

BUDAPEST CONVENTION
on the Contract for the Carriage of Goods by Inland Waterways (CMNI) (*)

THE STATES PARTIES TO THIS CONVENTION,

CONSIDERING the recommendations of the Final Act of the Conference on Security and Cooperation in Europe of 1 August 1975 for the harmonization of legal regimes with a view to the development of transport by member States of the Central Commission for the Navigation of the Rhine and the Danube Commission in collaboration with the United Nations Economic Commission for Europe,

HAVING RECOGNIZED the necessity and desirability of establishing by common agreement certain uniform rules concerning contracts for the carriage of goods by inland waterway,

HAVE DECIDED to conclude a Convention for this purpose and have thereto agreed as follows:

CHAPTER I

GENERAL PROVISIONS

Article 1

Definitions

In this Convention,

1. 'Contract of carriage' means any contract, of any kind, whereby a carrier undertakes against payment of freight to carry goods by inland waterway;
2. 'Carrier' means any person by whom or in whose name a contract of carriage has been concluded with a shipper;
3. 'Actual carrier' means any person, other than a servant or an agent of the carrier, to whom the performance of the carriage or of part of such carriage has been entrusted by the carrier;
4. 'Shipper' means any person by whom or in whose name or on whose behalf a contract of carriage has been concluded with a carrier;
5. 'Consignee' means the person entitled to take delivery of the goods;
6. 'Transport document' means a document which evidences a contract of carriage and the taking over or loading of goods by a carrier, made out in the form of a bill of lading or consignment note or of any other document used in trade;
7. 'Goods' does not include either towed or pushed vessels or the luggage or vehicles of passengers; where the goods are consolidated in a container, on a pallet or in or on a similar article of transport or where they are packed, 'goods' includes such article of transport or packaging if supplied by the shipper;
8. 'In writing' includes, unless otherwise agreed between the parties concerned, the transmission of information by electronic, optical or similar means of communication, including, but not limited to, telegram, facsimile, telex, electronic mail or electronic data interchange (EDI), provided the information is accessible so as to be usable for subsequent reference.
9. The law of a State applicable in accordance with this Convention means the rules of law in force in that State other than its rules of private international law.

(*) Adopted by the Diplomatic Conference Organized Jointly by CCNR, the Danube Commission and UN/ECE, held in Budapest from 25 September to 3 October 2000.

*Article 2***Scope of application**

1. This Convention is applicable to any contract of carriage according to which the port of loading or the place of taking over of the goods and the port of discharge or the place of delivery of the goods are located in two different States of which at least one is a State Party to this Convention. If the contract stipulates a choice of several ports of discharge or places of delivery, the port of discharge or the place of delivery to which the goods have actually been delivered shall determine the choice.
2. This Convention is applicable if the purpose of the contract of carriage is the carriage of goods, without transshipment, both on inland waterways and in waters to which maritime regulations apply, under the conditions set out in paragraph 1, unless:
 - (a) a maritime bill of lading has been issued in accordance with the maritime law applicable, or
 - (b) the distance to be travelled in waters to which maritime regulations apply is the greater.
3. This Convention is applicable regardless of the nationality, place of registration or home port of the vessel or whether the vessel is a maritime or inland navigation vessel and regardless of the nationality, domicile, registered office or place of residence of the carrier, the shipper or the consignee.

CHAPTER II

RIGHTS AND OBLIGATIONS OF THE CONTRACTING PARTIES*Article 3***Taking over, carriage and delivery of the goods**

