Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 733/2008 of 15 July 2008 on the conditions governing imports of agricultural products originating in third countries following the accident at the Chernobyl nuclear power station (1), and in particular Article 4 thereof,

Whereas:

(1) On 29 March 2017, the United Kingdom of Great Britain and Northern Ireland (the ‘United Kingdom’) submitted the notification of its intention to withdraw from the Union pursuant to Article 50 of the Treaty on European Union. The Treaties will cease to apply to the United Kingdom from the date of entry into force of a withdrawal agreement or failing that, two years after that notification, unless the European Council, in agreement with the United Kingdom, unanimously decides to extend that period. The United Kingdom will then become a third country.

(2) Commission Regulation (EC) No 1635/2006 (2) requires Member States to ensure that the competent authorities of third countries affected by the Chernobyl accident issue export certificates which attest that the products that they accompany comply with the maximum permitted levels set out in Regulation (EC) No 733/2008. The specific third countries are listed in Annex II to Regulation (EC) No 1635/2006.

(3) Implementing Regulation (EU) 2019/370 (3) amended Regulation (EC) No 1635/2006 in order to place the United Kingdom in Annex II to that Regulation. Implementing Regulation (EU) 2019/370 is to apply from the date following that on which the Treaties cease to apply to and in the United Kingdom pursuant to Article 50(3) of the Treaty on European Union, unless a withdrawal agreement has entered into force by that date or the two year period referred to in Article 50(3) of the Treaty on European Union has been extended.

(4) At the request of the United Kingdom, the European Council decided on 22 March 2019 to extend the period referred to in Article 50(3) of the Treaty on European Union. Consequently, the conditions for the application of Implementing Regulation (EU) 2019/370, as specified in Article 2 of that Regulation, can no longer be fulfilled.

(5) Therefore, Annex II to Regulation (EC) No 1635/2006 should be amended accordingly and the conditions for the application of that amendment should be laid down.

(6) This Regulation should enter into force as a matter of urgency.

(7) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS REGULATION:

Article 1

In Annex II to Regulation (EC) No 1635/2006, the following entry is added:

Article 2

This Regulation shall enter into force on the day of its publication in the Official Journal of the European Union.

It shall apply from the day following that on which Union law ceases to apply to and in the United Kingdom.

ANNEX

HIGH-LEVEL GROUP OF WISE PERSONS ON THE EUROPEAN FINANCIAL ARCHITECTURE FOR DEVELOPMENT

TERMS OF REFERENCE

1. The Wise Persons Group

1.1. Composition

The Wise Persons Group shall comprise six to eight independent and impartial experts. They shall be appointed on the basis of professional and technical expertise and experience in finance, development and the relevant institutional landscape. The composition of the Wise Persons Group shall take into account gender and geographical balance. It shall reflect a broad spectrum of those criteria and take into account the institutional diversity among the Member States. The Chair and the members of the Wise Persons Group shall declare upon appointment that they have no conflict of interests and that they are independent and impartial.

1.2. Selection

The Council shall appoint the Chair and the members of the Wise Persons Group after examination of the proposed candidates by Coreper. The Chair shall be responsible for proposing a limited group of experts, reflecting the principles referred to in point 1.1. Comprehensive curricula vitae of all proposed candidates shall be provided to the Member States in advance of the examination by Coreper.

1.3. Financial provisions

Members of the Wise Persons Group who are required to travel away from their place of residence in order to carry out their duties in Brussels shall be entitled to reimbursement of their travel expenses and an allowance in accordance with Decision No 21/2009 of the Deputy Secretary General of the Council of the European Union on the reimbursement of mission expenses of persons other than staff members of the Council of the European Union. The corresponding expenditure shall be borne by the Council.

2. Timeline

Shortly after its appointment, the Wise Persons Group shall present its work programme to Coreper. Within three months of its establishment, the Wise Persons Group shall inform Coreper of the state of play of its work. The relevant Council bodies, including the Working Party of Financial Counsellors, the Working Party on Development Cooperation and the Ad Hoc Working Party on the Neighbourhood, Development and International Cooperation Instrument, shall be regularly updated by the Wise Persons Group upon request.

