HAVE DECIDED AS FOLLOWS:

**TITLE I****OBJECTIVES***Article 1***Stepping Stone Agreement**

This Agreement creates an initial framework for an Economic Partnership Agreement (EPA).

*Article 2***Objectives**

The objectives of this Agreement are:

- (a) to allow the Ivorian Party to benefit from the enhanced market access offered by the EC Party in the context of the EPA negotiations, and thereby to avoid disrupting trade between Côte d'Ivoire and the European Community on the expiry of the transitional trade regime of the Cotonou Agreement on 31 December 2007, pending the conclusion of a comprehensive EPA;
- (b) to lay the foundations for the negotiation of an EPA which will help to reduce poverty, promote regional integration, economic cooperation and good governance in West Africa and to improve West Africa's capacities as regards commercial policy and trade-related issues;
- (c) to promote the harmonious and progressive integration of West Africa into the world economy, in accordance with its political choices and development priorities;
- (d) to strengthen the existing relations between the Parties on the basis of solidarity and mutual interest;
- (e) to create an agreement which is compatible with Article XXIV of GATT 1994.

## TITLE II

**PARTNERSHIP FOR DEVELOPMENT***Article 3***Development cooperation in the framework of this Agreement**

The Parties undertake to cooperate in order to implement this Agreement and to help support the Ivorian Party in the achievement of the EPA objectives. This cooperation shall take financial and non-financial forms.

*Article 4***Development finance cooperation in the framework of this Agreement**

1. The provisions of the Cotonou Agreement concerning economic and regional cooperation and integration shall be implemented with a view to maximising the benefits of this Agreement.

2. European Community financing <sup>(1)</sup> pertaining to development co-operation between the Ivorian Party and the European Community in support of the implementation of this Agreement shall be provided in accordance with the appropriate rules and procedures set out in the Cotonou Agreement, in particular the programming procedures of the European Development Fund (EDF), and using the relevant instruments financed by the General Budget of the European Union. In this context, supporting the implementation of this Agreement shall be one of the priorities.

3. The Member States of the European Community collectively undertake to support, through their respective development policies and instruments, development actions to encourage regional economic cooperation and the implementation of this Agreement both at national and regional levels, in accordance with the principles of efficiency and complementarity of aid.

4. The Parties shall cooperate to facilitate the participation of other donors willing to support the efforts of the Ivorian Party to achieve the objectives of this Agreement.

5. The Parties acknowledge the usefulness of regional financing mechanisms such as a regional EPA fund established by and for the region in order to channel financing at regional and national level and effectively implement the measures accompanying this Agreement. The European Community undertakes to channel its support either through the financing mechanisms of the region or through those chosen by the countries signatory to this Agreement in accordance with the rules and procedures set out in the Cotonou Agreement and in compliance with the aid effectiveness principle of the Paris Declaration, with a view to ensuring simplified, efficient and rapid implementation.

6. For the implementation of the provisions of paragraphs 1 to 5 of this Agreement, the Parties undertake to cooperate using financial and non-financial means in the areas defined in Articles 5, 6, 7 and 8.

---

<sup>(1)</sup> Not including financing provided by the individual Member States.

**▼B***Article 5***Business environment**

The Parties consider that the business environment is an essential factor in economic development and that, consequently, the provisions of this Agreement shall be aimed at contributing to this common objective. Côte d'Ivoire, which is a signatory to the Treaty establishing the Organisation for the Harmonisation of Business Law in Africa (OHADA), reaffirms its commitment to applying the provisions of this Treaty.

In accordance with the provisions of Article 4, the Parties undertake to work unremittingly on improving the business environment.

*Article 6***Support for implementation of the rules**

The Parties agree that the setting of trade rules, which include provisions on cooperation detailed in the various chapters of this Agreement, is fundamental to achieving the objectives of this Agreement. Cooperation in this field shall be organised in accordance with the arrangements specified in Article 4.

*Article 7***Strengthening and modernising productive sectors**

In relation to the implementation of this Agreement, the Parties affirm their wish to upgrade the competitiveness of the productive sectors of Côte d'Ivoire affected by this Agreement.

The Parties agree to work together using cooperation instruments and in accordance with the provisions of Article 4, and to support:

- the repositioning of the private sector vis-à-vis the new economic opportunities created by this Agreement,
- the definition and implementation of modernisation strategies,
- the improvement of the private sector environment and of the business climate referred to in Articles 5 and 6,
- the promotion of the partnership between the Parties' private sectors.

*Article 8***Cooperation on fiscal adjustment**

1. The Parties acknowledge the challenges which the elimination or substantial reduction of customs duties provided for in this Agreement may pose for Côte d'Ivoire, and they agree to establish dialogue and cooperation in this field.

2. In the light of the tariff dismantling schedule adopted as part of this Agreement, the Parties agree to establish in-depth dialogue on fiscal adjustment measures in order to ultimately ensure a balanced budget position for Côte d'Ivoire.

**▼B**

3. The Parties agree to cooperate as regards the provisions of Article 4, in particular through the facilitation of assistance measures in the following fields:

- (a) a significant contribution to absorbing net fiscal impact in full complementarity with fiscal reforms;
- (b) support for fiscal reform accompanying dialogue in this field.

*Article 9***Cooperation in international fora**

The Parties shall endeavour to cooperate in all international fora where issues relevant to this partnership are discussed.

## TITLE III

**TRADE REGIME FOR GOODS***CHAPTER 1****Customs duties and non-tariff measures****Article 10***Customs duties**

1. The term ‘customs duties’ refers to the duties or charges of any kind imposed on or in connection with the importation or exportation of goods, as provided for in the WTO rules.

This provision shall not be interpreted as applying to internal duties or charges or duties or charges having equivalent effect at the moment of leaving the territory.

2. For each product, the basic customs duty to which the successive reductions apply shall be that specified in the tariff dismantling schedules of each Party.

*Article 11***Fees and other charges**

The Parties reaffirm their commitment to complying with the provisions of Article VIII of GATT 1994.

*Article 12***Customs duties on products originating in Côte d'Ivoire**

Products originating in Côte d'Ivoire shall be imported into the EC free of customs duties, except for the products indicated, and under the conditions set out in Annex 1.

