**COMMISSION REGULATION (EC) No 1370/95  
of 16 June 1995**

**laying down detailed rules for implementing the system of export  
licences in the pigmeat sector**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 2759/75 of 29 October 1975 on the common organization of the market in pigmeat<sup>(1)</sup>, as last amended by Regulation (EC) No 3290/94<sup>(2)</sup>, and in particular Articles 8 (2), 13 (12) and 22 thereof,

Having regard to Council Regulation (EC) No 3290/94 of 22 December 1994 on the adjustments and transitional arrangements required in the agricultural sector in order to implement the agreements concluded during the Uruguay Round of multilateral trade negotiations, and in particular Article 3 (1) thereof,

Whereas Regulation (EEC) No 2759/75 provides that from 1 July 1995 all exports for which export refunds are requested shall be subject to the presentation of an export licence with advance fixing of the refund; whereas therefore specific implementing rules should be laid down for the pigmeat sector which should in particular include provisions for the submission of the applications and the information which must appear on the applications and licences, in addition to those contained in Commission Regulation (EEC) No 3719/88 of 16 November 1988 laying down common detailed rules for the application of the system of import and export licences and advance fixing licences for agricultural products<sup>(3)</sup>, as last amended by Regulation (EC) No 1199/95<sup>(4)</sup>;

Whereas, in order to assure proper administration of the system, the rate of the security for export licences under the said system should be fixed; whereas in view of the risk of speculation inherent in the system in the pigmeat sector, export licences should not be transferable and precise conditions governing access by traders to the said system should be laid down;

Whereas Article 13 (11) of Regulation (EEC) No 2759/75 provides that compliance with the obligations arising from agreements concluded during the Uruguay Round of multilateral trade negotiations regarding the export volume shall be ensured on the basis of the export licences; whereas therefore a detailed schedule for the lodging of applications and for the issuing of licences should be laid down;

Whereas, in addition, the decision regarding applications for export licences should be communicated only after a period of consideration; whereas this period would allow the Commission to appreciate the quantities applied for as well as the expenditure involved and, if appropriate, to take specific measures applicable in particular to the applications which are pending; whereas it is in the interest of traders to allow the licence application to be withdrawn after the acceptance coefficient has been fixed;

Whereas, in the case of applications concerning quantities equal to or less than 25 tonnes, the export licence should be issued immediately if the trader requests it; whereas these licences, however, should benefit from refunds only in accordance with the measures which the Commission might possibly have taken for the period in question;

Whereas in order to ensure an exact follow up of the quantities to be exported, a derogation from the rules regarding the tolerances laid down in Regulation (EEC) No 3719/88 should be laid down;

<sup>(1)</sup> OJ No L 282, 1. 11. 1975, p. 1.

<sup>(2)</sup> OJ No L 349, 31. 12. 1994, p. 105.

<sup>(3)</sup> OJ No L 331, 2. 12. 1988, p. 1.

<sup>(4)</sup> OJ No L 119, 30. 5. 1995, p. 4.

**▼B**

Whereas the Commission must dispose of precise information concerning applications for licences and of the use of licences issued, in order to be able to manage this system; whereas, in the interests of efficient administration, the notifications from Member States to the Commission should be made according to a uniform model;

Whereas to avoid any interruption of exports at the time of entry into force of the Agreement on Agriculture of the Uruguay Round, authorization should be given for export licences to be applied for and issued before the date of the entry into force of this Agreement, out for use after that date;

Whereas the provisions of Commission Regulation (EEC) No 1700/84 of 18 June 1984 laying down detailed rules for implementing the system of advance fixing certificates for refunds in the pigmeat sector<sup>(1)</sup>, as last amended by Regulation (EC) No 1022/95<sup>(2)</sup>, are replaced by the provisions of this Regulation; whereas Regulation (EEC) No 1700/84 should therefore be repealed as from the date of entry into force of the Agreement on Agriculture of the Uruguay Round;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Pigmeat,

HAS ADOPTED THIS REGULATION:

1. Applications for export licences may be lodged with the competent authorities from Monday to Friday of each week.

## ▼B

2. Applicants for export licences must be natural or legal persons who, at the time applications are submitted, be able to prove to the satisfaction of the competent authorities in the Member States that they have been engaged in trade in the pigmeat sector for at least 12 months. However, retail establishments or restaurants selling their products to end consumers may not lodge applications.

3. Export licences are issued on the ►M2 Wednesday ◀ following the period referred to in paragraph 1, provided that none of the particular measures referred to in paragraph 4 have since been taken by the Commission.

4. Where applications for export licences concern quantities and/or expenditure which exceed the normal trade patterns, or where there is a risk that they will be exceeded, taking account of the limits referred to in Article 13 (11) of Regulation (EEC) No 2759/75 and/or the corresponding expenditure during the period in question, the Commission may:

- set a single percentage by which the quantities applied for are accepted,
- refuse the applications for which export licences have not yet been awarded,

A suspension for a longer period may be decided in accordance with the procedure provided for in Article 24 of Regulation (EEC) No 2759/75. During the 10 working days following its publication, the operator may:

- either withdraw his application, in which case the security is released immediately,

## ▼M2

- or request immediate issuing of the licence, in which case the competent authority shall issue it without delay but no sooner than the normal issue date for the relevant week.
