(1) Year — registration number — Member State of origin.
(2) Period during which the draft may not be adopted.
(3) No standstill period since the Commission accepts the grounds of urgent adoption invoked by the notifying Member State.
(4) No standstill period since the measure concerns technical specifications or other requirements linked to fiscal or financial measures, pursuant to the third indent of the second paragraph of Article 1(11) of Directive 98/34/EC.
(5) Information procedure closed.

The Commission draws attention to the judgment given on 30 April 1996 in the ‘CIA Security’ case (C-194/94 — ECR I, p. 2201), in which the Court of Justice ruled that Articles 8 and 9 of Directive 98/34/EC (formerly 83/189/EEC) are to be interpreted as meaning that individuals may rely on them before the national court which must decline to apply a national technical regulation which has not been notified in accordance with the Directive.

This judgment confirms the Commission’s Communication of 1 October 1986 (OJ C 245, 1.10.1986, p. 4).

Accordingly, breach of the obligation to notify renders the technical regulations concerned inapplicable, so that they are unenforceable against individuals.

If you require any information on these notifications, please contact the national departments listed below:

Communication from the Commission concerning certain aspects of the treatment of competition cases resulting from the expiry of the ECSC Treaty

(2002/C 152/03)

(Text with EEA relevance)

1. INTRODUCTION

1. By virtue of its Article 97, the Treaty establishing the European Coal and Steel Community (ECSC Treaty) expires on 23 July 2002 (1). This means in principle that as from 24 July 2002 the sectors previously covered by the ECSC Treaty and the procedural rules and other secondary legislation derived from the ECSC Treaty will be subject to the rules of the EC Treaty as well as the procedural rules and other secondary legislation derived from the EC Treaty (2).

2. The purposes of this Communication are

— in its section 2, to summarise for economic operators and Member States, in so far as they are concerned by the ECSC Treaty and its related secondary legislation, the most important changes with regard to the applicable substantive and procedural law arising from the transition to the EC regime,

— in its section 3, to explain how the Commission intends to deal with specific issues raised by the transition from the ECSC regime to the EC regime in the areas of antitrust (3), merger control (4) and State aid control.

3. The principles that underlie the competition rules of the two Treaties are similar. Articles 81 and 82 of the EC Treaty are clearly inspired by the corresponding Articles 65 and 66(7) of the ECSC Treaty. Furthermore, practices under the two Treaties have been converging for many years. In its Twentieth Report on Competition Policy (1990) (5), the Commission announced that the time had come to align the enforcement of ECSC competition rules as much as possible with the practice under the EC Treaty. In 1998, it published a notice (6) dealing with the alignment of procedures for processing mergers under the ECSC and EC Treaties. In practical terms, the changes, both substantial and procedural, arising from the expiry of the ECSC Treaty are likely to be limited in scope. The objective of this Communication is to facilitate the changeover by setting out how certain situations will be dealt with in the transition from the ECSC to the EC regime. This Communication is made without prejudice to the interpretation of the ECSC rules and EC rules by the Court of First Instance and the European Court of Justice.

2. THE MOST IMPORTANT CHANGES DUE TO THE EXPIRY OF THE ECSC TREATY

2.1. Antitrust

2.1.1. Jurisdiction

4. Under the ECSC regime, as the Commission had exclusive jurisdiction, the national competition authorities and national courts could not apply either Articles 65 and 66 ECSC Treaty (7) or their national competition rules to deal with coal and steel cases.

5. With the transition to the EC regime, the national authorities and courts responsible for competition will become competent (8) to apply the European competition rules in the coal and steel sectors as the relevant provisions of the EC Treaty have direct effect, with the exception of Article 81(3), for which the Commission retains at present sole competence (8). Thus, under the principles of the EC regime, the Commission and the national authorities and courts will have parallel powers to apply Community competition law (10).

6. It should also be noted that, unlike Articles 65 and 66(7) ECSC Treaty, which did not include any conditions relating to effect on trade, Articles 81 and 82 EC Treaty apply only if trade between Member States is affected. Thus, where agreements or practices restricting competition, or an abuse of a dominant position, do not affect trade between Member States, the national competition authorities and the national courts will, from 24 July 2002, be authorised to apply their national competition rules in the field of coal and steel (11).

7. The national competition authorities and the national courts, which had no powers to apply competition law under the ECSC regime, will now be able to apply either national law and Community law or, where trade between Member States is not affected, only the relevant national law.
2.1.2. Substantive antitrust rules

8. As regards the question of an appreciable restriction of competition under Article 81(1) of the EC Treaty, the Commission would first point out that the policy concerning agreements of minor importance in terms of market share (agreements that are not therefore covered by Article 81(1)) will apply in full to the coal and steel sectors as from 24 July 2002.

