prior to this activity and it was made clear that training constitutes a crucial element for Kosovan authorities in the continuous process of enhancement. Consequently, the level of relevant knowledge increased compared to the last individual assistance activity.

Customs experts from the Netherlands, as well as a licensing expert from Sweden, were present at the activity, sharing their valuable expertise and engaging the attendees in various exercises in the fields of commodity identification and licensing procedures.

COARM Second Regional Workshop on Arms Transfer Controls and Arms Diversion, Accra, Ghana, 25-26 October 2017

On 25 -26 October 2017, the EU COARM Outreach programme organised the second Workshop on Arms Transfer Controls and Arms Diversion in Western Africa within the framework of the EU Council Decision (CFSP) 2015/2309 to carry on the dialogue started at the first diversion seminar in Ouagadougou in November 2016. The event took place in Accra, Ghana and was dedicated to representative of 17 states in Western Africa. The Chair of COARM opened the event, providing an update on EU activity in the area of arms export controls.

With this event, the organisers aimed to continue the fruitful discussions which had been initiated the previous year. Focal points of the workshop were border controls, as well as physical security and stockpile management, two crucial issues with regard to the prevention of illegal arms diversion.

In addition, the participants had the opportunity to discuss the outcomes of the latest ATT Conference of State Parties and learn more about the national implementation of the ATT in various countries.

In Accra, BAFA was supported by experts from the Peruvian Ministry of Foreign Affairs, the Nigeria Customs Command and Staff College, the German Armed Forces and the Zambian Ministry of Defence.

COARM Final Assessment Event, Brussels, Belgium, 7-8 November 2017

The Final Assessment Event for the COARM III Outreach Project was held on 7-8 November 2017 in Brussels, Belgium. This was the last event under the COARM III project, whose two-year implementation period came to an end on 21 December 2017.

The goal of this event was to bring together the 17 core partner countries of the project and EU experts from the COARM group to review the work and outcomes achieved under COARM III and then, looking forward, to determine the needs and expectations for the next project, COARM IV.

On the first day of the event, representatives from Albania, Algeria, Armenia, Bosnia and Herzegovina, the Former Yugoslav Republic of Macedonia, Georgia, Kosovo, Moldova, Montenegro, Morocco, Serbia, Tunis and Ukraine, as well as EU experts from Germany, Sweden, the UK, Greece, Belgium, the Czech Republic, and Latvia, discussed the assistance provided under COARM III and how this had benefited the partner countries. The implementer summarised the activities conducted under the current CD and also referred to the outcomes of the programme, as well as the main challenges for the implementers.

Subsequently, the partner countries were given the opportunity to report on assistance they had received throughout the project and also the progress which had been made. Finally, COARM representatives shared their views on the cooperation under the COARM project.

The second day was dedicated to informing participants about the follow on COARM project and discussing in regionally-organised breakout groups, the specific needs of each region and ways to best address these under the new project. Representatives from Kazakhstan, Jordan and Turkey were also present at the event as observers, as these three countries were invited to join the COARM IV project as cooperation partners.

In addition to the plenary sessions and breakout groups, the implementer conducted a number of bilateral meetings to discuss future cooperation.

1.2. Council Decision (CFSP) 2018/101 on the promotion of effective arms export controls

COARM Study Visit to Vienna, Vienna, Austria, 16-17 May 2018

On 16-17 May 2018, officials from the partner countries former Yugoslav Republic of Macedonia (FYROM), Kosovo and Montenegro attended a two-day Study Visit hosted at the Austrian Federal Ministry for Europe, Integration and Foreign Affairs in Vienna. This event was the first activity within the framework of the latest phase of the COARM project funded by the European Union.

The workshop in Vienna offered a platform for partner countries from South East Europe to share their experiences and practices related to arms export controls. Moreover, the Study Visit allowed officials from FYROM, Kosovo* and Montenegro to receive first-hand information and insights into the Austrian export control and licensing system. To complement the presentations and roundtable discussions, experts from Poland and Slovenia provided practical case studies dealing with arms exports.

In addition, the activity was dedicated to the latest international developments related to arms trade and controls. For this purpose, representatives from the Wassenaar Arrangement and Firearms Protocol updated the attendees on current discussions taking place among the international community.

Regional Workshop on Arms Export Controls, Kiev, Ukraine, 18-19 July 2018

On 18-19 July 2018, the first regional workshop on arms export controls for Eastern Partnership countries within the new project in the area of export control for conventional arms and military items was conducted in Kiev, Ukraine. Representatives from Armenia, Azerbaijan, Belarus, Georgia, the Republic of Moldova and Ukraine attended the two-day meeting.

BAFA was supported by experts in the field of export control from Estonia, Greece, Italy, Lithuania and the Centre for Armed Violence Reduction. Additionally, representatives from Conflict Armament Research and SEESAC participated in the event. The event focused on brokering, electronic licensing databases, as well as prosecution and sanctions. Moreover, the workshop discussed brokering issues from a licensing and a customs perspective. Furthermore, the topics of Internal Compliance Programmes (ICP) and industry audits were discussed during the event.