The Wise Persons Group shall deliver the final report to the Council six months after its appointment. The purpose of the report and any recommendations made in fulfilling its mandate shall be to inform and assist the Council in its discussions and possible decision-making. Under no circumstances shall the report or any recommendations be construed as the position of the Council, including in respect of ongoing legislative procedures. The Council shall decide on the follow-up to the report. The involvement and cooperation of the Economic and Financial Affairs Council and the Foreign Affairs Council (Development) shall be ensured.

3. Mandate

For the purposes of these terms of reference, the European financial architecture for development includes the European Investment Bank (EIB), the European Bank for Reconstruction and Development (EBRD), and the financial instruments managed by the Commission. In its analysis of the European financial architecture for development, the Wise Persons Group shall take a system-wide perspective.

In order to avoid duplication of existing activities and to encourage opportunities for further cooperation with other key development actors, the Wise Persons Group shall, in particular, consider how to maximise the added value of the European financial architecture for development within the existing diverse landscape of relevant national bodies in the Member States, such as national development financial institutions and agencies, and international and multilateral institutional bodies, such as the Council of Europe Development Bank or the World Bank. The Wise Persons Group shall also take into account the overall developments and needs that have shaped the global financial architecture for development over time and how the global financial architecture has been adapted to those developments and needs.
The Wise Persons Group shall describe the challenges to and opportunities for rationalising the European financial architecture for development, dealing in particular with the respective roles of the EIB and of the EBRD. It shall recommend scenarios for the evolution of the European financial architecture for development, including recommendations on clear prioritisation and sequencing, taking into account the potential associated costs, on the basis of:

— an assessment of the capacity of the current European financial architecture for development to deliver on the Union’s policy priorities for external action and development, notably in terms of development impact, effectiveness, additionality, overlaps and value for money;

— an analysis of the respective strengths and weaknesses of the mandates and instruments of all actors involved, including the risk management, governance, shareholding and incentive structures of the EIB and the EBRD;

— an examination of the strategies put forward by the EIB, the EBRD and the Commission to further develop their mandates with a view to enhancing private sector development and sovereign lending, including, as appropriate, in least-developed and fragile countries.

4. Consultation

The Wise Persons Group may consult with the relevant Union institutions and bodies, including the European Parliament, the Commission and the EIB, and with the relevant national institutional bodies in the Member States, such as national development financial institutions and agencies. It may also consult the EBRD. Where necessary, the Wise Persons Group may invite other bodies, including from beneficiary countries, to provide written input or contribute during its meetings.

The Wise Persons Group shall ensure transparency in the consultation process by listing all consultations in the appendix to its report.

5. Secretariat

The General Secretariat of the Council shall be responsible for the secretariat of the Wise Persons Group. It shall provide the administrative support necessary to ensure the functioning of the Wise Persons Group, including as regards the publication of documents. The corresponding costs, including those linked to organisation and meetings, shall be borne by the Council.
THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EU) 2017/1939 of 12 October 2017 implementing enhanced cooperation on the establishment of the European Public Prosecutor’s Office (the EPPO) (1), and in particular Article 16(4) thereof,

Whereas:

(1) In accordance with Article 16(3) of Regulation (EU) 2017/1939, European Prosecutors are to be appointed by the Council for a non-renewable mandate of six years, which may be extended for a maximum of three years at the end of the six-year period.

(2) In accordance with Article 16(4) of Regulation (EU) 2017/1939, every three years there is to be a partial replacement of one third of the European Prosecutors. The Council, acting by simple majority, is to adopt transitional rules for the appointment of the European Prosecutors for and during the first mandate period.

(3) Those transitional rules should ensure the proper application of the principle of periodical replacement of the European Prosecutors appointed for the first time to the EPPO, with a view to ensuring continuity of the work of the College of European Prosecutors. They should at the same time take into consideration the special needs of the EPPO in the first years following its establishment and beginning of operations.

(4) For those purposes, specific rules should be established on the duration of the term of office of the European Prosecutors appointed for the first time following the entry into force of Regulation (EU) 2017/1939.