9. Under the ECSC regime, joint ventures have generally been regarded as being covered by the provisions on concentrations (Article 66(1) to (6) of the ECSC Treaty). Joint ventures notified after 23 July 2002 that do not have the characteristics of a 'full-function' joint venture within the meaning of Regulation (EEC) No 4064/89 will be regarded as agreements within the meaning of Article 81 EC Treaty. Agreements concluded by such undertakings will therefore be covered by the relevant provisions of Regulation No 17.

10. The system requiring price lists and conditions of sale to be notified to the Commission and made public will be abolished. Effectively, the undertakings concerned will no longer be required systematically to communicate such data to the Commission before making use of it.

2.1.3. Procedural rules relating to antitrust

11. The Commission has for many years endeavoured to apply the same principles, inter alia at procedural level, to practices under the ECSC Treaty and to those under the EC Treaty: thus important procedural features such as access to the file, hearings or the closing of a case with a comfort letter were introduced into ECSC practice on the basis of EC practice. The transition to the EC regime will enhance the transparency of these practices.

12. As regards agreements restricting competition, two innovative factors will be introduced into the sectors concerned: the requirement, where parties apply to the Commission for negative clearance or exemption, that the agreements be notified on form A/B will be officially introduced. In addition, prior consultation of an Advisory Committee will be required before the adoption of any Commission decision mentioned in Article 10 of Regulation No 17.

13. Undertakings are also informed that the provisions implementing the ban on abuse of a dominant position are more straightforward under the EC regime than under the ECSC regime. Indeed, under the Article 82 EC Treaty procedure, the Commission can immediately adopt directly applicable decisions, whereas under Article 66(7) ECSC Treaty, it must first send the undertaking concerned an ECSC recommendation and only then can it take a decision in consultation with the Member State concerned.

2.2. Merger control

2.2.1. Jurisdiction

14. As far as jurisdiction is concerned, the ECSC Treaty gives the Commission exclusive jurisdiction over all concentrations involving coal and steel undertakings. On the other hand, the EC Merger Regulation gives the Commission jurisdiction only over concentrations involving undertakings whose turnover exceeds certain thresholds. Therefore, some operations which would have required prior authorisation from the Commission under ECSC rules, but do not meet the thresholds under the EC Merger Regulation, will after the expiry of the ECSC Treaty fall outside the Commission's jurisdiction and fall to be examined by the national authorities in so far as national merger rules exist.

2.2.2. Substantive law relating to concentrations

15. In relation to substance, the tests under Article 66(2) ECSC Treaty and under Article 2 EC Merger Regulation though not expressed in the same language, are similar.

2.2.3. Procedural law relating to concentrations

16. The procedures for the treatment of concentrations have been aligned to a large extent since March 1998 when the Commission started to apply the provisions of its Notice concerning alignment of procedures for processing mergers under the ECSC and EC Treaties.

17. However, the timing of notifications under the ECSC regime and the EC regime is different. The ECSC rules allow notification at any time, while the proposed concentration cannot, however, be legally completed without the prior authorisation of the Commission. The EC Merger Regulation requires parties to notify within one week of the ‘triggering event’, i.e. the moment when the operation becomes irrevocable. The Commission must then adopt its decision(s) within the time limits prescribed by the EC Merger Regulation, otherwise the proposed operation is automatically authorised.

2.3. Control of State aid to the steel industry

2.3.1. Substantive rules relating to steel aid

18. As for the notion of State aid, Article 4(c) ECSC Treaty does not require the affection of trade between Member States for a measure to be considered State aid, contrary to Article 87 EC Treaty. In practice, this difference will be, however, of very limited importance given the intense trade between Member States in steel products.
19. Under the EC rules, the criteria for assessment of compatibility of State aid with the common market will be in summary the following:

— Regional investment aid will continue to be forbidden (27). This prohibition also covers the granting of regional aid supplements to small and medium-sized enterprises (SMEs).

— Rescue and restructuring aid will continue to be forbidden (28).

— Under the ECSC rules, environment aid was permitted in accordance with the Community guidelines on State aid for environmental protection adopted in 1994 (29) and with the annex to the Steel Aid Code (30). From 24 July 2002, the Community guidelines on State aid for environmental protection adopted in 2000 will apply (31). The most important difference of these guidelines in comparison with the guidelines applicable to the steel industry before the expiry of the ECSC Treaty is that aid granted for conforming with standards will no longer be allowed (except for aid to SMEs in limited conditions).

— Research and development aid will continue to be permitted in line with the Community framework for State aid for research and development (32).

— Aid in connection with closures will continue to be permitted (33).

— Aid for small and medium-sized enterprises at aid rates of up to 15% and 7.5% respectively will be permitted in line with Commission Regulation (EC) No 70/2001 (34) (except for large individual aid grants as defined in Article 6 of that Regulation which will continue to be forbidden).

— De-minimis aid will be permitted in line with Commission Regulation (EC) No 69/2001 (35).