2. Support to Universalisation and Effective Implementation of The Arms Trade Treaty

2.1. Council Decision 2013/768/CFSP on EU activities in support of the implementation of the Arms Trade Treaty, in the framework of the European Security Strategy

Ad Hoc Activity for Costa Rica, San José, 28 February-2 March 2017

A three-day Ad Hoc Activity for Costa Rica took place in San José on 28 February — 2 March 2017. Participants from Costa Rica's Ministry of Foreign Affairs, Customs Authority (HQ and regional customs outposts), Fiscal Control Police, Intelligence Agency, and Border Control Police attended the event. Experts from Argentina, Jamaica, the United Kingdom and UNLIREC supported the activity.

This event took place over three days: the first two consisted of a classroom activity based at a hotel in Heradia; and the second a field trip to see the customs operation at the Port of Limon. Since the focus of the event was on customs activity, the Costa Rican contact point invited representatives from the central Customs HQ, plus each of the seven regional customs outposts, to take part.

One of the key objectives was to bring customs — who had not really featured in the original roadmap to Costa Rica — more fully into the picture, raise their awareness and gain buy in to the ATT. The combination of input from Costa Rican colleagues, setting their role in the broader national context, and the sharing of customs and licensing experiences with the EU team, succeeded in doing this.

Ad Hoc Activity for Barbados, Bridgetown, 15-17 March 2017

At the request of Barbados, an ATT Ad hoc Seminar under the EU ATT-OP was held in Bridgetown, Barbados on 8-9 June 2016 to sensitise the Barbadian stakeholders to the Arms Trade Treaty and to discuss crucial points of the national implementation process. The seminar focused on the areas of licensing, record keeping and reporting, physical security and stockpile management (PSSM), as well as prosecution and sanctions.

Following this June 2016 Seminar, in an official letter to COARM, Barbados' Ministry of Foreign Affairs requested a follow-up event in order to facilitate and support national implementation of the ATT. It was agreed to hold a second Ad hoc Workshop in Bridgetown on 15-17 March 2017 and, as requested by Barbados, the workshop focused on End-User Documentation, Brokering, tackling diversion, as well as Identification of Weapons, Parts and Components. Special attention was also paid to the relevant provisions of the CARICOM ATT Model Law. The participants were very active during the whole workshop and raised many questions which led to a lively debate, not only with EU experts, but also with the participants from various agencies.

The Ad Hoc Workshop was well attended and senior government officials including the Attorney General and Minister of Home Affairs, the Comptroller of Customs and the Deputy Police Commissioner were present during the opening and parts of Day 1 and Day 3. Reports about the event appeared both on television and radio, as well as in printed media. Participants from Barbados included the Police, i.e. the Deputy Commissioner on Day 1, the Armed Forces and the Coast Guard, the Customs, including the Comptroller on Day 3 and the Deputy Comptroller throughout, the Ministry of Foreign Affairs and the Attorney General's Office. The EU team was composed of experts from Germany, Lithuania, Sweden, and CARICOM IMPACS.

Ad Hoc Activity for Zambia, Lusaka, 22-23 March 2017

On 22-23 March 2017, BAFA organised the second Ad hoc seminar for Zambia in Lusaka, within the framework of the EU ATT Outreach project. This event was the last activity within the framework of the current programme. Based on the outcomes of the first seminar in 2016, this event aimed to further support the implementation of the ATT in Zambia.

On the day prior to the seminar, the team of experts had a meeting with the Zambian Minister of Defence, where they outlined the aims of the current project and the further plans for the cooperation with Zambia. At the beginning of the seminar, a Zambian representative provided an update on the current state of the national ATT implementation. Afterwards, an expert from Ghana provided an example concerning the national ATT implementation in his home country and outlined the obligations for Zambia which was well received by the participants. Subsequently, participants and experts engaged in discussions on controlled transfer activities, end-use verification, as well as on customs enforcement and illegal arms diversion in Southern Africa. An additional session on physical security and stockpile management also triggered some interesting discussions. In Zambia, the organisers were supported by experts from Croatia, Ghana, Hungary, Slovenia and the UK.

2.2. Council Decision (CFSP) 2017/915 on Union outreach activities in support of the implementation of the Arms Trade Treaty

EU Side Event at CSP3, Geneva, 12 September 2017

On 12 September, COARM Chair moderated the first activity under the EU Council Decision ATT OP II (CD 2017/915), namely a side event at the Third Conference of State Parties to the ATT. It gathered around 80 participants for discussions focusing on presenting practical experiences and best practices gained with the EU ATT Outreach Programme. Together with EF and BAFA, two representatives from long term partner countries (Senegal and Costa Rica) presented their national experiences in the first phase of the programme. Before opening the floor for a Q and A session, Expertise France and BAFA delivered a general presentation on the second phase of the programme, including a focus on the scope and tools of cooperation.