(5) To ensure full transparency and impartiality in the determination of those European Prosecutors in the first mandate period whose term of office will be three years instead of six years, a system based on drawing lots should be followed. This system will also ensure that the selection of the European Prosecutors whose term of office will be shorter is neutral in geographic terms.

(6) On 15 January 2019, the Commission submitted a proposal for a Council Implementing Decision on transitional rules for the appointment of European Prosecutors for and during the first mandate period,

HAS ADOPTED THIS DECISION:

Article 1

This Decision lays down transitional rules for the appointment of European Prosecutors for and during the first mandate period following the entry into force of Regulation (EU) 2017/1939.

Article 2

1. Before the appointment of European Prosecutors, a group comprising one third of the number of participating Member States at the time of application of those transitional rules shall be determined by drawing lots.

2. If the number of participating Member States at the time of application of those transitional rules is not divisible by three, the number of Member States to be included in the group shall be rounded up to the closest higher integer number.

3. The General Secretariat of the Council shall take the necessary measures to implement the procedure of drawing lots, in close cooperation with the Commission.

Article 3

The term of office of the European Prosecutors from the Member States included in the group established in accordance with Article 2 shall be three years. This term shall not be renewable.

Article 4

This Decision shall enter into force on the twentieth day following that of its publication in the Official Journal of the European Union.

Done at Luxembourg, 9 April 2019.

COMMISSION IMPLEMENTING DECISION (EU) 2019/599
of 11 April 2019
amending the Annex to Decision 2007/453/EC as regards the BSE status of the United Kingdom of
Great Britain and Northern Ireland and its Crown Dependencies
(notified under document C(2019) 2830)
(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 999/2001 of the European Parliament and of the Council of 22 May 2001 laying down rules for the prevention, control and eradication of certain transmissible spongiform encephalopathies (\(^1\)), and in particular the third subparagraph of Article 5(2) thereof,

Whereas:

(1) On 29 March 2017, the United Kingdom submitted the notification of its intention to withdraw from the Union pursuant to Article 50 of the Treaty on European Union (TEU). On 22 March 2019, the European Council adopted Decision (EU) 2019/476 (\(^2\)) extending the period under Article 50(3) TEU in agreement with the United Kingdom. In accordance with that Decision, in the event that the Withdrawal Agreement is not approved by the House of Commons by 29 March 2019 at the latest, the period provided for in Article 50(3) TEU is extended until 12 April 2019. As the Withdrawal Agreement has not been approved by 29 March 2019, Union law will cease to apply to and in the United Kingdom from 13 April 2019 (‘the withdrawal date’).

(2) Regulation (EC) No 999/2001 provides that Member States, third countries or regions thereof are to be classified according to their bovine spongiform encephalopathy (BSE) status into one of three categories: negligible BSE risk, controlled BSE risk and undetermined BSE risk.

(3) The United Kingdom of Great Britain and Northern Ireland has submitted an application to the Commission for its BSE status to be determined, indicating it also covers its Crown Dependencies. That application was accompanied by the relevant information for that country and its Crown Dependencies on the criteria and potential risk factors provided for in Annex II to Regulation (EC) No 999/2001.

(4) Scotland is currently classified into the negligible risk category but a new case of BSE has been confirmed in that region of the United Kingdom on 18 October 2018. Scotland therefore does not comply anymore with the requirements set out in Annex II to Regulation (EC) No 999/2001 as regards the negligible risk category. Scotland should therefore be classified into the controlled risk category.

(5) Considering its BSE status, Northern Ireland can be considered as having negligible risk, while the rest of the United Kingdom of Great Britain and Northern Ireland and its Crown Dependencies can be considered as having controlled BSE risk.

(6) Therefore, taking into account the specific information mentioned above and in order to avoid unnecessary disruption of trade from the withdrawal date, Northern Ireland should be included in the list of regions of third countries in point A of the Annex to Commission Decision 2007/453/EC (\(^3\)) and the rest of the United Kingdom of Great Britain and Northern Ireland and its Crown Dependencies should be included in point B of that Annex in relation to the classification of countries or regions according to their BSE status. The Annex to that Decision should therefore be amended accordingly.

(7) This Decision should apply from 13 April 2019. It should however not apply if Union law continues to apply to and in the United Kingdom of Great Britain and Northern Ireland on that date.