— Training aid will be permitted in line with Commission Regulation (EC) No 68/2001 (36).

— Employment aid will be permitted in line with the guidelines on aid to employment (37).

21. As for notification requirements, unless otherwise established, aid granted to the steel industry under schemes authorised by the Commission will no longer be subject to the prior notification requirement established in the Steel Aid Code. The same applies to aid block-exempted by virtue of Commission Regulations (EC) No 70/2001 (38) and (EC) No 68/2001 (39).

2.3.2. Procedural rules relating to steel aid

20. Council Regulation (EC) No 659/1999 (38) will apply as from 24 July 2002. This will not entail major changes as compared with the provisions established in Article 6 of the Steel Aid Code (39).

2.4. Control of State aid to the coal industry

2.4.1. Substantive rules relating to steel aid

22. Until the expiry of the ECSC Treaty, State aid to the coal industry will be assessed on the basis of the rules as laid down in Decision 3632/93/ECSC (40).

23. On 25 July 2001, the Commission adopted a proposal for a Council Regulation on State aid for the coal industry after the expiry of the ECSC Treaty (41). The proposal is based on Articles 87(3)(e) and 89 EC Treaty. It has to be adopted by the Council, after an opinion from the European Parliament (42). It would apply from 24 July 2002. The draft Regulation stipulates that aid covering costs for the year 2002 will, on the basis of a reasoned request by the Member State, continue to be subject to the rules and principles laid down in Decision No 3632/93/ECSC.

2.4.2. Procedural rules relating to coal aid

3. SPECIFIC ISSUES RAISED BY THE TRANSITION FROM THE ECSC REGIME TO THE EC REGIME

25. When assessing the impact of the expiry of the ECSC Treaty on cases which would so far have been covered by the ECSC rules, three situations have to be distinguished:

— First, cases which have been completed in all factual and legal respects on or before 23 July 2002, will be subject to the ECSC rules only and are therefore unproblematic.
— Second, cases, in which all the relevant events occur after 23 July 2002, will be subject to the EC rules only and are therefore unproblematic, too.

— Third, cases, which from a factual or legal point of view started before the expiry of the ECSC Treaty and which in some way or other continue after the expiry, may raise issues specifically caused by the expiry of the ECSC Treaty. The remaining part of this Communication sets out how the Commission intends to deal with such cases.

26. With regard to procedural law, the basic principle for all three areas (antitrust, merger control, State aid control) is that the rules applicable are those in force at the time of taking the procedural step in question (45). This means that as from 24 July 2002 on, the Commission will exclusively apply the EC procedural rules in all pending and new cases. Unless otherwise stated in this Communication, procedural steps validly taken under the ECSC rules before expiry of the ECSC Treaty will after the expiry be taken to have fulfilled the requirements of the equivalent procedural step under the EC rules.

3.1. Antitrust

3.1.1. The position which restrictive agreements/concerted practices exempted by the Commission on the basis of Article 65(2) ECSC Treaty before or on 23 July 2002 will have after 23 July 2002

27. From 24 July 2002, all the EC competition rules will apply to those agreements or practices which have previously been authorised or the subject of a comfort letter adopted under the ECSC rules. Authorisations granted under the ECSC regime will also cease to be valid upon expiry of the ECSC Treaty.

28. It will therefore be for the undertakings concerned to review the legality of their agreements or practices in the light of Articles 81 and 82 EC Treaty. The Commission draws attention to the many block exemptions and guidelines applicable in this area. In addition, in view of the similarity of Articles 65(2) ECSC Treaty and 81(3) EC Treaty and the convergence policy applied by the Commission when examining ECSC cases over the years, the Commission informs undertakings that it does not intend, after 23 July 2002, to initiate proceedings under Article 81 EC Treaty in respect of agreements previously authorised under the ECSC regime and that, under the circumstances, it does not intend to impose any financial penalty on undertakings which are party to such agreements. This presupposes that, where Commission approval was subject to conditions or obligations, these continue to be complied with by the parties concerned.

29. The Commission reserves the right, however, under the EC rules, to initiate proceedings in respect of the future implementation of the practices and agreements referred to in the preceding paragraph if, owing to substantial factual or legal developments, such practices and agreements are clearly not eligible for exemption under Article 81(3) EC Treaty. In that case, the Commission would respect the legitimate expectation of the undertakings concerned and would intervene only in the following cases: where there has been a change in any of the facts which were basic to the making of the authorising decision; where the parties commit a breach of any condition or obligation attached to the decision; where the decision is based on incorrect information or was induced by deceit; where the parties abuse the authorisation pursuant to Article 65(2) of the ECSC Treaty granted to them by the decision.