1. The carrier shall carry the goods to the place of delivery within the specified time and deliver them to the consignee in the condition in which they were handed over to him.
2. Unless otherwise agreed, the taking over and delivery of the goods shall take place on board the vessel.
3. The carrier shall decide which vessel is to be used. He shall be bound, before and at the beginning of the voyage, to exercise due diligence to ensure that, taking into account the goods to be carried, the vessel is in a state to receive the cargo, is seaworthy and is manned and equipped as prescribed by the regulations in force and is furnished with the necessary national and international authorizations for the carriage of the goods in question.
4. Where it has been agreed that the carriage shall be performed by a specific vessel or type of vessel, the carrier shall be entitled to load or transship the goods in whole or in part on to another vessel or on to another type of vessel without the consent of the shipper, only:
 - (a) in circumstances, such as low water or collision or any other obstacle to navigation, which were unforeseeable at the time when the contract of carriage was concluded and in which the loading or transshipment of the goods is necessary in order to perform the contract of carriage, and when the carrier is unable to obtain within an appropriate period of time instructions from the shipper, or
 - (b) when it is in accordance with the practice prevailing in the port where the vessel is located.
5. Except as provided by the obligations incumbent on the shipper, the carrier shall ensure that the loading, stowage and securing of the goods do not affect the safety of the vessel.
6. The carrier is entitled to carry the goods on deck or in open vessels only if it has been agreed with the shipper or if it is in accordance with the usage of the particular trade or is required by the statutory regulations.

*Article 4***Actual carrier**

1. A contract complying with the definition set out in article 1, paragraph 1, concluded between a carrier and an actual carrier constitutes a contract of carriage within the meaning of this Convention. For the purpose of such contract, all the provisions of this Convention concerning the shipper shall apply to the carrier and those concerning the carrier to the actual carrier.

2. Where the carrier has entrusted the performance of the carriage or part thereof to an actual carrier, whether or not in pursuance of a liberty under the contract of carriage to do so, the carrier nevertheless remains responsible for the entire carriage according to the provisions of this Convention. All the provisions of this Convention governing the responsibility of the carrier also apply to the responsibility of the actual carrier for the carriage performed by him.
3. The carrier shall in all cases inform the shipper when he entrusts the performance of the carriage or part thereof to an actual carrier.
4. Any agreement with the shipper or the consignee extending the carrier's responsibility according to the provisions of this Convention affects the actual carrier only to the extent that he has agreed to it expressly and in writing. The actual carrier may avail himself of all the objections invocable by the carrier under the contract of carriage.
5. If and to the extent that both the carrier and the actual carrier are liable, their liability is joint and several. Nothing in this article shall prejudice any right of recourse as between them.

Article 5

Delivery time

The carrier shall deliver the goods within the time limit agreed in the contract of carriage or, if no time limit has been agreed, within the time limit which could reasonably be required of a diligent carrier, taking into account the circumstances of the voyage and unhindered navigation.

Article 6

Obligations of the shipper

1. The shipper shall be required to pay the amounts due under the contract of carriage.
2. The shipper shall furnish the carrier in writing, before the goods are handed over, with the following particulars concerning the goods to be carried:
 - (a) dimensions, number or weight and stowage factor of the goods;
 - (b) marks necessary for identification of the goods;
 - (c) nature, characteristics and properties of the goods;
 - (d) instructions concerning the Customs or administrative regulations applying to the goods;
 - (e) other necessary particulars to be entered in the transport document.

The shipper shall also hand over to the carrier, when the goods are handed over, all the required accompanying documents.

3. If the nature of the goods so requires, the shipper shall, bearing in mind the agreed transport operation, pack the goods in such a way as to prevent their loss or damage between the time they are taken over by the carrier and their delivery and so as to ensure that they do not cause damage to the vessel or to other goods. According to what has been agreed with a view to carriage, the shipper shall also make provision for appropriate marking in conformity with the applicable international or national regulations or, in the absence of such regulations, in accordance with rules and practices generally recognized in inland navigation.
4. Subject to the obligations to be borne by the carrier, the shipper shall load and stow the goods and secure them in accordance with inland navigation practice unless the contract of carriage specifies otherwise.

Article 7

Dangerous and polluting goods

1. If dangerous or polluting goods are to be carried, the shipper shall, before handing over the goods, and in addition to the particulars referred to in article 6, paragraph 2, inform the carrier clearly and in writing of the danger and the risks of pollution inherent in the goods and of the precautions to be taken.