(8) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

\(^{1}\) OJ L 147, 31.5.2001, p. 1.
\(^{3}\) Commission Decision 2007/453/EC of 29 June 2007 establishing the BSE status of Member States or third countries or regions thereof according to their BSE risk (OJ L 172, 30.6.2007, p. 84).
HAS ADOPTED THIS DECISION:

Article 1

The Annex to Decision 2007/453/EC is amended as set out in the Annex to this Decision.

Article 2

This Decision shall apply from 13 April 2019.

However, it shall not apply if Union law continues to apply to and in the United Kingdom of Great Britain and Northern Ireland on that date.

Article 3

This Decision is addressed to the Member States.

of 11 April 2019
(notified under document C(2019) 2831)
(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 96/23/EC of 29 April 1996 on measures to monitor certain substances and residues thereof in live animals and animal products and repealing Directives 85/358/EEC and 86/469/EEC and Decisions 89/187/EEC and 91/664/EEC (1), and in particular the fourth subparagraph of Article 29(1) thereof,

Whereas:

(1) On 29 March 2017, the United Kingdom submitted the notification of its intention to withdraw from the Union pursuant to Article 50 of the Treaty on European Union (TEU). On 22 March 2019, the European Council adopted Decision (EU) 2019/476 (2) extending the period under Article 50(3) TEU in agreement with the United Kingdom. In accordance with that Decision, in the event that the Withdrawal Agreement is not approved by the House of Commons by 29 March 2019 at the latest, the period provided for in Article 50(3) TEU is extended until 12 April 2019. As the Withdrawal Agreement has not been approved by 29 March 2019, Union law will cease to apply to and in the United Kingdom from 13 April 2019 (the withdrawal date).

(2) Article 29 of Directive 96/23/EC requires that third countries from which Member States are authorised to import animals and animal products covered by that Directive submit residue monitoring plans providing required guarantees (the plans). The plans should cover at least the groups of residues and substances listed in Annex I to that Directive.

(3) Commission Decision 2011/163/EU (3) approves the plans submitted by certain third countries concerning specified animal and animal products listed in the Annex to that Decision.

(4) The United Kingdom of Great Britain and Northern Ireland has submitted the plans for that country and its Crown Dependencies for bovine, ovine/caprine, porcine, equine, poultry, aquaculture, milk, eggs, rabbit, wild game, farmed game and honey to the Commission. Those plans provide sufficient guarantees and should be approved.

(5) Therefore, in order to avoid any unnecessary disruption to trade after the withdrawal date, the United Kingdom of Great Britain and Northern Ireland and its Crown Dependencies should be included in the list of third countries set out in Decision 2011/163/EU for which the plans are approved. The Annex to Decision 2011/163/EU should therefore be amended accordingly.

(6) This Decision should apply from 13 April 2019, unless Union law continues to apply to and in the United Kingdom of Great Britain and Northern Ireland on that date.

(7) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed.

Article 1

The Annex to Decision 2011/163/EU is amended in accordance with the Annex to this Decision.

COMMISSION IMPLEMENTING DECISION (EU) 2019/601
of 11 April 2019
amending Annex I to Implementing Decision 2011/630/EU as regards the inclusion of the United Kingdom of Great Britain and Northern Ireland and certain of its Crown Dependencies in the list of third countries or parts thereof authorised for the introduction into the Union of semen of domestic animals of the bovine species

(notified under document C(2019) 2832)

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 88/407/EEC of 14 June 1988 laying down the animal health requirements applicable to intra-Community trade in and imports of semen of domestic animals of the bovine species (1), and in particular Article 8(1), the first subparagraph of Article 10(2), and Article 11(2) thereof.

Whereas:

(1) On 29 March 2017, the United Kingdom submitted the notification of its intention to withdraw from the Union pursuant to Article 50 of the Treaty on European Union (TEU). On 22 March 2019, the European Council adopted Decision (EU) 2019/476 (2) extending the period under Article 50(3) TEU in agreement with the United Kingdom. In accordance with that Decision, in the event that the Withdrawal Agreement is not approved by the House of Commons by 29 March 2019 at the latest, the period provided for in Article 50(3) TEU is extended until 12 April 2019. As the Withdrawal Agreement has not been approved by 29 March 2019, Union law will cease to apply to and in the United Kingdom from 13 April 2019 (the withdrawal date).