3.1.2. Notification cases in which the Commission started its procedure before expiry of the ECSC Treaty and in which this procedure is still pending after 23 July 2002

30. As regards notifications made under the ECSC regime that are still being examined at the time of the transition, the Commission will apply Article 65(2) of the ECSC Treaty as regards the period before the date of expiry of that Treaty and Article 81(3) of the EC Treaty as regards the period thereafter. In any event, as regards procedure, the law applicable after the expiry of the ECSC Treaty will be the EC law.

3.1.3. Application of Articles 65 ECSC Treaty and 81 EC Treaty to other types of agreements

31. If the Commission, when applying the Community competition rules to agreements, identifies an infringement in a field covered by the ECSC Treaty, the substantive law applicable will be, irrespective of when such application takes place, the law in force at the time when the facts constituting the infringement occurred. In any event, as regards procedure, the law applicable after the expiry of the ECSC Treaty will be the EC law (46).

3.2. Merger control

3.2.1. Clearance decisions with conditions/obligations adopted by the Commission under the ECSC Treaty before expiry of that Treaty, compliance with these conditions/obligations to be monitored after 23 July 2002

32. Where a concentration has been cleared under the ECSC Treaty subject to conditions and/or obligations, which continue after 23 July 2002, and these conditions and/or obligations are not satisfactorily fulfilled after 23 July 2002, the Commission will take action under the appropriate provisions of the EC Merger Regulation (47).
33. Similarly, if it proves necessary to modify after 23 July 2002 conditions and/or obligations based on commitments given by undertakings in order to secure the authorisation of their concentrations prior to the expiry of the ECSC Treaty, the Commission will take action as if the original authorisation decision had been adopted under the EC Merger Regulation.

3.2.2. Concentrations notified under the ECSC Treaty and pending at the expiry of this Treaty

34. Three principal possibilities arise in relation to concentrations notified under the ECSC Treaty and pending at the expiry of this Treaty:

— Where the notified ECSC case does not meet the thresholds of the EC Merger Regulation, there is no longer a case with the Commission. In this situation, the parties must as of 24 July 2002 notify the case to the competent national authorities, where appropriate.

— If the notified ECSC case meets the thresholds of the EC Merger Regulation, its instruction by the Commission will continue under the EC Merger Regulation and it will be treated as though it had been originally notified under that Regulation, if the triggering event in the sense of that Regulation took place on or before 23 July 2002. If the triggering event occurs afterwards, the operation should be renotified.

— In cases where a triggering event has occurred and a case which meets the thresholds under the EC Merger Regulation has entered the informal second phase (initiated by means of a letter setting out the Commission's concerns) at the expiry of the ECSC Treaty, but where a statement of objections has not yet been adopted, the Commission will adopt a decision under Article 6(1)(c) EC Merger Regulation as soon as is practicably possible after the expiry of the ECSC Treaty. The Commission will endeavour in such cases to adhere to the timetable set out in the EC Merger Regulation to the greatest extent possible, counting from the date of notification. In particular, it will endeavour to ensure that the statement of objections is sent out at the appropriate time and that the overall five-month deadline for the adoption of a final decision is respected.

3.2.3. Form of notification

35. The approach to pending notified ECSC transactions outlined above only applies to ECSC notifications made using Form CO and which are complete. Furthermore, it is clear from the EC Merger Regulation itself that its time periods only start to run once the Commission is in possession of a complete notification, in the form provided for.

3.2.4. Operations exempted from the requirement of prior authorisation under Article 66 ECSC Treaty

36. Decision No 25/67/ECSC (49) exempts certain operations from the requirement of prior authorisation under Article 66 ECSC Treaty. However neither the ECSC Treaty nor Decision No 25/67/ECSC set out when the exemption takes effect. There is no equivalent under the ECSC rules of the 'triggering event' under the EC Merger Regulation (50). When an operation, which is exempted by Decision No 25/67/ECSC, has reached an irrevocable stage (for instance if the sale and purchase agreements have been finalised and signed) on or before 23 July 2002, then this operation remains exempted from the requirement of prior authorisation under the EC Merger Regulation. On the other hand, if the operation has not reached an irrevocable stage before 24 July 2002, the operation must be notified if necessary to the Commission under the EC Merger Regulation upon the occurrence of the triggering event.

3.2.5. Non-exempted ECSC transaction that has not been notified before expiry of the ECSC Treaty

37. Where a transaction which is not exempted from the requirement of prior authorisation under Article 66 ECSC Treaty has not been notified before expiry of that Treaty, the parties must notify the transaction under the EC Merger Regulation if the conditions for such notification are satisfied. Where the transaction is not notified in such circumstances, fines may be imposed for non-notification in accordance with Article 14(1)(a) of the EC Merger Regulation as of 31 July 2002 (i.e. one week after the EC Merger Regulation applied).