Initial Assessment Visit for Cambodia, Phnom Penh, 12-13 September 2017

The second phase of the EU Arms Trade Treaty Outreach Project (ATT OP II), based on Council Decision 2017/915/CFSP and implemented by BAFA, kicked off with an initial assessment visit to Phnom Penh, Cambodia on 12 and 13 September 2017.

Over 20 Cambodian participants, on behalf of the Ministry of Interior, Ministry of Foreign Affairs, Ministry of Defence, Ministry of Justice, as well as representatives from the Customs and Police, attended the workshop.

Discussions revolved around the main issue of Cambodia's future accession to the ATT. Reporting obligations, diversion, illicit trafficking and PSSM, as well as tracing and marking of arms, were topics of much interest to the representatives of Cambodia. During the workshop, the EU team of experts was able to define the main focus areas for a future ATT OP II roadmap tailored to Cambodia. The next step is the draft of a comprehensive roadmap document to be later endorsed by the Kingdom of Cambodia.

First Roadmap Activity for Jamaica, Kingston, 1-2 November 2017

The First Roadmap Activity for Jamaica took place on 1-2 November 2017 at the premises of the Ministry of National Security in Kingston, Jamaica. The aim of the activity was to discover further areas of assistance in the process of successful national implementation of the Arms Trade Treaty (ATT), to which Jamaica is a State Party. For this purpose, the activities carried out and the results achieved under ATT OP I were presented to the participants as a point of reference. Jamaica presented the developments that had taken place since the last roadmap visit under the ATT OP I in March 2016, and described the status quo of ATT implementation and of the strategic trade controls. From various presentations, and during the roundtable discussions, the participants generated ideas about what fields needed to be improved and what kind of activities would be needed. As a result, a draft roadmap for ATT OP II was prepared.

After the event, the information provided during the workshop guided the implementing agency, as well as the experts involved, in drafting a roadmap for this partner country of ATT OP II.

Initial Assessment Event for Zambia, Lusaka, 28-30 November 2017

In August 2017, Zambia became a new roadmap partner country of the EU ATT Outreach Programme II (ATT OP II). In order to identify the needs and challenges of the Zambian stakeholders, an initial visit took place on 28-30 November 2017 in Lusaka.

A team of international ATT experts held several bilateral meetings with various Zambian authorities (Ministry of Foreign Affairs, Ministry of Home Affairs, Ministry of Justice, Ministry of Defence, Revenue Service etc.) with a view to acquiring a better picture of the situation in the country.

On the last day of the visit, a joint meeting of stakeholders and experts was arranged to discuss and finalise a first draft of a joint roadmap to serve as the basis for further cooperation.

The experts encountered an engaged and knowledgeable group of stakeholders who articulated their demands in an open and comprehensible way. In Zambia, the organisers were supported by experts from Croatia, Ghana, Hungary, New Zealand and the UK.

First Roadmap Activity for Ghana, Ho, 13-14 December 2017

The First Roadmap Activity for Ghana took place on 13-14 December 2017 in the Volta Serene Hotel, Ho. The aim of the event was to discover further areas of assistance in the process of successful national implementation of the Arms Trade Treaty (ATT) to which Ghana is a State Party.

For this purpose, the activities carried out and the results achieved under ATT-OP I were presented to the participants as a point of reference. Ghana presented the developments that had taken place since the last roadmap visit under the ATT-OP I in September 2016, and described the status quo of ATT implementation. From various presentations and during the roundtable discussions, the participants generated ideas about the fields that needed to be improved and what kind of activities could be conducted. As a result, a list of possible elements for the Roadmap for ATT-OP II was prepared.

First Roadmap Activity for Costa Rica, San José, 14-15 December 2017

The first Roadmap Activity for Costa Rica in ATT OP II had as the main goal the finalisation of the control list initiated during the first phase of the project. This control list constitutes the mandatory legal framework and serves as an indication of progress towards the effective national implementation of the ATT. For this purpose, the draft control list prepared by Costa Rica was analysed by the experts who also provided helpful hints on how to improve and complete this list. Further agenda items included challenges to meet ATT legal and technical requirements for an effective implementation, as well as a comparative analysis between the Mexican and Spanish control lists and the draft of Costa Rica.

At the end of the conference, the stakeholders committed to complete the control list in the ensuing weeks, to share it with the experts by 11 January and to have it ready for publication by 26 January 2018 and not later than 8 February 2018. Strategies and priorities for future roadmap activities were also discussed. This two-day conference was attended by representatives of the Costa Rican Ministry of the Presidency, Ministry of Foreign Affairs, Ministry of Public Security and Ministry of Finance, the Judicial Investigation Organisation (OIJ), as well as the Foundation Arias.

First Experts Meeting and First Train-the-trainer Academy, Brussels, 23-25 January 2018

The First Experts Meeting under the new ATT OP II took place in Brussels, Belgium, on 23 and 24 January 2018. The two day meeting aimed to inform experts participating in the EU ATT OP II about the most recent developments within the project and in the partner countries, as well as to elaborate common approaches for knowledge-sharing and to exchange views on international cooperation and support in the area of arms transfers. The First Train-the-Trainer Academy Workshop for ATT OP II was conducted subsequently, on 25 January 2018.