**▼B***Article 13***Customs duties on products originating in the EC**

Customs duties on products originating in the EC and exported to Côte d'Ivoire shall be reduced or eliminated in accordance with the tariff dismantling schedule in Annex 2.

*Article 14***Rules of origin**

1. Within the meaning of this Chapter, 'originating' status shall be conferred on goods meeting the rules of origin in force on 1 January 2008 on the territory of the Parties.

2. The Parties shall establish a reciprocal common regime governing the rules of origin by 31 July 2008 at the latest, based on the rules of origin set out in the Cotonou Agreement and providing for their simplification, in view of the Ivorian Party's development objectives. The new regime shall be part of this Agreement by decision of the EPA Committee. Failing agreement between the Parties, the applicable regime shall be the most favourable regime to Côte d'Ivoire of either the current regime adopted by the EC Party or the improved rules established under the Cotonou Agreement.

3. At the latest three years after the date of entry into force of this Agreement, the Parties shall revise the provisions in force governing the rules of origin with the common aim of simplifying the concepts and methods used to determine origin in the light of the development objectives of Côte d'Ivoire and in line with those of West Africa. In the context of this revision, the Parties shall take account of technological development, production procedures and all other factors, including current reforms of the rules of origin which could require consequent amendments to the negotiated reciprocal regime. All amendments or replacements shall be made pursuant to a decision by the EPA Committee.

*Article 15***Standstill**

1. No new customs duties on imports shall be introduced in trade between the Parties, nor shall those currently applied in trade between the Parties be increased from the date of entry into force of this Agreement.

2. Notwithstanding paragraph 1, and as part of the finalisation of the common external tariff of the Economic Community Of West African States (ECOWAS), Côte d'Ivoire may until 31 December 2011 revise its basic customs duties on goods originating in the European Community insofar as the general impact of these duties is no higher than that resulting from the duties specified in Annex 2. The EPA Committee shall amend Annex 2 accordingly.

**▼B***Article 16***Duties, taxes and other fees and charges on exports**

1. No new customs duties on exports or charges with equivalent effect shall be introduced, nor shall those currently applied in trade between the Parties be increased from the date of entry into force of this Agreement.
2. In exceptional circumstances, if the Ivorian Party can justify specific needs for income, protection for infant industry or environmental protection, it may, on a temporary basis and after consulting the EC Party, introduce customs duties on exports or charges with equivalent effect on a limited number of traditional goods or increase the incidence of those which already exist.
3. The Parties agree to review the provisions of this Article in the framework of the EPA Committee at the latest three years after entry into force of this Agreement, taking full account of their impact on the development and diversification of the economy of the Ivorian Party.

*Article 17***More favourable treatment resulting from free-trade agreements**

1. For the fields covered by this Chapter, the EC Party shall grant the Ivorian Party any more favourable treatment applicable as a result of the European Community becoming party to a free-trade agreement with third parties after signing this Agreement.
2. For the fields covered by this Chapter, the Ivorian Party shall grant the EC Party any more favourable treatment applicable as a result of Côte d'Ivoire entering into a free-trade agreement with a major trade partner after signing this Agreement.
3. If the Ivorian Party obtains from a major trade partner substantially more favourable treatment than that offered by the EC Party, the Parties shall consult each other and decide together on the implementation of the provisions in paragraph 2.
4. The provisions of this Chapter cannot be interpreted as requiring the Parties to reciprocally grant each other preferential treatment which would be applicable owing to one of the Parties being signatory to a free-trade agreement with a third party on the date on which this Agreement enters into force.
5. In this Article, 'free-trade agreement' refers to an agreement which substantially liberalises trade and substantially eliminates discrimination between the parties through the repeal of existing discriminatory measures and/or the prohibition of new discriminatory measures and measures which are more discriminatory in nature, either on the entry into force of this Agreement or on the basis of a reasonable timetable.

**▼B**

6. In this Article, ‘major trade partner’ refers to any developed country, or any country with a share in world trade greater than 1 per cent in the year preceding the entry into force of the free-trade agreement mentioned in paragraph 2, or any group of countries acting individually, collectively or through a free-trade agreement with a share in world trade greater than 1,5 per cent in the year preceding the entry into force of the free-trade agreement mentioned in paragraph 2 <sup>(1)</sup>.

*Article 18***Prohibition of quantitative restrictions**

Notwithstanding the provisions of Articles 23, 24 and 25, on the entry into force of this Agreement, all prohibitions or restrictions on importation or exportation affecting trade between the Parties shall be eliminated, with the exception of the customs duties, taxes, fees and other charges referred to in Article 11, irrespective of whether they are implemented through quotas, import or export licensing or other measures. No new measures shall be introduced.

*Article 19***National treatment of internal taxation and regulation**

1. Products imported from the other Party shall not be directly or indirectly subject to internal taxation or other internal charges of any type surpassing those which are directly or indirectly applicable to similar domestic products. Furthermore, both Parties shall refrain from applying any other form of taxation or other internal charges with the aim of providing protection for domestic production.

2. Products imported from the other Party shall benefit from treatment which is no less favourable than the treatment given to similar domestic products in respect of all laws, regulations and requirements applicable to their sale, offering for sale, purchase, transportation, distribution or use on the national market. The provisions of this paragraph shall not prevent the application of tariffs for differentiated internal transportation based exclusively on the fuel-efficient use of transport and not on the origin of the product.

3. Notwithstanding the provisions on the rules of origin, each Party shall refrain from establishing or maintaining any internal regulations relating to the mixing, processing or use of products according to specified quantities or proportions which would require, directly or indirectly, that any specified amount or proportion of the product subject to the regulation in question be supplied from internal sources. Furthermore, each Party shall refrain from applying any other form of domestic quantitative regulation with the aim of providing protection for domestic production.

4. The provisions of this Article shall not apply to the laws, regulations, procedures or practices relating to public procurement.

---

<sup>(1)</sup> For this calculation, the official WTO figures on the leading exporters in world trade will be used (excluding intra-EU trade).

