REGULATIONS

COMMISSION REGULATION (EU) No 360/2010
of 27 April 2010

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Whereas:

(1) Annex VIII to Regulation (EC) No 73/2009 establishes for each Member State the maximum value of all payment entitlements that can be allocated during a calendar year. In accordance with Articles 40(2) and 67 of that Regulation Annex VIII should be adapted to take into account the decisions of the Member States in accordance with Article 103o and 188a(3) of Council Regulation (EC) No 1234/2007 of 22 October 2007 establishing a common organisation of agricultural markets and on specific provisions for certain agricultural products (Single CMO Regulation) (²) with regard to wine and to the advanced integration of coupled support into the single payment scheme.

(2) Germany, Greece, Spain, France, Italy, Luxembourg, Austria, Portugal and Slovenia notified the Commission of their intention to allocate new payment entitlements to wine growers in accordance with Articles 103o and 188a(3) of Regulation (EC) No 1234/2007.

(3) Belgium, Denmark, Greece, Luxembourg, the Netherlands, Austria, Finland, Sweden and United Kingdom notified the Commission of their intention to at least advance the integration of the seed aid referred to in Section 5 of Title IV of Regulation (EC) No 73/2009 or one of the schemes referred to in point 1 of Annex VI to that Regulation, with the exception of the specific quality premium for durum wheat, into the single payment scheme in 2010 or 2011.

(4) Annex IV to Regulation (EC) No 73/2009 establishes for each Member State the ceilings which may not be exceeded by the total amounts of the direct payments, net of modulation, which may be granted in respect of a calendar year in the Member State concerned.

(5) Following the decisions taken by the Member States in accordance with Article 103o and 188a(3) of Regulation (EC) No 1234/2007 and Article 67 of Regulation (EC) No 73/2009, the total maximum amounts of direct payments that may be granted shall be increased. Therefore, in accordance with Article 8(2)(a) of Regulation (EC) No 73/2009, Annex IV to that Regulation shall be reviewed.

(6) Since the difficulties to its agricultural sector provoked by the economic crisis persist with a continuing negative impact on the economic situation of farmers, Portugal has communicated to the Commission that it has decided not to apply the voluntary modulation foreseen from 2010 until 2012. Therefore, in accordance with Article 8(2)(b) of Regulation (EC) No 73/2009, the net amount resulting from the application of the voluntary modulation in Portugal fixed by Commission Decision 2009/780/EC (³) should for those years be added to the national ceiling for Portugal as set out in Annex IV to Regulation (EC) No 73/2009.

Annexes IV and VIII to Regulation (EC) No 73/2009 should therefore be amended accordingly.

The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Direct Payments,

HAS ADOPTED THIS REGULATION:

**Article 1**

Annex IV to Regulation (EC) No 73/2009 is replaced by the text set out in Annex I to this Regulation.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 27 April 2010.

COMMISSION REGULATION (EU) No 361/2010
of 27 April 2010
amending Regulation (EC) No 690/2008 recognising protected zones exposed to particular plant health risks in the Community

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 2000/29/EC of 8 May 2000 on protective measures against the introduction into the Community of organisms harmful to plants or plant products and against their spread within the Community (1), and in particular Article 2(1)(h) thereof,

Whereas:

(1) By Commission Regulation (EC) No 690/2008 (2) certain Member States or certain areas in Member States were recognised as protected zones in respect of certain harmful organisms. In some cases recognition was granted for a limited time to allow the Member State concerned to provide the full information necessary to show that the harmful organism in question was not present in the Member State or area concerned or to complete the efforts to eradicate the organism in question.

(2) The entire territory of Greece was recognised as a protected zone with respect to Dendroctonus micans Kugel., Gilpinia hercyniae (Hartig), Gonipterus scutellatus Gyll., Ips amitinus Eichhof, Ips cembrae Heer and Ips duplicatus Sahlberg until 31 March 2010.

(3) In 2009 Greece conducted surveys and notified results to the Commission in accordance with the third and fifth subparagraph of Article 2(1)(h) of Directive 2000/29/EC. However, those results were not complete. A visit by Commission experts from 2 to 10 February 2010 confirmed that Greece had made significant progress with regard to organising and conducting those surveys and with regard to notifying the results thereof. In view of the fact that the results notified were not complete, the experts concluded that further progress would be necessary.

(4) According to the results of the surveys there were no findings of the organisms concerned in Greece. Taking into account those results and the outcome of the visit of the Commission experts in Greece, it is appropriate to continue to recognise Greece as a protected zone with respect to those organisms for one more year, in order to give Greece the time necessary to submit information confirming that those organisms are not present on its territory.