2. Where the carriage of the dangerous or polluting goods requires an authorization, the shipper shall hand over the necessary documents at the latest when handing over the goods.
3. Where the continuation of the carriage, the discharge or the delivery of the dangerous or polluting goods are rendered impossible owing to the absence of an administrative authorization, the shipper shall bear the costs for the return of the goods to the port of loading or a nearer place, where they may be discharged and delivered or disposed of.
4. In the event of immediate danger to life, property or the environment, the carrier shall be entitled to unload the goods, to render them innocuous or, provided that such a measure is not disproportionate to the danger they represent, to destroy them, even if, before they were taken over, he was informed or was apprised by other means of the nature of the danger or the risks of pollution inherent in the goods.
5. Where the carrier is entitled to take the measures referred to in paragraphs 3 or 4 above, he may claim compensation for damages.

Article 8

Liability of the shipper

1. The shipper shall, even if no fault can be attributed to him, be liable for all the damages and costs incurred by the carrier or the actual carrier by reason of the fact that:
 - (a) the particulars or information referred to in articles 6, paragraph 2, or 7, paragraph 1, are missing, inaccurate or incomplete;
 - (b) the dangerous or polluting goods are not marked or labelled in accordance with the applicable international or national regulations or, if no such regulations exist, in accordance with rules and practices generally recognized in inland navigation;
 - (c) the necessary accompanying documents are missing, inaccurate or incomplete.

The carrier may not avail himself of the liability of the shipper if it is proven that the fault is attributable to the carrier himself, his servants or agents. The same applies to the actual carrier.

2. The shipper shall be responsible for the acts and omissions of persons of whose services he makes use to perform the tasks and meet the obligations referred to in articles 6 and 7, when such persons are acting within the scope of their employment, as if such acts or omissions were his own.

Article 9

Termination of the contract of carriage by the carrier

1. The carrier may terminate the contract of carriage if the shipper has failed to perform the obligations set out in article 6, paragraph 2, or article 7, paragraphs 1 and 2.
2. If the carrier makes use of his right of termination, he may unload the goods at the shipper's expense and claim optionally the payment of any of the following amounts:
 - (a) one third of the agreed freight; or
 - (b) in addition to any demurrage charge, a compensation equal to the amount of costs incurred and the loss caused, as well as, should the voyage have already begun, a proportional freight for the part of the voyage already performed.

Article 10

Delivery of the goods

1. Notwithstanding the obligation of the shipper under article 6, paragraph 1, the consignee who, following the arrival of the goods at the place of delivery, requests their delivery, shall, in accordance with the contract of carriage, be liable for the freight and other charges due on the goods, as well as for his contribution to any general average. In the absence of a transport document, or if such document has not been presented, the consignee shall be liable for the freight agreed with the shipper if it corresponds to market practice.

2. The placing of the goods at the disposal of the consignee in accordance with the contract of carriage or with the usage of the particular trade or with the statutory regulations applicable at the port of discharge shall be considered a delivery. The imposed handing over of the goods to an authority or a third party shall also be considered a delivery.

CHAPTER III

TRANSPORT DOCUMENTS

Article 11

Nature and content

1. For each carriage of goods governed by this Convention the carrier shall issue a transport document; he shall issue a bill of lading only if the shipper so requests and if it has been so agreed before the goods were loaded or before they were taken over for carriage. The lack of a transport document or the fact that it is incomplete shall not affect the validity of the contract of carriage.

2. The original of the transport document must be signed by the carrier, the master of the vessel or a person authorized by the carrier. The carrier may require the shipper to countersign the original or a copy. The signature may be in handwriting, printed in facsimile, perforated, stamped, in symbols or made by any other mechanical or electronic means, if this is not prohibited by the law of the State where the transport document was issued.

3. The transport document shall be prima facie evidence, save proof to the contrary, of the conclusion and content of the contract of carriage and of the taking over of the goods by the carrier. In particular, it shall provide a basis for the presumption that the goods have been taken over for carriage as they are described in the transport document.

4. When the transport document is a bill of lading, it alone shall determine the relations between the carrier and the consignee. The conditions of the contract of carriage shall continue to determine the relations between carrier and shipper.