**▼B**

5. The provisions of this Article shall be without prejudice to Chapter 2 concerning trade defence instruments.

6. For matters relating to the payment of subsidies to national producers, the Parties shall refer to the WTO.

*Article 20***Food security**

Where the implementation of this Agreement leads to difficulties regarding the availability of, or access to, foodstuffs necessary to ensure food security, and where this situation gives rise to or is likely to give rise to major difficulties for Côte d'Ivoire, the latter may take appropriate measures in accordance with the procedures laid down in Article 25.

*Article 21***Special provisions on administrative cooperation**

1. The Parties agree that administrative cooperation is essential to the implementation and control of the preferential treatment granted in this Chapter and underline their commitment to combating irregularities and fraud as regards customs and related fields.

2. When a Party obtains proof from objective information of a lack of administrative cooperation and/or irregularities or fraud, this Party may temporarily suspend the preferential treatment granted to the product(s) concerned in accordance with this Article.

3. For the purposes of this Article, a lack of administrative cooperation shall include the following:

- (a) repeated failure to comply with the obligation to verify the originating status of the product(s) concerned;
- (b) repeated refusal to conduct a subsequent check of proof of origin and communicate the results, or undue delay in doing so;
- (c) repeated refusal to grant authorisation for a cooperation mission to check the authenticity of documents or the accuracy of information of relevance to the preferential treatment in question, or undue delay in doing so.

4. The application of a temporary suspension shall be subject to the following conditions:

- (a) A Party which obtains proof from objective information of a lack of administrative cooperation and/or irregularities or fraud must notify the EPA Committee without undue delay that it has obtained the proof and the objective information, and must consult with the EPA Committee to find a solution acceptable to both Parties, drawing on all relevant information and objective evidence;

**▼B**

- (b) When the Parties have entered into consultation with the EPA Committee, as provided for above, and have been unable to agree on an acceptable solution in the three months following notification, the Party concerned can temporarily suspend the preferential treatment granted to the product(s) concerned. The EPA Committee must be notified of the temporary suspension without undue delay;
- (c) Temporary suspensions under this Article shall be limited to those necessary to protect the financial interests of the Party concerned. They shall not exceed a renewable period of six months. The EPA Committee shall be notified of temporary suspensions immediately after their adoption. They shall be subject to periodic consultations within the EPA Committee, in particular with a view to repealing them once the conditions for application no longer exist.

5. At the same time as the notification to the EPA Committee specified in paragraph 4(a), the Party concerned shall publish a notice for importers in its Official Journal. This notice for importers shall indicate that, for the product concerned, and on the basis of objective information, proof has been obtained of a lack of administrative cooperation and/or irregularities or fraud.

*Article 22***Management of administrative errors**

In the event of an error on the part of the competent authorities in the management of the preferential export systems, and in particular in the application of the provisions concerning the definition of the term ‘originating products’ and the administrative cooperation methods, where this error has consequences on imports and exports, the Party suffering these consequences can ask the EPA Committee to examine the possibilities of adopting all appropriate measures in the aim of remedying the situation.

*CHAPTER 2****Trade defence instruments****Article 23***Anti-dumping and countervailing measures**

1. Subject to the provisions of this Article, the Agreement does not prevent the EC Party or Côte d'Ivoire from adopting anti-dumping or countervailing measures in accordance with the relevant WTO agreements. For the purposes of this Article, origin shall be determined in accordance with the non-preferential rules of origin of the Parties.

2. Before imposing definitive anti-dumping or countervailing measures on goods, the Parties shall consider the possibility of constructive solutions, such as those provided for in the relevant WTO agreements. In particular, they may hold appropriate consultations to this end.

3. The EC Party shall notify Côte d'Ivoire of the receipt of a sufficiently-documented complaint before opening an inquiry.

**▼B**

4. The provisions of this Article shall be applicable to all investigations initiated after this Agreement enters into force.
5. The provisions of this Article shall not be subject to the dispute settlement provisions of this Agreement.

*Article 24***Multilateral safeguard measures**

1. Subject to the provisions of this Article, this Agreement does not prevent Côte d'Ivoire and the EC Party from adopting measures in accordance with Article XIX of GATT 1994, the Agreement on Safeguards or Article 5 of the WTO Agreement on Agriculture. For the purposes of this Article, origin is determined in accordance with the non-preferential rules of origin of the Parties.
2. Notwithstanding paragraph 1, in the light of the general development objectives of this Agreement and the small scale of the Côte d'Ivoire economy, the EC Party shall exclude imports from Côte d'Ivoire from all measures taken pursuant to Article XIX of GATT 1994, the Agreement on Safeguards and Article 5 of the WTO Agreement on Agriculture.
3. The provisions of paragraph 2 shall apply for a period of five years, beginning with the date of entry into force of this Agreement. At the latest 120 days before the end of this period, the EPA Committee shall re-examine the implementation of these provisions in the light of the development needs of Côte d'Ivoire, in order to determine whether their period of application should be extended.
4. The provisions of paragraph 1 shall not be subject to the dispute settlement mechanisms of this Agreement.

*Article 25***Bilateral safeguard measures**

1. After examining the alternative solutions, a Party may take safeguard measures of limited duration which derogate from the provisions of Articles 12 and 13, under the conditions of, and in accordance with, the procedures laid down by this Article.
2. The safeguard measures referred to in paragraph 1 may be taken where a product originating in one Party is imported into the territory of the other Party in such increased quantities and under such conditions as to cause or threaten to cause:
  - (a) serious injury to the domestic industry of similar or directly competitive products in the territory of the importing Party;
  - (b) disruptions in a sector of the economy, particularly where these disruptions produce major social problems or difficulties which could bring about serious deterioration in the economic situation of the importing Party; or

**▼B**

- (c) disruptions in the markets for similar or directly competitive agricultural products <sup>(1)</sup> or of the mechanisms regulating these markets in the territory of the importing Party.