First Roadmap Activity for Colombia, Bogotá, 31 January-1 February 2018

The first Roadmap Activity for Colombia under ATT OP II took place at the Ministry of Foreign Affairs in Bogotá and had as the main goal the analysis of the status quo of the national implementation of the ATT in Colombia.

During the two-day workshop, challenges such as diversion, illicit trafficking and reporting obligations, were analysed and ways to address them were discussed. At the end of the workshop, the needs and priorities for future roadmap activities were discussed. Further agenda items included the essential elements regarding legal and technical requirements for effective ATT implementation, as well as end user verification to avoid diversion, and the link between the ATT and human rights.

This activity was attended by representatives of the Colombian Ministry of the Presidency, Ministry of Foreign Affairs, Ministry of Interior, Ministry of Defence, Ministry of Justice, National Police, National Intelligence Direction, TIA Committee, INDUMIL, Prosecutor General's Office and Colombian National Taxes and Customs Directions (DIAN).

First Roadmap Activity for Cambodia, Phnom Penh, 7-8 February 2018

The First Roadmap Activity for the Kingdom of Cambodia under the EU Arms Trade Treaty Outreach Project (ATT OP II) took place on 7-8 February 2018 in Phnom Penh.

This two-day workshop followed an Initial Visit conducted in September 2017 and was based upon the results of that first assessment seminar. The thematic alignment of this workshop encompassed the establishment of a risk assessment management system, inter-agency cooperation, recordkeeping and reporting under the ATT.

At the end of the workshop, valuable insights and ideas were exchanged and the Cambodian side received a compendium of best practices and suggestions for the establishment of a risk assessment system and interagency cooperation to consider for adoption by the export control authorities in Cambodia. Furthermore, the experts obtained a detailed overview of the procedures and stipulations in the Cambodian export control system.

The EU project implemented by BAFA brought together national ATT stakeholders from the Ministry of Interior, the Ministry of Defence, the Ministry of Justice, the Ministry of Foreign Affairs and the Cambodian Customs Authority.

First Roadmap Activity for Georgia, Tbilisi, 14-15 February 2018

The first Roadmap Activity in Georgia in ATT OP II took place in Tbilisi with the main goal to assess the status quo of the national implementation of the Arms Trade Treaty. Since Georgia had already taken part in the first phase of the project, this activity had the objective to identify the needs and demands of the Georgian stakeholders to amend the national roadmap accordingly. Furthermore, Georgia's important role in the region was one of the main points discussed during the event.

In the course of this meeting it became evident that Georgian partners had made considerable progress with respect to the implementation of the Arms Trade Treaty. Nevertheless, there were some issues that still needed to be addressed in more detail.

During the two-day workshop current challenges such as regional cooperation, brokering, physical security and stockpile management and the Common Military List were analysed and ways to address it discussed. At the end of the workshop, topics and priorities for future roadmap activities, as well as for regional activities were discussed.

This conference was attended by representatives of the Georgian Ministry of Defence, the Ministry of Foreign Affairs and of the Customs Department and Revenue Service. A welcome speech was delivered by the EU-Delegation to Georgia, as well as by the Georgian Ministry of Defence.

Initial Assessment Visit in Cameroon, Yaoundé, 21-22 February 2018

On 21 and 22 February, Expertise France, co-implementer of the second phase of the 'EUP2P export control programme for arms-ATT' (EUP2P-ATT), organised an initial visit in Yaoundé, Cameroon, to engage the newly established long term partner. Cameroon is a major stakeholder in the region, facing various security issues being a neighbour of the Sahel region, having a common frontier with the Republic of Central Africa and located on the Gulf of Guinea where maritime piracy is growing.

This initial visit gave the opportunity for the EU team of experts to have a broad view of the momentum on the ATT in the country that should lead Cameroon to ratify the Treaty in the first semester 2018 after having put in place the legislation and organisation dedicated to this issue. The discussions took place at the Ministry for External Relations in Yaoundé with 20 participants of the ministries and agencies in charge. It enabled the identification of issues to focus on for the three years of the programme.

Initial Assessment Visit in Ivory Coast, Abidjan, 6-7 March 2018

Abidjan, the Ivorian capital, hosted on 6 and 7 March 2018 an initial visit organised by Expertise France, the implementation agency of the EU ATT OP II programme. The Ivory Coast is a West African economic power, facing various security challenges, including the aftermath of the political crisis of the 1990s, exposure to the jihadist threat and the scourges of organised crime in major cities and towns. in the border areas.

In this State Party to the ATT, selected as a long-term partner country, the objective of the visit was to define, consensually, a programme for the implementation of the ATT-OP II project in Côte d'Ivoire for the period 2017 to 2020. Thus, at the initiative of the COMNAT-ALPC, focal point of the ATT in Côte d'Ivoire, visits to authorities and a two-day seminar brought together some thirty participants representing ministries in charge of the application of the Treaty, parliamentarians and representatives of civil society.

