Second part: those words

§ 38

First part: Text as a whole excluding the words: 'such as penalties and sanctions for employers that violate the right to pay equality'

Second part: those words

§ 56

First part: Text as a whole excluding the words: 'as well as to ensure general joint and several liability throughout the whole subcontracting chain'

Second part: those words

§ 57

First part: Text as a whole excluding the words: 'calls for this revision to exempt all social and welfare services from the procurement obligations and establish a European exclusion mechanism to exclude primary contractors and subcontractors who repeatedly engage in unfair competition and tax fraud;'

Second part: those words

PPE:

§ 7

First part: 'Calls on the Member States to make full use of flexibility in the application of EU rules on public finances and fiscal policies, in order to accommodate exceptional spending so as to prevent and mitigate the social consequences of the COVID-19 pandemic crisis, strengthen social welfare systems, and finance quality jobs, public services, the fight against poverty and the green and digital transitions;'

Second part: 'welcomes NextGenerationEU, the EU's recovery plan; stresses that just green and digital transitions can only be achieved with appropriate support for education and social care and healthcare infrastructure, in order to ensure social fairness, social cohesion and prosperity for all; is concerned that, in the current crisis, social welfare systems are experiencing unprecedented pressure and that related public expenditure will increase exponentially; underlines that the expenditure for the crisis measures should not come at the expense of the least well-off, but should be borne fairly;'

Third part: 'stresses, therefore, that in order to fuel the recovery, the EU's investment effort through the Recovery Plan must have a strong social dimension, strengthening social welfare systems and investing in social security, access to healthcare and education, affordable housing, employment, justice and social services for vulnerable groups, in order to combat the social impact of the crisis; considers that investment in education, well-designed progressive tax and benefit systems, social investment and the provision of quality public and social services are essential levers for preventing the transfer of disadvantage from one generation to the next; stresses the importance of the implementation of the EPSR in the context of the European Recovery Plan and the Recovery and Resilience Facility, at the same level as the Green Deal and the digital transition; calls, therefore, for the upcoming reforms linked to the recovery package to include upward social convergence as one of the main objectives of the national reform programmes, including through financial support; in this sense, believes that the new Porto 2030 targets should be supported in the Recovery Plan, alongside the economic and environmental targets;'

Friday 18 December 2020

§ 8

First part: Text as a whole excluding the words: ‘considers that as such an amount equivalent to the investment in environmental and digital priorities of each Recovery and Resilience Plan is dedicated to the implementation of the EPRS objectives and the achievement of the Porto Agenda targets, and that specific Social Progress Plans (SPPs) should be complementary to the National Recovery and Resilience Plans and the National Climate and Energy Plans;’

Second part: those words

§ 11

First part: ‘Welcomes the introduction of a Just Transition Fund; stresses that broad social acceptance of environmental protection and climate action measures is vital for their effective implementation; urges Member States to effectively involve social partners, regional and local government and civil society in the elaboration of Territorial Just Transition Plans; recalls that climate change and the subsequent structural changes are already having a severe impact on many European regions and their people; stresses that the creation of green and decent jobs is crucial in order to achieve an inclusive and balanced job market to accompany the fair and just transition towards a renewables-based, highly resource- and energy-efficient, circular and carbon-neutral economy and to make sure no one is left behind; insists on increasing the amount put forward in May 2020 for the Just Transition Fund by the Commission in its amended proposal; calls for the fund to have sufficient financial means to support regions in transition and to ensure that new quality jobs are created and that social cohesion is the guiding principle for providing support under the fund; stresses that the revised European Globalisation Adjustment Fund is pivotal in supporting social plans for workers hit by restructuring, and calls on the Commission and the Member States to agree to a substantially increased budget for this instrument as part of the broader European Just Transition financial support; calls for sustainable and ambitious use of the funds available in order to support those regions which are most vulnerable and are lagging behind, by using transitional measures where needed;’

Second part: ‘recalls the importance of eligible projects being consistent with the climate neutrality objective for 2050 and its intermediate steps up to 2030, as well as with the European Pillar of Social Rights;’

§ 19

First part: ‘Calls on the Commission and the Member States, together with social partners, to commit to reaching collective bargaining coverage of 90 % by 2030 in those national systems that combine statutory and social partners’ regulation of employment and working conditions;’