3. The safeguard measures referred to in this Article shall not exceed that which is strictly necessary to prevent or remedy serious injury or disruptions as defined in paragraphs 2, 4 and 5. These safeguard measures of the importing Party may consist only of one or more of the following:

- (a) the suspension of any further reduction in the customs duty on imports applicable for the product concerned, as provided for by this Agreement;
- (b) an increase in the customs duty on the product concerned up to a level which does not exceed the customs duty applied to other WTO Members, and
- (c) the introduction of tariff quotas on the product concerned.

4. Notwithstanding paragraphs 1 and 2, when a product originating in Côte d'Ivoire is imported in such increased quantities and under such conditions as to cause or threaten to cause one of the situations described in paragraphs 2(a), (b) and (c) in one or more outermost regions of the EC Party, the EC Party may take surveillance or safeguard measures, as provided for in paragraph 3, limited to the region(s) concerned and in accordance with the procedures defined in paragraphs 6 to 9.

- 5. (a) When a product originating in the EC Party is imported in such increased quantities and under such conditions as to cause or threaten to cause one of the situations described in paragraphs 2(a), (b) and (c), Côte d'Ivoire may take surveillance or safeguard measures limited to its territory in accordance with the procedures defined in paragraphs 6 to 9;
- (b) Notwithstanding paragraphs 1 and 2, Côte d'Ivoire may take safeguard measures as provided for in paragraph 3 when a product originating in the EC Party is imported in such increased quantities and under such conditions as to cause or threaten to cause disturbances to an infant industry producing similar or directly competitive products.

Such provision shall be applicable only for a period of ten years from the date of entry into force of this Agreement. However, this period may be extended subject to an agreement between the Parties when, despite the development potential of the industry and the efforts actually made, this objective has not been achieved owing in particular to the world economic situation or to serious problems affecting Côte d'Ivoire.

The measures must be taken in compliance with the provisions of paragraphs 6 to 9.

- 6. (a) The safeguard measures referred to in this Article shall be maintained only for the period necessary to prevent or resolve serious damage or disruptions such as those described in paragraphs 2, 4 and 5;

<sup>(1)</sup> For the purposes of this Article, agricultural products shall be those covered by Annex I to the WTO Agreement on Agriculture.

**▼B**

- (b) The safeguard measures referred to in this Article shall be applied for a period not exceeding two years. Where the circumstances warranting the imposition of safeguard measures continue to exist, such measures may be extended for a further period of no more than two years. Where Côte d'Ivoire applies a safeguard measure, or where the EC Party applies a measure limited to the territory of one or more of its outermost regions, this measure may nevertheless be applied for a period of no more than four years and, when the circumstances justifying the imposition of safeguard measures continue to exist, be extended for a further four-year period;
  - (c) The safeguard measures referred to in this Article which exceed one year shall be accompanied by clear evidence of a progressive move towards eliminating the causes of the damage and disruptions and the measures at the latest by the end of the established period;
  - (d) Except in exceptional circumstances subject to the assessment of the EPA Committee, no safeguard measures referred to in this Article shall be applied to a product which has previously been subject to such a measure for a period of at least one year from the date of expiry of this measure.
7. The following provisions shall apply for implementation of paragraphs 1 to 6:
- (a) When a Party considers that one of the circumstances referred to in paragraphs 2, 4 and/or 5 exists, it shall immediately refer the matter to the EPA Committee;
  - (b) The EPA Committee can make any necessary recommendation to remedy the circumstances which have arisen. Where the EPA Committee has not made recommendations to remedy the circumstances, or where a satisfactory solution has not been found in the 30 days following notification to this Committee, the importing Party may adopt appropriate measures to remedy the circumstances, in accordance with this Article;
  - (c) Before taking a measure provided for in this Article or, in the cases referred to in paragraph 8, as soon as possible, the Party concerned shall communicate to the EPA Committee all information which can be used for a full examination of the situation with a view to finding an acceptable solution for the Parties;
  - (d) When selecting safeguard measures, priority must be given to those which help to efficiently and rapidly solve the problem, while causing the least possible disruption to the smooth functioning of this Agreement;
  - (e) All safeguard measures taken in accordance with this Article shall be notified immediately to the EPA Committee and shall be the subject of periodic consultations within that body, particularly with a view to establishing a timetable for their abolition as soon as circumstances permit.

**▼B**

8. Where exceptional circumstances require immediate action, the importing Party concerned, whether the EC Party or Côte d'Ivoire, as the case may be, may take the measures provided for in paragraphs 3, 4 and/or 5 on a provisional basis and without meeting the requirements of paragraph 7. Such action may be taken for a maximum period of 180 days where the measures are taken by the EC Party and 200 days when the measures are taken by Côte d'Ivoire, or when the measures of the EC Party are limited to one or more of its outermost regions. The duration of such provisional measures shall be counted as a part of the initial period or of any extension referred to in paragraph 6. When taking these provisional measures, the interests of all stakeholders must be taken into account. The importing party concerned shall inform the other Party and immediately refer the matter to the EPA Committee for examination.

9. If an importing party subjects imports of a product to an administrative procedure having as its purpose the rapid provision of information on the trend of trade flows liable to give rise to the problems referred to in this Article, it shall inform the EPA Committee without delay.

10. The WTO Agreement shall not be invoked to prevent a Party from adopting safeguard measures under this Article.

*Article 26***Cooperation**

1. The Parties recognise the importance of cooperation on trade defence instruments.

2. The Parties agree to cooperate in accordance with Article 4, including through the facilitation of assistance measures, particularly in the following fields:

- (a) the development of regulations and institutions to ensure trade defence;
- (b) the development of capacity to use the trade defence instruments provided for in this Agreement.

*CHAPTER 3****Customs regime and trade facilitation****Article 27***Objectives**

1. The Parties recognise the importance of customs issues and of facilitating trade in the evolving context of world trade. They agree to strengthen cooperation in this area with a view to ensuring that the relevant legislation and procedures, as well as the administrative capacity of the administrative authorities concerned, to fulfil the objectives relating to the effective control and facilitation of trade, and to help promote the development and regional integration of the signatory countries.

2. The Parties agree that the legitimate objectives of public policy, including those in relation to security and fraud prevention, shall not be compromised in any way.

**▼B**

3. The Parties undertake to ensure the free movement of the goods covered by this Agreement in their respective territories.