(5) Ireland, Lithuania and certain regions and parts of regions in Italy, Slovakia and Slovenia were recognised as protected zones with respect to Erwinia amylovora (Burr.) Winsl. et al. until 31 March 2010. From the information received from those Member States on the results of surveys and from the reports by the Commission experts who visited Italy, Lithuania, Slovakia and Slovenia in 2009, it appears that those protected zones should be recognised for two more years to give those Member States the time necessary to submit information showing that Erwinia amylovora (Burr.) Winsl. et al. is not present or, where necessary, to complete their efforts to eradicate that organism.

(6) Regulation (EC) No 690/2008 should therefore be amended accordingly.

(7) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plant Health.

HAS ADOPTED THIS REGULATION:

Article 1
Annex I to Regulation (EC) No 690/2008 is amended as follows:

1. In the second column of points 4, 5 and 7 to 10 of heading (a), after the word ‘Greece,’ the words ‘until 31 March 2010’ are replaced by ‘until 31 March 2011’.

2. In the second column of point 2 of heading (b), in the second indent the words ‘until 31 March 2010’ are replaced by ‘until 31 March 2012’.

Article 2
This Regulation shall enter into force on the day following its publication in the Official Journal of the European Union.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 27 April 2010.

Having regard to Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market (1), and in particular Article 6(1) thereof,

Whereas:

(1) In accordance with Article 6(2) of Directive 91/414/EEC France received on 23 December 2003 an application from ISK Biosciences Europe SA for the inclusion of the active substance flonicamid (IKI-220) in Annex I to Directive 91/414/EEC. Commission Decision 2004/686/EC (2) confirmed that the dossier was ‘complete’ in the sense that it could be considered as satisfying, in principle, the data and information requirements of Annexes II and III to Directive 91/414/EEC.

(2) For that active substance, the effects on human health and the environment have been assessed, in accordance with the provisions of Article 6(2) and (4) of Directive 91/414/EEC, for the uses proposed by the applicant. The designated rapporteur Member State submitted a draft assessment report on 24 May 2005.

(3) The assessment report was peer reviewed by the Member States and the EFSA and presented to the Commission in the format of the EFSA Scientific Report for flonicamid on 18 December 2009 (3). This report was reviewed by the Member States and the Commission within the Standing Committee on the Food Chain and Animal Health and was finalised on 12 March 2010 in the format of the Commission review report for flonicamid.

(4) It has appeared from the various examinations made that plant protection products containing flonicamid may be expected to satisfy, in general, the requirements laid down in Article 5(1)(a) and (b) and Article 5(3) of Directive 91/414/EEC, in particular with regard to the uses which were examined and detailed in the Commission review report. It is therefore appropriate to include flonicamid in Annex I to that Directive, in order to ensure that in all Member States the authorisations of plant protection products containing this active substance may be granted in accordance with the provisions of that Directive.

(5) Without prejudice to the obligations defined by Directive 91/414/EEC as a consequence of including an active substance in Annex I, Member States should be allowed a period of six months after inclusion to review existing provisional authorisations of plant protection products containing flonicamid to ensure that the requirements laid down by Directive 91/414/EEC, in particular its Article 13 and the relevant conditions set out in Annex I, are satisfied. Member States should transform existing provisional authorisations into full authorisations, amend them or withdraw them in accordance with the provisions of Directive 91/414/EEC. By derogation from the above deadline, a longer period should be provided for the submission and assessment of the complete Annex III dossier of each plant protection product for each intended use in accordance with the uniform principles laid down in Directive 91/414/EEC.

(6) It is therefore appropriate to amend Directive 91/414/EEC accordingly.

(7) The measures provided for in this Directive are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

HAS ADOPTED THIS DIRECTIVE:

Article 1

Annex I to Directive 91/414/EEC is amended as set out in the Annex to this Directive.

Article 2
Member States shall adopt and publish by 28 February 2011 at the latest the laws, regulations and administrative provisions necessary to comply with this Directive. They shall forthwith communicate to the Commission the text of those provisions and a correlation table between those provisions and this Directive.

They shall apply those provisions from 1 March 2011.

When Member States adopt those provisions, they shall contain a reference to this Directive or shall be accompanied by such a reference on the occasion of their official publication. Member States shall determine how such reference is to be made.

Article 3
1. Member States shall in accordance with Directive 91/414/EEC, where necessary, amend or withdraw existing authorisations for plant protection products containing flonicamid as active substance by 28 February 2011. By that date, they shall in particular verify that the conditions in Annex I to that Directive relating to flonicamid are met, with the exception of those identified in part B of the entry concerning the active substance, and that the holder of the authorisation has, or has access to, a dossier satisfying the requirements of Annex II to that Directive in accordance with the conditions of Article 13(2) of that Directive.