5. The transport document, in addition to its denomination, contains the following particulars:

- (a) the name, domicile, registered office or place of residence of the carrier and of the shipper;
- (b) the consignee of the goods;
- (c) the name or number of the vessel, where the goods have been taken on board, or particulars in the transport document stating that the goods have been taken over by the carrier but not yet loaded on the vessel;
- (d) the port of loading or the place where the goods were taken over and the port of discharge or the place of delivery;
- (e) the usual name of the type of goods and their method of packaging and, for dangerous or polluting goods, their name according to the requirements in force or, if there is no such name, their general name;
- (f) the dimensions, number or weight as well as the identification marks of the goods taken on board or taken over for the purpose of carriage;
- (g) the statement, if applicable, that the goods shall or may be carried on deck or on board open vessels;
- (h) the agreed provisions concerning freight;
- (i) in the case of a consignment note, the specification as to whether it is an original or a copy; in the case of a bill of lading, the number of originals;
- (j) the place and date of the issue.

The legal character of a transport document in the sense of article 1, paragraph 6, of this Convention is not affected by the absence of one or more of the particulars referred to in this paragraph.

*Article 12***Reservations in transport documents**

1. The carrier is entitled to include in the transport document reservations concerning:
 - (a) The dimensions, number or weight of the goods, if he has grounds to suspect that the particulars supplied by the shipper are inaccurate or if he had no reasonable means of checking such particulars, especially because the goods have not been counted, measured or weighed in his presence or because, without explicit agreement, the dimensions or weights have been determined by draught measurement;
 - (b) Identification marks which are not clearly and durably affixed on the goods themselves or, if the goods are packed, on the receptacles or packagings;
 - (c) The apparent condition of the goods.
2. If the carrier fails to note the apparent condition of the goods or does not enter reservations in that respect, he is deemed to have noted in the transport document that the goods were in apparent good condition.
3. If, in accordance with the particulars set out in the transport document, the goods are placed in a container or in the holds of the vessel and sealed by other persons than the carrier, his servants or his agents, and if neither the container nor the seals are damaged or broken when they reach the port of discharge or the place of delivery, it shall be presumed that the loss or damage to the goods did not occur during carriage.

*Article 13***Bill of lading**

1. The originals of a bill of lading shall be documents of title issued in the name of the consignee, to order or to bearer.
2. At the place of destination, the goods shall be delivered only in exchange for the original of the bill of lading submitted initially; thereafter, further delivery cannot be claimed against other originals.
3. When the goods are taken over by the carrier, handing over the bill of lading to a person entitled thereby to receive the goods has the same effects as the handing over of the goods as far as the acquisition of rights to the goods is concerned.
4. If the bill of lading has been transferred to a third party, including the consignee, who has acted in good faith in reliance on the description of the goods therein, proof to the contrary of the presumption set out in article 11, paragraph 3, and article 12, paragraph 2, shall not be admissible.

CHAPTER IV

RIGHT TO DISPOSE OF THE GOODS*Article 14***Holder of the right of disposal**

1. The shipper shall be authorized to dispose of the goods; in particular, he may require the carrier to discontinue the carriage of the goods, to change the place of delivery or to deliver the goods to a consignee other than the consignee indicated in the transport document.
2. The shipper's right of disposal shall cease to exist once the consignee, following the arrival of the goods at the scheduled place of delivery, has requested delivery of the goods and,
 - (a) where carriage is under a consignment note, once the original has been handed over to the consignee;
 - (b) where carriage is under a bill of lading, once the shipper has relinquished all the originals in his possession by handing them over to another person.
3. By an appropriate entry in the consignment note, the shipper may, when the consignment note is issued, waive his right of disposal to the consignee.

*Article 15***Conditions for the exercise of the right of disposal**

The shipper or, in the case of article 14, paragraphs 2 and 3, the consignee, must, if he wishes to exercise his right of disposal:

- (a) where a bill of lading is used, submit all originals prior to the arrival of the goods at the scheduled place of delivery;
- (b) where a transport document other than a bill of lading is used, submit this document, which shall include the new instructions given to the carrier;
- (c) compensate the carrier for all costs and damage incurred in carrying out instructions;
- (d) pay all the agreed freight in the event of the discharge of the goods before arrival at the scheduled place of delivery, unless the contract of carriage provides otherwise.