*Article 28***Customs and administrative cooperation**

1. In order to ensure compliance with the provisions of this Title, and to respond effectively to the objectives set out in Article 27, the Parties shall:

- (a) exchange information concerning customs legislation and procedures;
- (b) develop joint initiatives relating to import, export and transit procedures and initiatives to offer an efficient service to the business community;
- (c) cooperate on the automation of customs procedures and other trade procedures and, where appropriate, endeavour to establish common data exchange standards;
- (d) establish wherever possible common positions in relation to customs in international organisations such as the WTO, the World Customs Organisation (WCO), the United Nations (UN) and the United Nations Conference on Trade and Development (UNCTAD);
- (e) cooperate on the planning and implementation of technical assistance, in particular with a view to facilitating customs reforms and to facilitating trade in accordance with the provisions of the Agreement; and
- (f) encourage cooperation between all the agencies concerned, both within the country and between countries.

2. Notwithstanding paragraph 1, the administrative authorities of the Parties shall provide mutual administrative assistance for customs matters, in accordance with the provisions of the Protocol on Mutual Administrative Assistance in Customs Matters.

*Article 29***Customs legislation and procedures**

1. The Parties agree that their respective trade and customs legislation, provisions and procedures shall draw on international instruments and standards applicable in the fields of customs and trade, in particular the substantive elements of the International Convention on the Simplification and Harmonisation of Customs Procedures, concluded at Kyoto on 18 May 1973 and revised at Brussels on 26 June 1999 (the 'revised Kyoto Convention'), the WCO Framework of Standards to Secure and Facilitate Global Trade, the WCO data set and the International Convention on the Harmonised Commodity Description and Coding System (HS).

The Parties shall ensure the free transit of goods through their territory on the most suitable transit route.

**▼B**

Any restrictions, controls or requirements must be justified by a legitimate public policy objective, and must be non-discriminatory, proportionate and applied in a uniform manner.

Without prejudice to legitimate customs checks, the Parties shall treat goods in transit to or from the territory of the other Party no less favourably than domestic goods, exports, imports and their movement.

The Parties shall establish transport regimes under customs control to allow the transit of goods exempt from the payment of customs duties and other charges, subject to the provision of appropriate guarantees.

2. In the event of a disagreement between the Parties regarding what constitutes a reasonable time-limit within which to comply with the arbitration panel ruling, the complaining Party shall, within 20 days of notification by the Party complained against, send a written request to the arbitration panel asking it to determine a reasonable time-limit. This request shall be communicated simultaneously to the other Party and to the EPA Committee. The arbitration panel shall announce its decision to the Parties and to the EPA Committee within 30 days of submitting the request.
3. In order to determine the reasonable time-limit, the arbitration panel shall take account of the time which the Party complained against would normally need to adopt legislative or administrative measures comparable to those which the Party complained against deems necessary in order to ensure compliance. The arbitration panel may also take account of restrictions which might affect the adoption of the necessary measures by the Party complained against.
4. Where the original arbitration panel or some of its members are unable to attend further meetings, the procedures set out in Article 50 shall be applied. The time-limit for delivering a ruling shall be 45 days from the date on which the request referred to in paragraph 2 was submitted.

In urgent situations, including cases in which perishable and seasonal foodstuffs are in question, the panel shall deliver its ruling within 45 days of the request being submitted.

3. Where the original arbitration panel or some of its members are unable to attend further meetings, the procedures set out in Article 50 shall be applied. The time-limit for notifying a ruling shall be 105 days from the date on which the request referred to in paragraph 2 was submitted.

*Article 56***Temporary remedies in the event of non-compliance**

1. If the Party complained against fails to notify measures it has taken to comply with the arbitration panel ruling before the expiry of the reasonable time-limit, or if the arbitration panel rules that the measures notified under Article 55(1) are not compatible with that Party's obligations under the provisions of Article 53, the Party complained against shall, if so requested by the complaining Party, present an offer for temporary compensation.

2. If the Parties do not agree on compensation within 30 days of the end of the reasonable time-limit or of the ruling by the arbitration panel referred to in Article 55, according to which the compliance measures which were taken are not compatible with the provisions referred to in Article 53, the complaining Party shall be authorised, after notifying the other Party, to adopt appropriate measures. By adopting such measures, the complaining Party shall endeavour to choose measures which have the least possible impact on the achievement of the objectives of this Agreement, and shall take into consideration their impact on the economy of the Party complained against.

In any case, the appropriate measures adopted pursuant to this paragraph shall not affect the provision of development assistance for Côte d'Ivoire.

3. The EC Party shall show moderation in its requests for compensation or when adopting the appropriate measures in accordance with paragraphs 1 and 2 and shall take account of the fact that the Ivorian Party is a developing country.

4. Appropriate measures or compensation are temporary and shall be applied only until the measure recognised to be in infringement of the provisions of Article 53 has been revoked or amended to bring it into line with the aforementioned provisions, or until the Parties have agreed to settle their dispute.

**▼B***Article 57***Examination of the compliance measures following on from the adoption of appropriate measures**

1. The Party complained against shall notify the other Party and the EPA Committee of the measures which it has taken to achieve compliance with the arbitration panel ruling, and in the notification shall ask the complaining Party to discontinue the application of the appropriate measures.
2. If the Parties do not reach an agreement on the compatibility of the notified measures with the provisions of this Agreement within 30 days of the notification being submitted, the complaining Party shall make a request in writing for the arbitration panel to rule on the matter. The request shall be notified to the other Party and to the EPA Committee. The arbitration panel shall announce its decision to the Parties and to the EPA Committee within 45 days of the request being submitted. If the arbitration group rules that any measures taken to achieve conformity do not comply with the provisions of this Agreement, it shall decide whether the complaining Party may continue to apply the appropriate measures. If the arbitration panel rules that measures taken to achieve conformity comply with the provisions of this Agreement, the appropriate measures shall be discontinued.
3. Where the original arbitration panel or some of its members are unable to attend further meetings, the procedures set out in Article 50 shall be applied. The time-limit for notifying a ruling shall be 60 days from the date on which the request referred to in paragraph 2 was submitted.