2. By way of derogation from paragraph 1, for each authorised plant protection product containing flonicamid as either the only active substance or as one of several active substances all of which were listed in Annex I to Directive 91/414/EEC, by 31 August 2010 at the latest Member States shall re-evaluate the product in accordance with the uniform principles provided for in Annex VI to Directive 91/414/EEC, on the basis of a dossier satisfying the requirements of Annex III to that Directive and taking into account part B of the entry in Annex I to that Directive concerning flonicamid. On the basis of that evaluation, they shall determine whether the product satisfies the conditions set out in Article 4(1)(b), (c), (d) and (e) of Directive 91/414/EEC.

Following that determination Member States shall:

(a) in the case of a product containing flonicamid as the only active substance, where necessary, amend or withdraw the authorisation by 29 February 2012 at the latest; or

(b) in the case of a product containing flonicamid as one of several active substances, where necessary, amend or withdraw the authorisation by 29 February 2012 or by the date fixed for such an amendment or withdrawal in the respective Directive or Directives which added the relevant substance or substances to Annex I to Directive 91/414/EEC, whichever is the latest.

Article 4
This Directive shall enter into force on 1 September 2010.

Article 5
This Directive is addressed to the Member States.

Done at Brussels, 27 April 2010.

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 378/2007 of 27 March 2007 laying down rules for voluntary modulation of direct payments provided for in Regulation (EC) No 1782/2003 establishing common rules for direct support schemes under the common agricultural policy and establishing certain support schemes for farmers, and amending Regulation (EC) No 1290/2005 (1), and in particular Article 4(1) thereof,

Whereas:

(1) Commission Decision 2009/780/EC (2) has fixed the net amounts resulting from the application of voluntary modulation in Portugal for calendar years 2010, 2011 and 2012.

(2) Since the difficulties to its agricultural sector provoked by the economic crisis persist with a continuing negative impact on the economic situation of farmers, Portugal has communicated to the Commission that it has decided not to apply the voluntary modulation at all.

(3) Decision 2009/780/EC should therefore be repealed,

(2010/237/EU)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 1290/2005 of 21 June 2005 on the financing of the common agricultural policy (1), and in particular Article 12(2) and (3) thereof,

Whereas:

(2) Commission Decision 2009/780/EC of 22 October 2009 fixing the net amounts resulting from the application of voluntary modulation in Portugal for calendar years 2010, 2011 and 2012 (7) has been repealed by Commission Decision 2010/235/EU (8) in order to take into account the decision taken by Portugal not to apply voluntary modulation at all.

(3) Decision 2009/1005/EU of the European Parliament and of the Council (9) as regards the financing of the European Economic Recovery Plan has further reduced the net amount available for EAGF expenditure in line with the provisions of Article 12(1) of Council Regulation (EC) No 1290/2005.

(4) Decision 2009/379/EC should therefore be amended accordingly,

HAS ADOPTED THIS DECISION:

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 181 thereof,

Whereas:

(1) Cultural heritage, in the meaning of the Unesco Conventions concerning the Protection of the World Cultural and Natural Heritage and the Safeguarding of the intangible Cultural Heritage (1), is a very fragile patrimony and is exposed to multiple risks due to ageing, adverse environmental conditions, and human pressure.

(2) For most European citizens, cultural heritage assets are unique and irreplaceable in their tangible form of historic buildings, collections, sites and movable objects as well as in their intangible value, which includes history, collective memory and identity.

(3) The combined effects of climate change, other environmental changes, human interventions and security risks threaten Europe's cultural heritage. In particular, climate change may lead to cultural heritage assets being irreversibly damaged or lost because of their fragility and age. In addition, disasters and security risks threaten the physical nature of cultural heritage assets as symbols and icons of European cities and sites.

(4) In order to prevent that those combined risks to Europe's cultural heritage produce irreversible damage, concerted actions are needed.

(5) At its meeting of 3 December 2009, the Competitiveness Council recognised 'Cultural Heritage, Climate Change and Security' (the title was later changed to 'Cultural Heritage and Global Change: a new challenge for Europe') as an area where joint programming would provide a major added value to the current, fragmented efforts of Member States in the field of research. It therefore adopted conclusions recognising the need to launch a joint programming initiative on the subject and inviting the Commission to contribute to its preparation. The Council also reaffirmed that joint programming is a process led by Member States, with the Commission acting as a facilitator.