CHAPTER V

LIABILITY OF THE CARRIER*Article 16***Liability for loss**

1. The carrier shall be liable for loss resulting from loss or damage to the goods caused between the time when he took them over for carriage and the time of their delivery, or resulting from delay in delivery, unless he can show that the loss was due to circumstances which a diligent carrier could not have prevented and the consequences of which he could not have averted.
2. The carrier's liability for loss resulting from loss or damage to the goods caused during the time before the goods are loaded on the vessel or the time after they have been discharged from the vessel shall be governed by the law of the State applicable to the contract of carriage.

*Article 17***Servants and agents**

1. The carrier shall be responsible for the acts and omissions of his servants and agents of whose services he makes use during the performance of the contract of carriage, when such persons are acting within the scope of their employment, as if such acts or omissions were his own.
2. When the carriage is performed by an actual carrier in accordance with article 4, the carrier is also responsible for the acts and omissions of the actual carrier and of the servants and agents of the actual carrier acting within the scope of their employment.
3. If an action is brought against the servants and agents of the carrier or the actual carrier, such persons, if they prove that they acted within the scope of their employment, are entitled to avail themselves of the exonerations and limits of liability which the carrier or the actual carrier is entitled to invoke under this Convention.
4. A pilot designated by an authority and who cannot be freely selected shall not be considered to be a servant or agent within the meaning of paragraph 1.

*Article 18***Special exonerations from liability**

1. The carrier and the actual carrier shall be exonerated from their liability when the loss, damage or delay are the result of one of the circumstances or risks listed below:
 - (a) acts or omissions of the shipper, the consignee or the person entitled to dispose of the goods;
 - (b) handling, loading, stowage or discharge of the goods by the shipper, the consignee or third parties acting on behalf of the shipper or the consignee;

- (c) carriage of the goods on deck or in open vessels, where such carriage has been agreed with the shipper or is in accordance with the practice of the particular trade, or if it is required by the regulations in force;
- (d) nature of the goods which exposes them to total or partial loss or damage, especially through breakage, rust, decay, desiccation, leakage, normal wastage (in volume or weight), or the action of vermin or rodents;
- (e) lack of or defective condition of packaging in the case of goods which, by their nature, are exposed to loss or damage when not packed or when the packaging is defective;
- (f) insufficiency or inadequacy of marks identifying the goods;
- (g) rescue or salvage operations or attempted rescue or salvage operations on inland waterways;
- (h) carriage of live animals, unless the carrier has not taken the measures or observed the instructions agreed upon in the contract of carriage.

2. When, in the circumstances of the case, damage could be attributed to one or more of the circumstances or risks listed in paragraph 1 of the present article, it is presumed to have been caused by such a circumstance or risk. This presumption does not apply if the injured party proves that the loss suffered does not result, or does not result exclusively, from one of the circumstances or risks listed in paragraph 1 of this article.

Article 19

Calculation of compensation

1. Where the carrier is liable for total loss of goods, the compensation payable by him shall be equal to the value of the goods at the place and on the day of delivery according to the contract of carriage. Delivery to a person other than the person entitled is deemed to be a loss.
2. In the event of partial loss or damage to goods, the carrier shall be liable only to the extent of the loss in value.
3. The value of the goods shall be fixed according to the commodity exchange price or, if there is no such price, according to their market price or, if there is no commodity exchange price or market price, by reference to the normal value of goods of the same kind and quality at the place of delivery.
4. In respect of goods which by reason of their nature are exposed to wastage during carriage, the carrier shall be held liable, whatever the length of the carriage, only for that part of the wastage which exceeds normal wastage (in volume or weight) as determined by the parties to the contract of carriage or, if not, by the regulations or established practice at the place of destination.
5. The provisions of this article shall not affect the carrier's right concerning the freight as provided by the contract of carriage or, in the absence of special agreements in this regard, by the applicable national regulations or practices.

Article 20

Maximum limits of liability

1. Subject to article 21 and paragraph 4 of the present article, and regardless of the action brought against him, the carrier shall under no circumstances be liable for amounts exceeding 666,67 units of account per package or other shipping unit, or 2 units of account per kilogram of weight, specified in the transport document, of the goods lost or damaged, whichever is the higher. If the package or other shipping unit is a container and if there is no mention in the transport document of any package or shipping unit consolidated in the container, the amount of 666,67 units of account shall be replaced by the amount of 1 500 units of account for the container without the goods it contains and, in addition, the amount of 25 000 units of account for the goods which are in the container.
2. Where a container, pallet or similar article of transport is used to consolidate goods, the packages or other shipping units enumerated in the transport document as packed in or on such article of transport are deemed packages or shipping units. Except as aforesaid, the goods in or on such article of transport are deemed one shipping unit. In cases where the article of transport itself has been lost or damaged, that article of transport, if not owned or otherwise supplied by the carrier, is considered one separate shipping unit.