1. The dispute settlement procedures set out in Chapter 3 shall be subject to the rules of procedure adopted by the EPA Committee three months after its establishment.

At the request of a Party or on its own initiative, the arbitration panel may obtain information from any source, including the Parties concerned by the dispute, if it deems this to be appropriate for the arbitration proceedings. The arbitration panel shall also be authorised to obtain the opinion of experts where deemed appropriate. The Parties concerned shall have the option of submitting briefs on an *amicus curiae* basis to the arbitration group in accordance with the procedural rules. All information thus obtained must be disclosed to both Parties and subject to their comments.

*Article 61***Language of submissions**

Oral and written submissions shall be in one of the official languages of the Parties. However, the Parties shall endeavour, wherever possible, to use an official language shared by the two Parties as their common language, and shall take account of the fact that the Ivorian Party is a developing country, particularly in relation to translation difficulties.

*Article 62***Rules of interpretation**

The arbitration panel shall interpret the provisions of this Agreement in accordance with the customary rules of interpretation of public international law, including the Vienna Convention on the Law of Treaties. The decisions of the arbitration panel shall neither add to nor diminish the rights and obligations set out in this Agreement.

*Article 63***Arbitration panel rulings**

1. The arbitration panel shall endeavour to make consensus-based decisions. However, if it is impossible to reach a decision by consensus, the dispute shall be settled by a majority vote, but the diverging opinions of the arbitrators shall under no circumstances be published.

The decision shall expound the substantive findings, the applicability of the relevant provisions of this Agreement, and the reasoning underpinning the findings and conclusions reached by the arbitration panel. The EPA Committee shall make the arbitration ruling known to the public, unless it decides otherwise.

Where there is recourse to the selection procedure of Article 50(2), the Chairperson of the EPA Committee may use such a sectoral list, subject to the agreement of both Parties.

*Article 65***Links with the WTO obligations**

1. The arbitration authorities set up under this Agreement shall not deal with disputes relating to the rights and obligations of each Party pursuant to the Agreement establishing the WTO.

2. Recourse to the dispute settlement provisions of this Agreement shall be without prejudice to any possible action in the WTO framework, including a dispute settlement action. However, when a Party has initiated a dispute-settlement procedure with regard to a given measure, either under Article 49(1) or under the Agreement establishing the WTO, it may not initiate a dispute-settlement procedure for the same measure with the other forum before concluding the first procedure. For the purposes of this paragraph, a Party is considered to have initiated a dispute-settlement procedure under the Agreement establishing the WTO once it has requested the establishment of a panel pursuant to Article 6 of the WTO Dispute Settlement Understanding.

3. This Agreement cannot prevent a Party from applying the suspension of obligations authorised by the WTO Dispute Settlement Body.

**▼B***Article 66***Time-limits**

1. The time-limits set out in this Title, including time-limits for the notification of decisions by the arbitration panels, shall be counted in calendar days from the day following the act or event to which they relate.

8. This Agreement shall be superseded by a global EPA concluded at regional level with the EC Party on the date of its entry into force. *APPENDIX I*

Priority products from Côte d'Ivoire for export to the European Community

These products shall be identified by Côte d'Ivoire and the EPA Committee shall be notified accordingly at the latest three months after the date on which this Agreement was signed.

**▼ B***APPENDIX II***Competent authorities****A. Competent authorities of the European Community**

Responsibility for monitoring activities shall be shared between the national services of the Member States and the Commission of the European Communities. The following provisions shall apply on this subject:

- as regards exports to Côte d'Ivoire, the Member States shall be responsible for monitoring production conditions and requirements, in particular the performance of the compulsory inspections and the issuing of health (or animal welfare) certificates confirming compliance with the agreed standards and requirements,
- as regards imports from Côte d'Ivoire, the Member States shall be responsible for monitoring compliance with the import conditions set by the European Community,
- the Commission of the European Communities shall be responsible for the general coordination, inspection and auditing of the monitoring systems, and for taking the legislative initiatives required to ensure the uniform application of standards and requirements on the European internal market.

**B. Competent authorities of Côte d'Ivoire**

These authorities shall be appointed by Côte d'Ivoire and the list shall be communicated to the EPA Committee at the latest three months after the date on which this Agreement was signed.

*ANNEX 1*

**Customs duties on products originating in Côte d'Ivoire**

1. Without prejudice to paragraphs 2, 4, 5, 6 and 7, customs duties on imports imposed by the EC Party (hereinafter 'EC customs duties') shall be entirely eliminated on all products, originating in Côte d'Ivoire, in Chapters 1 to 97 of the HS, except those in Chapter 93 thereof, upon the entry into force of this Agreement. For products in Chapter 93, the EC Party shall continue to apply the Most Favoured Nation (MFN) duties.
  
2. Import duties on the products of tariff heading 1006 shall be eliminated as from 1 January 2010, with the exception of import duties on the products of subheading 1006 10 10, which shall be eliminated as from 1 January 2008.
  
3. The Parties agree that the provisions of Protocol 3 on ACP Sugar of the Cotonou Agreement (hereinafter the 'Sugar Protocol') shall remain applicable until 30 September 2009. After this date, the EC Party and Côte d'Ivoire agree that the Sugar Protocol will no longer be in force between them. For the purposes of Article 4(1) of the Sugar Protocol, the delivery period 2008/9 shall last from 1 July 2008 to 30 September 2009. The guaranteed price from 1 July 2008 to 30 September 2009 shall be decided following the negotiations provided for in Article 5(4) of the Sugar Protocol.
  
4. EC customs duties on products of tariff heading 1701 originating in Côte d'Ivoire shall be eliminated as from 1 October 2009. No import licence shall be granted with regard to products to be imported, unless the importer undertakes to purchase such products at a price at least equal to the guaranteed prices fixed for sugar imported into the EC Party under the Sugar Protocol.
  
