**COMMISSION REGULATION (EC) No 358/2005****of 2 March 2005****concerning the authorisations without a time limit of certain additives and the authorisation of new uses of additives already authorised in feedingstuffs****(Text with EEA relevance)***Article 1*

The preparations belonging to the group ‘Enzymes’ as set out in Annex I are authorised for use without a time limit as additives in animal nutrition under the conditions laid down in that Annex.

*Article 2*

The substances belonging to the group ‘Colourants, including pigments, other colourants’ as set out in Annex II are authorised for use without a time limit as additives in animal nutrition under the conditions laid down in that Annex.

*Article 3*

The preparations belonging to the group ‘Enzymes’ as set out in Annex III are authorised provisionally for four years as additives in animal nutrition under the conditions laid down in that Annex.

*Article 4*

The preparation belonging to the group ‘Micro-organisms’, as set out in Annex IV is authorised provisionally for four years as additive in animal nutrition under the conditions laid down in that Annex.

*Article 5*

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