3.2.6. Non-exempted ECSC transaction that has been implemented and not been notified before expiry of the ECSC Treaty

38. Where a transaction, which in the sense of the preceding point 3.2.5. is not exempted from the requirement of prior authorisation under Article 66 ECSC Treaty and has not been notified, has in addition been implemented before the expiry of the ECSC Treaty, fines may be imposed for non-authorised implementation of the concentration in accordance with Article 14(2)(b) of the EC Merger Regulation as of 24 July 2002, provided the transaction comes within the scope of that Regulation.
3.2.7. Joint ventures

39. The practice under the ECSC Treaty has been to treat most joint ventures (with the exception of joint buying, joint selling and specialisation agreements and agreements strictly analogous to them) as concentrations under the provisions of Article 66. Therefore, certain operations which are subject to the requirement of prior authorisation under Article 66 ECSC Treaty may not be notifiable under the EC Merger Regulation, for example if they are not full function (54). If notifications of such joint ventures which would not be notifiable under the EC Merger Regulation are pending at the time of the expiry of the ECSC Treaty, the notifications could, in appropriate cases be converted under the provisions of Article 5 of the Implementing Regulation (55) into notifications under Regulation No 17.

40. The expiry of the ECSC Treaty will have no effect on joint ventures (full function or otherwise) authorised under Article 66(2) ECSC Treaty on or before 23 July 2002 or benefiting from an exemption within the meaning of paragraph 36 above.

41. After the expiry of the ECSC Treaty, Article 2(4) of the EC Merger Regulation will be applied to concentrations in the coal and steel sectors which fall within the scope of that Regulation. This Article, which has no equivalent in the ECSC rules, provides that where the creation of a full-function joint venture constituting a concentration in the sense of that Regulation has as its object or effect the co-ordination of the competitive behaviour of undertakings that remain independent, such co-ordination shall be appraised in accordance with the criteria of Article 81 EC Treaty (56).

3.3. Control of State aid to the steel industry

42. With regard to State aid authorised by the Commission under the Steel Aid Code (57) or Article 95 ECSC Treaty subject to conditions, the Commission will after 23 July 2002 continue to monitor their fulfilment. In case of non-compliance, Article 88 EC Treaty will be applicable.

43. Where the aid was notified before or on 31 December 2001 (58) and the Commission has initiated the procedure of Article 6(5) of the Steel Aid Code, it will endeavour to adopt a decision at the latest on 23 July 2002 on the basis of the information available to it. However, if for objective reasons, this is not possible, the Commission will continue the investigation under the provisions of Regulation (EC) No 659/1999 and adopt a final decision under Article 88(2) EC Treaty.

44. When taking decisions after 23 July 2002 in respect of State aid put into effect on or before that date without

prior Commission approval, the Commission will proceed in accordance with the Commission notice on the determination of the applicable rules for the assessment of unlawful State aid (59). According to this notice, the Commission shall always assess the compatibility of unlawful State aid with the common market in accordance with the substantive criteria set out in any instrument in force at the time when the aid was granted.

3.4. Control of State aid to the coal industry

45. After the expiry of the ECSC Treaty, the Commission will continue to monitor the application by the Member States of the decisions authorising State aid adopted under Decision No 3632/93/ECSC (60). In case of non-compliance, the case will be investigated following the procedures as laid down in Regulation (EC) No 659/1999.

46. It is expected that the majority of State aid which covers costs prior to 23 July 2002 will be the subject of Commission decisions before the expiry of the ECSC Treaty. However, there may be cases where the Commission is not in a position to adopt a decision before the expiry of the ECSC Treaty. These possible cases, and the Commission's proposed course of action in respect of them, are as follows.

— In accordance with Article 9(4) of Decision No 3632/93/ECSC, the Commission has to decide on the measures notified by a Member State within three months of receipt of notification. It may consequently happen that aid notified less than three months before the expiry of the ECSC Treaty (i.e. notification after 23 April 2002) is not the subject of a Commission decision before the expiry of this Treaty. This could also be the case of a notification made earlier, if the Commission considered that the notification was insufficient and requested further information from the Member State or, having doubts about the compatibility of the aid, decided to initiate the procedure provided for under Article 88 ECSC Treaty.

— If there has been no Commission decision when three months from notification have passed, the expiry of the ECSC Treaty means that the Member State does not have the right to implement the notified measure at the end of the three-month period referred to above, as it would have had were Article 9(4) Decision No 3632/93/ECSC still in force. Indeed, any notification presented by the Member State before the expiry of the ECSC Treaty, which has not been the subject of a formal Commission decision, will have to be considered obsolete (i.e. non-existent from a legal point of view) after 23 July 2002.
— The Member State would have to proceed with a new notification under the provisions of the EC Treaty and of the possible new Council Regulation which, once adopted, would be applicable as from 24 July 2002. Alternatively, and more simply, the Member State could inform the Commission that the initial notification could be regarded as a newly submitted notification. The period in which the Commission will have to decide would start to run as of the date of this (new) notification. If such a case arose, the Commission would make the utmost efforts to ensure that a decision on the measure is adopted as soon as possible.