5. (a) The EC Party may, during the period between 1 October 2009 and 30 September 2015, impose the applied MFN duty on the products originating in Côte d'Ivoire of tariff heading 1701 imported in excess of the following levels expressed in white sugar equivalent, which are deemed to cause a disruption in the EC Party sugar market:
  - (i) 3,5 million tonnes in a marketing year for products originating in the members of the African, Caribbean and Pacific Group of States (ACP States) signatory to the Cotonou Agreement, and
  
  - (ii) 1,38 million tonnes in the marketing year 2009/2010 for products originating in the ACP States which are not recognised by the United Nations as least developed countries. The figure of 1,38 million tonnes shall increase to 1,45 million tonnes in marketing year 2010/2011, and 1,6 million tonnes in the following four marketing years;
  
- (b) The importation of products of tariff heading 1701 originating in any signatory West African State which is recognised by the United Nations as a least developed country shall not be subject to the provisions of subparagraph 5(a). However, such imports shall remain subject to the provisions of Article 25 (<sup>1</sup>);
  
- (c) The imposition of the applied MFN duty shall cease at the end of the marketing year during which it was introduced;

<sup>(1)</sup> For these purposes and by derogation from Article 25, individual West African States recognised by the United Nations as least developed countries may be subject to safeguard measures.

**▼B**

- (d) Any measure taken pursuant to this paragraph shall be notified immediately to the EPA Committee and shall be the subject of periodic consultations within that body.
6. As of 1 October 2015, for the purpose of applying the provisions of Article 25, disruptions in the market for products of tariff heading 1701 may be deemed to arise in situations where the average European Community price of white sugar falls during two consecutive months below 80 % of the average European Community price for white sugar prevailing during the previous marketing year.
7. From 1 January 2008 to 30 September 2015, products of tariff headings 1704 90 99, 1806 10 30, 1806 10 90, 2106 90 59 and 2106 90 98 shall be subject to a special surveillance mechanism in order to ensure that the arrangements provided for in paragraphs 4 and 5 are not being circumvented. In the event of a cumulative increase in imports of one or more of such products originating in Côte d'Ivoire by more than 20 % in volume over a period of 12 consecutive months compared to the average of the yearly imports over the previous three 12-month periods, the EC Party shall analyse the pattern of trade, the economic justification and the sugar content of such imports and, if it considers that such imports are used to circumvent the arrangements provided for under paragraphs 4 and 5, it may suspend the preferential treatment and introduce the specific MFN duty applied to imports pursuant to the European Community Common Customs Tariff for products of tariff headings 1704 90 99, 1806 10 30, 1806 10 90, 2106 90 59 and 2106 90 98 originating in Côte d'Ivoire. Subparagraphs 5(b), (c) and (d) shall apply *mutatis mutandis* to action under this paragraph.
8. Between 1 October 2009 and 30 September 2012, with regard to the products of tariff heading 1701, no preferential import licence shall be granted unless the importer undertakes to purchase such products at a price not lower than 90 % of the reference price set by the EC Party for the relevant marketing year.
9. Paragraph 1 shall not apply to products of tariff heading 0803 00 19 originating in Côte d'Ivoire and released for free circulation in the outermost regions of the EC Party. Paragraphs 1, 3 and 4 shall not apply to products of tariff heading 1701 originating in Côte d'Ivoire and released for free circulation in the French Overseas Departments. This provision shall be applicable for a period of ten years. This period shall be extended for a further ten years unless the Parties agree otherwise.

**▼B**

*ANNEX 2*

**Customs duties on products originating in the EC party**

Côte d'Ivoire shall liberalise products originating in the EC Party imported into its territory.

For this purpose, it shall establish four product groups: A, B, C and D.

The tariff dismantling schedule shall be as follows:

For Group A products, liberalisation shall take place between 1 January 2008 and 31 December 2012, i.e. over a period of five years;

For Group B products, liberalisation shall take place between 1 January 2013 and 31 December 2017, i.e. over a period of five years;

For Group C products, liberalisation shall take place between 1 January 2018 and 31 December 2022, i.e. over a period of five years.

Group D products shall be excluded from liberalisation.

**▼B****PROTOCOL****on Mutual Administrative Assistance in customs matters***Article 1***Definitions**

For the purposes of this Protocol:

- (a) ‘customs legislation’ means any legal or regulatory provisions governing the import, export and transit of goods and their placing under any other customs regime or procedure, including measures of prohibition, restriction and control;
- (b) ‘applicant authority’ means a competent administrative authority which has been designated by a Party for this purpose and which makes a request for assistance on the basis of this Protocol;
- (c) ‘requested authority’ means a competent administrative authority which has been designated by a Party for this purpose and which receives a request for assistance on the basis of this Protocol;
- (d) ‘personal data’ means all information relating to an identified or identifiable individual;
- (e) ‘operation in breach of customs legislation’ means any infringement or attempted infringement of customs legislation.

*Article 2***Scope**

1. The Parties shall assist each other, in the areas within their competence, in the manner and under the conditions laid down in this Protocol, to ensure the correct application of the customs legislation, in particular by preventing, investigating and prosecuting operations in breach of that legislation.
2. Assistance in customs matters, as provided for in this Protocol, shall apply to any administrative authority of the Parties which is competent for the application of this Protocol. It shall not prejudice the rules governing mutual assistance in criminal matters. Nor shall it cover information obtained under powers exercised at the request of a judicial authority, except where communication of such information is authorised by that authority.
3. Assistance to recover duties, taxes or fines is not covered by this Protocol.

*Article 3***Assistance on request**

1. At the request of the applicant authority, the requested authority shall provide it with all relevant information which may enable it to ensure that customs legislation is correctly applied, including information regarding activities noted or planned which are or could be operations in breach of customs legislation.

**▼B**

2. At the request of the applicant authority, the requested authority shall inform it:

- (a) whether goods exported from the territory of one of the Parties have been properly imported into the territory of another Party, specifying, where appropriate, the customs procedure applied to the goods;
- (b) whether goods imported into the territory of one of the Parties have been properly exported from the territory of the other Party, specifying, where appropriate, the customs procedure applied to the goods.