Ad Hoc Workshop for Thailand, Bangkok, 14-15 March 2018

The Ad-hoc Workshop for the Kingdom of Thailand took place on 14-15 March 2018 in Bangkok. This workshop was organised on the request of the Ministry of Foreign Affairs of Thailand. The topics of this workshop covered the legislation, implementation and enforcement of brokering controls under the ATT.

According to the Ministry of Foreign Affairs, the preparations for ratification of the ATT in Thailand were quite advanced and almost completed. Only arms brokering remained an issue. The term 'arms brokering' in the sense of the ATT did not exist in the Thai legislation yet. The goal of the workshop was therefore to assess if amendments to existing legislation or even the introduction of a completely new law were needed before ratification. At the end of the workshop, valuable insights and ideas were exchanged and possible ways for the further process of ATT ratification were discussed.

The event brought together national ATT stakeholders from the Ministry of Foreign Affairs, Ministry of Defence, Ministry of Commerce, Ministry of Interior, Ministry of Finance, Royal Thai Police, the Office of the National Security Council, the Office of the Attorney General, the Office of the Council of State, Defence Industry and Energy Centre Equipment Control And Industry Development Division and Thai Customs Department.

First Roadmap Activity in the Philippines, Manila, 21-22 March 2018

On 21 and 22 March, Expertise France, co-implementer of the second phase of the 'EUP2P export control programme for arms-ATT' (EUP2P-ATT), organised a first roadmap activity in Manila, Philippines, to continue the successful work already performed during phase I (2014-2017) with BAFA. The Philippines is one of the few States in the Asia-Pacific region to be engaged in the ATT process and is of strategic importance being an importer, producer and exporter of arms. It also has various issues related to internal security due to the presence of terrorist groups in some islands, to external security in the disputed area of the South China Sea and with so many possible points of entry of goods due to its geography as an archipelago with more than 7,000 islands.

Having signed the ATT, the Philippines has adopted its legislation and organisation so as to comply with the ATT and to be able to ratify it in the near future. The work done is remarkable and goes beyond what ATT demands.

This first activity gave the opportunity for the EU team of experts to assist the assembled Philippines delegates to design and agree a roadmap for the next two and a half years that will include 4 more activities and 2 regional seminars. These activities should help the effective implementation of the ATT in the Philippines and to promote it in the sub-region.

First Roadmap Activity in Senegal, Dakar, 21-22 March 2018

As part of the second phase of the EU project ATT Outreach, implemented by Expertise France, Senegal hosted a legal workshop on 21 and 22 March 2018, bringing together about fifteen experts. The purpose of this first activity was twofold: on the one hand, to make progress on the regulatory framework and, on the other, to define the 2018-2020 roadmap. For this State Party to the ATT, which is a long-term partner of the programme, the effective implementation of the ATT depends on the definition of the regulatory framework. This aspect is important for a country in the Sahel, given the regional environment characterised by various and mutating security threats, including organised crime and terrorism.

The EU experts joined those selected by the COMNAT / SALW of Senegal to advise on the preliminary draft law and specify the constituent elements of the draft decree. Following this technical meeting, expectations were met with a revised regulatory framework and concrete guidelines for the drafting of the implementing texts.

Study Visit for Costa Rica in Malta, Valetta, 11-13 April 2018

On 11-13 April a study visit for Costa Rica took place in Valletta, Malta, under the EU Arms Trade Treaty Outreach Project (ATT OP II). Experts from the United Kingdom, the Netherlands, Uruguay and Spain provided their expertise on effective ATT implementation and shared with Costa Rican representatives their national system methods and best practices for enforcement and risk assessment.

This activity within the EU project was dedicated to government, customs and enforcement officials from the Ministry of Foreign Affairs, Ministry of Public Security, Ministry of the Presidency and Customs Department at the Ministry of Finance from Costa Rica.

The event, which also included a study visit to the Malta Freeport Terminals, provided a forum for Costa Rican delegates and experts to discuss challenges in the area of arms transfer control. In this way, the three day visit provided those stakeholders with the opportunity to engage in discussions with international experts and learn first-hand about customs and enforcement procedures at one of the ports of entry in the EU. As the main focus in Costa Rica is put on the implementation of transit and trans-shipment controls of weapons, special consideration was paid to this area.

Second Roadmap Activity for Jamaica, Kingston, 18-19 April 2018

On April 18-19, the second roadmap activity for Jamaica within the framework of the EU ATT Outreach Project II was conducted in Kingston. The content of the seminar mirrored the roadmap which was jointly developed by the experts' team and the Jamaican stakeholders.

After the opening of the event by a representative of the Ministry of National Security and the EU Delegation in Kingston, the national focal point summarised the achievements of the previous roadmap such as the creation of a licensing users guide. He highlighted the main challenges for the country regarding the effective implementation of the ATT. Following this, an exercise was conducted to introduce discussion on the national control list. The last session of the day was dedicated to a presentation on risk assessment criteria.