Second part: ‘stresses that collective bargaining contributes to the social market economy, as aimed for in the Lisbon Treaty; reiterates that the European treaties, which explicitly protect the autonomy of social partners, and the self-regulatory systems in place in some Member States, must be protected in order for social partners to regulate autonomously, ensuring strong legitimacy and collective agreement coverage progress; calls on the Member States to remove any national legislation that hampers collective bargaining, including by ensuring trade unions’ access to workplaces for the purpose of organising; underlines that reforms in Member States should not negatively affect collective bargaining and that it needs to be promoted at sectoral level, including by supporting the capacity-building of social partners; urges the Commission and the Member States to fully involve social partners in European policymaking, including in the European Semester process; believes that the proposed targets would contribute to the eradication of in-work poverty and to ensuring fair wages for European workers;’

§ 22

First part: Text as a whole excluding the words: ‘calls on the Commission to include the overall objective of raising work quality at the European level in the Semester process and the Social Scoreboard, with a view to guiding and assessing the contribution of employment policies across Member States to the implementation of the SDGs and the EPSR;’

Second part: those words

§ 24

First part: ‘Is concerned about the increased number of workers in precarious and non-standard forms of employment, bogus self-employed and workers with zero-hour contracts, including in national public administrations;’

Friday 18 December 2020

Second part: 'calls on the Commission and the Member States to work towards the objective of eliminating involuntary temporary and involuntary part-time employment by 2030 and towards the target of 80 % of jobs created being middle- or high-paying and concentrated in sustainable sectors;'

Third part: 'urges the Commission and the Member States to eliminate the practices of zero-hour contracts and bogus self-employment;'

§ 26

First part: 'Calls on the Commission to present a strategic EU care agenda as a further step forward in qualitatively empowering the healthcare sector in the EU, including personal and household services workers; reiterates that the care agenda needs also to reflect the situation of the 100 million informal carers in the EU, who provide 80 % of long-term care but remain mostly unrecognised;'

Second part: 'calls on the Commission, in coordination with the Member States, to develop a regulatory framework that guarantees quality care services, including assessing new opportunities in the healthcare sector benefiting consumers and patients, while respecting the role of public and private institutions in the provision of services to citizens and ensuring decent working conditions for carers;'

§ 27

Second part: those words

§ 34

First part: Text as a whole excluding the words: 'calls on the Commission and the Member States to speed up the adoption and implementation of the European Child Guarantee so that by 2030 every child in the EU has full access to quality and free healthcare, education and childcare, is living in decent housing and receives adequate nutrition;'

Second part: those words

§ 44

First part: 'Notes that the current investment in social infrastructure in the EU has been estimated at approximately EUR 170 billion per year and that the Commission estimates the investment needed at EUR 192 billion, with health and long-term care accounting for 62 % of that investment (affordable housing, EUR 57 billion; health, EUR 70 billion; long-term care, EUR 50 billion; education and lifelong learning, EUR 15 billion);'

Second part: 'calls on the Commission and the Member States to dedicate to the implementation of the EPSR principles a proportion of the Recovery and Resilience Facility that is equivalent to the investments in environmental and digital priorities; insists that gender equality is taken into account in the allocation of RRF resources;'

§ 52

First part: 'Welcomes the recent Commission report on the impact of demographic change on different groups in society and on areas and regions disproportionately affected in Europe;'

Second part: 'calls on the Commission and the Member States to commit more of the resources available under the ERDF to improving transport and telecommunications infrastructure in areas with a high ageing population, as well as primarily rural areas and areas suffering from depopulation;'

Second part: 'calls on the Council to speed up the negotiations on legislation regarding public country-by-country reporting and a common consolidated corporate tax base, and to revise the criteria for both the Code of Conduct Group for business taxation and the EU list of non-cooperative jurisdictions;'

§ 29

First part:

‘Considers it essential that citizens are able to be involved directly in the initiation of legislative proposals; stresses that the ECI is a fundamental instrument for active citizenship and public participation; welcomes the adoption on 17 April 2019 of the new rules for the ECI, which bring a number of structural and technical improvements aimed at making this instrument more user-friendly and accessible and facilitating increased participation of EU citizens in the legislative process of the Union; notes the significant number of new ECIs registered by the Commission in 2019, which shows that citizens are seizing the opportunity to use participatory instruments to have a say in policymaking and law-making processes; calls for more dissemination campaigns on the role of the ECI in order to promote the use of this resource by European citizens; regrets that so far the majority of successful ECIs did not end with a legislative proposal by the Commission; encourages the Commission to approach ECIs as openly and responsively as possible in order to make this instrument a real success of European participatory democracy in the eyes of the citizens;’

Second part:

‘therefore calls on the Commission to initiate a legislative proposal on the basis of any successful ECI that was supported by the European Parliament;’