3. In the event of loss due to delay in delivery, the carrier's liability shall not exceed the amount of the freight. However, the aggregate liability under paragraph 1 and the first sentence of the present paragraph shall not exceed the limitation which would be established under paragraph 1 for total loss of the goods with respect to which such liability was incurred.
4. The maximum limits of liability mentioned in paragraph 1 do not apply:
 - (a) where the nature and higher value of the goods or articles of transport have been expressly specified in the transport document and the carrier has not refuted those specifications, or
 - (b) where the parties have expressly agreed to higher maximum limits of liability.
5. The aggregate of the amounts of compensation recoverable from the carrier, the actual carrier and their servants and agents for the same loss shall not exceed overall the limits of liability provided for in this article.

Article 21

Loss of right to limit liability

1. The carrier or the actual carrier is not entitled to the exonerations and limits of liability provided for in this Convention or in the contract of carriage if it is proved that he himself caused the damage by an act or omission, either with the intent to cause such damage, or recklessly and with the knowledge that such damage would probably result.
2. Similarly, the servants and agents acting on behalf of the carrier or the actual carrier are not entitled to the exonerations and limits of liability provided for in this Convention or in the contract of carriage, if it is proved that they caused the damage in the manner described in paragraph 1.

Article 22

Application of the exonerations and limits of liability

The exonerations and limits of liability provided for in this Convention or in the contract of carriage apply in any action in respect of loss or damage to or delay in delivery of the goods covered by the contract of carriage, whether the action is founded in contract, in tort or on some other legal ground.

CHAPTER VI

CLAIMS PERIOD

Article 23

Notice of damage

1. The acceptance without reservation of the goods by the consignee is prima facie evidence of the delivery by the carrier of the goods in the same condition and quantity as when they were handed over to him for carriage.
2. The carrier and the consignee may require an inspection of the condition and quantity of the goods on delivery in the presence of the two parties.
3. Where the loss or damage to the goods is apparent, any reservation on the part of the consignee must be formulated in writing specifying the general nature of the damage, no later than the time of delivery, unless the consignee and the carrier have jointly checked the condition of the goods.
4. Where the loss or damage to the goods is not apparent, any reservation on the part of the consignee must be notified in writing specifying the general nature of the damage, no later than 7 consecutive days from the time of delivery; in such case, the injured party shall show that the damage was caused while the goods were in the charge of the carrier.
5. No compensation shall be payable for damage resulting from delay in delivery except when the consignee can prove that he gave notice of the delay to the carrier within 21 consecutive days following delivery of the goods and that this notice reached the carrier.

*Article 24***Limitation of actions**

1. All actions arising out of a contract governed by this Convention shall be time-barred after one year commencing from the day when the goods were, or should have been, delivered to the consignee. The day on which the limitation period commences is not included in the period.
2. The person against whom an action is instituted may at any time during the limitation period extend that period by a declaration in writing to the injured party. This period may be further extended by one or more further declarations.
3. The suspension and interruption of the limitation period are governed by the law of the State applicable to the contract of carriage. The filing of a claim in proceedings to apportion limited liability for all claims arising from an event having led to damage shall interrupt the limitation.
4. Any action for indemnity by a person held liable under this Convention may be instituted even after the expiry of the limitation period provided for in paragraphs 1 and 2 of the present article, if proceedings are instituted within a period of 90 days commencing from the day on which the person instituting the action has settled the claim or has been served with process, or if proceedings are instituted within a longer period as provided by the law of the State where proceedings are instituted.
5. A right of action which has become barred by lapse of time may not be exercised by way of counter-claim or set-off.