On the second day, a session on arms diversion was facilitated which provided an overview of the problems of armed violence in the Caribbean and also named the main sources of diversion. The discussions on the issue continued with a presentation about relevant case studies which triggered a lively discussion among the stakeholders. The second half of the day included a round-table discussion on transit and trans-shipment. The experts informed the participants about the situation in their home countries and then participated in an interactive exercise.

Ad Hoc Workshop for Chile, Santiago, 25-26 April 2018

At the request of Chile, an Ad Hoc Seminar was held on 25 and 26 April in Santiago, Chile, within the framework of ATT OP II. Although the BAFA outreach team had recently been active in Latin America, this was the first time that BAFA had organised an outreach activity in Chile.

As Chile had signed the ATT in June 2013 and was already working on steps towards ratification, Chile was in a position to adapt its export control provisions to ATT requirements. The topics covered in the Ad Hoc Seminar were proposed by the Chilean stakeholders. The topics consisted of a general overview of the goals, obligations and requirements of the ATT and detailed discussion of brokering controls, licensing, record keeping and reporting, and risk assessment.

This seminar contributed to raising the awareness of the requirements and obligations of the ATT among Chilean stakeholders from different Ministries (among them the Ministry of Defence, Ministry of the Interior and Public Security and the Ministry of Foreign Affairs), Customs and other agencies involved. Furthermore, during the sessions individual practical aspects of building an efficient national export control system were tackled, such as how to set up a comprehensive control list, how to organise the licensing process in an efficient and compliant way and how to assure smooth interagency cooperation in line with information security needs.

In conclusion, the Ad Hoc Seminar provided the Chilean participants with the opportunity to engage in a comprehensive discussion on important challenges linked to the implementation of the ATT. The activity was supported by a team of four ATT experts from UNLIREC, Sweden, Spain and Germany.

Sub-Regional Workshop Latin America (Peru and Colombia) in Peru, Iquitos, 9-10 May 2018

With this Sub-Regional Workshop, BAFA offered a platform for relevant ATT stakeholders from Peru and Colombia to discuss efficient cooperation against illicit trans-border arms trafficking in the Amazon border region.

During the two-day workshop, experts from Argentina, Costa Rica, Spain, Sweden and the United Nations shared their expertise and combined efforts with the Peruvian and Colombian counterparts to review and discuss common security challenges, such as diversion and illicit trafficking and ways to deter them.

Furthermore, this workshop included a practical exercise. In addition to the theoretical sessions where the experts exposed relevant aspects of the ATT, such as legal, institutional and operational requirements, and discussed best-practices for the region, participants took part in a field visit to the maritime police premises where they had the opportunity to witness in situ — and through a simulation — how officials from Iquitos detected and intercepted illicit arms trafficking cargoes.

This conference was attended by delegates of the Peruvian Ministries of: Foreign Affairs, Defence, Interior, Justice and Production; the Peruvian National Intelligence Direction; CONATIAF; SUNAT (National Superintendence of Tax Administration); SUCAMEC; and the Peruvian Armed Forces (National Police, Coast Guard Unit and Navy). The Colombian delegation was composed of representatives of the Ministry of Foreign Affairs, Ministry of Interior, Ministry of Defence, Ministry of Justice, National Police, National Intelligence Direction, TIA Committee, INDUMIL, Prosecutor General's Office and Colombian National Taxes and Customs Direction (DIAN).

First Roadmap for Zambia, Livingstone, 23-24 May 2018

On 23-24 May 2018, the First Roadmap Activity for Zambia under the second phase of the EU Arms Trade Treaty Outreach Project (ATT OP II) was conducted in Livingstone. In August 2017, Zambia became a new roadmap partner country and BAFA organised an Initial Visit to Lusaka in the following November. During this activity, the joint roadmap for Zambia was developed, planned to be implemented over the course of the next two years. The first roadmap activity mirrored some of the roadmap's main points.

In the opening ceremony, a representative of the Zambian Ministry of Defence provided an overview of the current situation with ATT implementation in Zambia. The participants had an opportunity to discuss the legal aspects of ATT implementation. This session was followed by contributions on the establishment of a national control list. Furthermore, the role of the inter-agency committee which had recently been established was discussed.

The second day kicked-off with presentations on licensing and interagency cooperation, which were well received and led to lively debates among the Zambian stakeholders. The participants and experts also discussed record keeping and reporting requirements for ATT States Parties.

Throughout the activity, the experts encountered an interested and knowledgeable group of stakeholders and engaged in frank and fruitful discussions on the opportunities and challenges for Zambia in the implementation process.