— The draft Council Regulation, currently under discussion and intended to be applicable after the expiry of the ECSC Treaty, stipulates that Member States will be able to opt, for aid covering costs for 2002, for the application of the rules and of the principles laid down in Decision No 3632/93/ECSC.

47. When taking decisions after 23 July 2002 in respect of State aid put into effect on or before that date without prior Commission approval, the Commission will proceed in accordance with the specific provisions in the Council Regulation currently under discussion. When assessing aid, which does not fall under that Regulation and which has been granted on or before that date without prior Commission approval, the Commission will proceed in accordance with the Commission notice on the determination of the applicable rules for the assessment of unlawful State aid. According to this notice, the Commission shall always assess the compatibility of unlawful State aid with the common market in accordance with the substantive criteria set out in any instrument in force at the time when the aid was granted.

---

(1) Article 97 ECSC Treaty provides: 'This Treaty is concluded for a period of 50 years from its entry into force.'.

(2) The question which rules are applicable to individual cases, which started before the expiry of the ECSC Treaty and are not fully completed by 23.7.2002, is tackled under section 3 below.

(3) In this Communication, the term ‘anti-trust’ refers to the prohibition of restrictive agreements between undertakings, decisions by associations of undertakings and concerted practices, as well as the prohibition of abuses of dominant positions (Articles 65 and 66(7) ECSC Treaty; Articles 81 and 82 EC Treaty).

(4) In this communication, the term ‘merger control’ refers to the control of any concentrations no matter whether they are effected by mergers between previously independent undertakings or acquisition of control of other undertakings (see Article 66(1) ECSC Treaty and Article 3 Council Regulation (EC) No 4064/89 as amended by Regulation (EC) No 1310/97).

(8) Where national administrations are concerned, on condition that their national law allows them to apply Community law.

(9) The proposed amendment of Council Regulation No 17 (COM(2000) 582 final of 27.9.2000), currently before the Council and the European Parliament, foresees to give the national competition authorities and the national courts the power to apply Articles 81 and 82 EC Treaty in full.

(10) The details of the cooperation between the Commission and the competent national authorities are defined in the Notice on cooperation between the national courts and the Commission in applying Articles 85 and 86 of the EEC Treaty (OJ C 39, 13.2.1993, p. 6) and in the Commission notice on cooperation between national competition authorities and the Commission in handling cases falling within the scope of Articles 85 or 86 of the EC Treaty (OJ C 313, 15.10.1997, p. 3).

(11) This does not of course prevent national law from applying in parallel with Community law where the condition of effect on trade is satisfied.

(13) Provided they do not contain any ‘hard core’ restrictions.

(14) However, in the case of undertakings whose object was a joint buying or a joint selling agreement, a specialisation agreement or agreements analogous to specialisation agreements, Article 65(2) ECSC Treaty was applicable.

(16) The sole exception will be transactions which benefited from an exemption from the requirement of prior authorisation under Article 66 of the ECSC Treaty and which have become irrevocable before 24 July 2002; see paragraph 36 below.

(17) This will involve a modification of the timetable (there being much fewer rules on the time limits for the examination of such agreements by the Commission than for ‘merger’-type procedures, except in the specific case of cooperative joint ventures ‘of a structural character’ where an accelerated procedure is established by Commission Regulation (EC) No 3385/94 of 21 December 1994), and of the criterion of compatibility of the agreement.

(18) Pursuant to Article 60(2) ECSC Treaty, Decision No 4-53 of 12.2.1953 (OJ of the High Authority of 12.2.1953, p. 3) and, as regards coal only, Decision 72/443/ECSC of 22.12.1972 on alignment of prices for sales of coal in the common market (OJ L 297, 30.12.1972, p. 45). In practice, the implementation of this obligation had been gradually relaxed, but certain undertakings in the coal sector nonetheless continued to send this information to the Commission.

(19) The removal of this requirement is without prejudice to the Commission’s power to seek from the undertakings concerned all the information it requires to carry out the tasks assigned to it by the Treaty and Community law.

(20) European Commission, Twentieth Report on Competition Policy (1990), paragraph 122.

Article 66(2) ECSC Treaty provides: 'The Commission shall grant the authorisation referred to in the preceding paragraph if it finds that the proposed transaction will not give to the persons or undertakings concerned the power, in respect of the product or products within its jurisdiction:

— to determine prices, to control or restrict production or distribution or to hinder effective competition in a substantial part of the market for those products, or

— to evade the rules of competition instituted under this Treaty, in particular by establishing an artificially privileged position involving a substantial advantage in access to supplies or markets'.