(6) Joint programming of research on cultural heritage and global change would provide for coordination of research in this area, contributing significantly to construction of a fully operational European Research Area on cultural heritage preservation and strengthening Europe's leadership and competitiveness of the research in this field.

(7) In order to achieve the goals set by this Recommendation, Member States should cooperate with the Commission on exploring possible Commission initiatives to assist Member States with developing and implementing the strategic research agenda.

(8) In order for the Commission to be able to report to the European Parliament and to the Council, Member States should report regularly to the Commission on the progress made on this joint programming initiative,

HAS ADOPTED THIS RECOMMENDATION:

1. Member States are encouraged to develop a common vision on how cooperation and coordination in the field of research at Union level can help to preserve cultural heritage in all its forms, ensuring its security and sustainable exploitation.

2. Member States are encouraged to develop a common strategic research agenda establishing medium to long-term research needs and objectives in the area of preservation and use of cultural heritage in the context of global change. 1. Imports into the European Community of the products listed in the Annex to this Protocol, which originate in Egypt, shall be subject to the conditions set out below.

2. From the date of entry into force of the Agreement in the form of an Exchange of Letters signed at Brussels on 28 October 2009 (hereinafter ‘the Agreement in the form of an Exchange of Letters’), customs duties applicable on the import into the European Community of agricultural products, processed agricultural products and fish and fishery products originating in Egypt shall be eliminated, except as otherwise provided for in Table 1 of the Annex.

ANNEX III

COMMON DECLARATION ON SANITARY AND PHYTOSANITARY OR TECHNICAL BARRIERS TO TRADE ISSUES

The Parties shall solve any problems, in particular sanitary, phytosanitary or technical barriers to trade, hindering the implementation of this Agreement, by means of existing administrative arrangements. The results shall then be reported to the Subcommittee for agriculture and fisheries, as well as to the Subcommittee of industry, trade, services and investment and to the Association Committee. The Parties commit to examine and solve such cases with the shortest possible delay in a friendly manner, in line with their respective applicable laws.
Sir/Madam,

I have the honour to acknowledge receipt of your letter of today's date, worded as follows:

'I have the honour of referring to the negotiations which took place in accordance with the Euro-Mediterranean Roadmap for agriculture (Rabat Roadmap) adopted by the Euro-Mediterranean Ministers of Foreign Affairs on 28 November 2005 for the acceleration of liberalisation of trade in agricultural products, processed agricultural products and fish and fishery products and under Articles 13 and 15 of the Euro-Mediterranean Agreement establishing an association between the European Communities and their Member States, of the one part, and the Arab Republic of Egypt, of the other part (1) ("the Association Agreement"), in force since 1 June 2004, of which the trade and trade-related provisions entered into force since 1 January 2004, which provides that the Community and the Arab Republic of Egypt shall gradually establish a greater liberalisation of their trade in agricultural products, processed agricultural products and fish and fishery products.

On the conclusion of the negotiations, the two Parties agreed upon the following amendments to the Association Agreement:

1. The title of Chapter 2 shall be replaced by the following:

“Agricultural products, processed agricultural products and fish and fishery products”.

2. Article 14(1) shall be replaced by the following:

“1. Agricultural products, processed agricultural products and fish and fishery products originating in Egypt and listed in Protocol 1, on importation into the Community, shall be subject to the arrangements set out in that Protocol.”

3. Article 14(2) shall be replaced by the following:

“2. Agricultural products, processed agricultural products and fish and fishery products originating in the Community and listed in Protocol 2, on importation into Egypt, shall be subject to the arrangements set out in that Protocol.”

4. Article 14(3) shall be deleted.

5. The following paragraph shall be added to Article 15:

“3. The Contracting Parties shall meet two years from the date of entry into force of the Agreement in the form of an Exchange of Letters signed at Brussels on 28 October 2009 to consider the possibility of granting each other further concessions of trade in agricultural products, processed agricultural products and fish and fishery products in accordance with Article 13 of this Agreement. Such meeting shall thereafter be held regularly every two years.”

6. Protocols 1 and 2 and their Annexes shall be replaced by those appearing in Annexes I and II to this Agreement in the form of an Exchange of Letters.

7. Protocol 3 shall be deleted.

8. A Common Declaration on sanitary and phytosanitary or technical barriers to trade issues, appearing in Annex III to this Agreement in the form of an Exchange of Letters, shall be added to the Association Agreement.

This Agreement in the Form of an Exchange of Letters shall enter into force on the first day of the second month following the date of deposit of the last instrument of approval.’

The Arab Republic of Egypt has the honour of confirming its agreement with the content of this letter. Please accept, Sir/Madam, the assurance of my highest consideration.