Initial Assessment Visit to Benin, Cotonou, 30-31 May 2018

Benin authorities welcomed, on 30-31 May 2018, the initial visit of the experts team from Expertise France, co-responsible for the implementation of the second phase of the EU ATT Outreach Project. As a coastal country in the Atlantic Ocean, bordering Togo, Nigeria, Niger and Burkina Faso, Benin combines aspects of destination, transshipment and transit countries, which have an impact on the effective control of transfers of conventional weapons and the effective implementation of the ATT.

This initial visit, punctuated by visits to the authorities of the Presidency of the Republic and the Ministry of Foreign Affairs and Cooperation, made it possible to clarify the challenges facing this State Party to the ATT. The two-day work that gathered key actors involved in the implementation of the various instruments related to conventional weapons, also offered the opportunity to discuss the working tracks that will be at the core of the EU ATT OP II national roadmap.

Second Roadmap Activity for Cambodia, Phnom Penh, 5-6 June 2018

This two-day workshop was the third of five activities in the framework of the Cambodian Roadmap and was based on the results of the first assessment seminar in September 2017.

The thematic alignment of this workshop encompassed the ATT implementation process, licensing procedures, transit and trans-shipment, brokering, the UNODC Container Control Programme, as well as diversion and security. At the end of the workshop, insights and ideas were exchanged and the Cambodian side received many suggestions for the preparation of ratification of the treaty, to be considered for adoption by the relevant export control authorities in Cambodia. Furthermore, the experts' team obtained a detailed overview of the handling of arms imports by the Cambodian government and the cooperation among involved authorities.

The EU project implemented by BAFA brought together more than 20 representatives of national ATT stakeholders from the Ministry of Interior, the Ministry of National Defence, the Ministry of Justice, the Ministry of Foreign Affairs and the Cambodian General Department of Customs and Excise.

First Roadmap Activity for Burkina Faso, Ouagadougou, 30-31 May 2018

In the framework of the EU ATT OP II, Burkina Faso hosted a sensitisation workshop for parliamentarians and civil society organisations on the implementation of the Arms Trade Treaty. About twenty participants including deputies, parliamentary assistants, as well as representatives of civil society and the media, were brought together by the HACIAU (ATT national contact point).

The aim was to inform the participants about the project, but above all to present the regulatory documents marking the domestication of the ATT dispositions, in order to encourage each actor to play his/her role in the adoption of the laws and their effective application. After two very rich days of discussions, the participants pledged themselves to get actively involved in order to ensure that Burkina Faso had the right regulatory framework for the effective implementation of the ATT at the national level as soon as possible, in order to have a new tool contributing to peace and security at the national and sub-regional levels.

Second Roadmap Activity for Georgia, Tbilisi, 20-21 June 2018

On 20-21 June 2018 the Second Roadmap Activity for Georgia under the second phase of the EU Arms Trade Treaty Outreach Project (ATT OP II) took place in Tbilisi, Georgia. In February 2018 the first roadmap activity had taken place. The outcome of this activity had been the development of the amended joint roadmap which will be implemented over the course of the next two years.

The agenda items of the Second Roadmap Activity mirrored some of the outcomes of the roadmap discussion. The event focused on various aspects of national ATT implementation, such as brokering, the control list and commodity identification. Furthermore, the participants engaged in discussions on regional cooperation with respect to a planned sub-regional workshop this year, as well as on further priorities for the roadmap activities. The event in Tbilisi was attended by eight Georgian participants.

Second Roadmap Activity for Ghana, Accra, 10-11 July 2018

This two-day workshop was the second of five activities in the framework of the Ghanaian Roadmap and was based upon the results of the first assessment seminar in December 2017. The thematic alignment of this workshop encompassed legal drafting, licensing procedures and end-use certificates.

The EU project implemented by BAFA brought together 26 national ATT stakeholders from the National Commission of Small Arms and Light Weapons, the Ghanaian Police, the Armed Forces of Ghana, the Ministry of Foreign Affairs, the Ghana Customs Service, the Law Review Commission and the Parliamentarian Committee for Defence and Interior.

First Roadmap Activity for Peru, Lima, 16-17 July 2018

This event held in Lima, Peru, on 16-17 July 2018 was the first Roadmap Activity for Peru in the framework of the second phase of the EU Arms Trade Treaty Outreach Project based on the Council Decision 2017/915 CFSP. Peru was already a partner country during the first stage of the project.

The aim of this activity was to determine, together with the authorities of Peru (Ministry of Foreign Affairs, Defence, Interior, Justice, etc.), the current status of the Peruvian arms transfer system with regard to the implementation of the treaty, and to analyse the priorities for further cooperation. Furthermore, the expectations of the second stage of the ATT Outreach project were discussed and an updated roadmap for the project was prepared.

In addition, this first Roadmap Activity offered a platform for relevant stakeholders involved in Peru's national ATT process to discuss ways to face the challenges to effectively apply the treaty. Recommendations on how to comply with the obligations set out in the ATT were given by four distinguished international experts.

First Ad Hoc Workshop in Nigeria, Abuja, 17-18 July 2018

On 17-18 July a first ad hoc workshop took place in Abuja, Nigeria. This activity followed an assistance request sent to the European External Action Service (EEAS) by the Nigerian Presidential Committee on Small Arms and Light Weapons.