Article 2(2) EC Merger Regulation provides: 'A concentration which does not create or strengthen a dominant position as a result of which effective competition would be significantly impeded in the common market or in a substantial part of it shall be declared compatible with the common market'.

[The text continues with references to various European Union regulations, decisions, and judgments, discussing the implementation of the ECSC Treaty and the EC Merger Regulation, including the roles of the Commission, the European Court of Justice, and the Council in authorizing or investigating concentrations of undertakings. The text references relevant case law, decisions, and regulatory frameworks, highlighting the importance of competition law in maintaining effective competition and preventing anti-competitive practices.]
Application for negative clearance

Case COMP/38.422/D1

Notification of an agreement to set up a support and prudential company in the service sector

(2002/C 152/04)

(Text with EEA relevance)

1. On 29 April 2002 the Commission received notification pursuant to Article 4 of Regulation (EEC) No 17/62 of a number of agreements whereby DBV-Winterthur Lebensversicherung AG, Volksfürsorge Deutsche Lebensversicherung AG und BHW Holding AG want to establish a joint venture called ‘udi Unterstützungs- und Vorsorgewerk für den Dienstleistungsbereich GmbH’. The purpose of the joint venture is to offer services and consultancy relating to matters of occupational pension schemes to parties to collective wage agreements, employers and employees in the service sector in Germany. Through the joint venture the companies concerned intend to offer all kinds of insurance products and forms of provision in relation to occupational pension schemes on a uniform basis (pension funds, retirement funds, direct entitlement support funds and direct insurance — „Pensionskasse“, „Pensionsfonds“, „Direktzusage“, Unterstützungskasse, „Direktversicherung“). The companies are also considering setting up a joint pension fund and a joint retirement fund.

2. Upon preliminary examination, the Commission finds that the notified joint venture could fall within the scope of Regulation No 17.

3. The Commission invites interested third parties to submit any comments on the proposed operation to the Commission.

4. Comments must reach the Commission not later than 15 days following the date of publication of this notice. Where companies or persons believe they are giving details of business secrets or confidential matters in their comments, they must make this clear and justify their views. In this case a confidential and a non-confidential version of the comments should be submitted. The comments may be sent to the Commission by fax (No (32-2) 296 98 07) or by post quoting reference COMP/38.422/D1 — udi Unterstützungs- und Vorsorgewerk für den Dienstleistungsbereich, to

NOTICE TO IMPORTERS

Imports of sugar into the Community from countries in the western Balkans

(2002/C 152/05)

The European Commission informs the Community operators that there is reasonable doubt as to the proper application of the preferential arrangements for sugar of headings CN 1701 and CN 1702, which is declared at import as originating in Albania, Bosnia-Herzegovina, Croatia, the Federal Republic of Yugoslavia, including Kosovo as defined by the United Nations Security Council Resolution 1244 of 10 June 1999, and the Former Yugoslav Republic of Macedonia in order to benefit from preferential tariff measures.

A significant and rapid increase in preferential imports of sugar into the Community from certain countries in the western Balkans has been registered since the beginning of 2001, while the countries concerned have in the recent past shown a deficit in sugar production. At the same time, exports of sugar from the Community to the countries in the region have increased by roughly the same level. This development of trade in both directions appears to be highly artificial and there are indications pointing to the possibility of fraud.

Community operators presenting documentary evidence of origin with a view to securing preferential treatment for sugar of tariff headings CN 1701 and CN 1702 are therefore advised to take all the necessary precautions, since the release of the goods in question for free circulation may give rise to a customs debt and lead to fraud against the Community's financial interests.
II

(Preparatory Acts)

COUNCIL

ASSENT No 4/2002
given by the Council pursuant to Article 95 of the Treaty establishing the European Coal and Steel Community

(2002/C 152/06)

At the Commission's request, the Council gave its assent on 17 June 2002 to the decisions which the Commission proposes to adopt on

— the conclusion of an agreement between the European Coal and Steel Community and the Government of the Russian Federation on trade in certain steel products,

— administering certain restrictions on imports of certain steel products from the Russian Federation.

ASSENT No 5/2002
given by the Council pursuant to Article 95 of the Treaty establishing the European Coal and Steel Community

(2002/C 152/07)

At the Commission's request, the Council gave its assent on 17 June 2002 to the decisions which the Commission proposes to adopt on

— the conclusion of an agreement between the European Coal and Steel Community and the Government of the Republic of Kazakhstan on trade in certain steel products,

— administering certain restrictions on imports of certain steel products from Kazakhstan.