(2) Commission Implementing Decision 2011/630/EU (3) sets out in its Annex I a list of third countries or parts thereof from which Member States are to authorise imports of semen of domestic animals of the bovine species.

(3) The United Kingdom of Great Britain and Northern Ireland has provided the necessary guarantees for that country and certain of its Crown Dependencies to comply with the conditions laid down in Implementing Decision 2011/630/EU for the introduction into the Union of consignments of semen of domestic animals of the bovine species from the withdrawal date by continuing to comply with Union legislation for an initial period of at least nine months.

(4) Therefore, taking into account these specific guarantees provided by the United Kingdom of Great Britain and Northern Ireland and in order to avoid any unnecessary disruption to trade after the withdrawal date, the United Kingdom of Great Britain and Northern Ireland and certain of its Crown Dependencies, should be included in the list of third countries or parts thereof set out in Annex I to Implementing Decision 2011/630/EU authorised for the introduction into the Union of consignments of semen of domestic animals of the bovine species.

(5) Annex I to Implementing Decision 2011/630/EU should therefore be amended accordingly.

(6) This Decision should apply from 13 April 2019, unless Union law continues to apply to and in the United Kingdom of Great Britain and Northern Ireland on that date.

(4) Therefore, taking into account these specific guarantees provided by the United Kingdom of Great Britain and Northern Ireland and in order to avoid any unnecessary disruption to trade after the withdrawal date, the United Kingdom of Great Britain and Northern Ireland and certain of its Crown Dependencies should be included in the list of third countries set out in Annex I to Decision 2006/168/EC authorised for the introduction into the Union of consignments of bovine embryos.

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 854/2004 of the European Parliament and of the Council of 29 April 2004 laying down specific rules for the organisation of official controls on products of animal origin intended for human consumption (1), and in particular Article 11(1) thereof,

In accordance with that Decision, in the event that the Withdrawal Agreement is not approved by the House of Commons by 29 March 2019 at the latest, the period provided for in Article 50(3) TEU is extended until 12 April 2019. (4) In particular, Annex I to that Decision sets out a list of third countries authorised for the introduction of bivalve molluscs, tunicates, echinoderms and marine gastropods and Annex II to that Decision sets out a list of third countries and territories authorised for the introduction of fishery products for human consumption. Those lists also indicate restrictions concerning such imports from certain third countries.

(5) The United Kingdom of Great Britain and Northern Ireland has provided the necessary guarantees for that country and certain of its Crown Dependencies to comply with the conditions laid down in Regulation (EC) No 854/2004 for the introduction into the Union of consignments of bivalve molluscs, echinoderms, tunicates, marine gastropods and fishery products for human consumption from the withdrawal date by continuing to comply with Union legislation for an initial period of at least nine months.

(6) Therefore, taking into account these specific guarantees provided by the United Kingdom of Great Britain and Northern Ireland, and in order to avoid any unnecessary disruption to trade after the withdrawal date, the United Kingdom of Great Britain and Northern Ireland and certain of its Crown Dependencies should be included in the lists of third countries and territories set out in Decision 2006/766/EC authorised for the introduction of bivalve molluscs, echinoderms, tunicates, marine gastropods and fishery products for human consumption.

(7) Annexes I and II to Decision 2006/766/EC should therefore be amended accordingly.

Those treatments are aimed at eliminating certain animal health risks linked to the specific commodities. Part 4 of that Annex sets out a non-specific treatment ‘A’ and specific treatments ‘B’ to ‘F’ listed in descending order of severity of the animal health risk linked to the specific commodity.

(4) The United Kingdom of Great Britain and Northern Ireland has provided the necessary guarantees for that country and certain of its Crown Dependencies to comply with the conditions laid down in Decision 2007/777/EC for the introduction into the Union of consignments of commodities for human consumption with treatment ‘A’ from the withdrawal date by continuing to comply with Union legislation for an initial period of at least nine months.