Nigeria, as the first African State Party to the Arms Trade Treaty (ATT), recognises the importance of the ATT in addressing the challenges posed by illicit proliferation of arms to human security, and to international and regional peace, security and stability. It further appreciates the fact that its implementation will further reinforce the effectiveness of other international and regional instruments on the control of arms proliferation, especially the ECOWAS Convention on Small Arms.

The objective of this ad hoc cooperation with the EU was to bring together and sensitise policy makers from relevant Ministries/Agencies and selected Parliamentarians in Nigeria and to articulate the comprehensive implementation of the ATT in Nigeria. This successful workshop was the first of two interagency seminars which should, at the end of the process, allow for the drafting of a national roadmap on ATT implementation in Nigeria.

First Roadmap Activity in Cameroon, Yaoundé, 18-19 July 2018

In the aftermath of two major steps for Cameroon concerning the arms trade, namely the ratification of the ATT on 18 June 2018, and the first Conference of the State Parties of the Kinshasa Conference on SALW held in Yaoundé from 11-13 June, the first roadmap activity under the EU ATT OP took place in Yaoundé on 18-19 July 2018. It was mainly dedicated to a legal workshop to discuss the secondary legislation of the 14 December 2016 Act on arms which was at a final stage before adoption.

Cameroon is facing a regional environment with major security aspects involving its neighbours, and working at a sub-regional level is an important consideration for the country. The international experts from France, Belgium and Sweden were able to share their experiences with representatives of the various administration and agencies selected by the Minister of External Relations (MINREX).

Second Roadmap Activity in Senegal, Dakar, 23-24 July 2018

Through this second roadmap activity in the framework of the EU ATT OP II, and with the support from EU and international experts, Senegal was able to finalise the drafting of legal texts favouring the domestication of the ATT dispositions. This was a crucial step for the effective implementation of the ATT. Thus, a draft bill and a proposal for a decree were examined and revised in a critical and constructive way, resulting in documents validated by the participants.

Another important element, the national control list was studied, consolidated and proposed for adoption. With this number of quality documents setting an exhaustive national legal framework, Senegal showed that it was firmly committed to the effective implementation of the ATT.

Initial Assessment Visit in Togo, Lomé, 1-2 August 2018

On 1-2 August, an initial assessment visit took place in Lomé with the first aim to establish a national roadmap in the framework of the EU ATT OP II as Togo is now a long term partner country for the phase II of the programme.

The first day was dedicated to official visits to the Ministry of Defence, the Ministry of Foreign Affairs and to the Minister in charge of the Interior (Ministre de la Sécurité et de la Protection civile, Général Yark). On the second day, discussions and presentations took place with major stakeholders of the Ministries/agencies and with the invited civil society representatives. The event was covered broadly by the media. The discussions with the experts from France and Belgium were fruitful and concluded with agreement relating to four activities planned for the next two years.

Side Event at the CSP4 in Japan, Tokyo, 22 August 2018

In the framework of the ATT Fourth Conference of States Parties (CSP4), COARM Chair moderated a side event, with the support of BAFA and Expertise France, in Tokyo, Japan, on 22 August 2018.

This side event started with a brief overview of the EU ATT Outreach Project. In addition, the most relevant outcomes of the first phase of the project were presented. This was followed by an analysis of the first year of the second phase. In this regard, the achievements, main challenges and current trends were presented. With 75 participants, the event received excellent support.

In addition to the COARM Chair, presentations were made by BAFA and EF and by two long term roadmap partners: Ambassador Bruce S. Conception (Philippines) and Mr Leonard Tettey (Ghana). Participants at the side event included not only delegates from our partner countries, but also representatives of international and regional organisations. These representatives expressed the wish to work together on outreach activities in the future.

In addition, many other countries expressed interest in becoming a partner country within the programme. The representatives of these countries were informed about the procedures through which the cooperation and assistance could be provided.

Study Visit for Jamaica to the United Kingdom, London, 20-22 August 2018

In cooperation with the UK Border Force, BAFA organised a study visit for customs and enforcement officials from Jamaica to the customs office at Heathrow Airport in London within the framework of the second ATT Outreach project, on 20-22 August 2018.

The Jamaican participants received a general overview of the procedures at Heathrow airport, as well as on the challenges for customs officials on site. Afterwards participants engaged in a roundtable session on the responsibilities and challenges of modern customs authorities. The further discussions of day one dealt with risk management and customs profiling, with a particular focus on transit and transshipment issues.

The second day started with a warehouse visit where the participants had the opportunity to observe the work of specially trained customs dogs. The afternoon was dedicated to talks about interagency cooperation between customs, licensing authorities and prosecutors, as well as the relations between customs and industry.

The last day kicked-off with an exercise in a customs warehouse where the participants were tasked to apply risk profiles in order to identify illegal cargos. Afterwards the experts from Heathrow provided various case studies to round up the activity.
