REGULATIONS

COMMISSION IMPLEMENTING REGULATION (EU) 2019/138
of 29 January 2019

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1831/2003 of the European Parliament and of the Council of 22 September 2003 on additives for use in animal nutrition (1) and in particular Article 13(3) thereof,

Whereas:

(1) In accordance with Council Directive 70/524/EEC (2) monensin sodium and narasin, were authorised as feed additives by, respectively, Commission Regulations (EC) No 1356/2004 (3) and (EC) No 1464/2004 (4).

(2) In accordance with Regulation (EC) No 1831/2003, endo-1,4-beta-mannanase and diclazuril were authorised as feed additives by, respectively, Commission Regulations (EC) No 786/2007 (5), (EC) No 971/2008 (6), (EU) No 1118/2010 (7), (EU) No 169/2011 (8) and Commission Implementing Regulations (EU) No 888/2011 (9) and (EU) No 667/2013 (10).

(3) The holder of authorisation, Eli Lilly and Company Ltd, has submitted an application in accordance with Article 13(3) of Regulation (EC) No 1831/2003 proposing to change the name of the holder of the authorisation for the feed additives concerned.

The holder of authorisation claims that, with effect from 30 March 2018, Elanco GmbH, a division of Eli Lilly and Company Ltd owns the marketing rights for the additives concerned. The holder of authorisation has submitted relevant data supporting its request.

The proposed change of the terms of the authorisation is purely administrative in nature and does not entail a fresh assessment of the additives concerned. The European Food Safety Authority was informed of the application.

To allow Elanco GmbH to exploit its marketing rights it is necessary to change the terms of the authorisations concerned.

Since safety reasons do not require the immediate application of the amendments made by this Regulation, it is appropriate to allow a transitional period during which existing stocks may be used up.

The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

COMMISSION IMPLEMENTING DECISION (EU) 2019/142

of 29 January 2019

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Directive 2009/28/EC of the European Parliament and of the Council of 23 April 2009 on the promotion of the use of energy from renewable sources and amending and subsequently repealing Directives 2001/77/EC and 2003/30/EC (2), and in particular the second subparagraph of Article 18(4) thereof,

Whereas:

(1) Articles 7b and 7c of, and Annex IV to, Directive 98/70/EC and Articles 17 and 18 of, and Annex V to, Directive 2009/28/EC lay down similar sustainability criteria for biofuels and bioliquids, and similar procedures for verifying that biofuels and bioliquids comply with those criteria.

(2) Where biofuels and bioliquids are to be taken into account for the purposes referred to in Article 17(1)(a), (b) and (c) of Directive 2009/28/EC, Member States must require economic operators to show that biofuels and bioliquids fulfil the sustainability criteria set out in Article 17(2) to (5) of that Directive.

(3) The request for recognition that the 'U.S. Soybean Sustainability Assurance Protocol' demonstrates that consignments of biofuel comply with the sustainability criteria set out in Directives 98/70/EC and 2009/28/EC was submitted to the Commission on 15 November 2018. The scheme is based in 16305 Swingley Ridge Road, Suite 200 Chesterfield, MO 63017, United States. It covers soybeans produced in the United States and the chain of custody from the farms producing the soybeans to the place where they are exported.

(4) In assessing the 'U.S. Soybean Sustainability Assurance Protocol' the Commission found that the scheme covers adequately the sustainability criteria set out in Directives 98/70/EC and 2009/28/EC, and uses a mass balance system in accordance with Article 7c(1) of Directive 98/70/EC and Article 18(1) of Directive 2009/28/EC.

(5) The assessment of the 'U.S. Soybean Sustainability Assurance Protocol' found that it meets adequate standards of reliability, transparency and independent auditing and complies with the methodological requirements set out in Annex IV to Directive 98/70/EC and in Annex V to Directive 2009/28/EC.

(6) The measures provided for in this Decision are in accordance with the opinion of the Committee on the Sustainability of Biofuels and Bioliquids,

HAS ADOPTED THIS DECISION:

Article 1

The 'U.S. Soybean Sustainability Assurance Protocol' (‘the scheme’), submitted for recognition to the Commission on 15 November 2018, demonstrates that consignments of biofuels and bioliquids produced in accordance with the standards for the production of biofuels and bioliquids set in the scheme comply with the sustainability criteria laid down in Article 7b(3), (4) and (5) of Directive 98/70/EC and Article 17(3), (4) and (5) of Directive 2009/28/EC.

The scheme contains accurate data for the purposes of Article 17(2) of Directive 2009/28/EC and Article 7b(2) of Directive 98/70/EC in as far as it concerns annualised emissions from carbon stock changes caused by land-use change (e) referred to in point 1 of part C of Annex IV to Directive 98/70/EC and point 1 of part C of Annex V to Directive 2009/28/EC, which it demonstrates to be equal to zero.

**Article 2**

The Commission shall be notified without delay of any change in the contents of the scheme, as submitted for recognition to the Commission on 15 November 2018, that might affect the basis of this Decision.

The Commission shall assess the notified changes with a view to establishing whether the scheme still adequately covers the sustainability criteria for which it is recognised.

**Article 3**

The Commission may repeal this Decision, inter alia, in any of the following circumstances:

(a) where it is clearly demonstrated that the scheme does not implement elements considered to be important for this Decision or if serious and structural breach of those elements has taken place;

(b) where the scheme fails to submit annual reports to the Commission pursuant to Article 7c(6) of Directive 98/70/EC and Article 18(6) of Directive 2009/28/EC;

(c) where the scheme fails to implement the standards of independent auditing specified by means of implementing acts pursuant to the third subparagraph of Article 7c(5) of Directive 98/70/EC and the third subparagraph of Article 18(5) of Directive 2009/28/EC or carry out improvements to other elements of the scheme considered to be important for a continued recognition.

**Article 4**

This Decision shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

It shall apply until 30 June 2021.

Done at Brussels, 29 January 2019.