ASSENT No 6/2002
given by the Council pursuant to Article 95 of the Treaty establishing the European Coal and Steel Community

(2002/C 152/08)

At the Commission's request, the Council gave its assent on 17 June 2002 to the decisions which the Commission proposes to adopt on

— the conclusion of an agreement between the European Coal and Steel Community and the Government of Ukraine on trade in certain steel products,

— administering certain restrictions on imports of certain steel products from Ukraine.
COMMISSION

MEDIA Plus (2001-2005)

Implementation of the programme to encourage the development, distribution and promotion of European audiovisual works

Call for proposals 36/2002

Support for the transnational distribution of European films

Support for international sales agents of European motion picture films

(2002/C 152/09)

1. Introduction

This call for proposals is based on Council Decision 2000/821/EC of 20 December 2000 on the implementation of a programme to encourage the development, distribution and promotion of European audiovisual works (MEDIA Plus — Development, distribution and promotion — 2001-2005) that was published in the Official Journal of the European Communities L 13, 17 January 2001, p. 35.

The measures covered by the Decision include support for the transnational distribution of European cinema films.

2. Purpose

This notice is intended for European companies specialised in the international distribution of European motion picture films (sales agents) whose activities contribute to the attainment of the above objectives. It explains how to obtain the necessary documents in order to apply for financial support from the Community for proposals.

The Commission department responsible for administering this call for proposals is the unit for ‘Support for audiovisual content’ in DG EAC, the Directorate-General for Education and Culture.

European companies wishing to respond to this call for proposals and receive the document ‘Guidelines for the submission of proposals to obtain a financial contribution in the sector of distribution — Support for international sales agents of European motion picture films’ should send their request by post or fax to:

European Commission, Mr Jacques Delmoly, Head of Unit, DG EAC/C3, B100 4/20, B-1049 Brussels, fax (32-2) 299 92 14.

The Commission promises to send the above document within two days of receiving the request.

The deadline for submitting proposals to the above address is 13 September 2002.
CALL FOR PROPOSALS
for Tacis seminars/conferences 2002
issued by the European Commission
(2002/C 152/10)

1. Publication reference
   EuropeAid/114135/C/G/TAC.

2. Programme and financing source
   Tacis seminars/conferences 2002, budget line B 7-520A under Tacis.

3. Nature of activities, geographical area and project duration
   (a) The purpose of the Tacis seminars and conferences programme is to support and finance meetings and conferences between the European Union and the partner States, related to the preparation and implementation of European Union’s assistance programme in eastern Europe and central Asia. The programme will also subsidise NIS participation in seminars which are in the interest of the European Commission and NIS partner States and related to the Tacis programme.
   (b) Geographical area: EU/Tacis/Phare.
   (c) Maximum project duration: Six months.

   For details, see the ‘Guidelines for applicants’ referred to in point 12.

4. Overall amount available for this call for proposals
   EUR 400 000.

5. Maximum and minimum grant amounts
   (a) Minimum grant for a project: EUR 10 000.
   (b) Maximum grant for a project: EUR 50 000.
   (c) Maximum proportion of project costs to be covered by Community funding: 80 % of the total eligible costs.

6. Maximum number of grants to be awarded
   No maximum number of grants to be awarded.

7. Eligibility: Who may apply
   (a) International organisations.
   (b) Non-governmental organisations.
   (c) Universities.
   (d) Local and regional authorities.

8. Provisional notification date of results of the award process
   The Tacis seminars and conferences facility operates with an open deadline, meaning that applications can be submitted at any time before the end of October 2002. The decision on funding will normally be made within 10 to 12 weeks after the application is received.

9. Award criteria
   As specified in section 2.4 of the guidelines for applicants.

10. Application format and details to be provided
    Applications must be submitted using the application form attached to the guidelines for applicants mentioned in point 12, whose format and instructions must be strictly observed. For each application, one signed original and five copies must be supplied by the applicant.

11. Deadline for applications
    As specified in point 8 of the present call for proposals notice, and not later than 31 October 2002.
    Any application received by the contracting authority after this deadline will not be considered.

12. Detailed information
    Detailed information on this call for proposals is contained in the ‘Guidelines for applicants’, which are published together with this notice on the Internet website of EuropeAid:

    http://europa.eu.int/com/m/europeaidd/index_en.htm
    Any questions regarding this call for proposals should be sent by e-mail (including the publication reference of this call for proposals shown in point 1) to Adriano.Longoni@cec.eu.int or Antoinette.Nicolo@cec.eu.int All applicants are encouraged to consult the above Internet web page regularly before the deadline for applications since the Commission will publish the most frequently asked questions and the corresponding replies.
NOTICE

Subscribers to the Official Journal may obtain the same number of copies and language versions of this Official Journal as those to which they subscribe free of charge. They are requested to return the attached order form, duly completed and bearing their subscription registration number (code appearing on the left of each label and beginning with: O|. . . . . . . .). This Official Journal will remain available free of charge for one year from the date of its publication.

Non-subscribers can order this Official Journal against payment from one of our sales offices (see overleaf).

This Official Journal — like all Official Journals (L, C, CE) — can be consulted free of charge online at http://europa.eu.int/eur-lex