CHAPTER VII

LIMITS OF CONTRACTUAL FREEDOM*Article 25***Nullity of contractual stipulations**

1. Any contractual stipulation intended to exclude or to limit or, subject to the provisions of article 20, paragraph 4, to increase the liability, within the meaning of this Convention, of the carrier, the actual carrier or their servants or agents, to shift the burden of proof or to reduce the periods for claims or limitations referred to in articles 23 and 24 shall be null and void. Any stipulation assigning a benefit of insurance of the goods in favour of the carrier is also null and void.
2. Notwithstanding the provisions of paragraph 1 of the present article and without prejudice to article 21, contractual stipulations shall be authorized specifying that the carrier or the actual carrier is not liable for losses arising from:
 - (a) an act or omission by the master of the vessel, the pilot or any other person in the service of the vessel, pusher or tower during navigation or in the formation or dissolution of a pushed or towed convoy, provided that the carrier complied with the obligations set out for the crew in article 3, paragraph 3, unless the act or omission results from an intention to cause damage or from reckless conduct with the knowledge that such damage would probably result;
 - (b) fire or an explosion on board the vessel, where it is not possible to prove that the fire or explosion resulted from a fault of the carrier or the actual carrier or their servants or agents or a defect of the vessel;
 - (c) the defects existing prior to the voyage of his vessel or of a rented or chartered vessel if he can prove that such defects could not have been detected prior to the start of the voyage despite due diligence.

CHAPTER VIII

SUPPLEMENTARY PROVISIONS*Article 26***General average**

Nothing in this Convention shall prevent the application of provisions in the contract of carriage or national law regarding the calculation of the amount of damages and contributions payable in the event of general average.

*Article 27***Other applicable provisions and nuclear damage**

1. This Convention does not modify the rights or duties of the carrier provided for in international conventions or national law relating to the limitation of liability of owners of inland navigation or maritime vessels.
2. The carrier shall be relieved of liability under this Convention for damage caused by a nuclear incident if the operator of a nuclear installation or other authorized person is liable for such damage pursuant to the laws and regulations of a State governing liability in the field of nuclear energy.

*Article 28***Unit of account**

The unit of account referred to in article 20 of this Convention is the Special Drawing Right as defined by the International Monetary Fund. The amounts mentioned in article 20 are to be converted into the national currency of a State according to the value of such currency at the date of judgment or the date agreed upon by the parties. The value, in terms of the Special Drawing Rights, of a national currency of a Contracting State is to be calculated in accordance with the method of evaluation applied by the International Monetary Fund in effect at the date in question for its operations and transactions.

*Article 29***Additional national provisions**

1. In cases not provided for in this Convention, the contract of carriage is governed by the law of the State agreed by the Parties.
2. In the absence of such agreement, the law of the State with which the contract of carriage is most closely connected is to be applied.
3. It is to be presumed that the contract of carriage is most closely connected with the State in which the principal place of business of the carrier is located at the time when the contract was concluded, if the port of loading or the place where the goods are taken over, or the port of discharge or the place of delivery or the shipper's principal place of business is also located in that State. Where the carrier has no place of business on land and concludes the contract of carriage on board his vessel, it is to be presumed that the contract is most closely connected with the State in which the vessel is registered or whose flag it flies, if the port of loading or the place where the goods are taken over, or the port of discharge or the place of delivery or the shipper's principal place of business is also located in that State.
4. The law of the State where the goods are located governs the real guarantee granted to the carrier for claims set out in article 10, paragraph 1.

CHAPTER IX

DECLARATIONS CONCERNING THE SCOPE OF APPLICATION*Article 30***Carriage by way of specific inland waterways**

1. Each State may, at the time of signing this Convention or of ratification, acceptance, approval or accession, declare that it will not apply this Convention to contracts relating to carriage by way of specific inland waterways situated on its territory and to which international rules of navigation do not apply and which do not constitute a link between such international waterways. However, such a declaration may not mention all main waterways of that State.
2. Where the purpose of the contract of carriage is the carriage of goods without transshipment both on waterways not mentioned in the declaration referred to in paragraph 1 of this article and on waterways mentioned in this declaration, this Convention equally applies to this contract, unless the distance to be travelled on the latter waterways is the longer.

3.