3. At the request of the applicant authority, the requested authority shall, within the framework of its legal or regulatory provisions, take the necessary steps to ensure surveillance of:

- (a) natural or legal persons in respect of whom there are reasonable grounds for believing that they are or have been involved in operations in breach of customs legislation;
- (b) places where stocks of goods have been or may be assembled in such a way that there are reasonable grounds for believing that these goods are intended to be used in operations in breach of customs legislation;
- (c) goods that are or may be transported in such a way that there are reasonable grounds for believing that they are intended to be used in operations in breach of customs legislation;
- (d) means of transport that are or may be used in such a way that there are reasonable grounds for believing that they are intended to be used in operations in breach of customs legislation.

*Article 4***Spontaneous assistance**

The Parties shall assist each other, at their own initiative and in accordance with their legal or regulatory provisions, if they consider that to be necessary for the correct application of customs legislation, particularly by providing information obtained pertaining to:

- (a) activities which are or appear to be operations in breach of customs legislation and which may be of interest to another Party;
- (b) new means or methods employed in carrying out operations in breach of customs legislation;
- (c) goods known to be subject to operations in breach of customs legislation;

**▼B**

- (d) natural or legal persons in respect of whom there are reasonable grounds for believing that they are or have been involved in operations in breach of customs legislation;
- (e) means of transport in respect of which there are reasonable grounds for believing that they have been, are, or may be used in operations in breach of customs legislation.

*Article 5***Delivery/Notification**

1. At the request of the applicant authority, the requested authority shall, in accordance with legal or regulatory provisions applicable to the latter, take all necessary measures to:

- deliver any documents or
- notify all decisions

emanating from the applicant authority and falling within the scope of this Protocol, to an addressee residing or established in the territory of the requested authority.

2. Requests for delivery of documents and notification of decisions shall be made in writing in an official language of the requested authority or in a language acceptable to that authority.

*Article 6***Form and substance of requests for assistance**

1. Requests pursuant to this Protocol shall be made in writing. They shall be accompanied by the documents necessary to enable compliance with the request. When required because of the urgency of the situation, oral requests may be accepted, but must be confirmed in writing immediately.

2. Requests pursuant to paragraph 1 shall include the following information:

- (a) the applicant authority;
- (b) the action requested;
- (c) the object of and the reason for the request;
- (d) the legal or regulatory provisions and other legal elements involved;
- (e) indications, as exact and comprehensive as possible, on the natural or legal persons who are the target of the investigations;
- (f) a summary of the relevant facts and of the enquiries already carried out.

**▼B**

3. Requests shall be submitted in an official language of the requested authority or in a language acceptable to that authority. This requirement shall not apply to any documents which accompany the request under paragraph 1.

4. If a request does not meet the formal requirements set out above, its correction or completion may be requested; in the meantime, precautionary measures may be ordered.

*Article 7***Execution of requests**

1. In order to comply with a request for assistance, the requested authority shall proceed, within the limits of its competence and available resources, as though it were acting on its own account or at the request of other authorities of that same Party, by supplying information already possessed, by carrying out appropriate enquiries or by arranging for them to be carried out. This provision shall also apply to any other authority to which the request has been addressed by the requested authority in application of this Protocol when the latter cannot act on its own.

2. Requests for assistance shall be executed in accordance with the legal or regulatory provisions of the requested Party.

3. Duly authorised officials of one of the Parties may, with the agreement of the other Party involved and subject to the conditions laid down by the latter, be present to obtain in the offices of the requested authority or any other authority concerned in accordance with paragraph 1, information relating to activities that are or may be operations in breach of customs legislation which the applicant authority needs for the purposes of this Protocol.

4. Duly authorised officials of a Party may, with the agreement of the other Party involved and within the conditions laid down by the latter, be present at enquiries carried out in the latter's territory.

*Article 8***Form in which information is to be communicated**

1. The requested authority shall communicate results of enquiries to the applicant authority in writing together with relevant documents, certified copies or other items.

2. This information may be in computerised form.

3. Original documents shall be transmitted only upon request in cases where certified copies would be insufficient. These originals shall be returned at the earliest opportunity.

*Article 9***Exceptions to the obligation to provide assistance**

1. Assistance may be refused or may be subject to the satisfaction of certain conditions or requirements in cases where a Party is of the opinion that assistance under this Protocol would:

- (a) be likely to prejudice the sovereignty of Côte d'Ivoire or that of a Member State whose assistance has been requested pursuant to this Protocol; or
- (b) be likely to prejudice public policy, security or other essential interests, in particular in the cases referred to under Article 10(2); or
- (c) be likely to disclose an industrial, commercial or professional secret.

2. Assistance may be postponed by the requested authority on the ground that it will interfere with an ongoing investigation, prosecution or proceeding. In such a case, the requested authority shall consult with the applicant authority to determine whether assistance can be given subject to such terms or conditions as the requested authority may require.

3. Where the applicant authority seeks assistance which it would itself be unable to provide if so requested, it shall draw attention to that fact in its request. It shall then be for the requested authority to decide how to respond to such a request.

4. For the cases referred to in paragraphs 1 and 2, the decision of the requested authority and the reasons therefore must be communicated to the applicant authority without delay.

*Article 10***Exchange of information and confidentiality**

1. Any information communicated in whatever form pursuant to this Protocol shall be of a confidential or restricted nature, depending on the rules applicable in each of the Parties. It shall be covered by the obligation of official secrecy and shall enjoy the protection extended to similar information under the relevant laws of the Party that received it and the corresponding provisions applying to the Community authorities.

2. Personal data may be exchanged only where the Party which may receive it undertakes to protect such data in at least an equivalent way to that applicable to that particular case in the Party which may supply it. To that end, the Parties shall inform each other of their applicable rules, including, where appropriate, legal provisions in force in the Member States of the Community.

**▼B**

3. The use, in judicial or administrative proceedings instituted in respect of operations in breach of customs legislation, of information obtained under this Protocol, is considered to be for the purposes of this Protocol. Therefore, the Parties may, in their records of evidence, reports and testimonies and in proceedings and charges brought before the courts, use as evidence information obtained and documents consulted in accordance with the provisions of this Protocol. The competent authority which supplied that information or gave access to those documents shall be notified of such use.

4. Information obtained shall be used solely for the purposes of this Protocol. Where one of the Parties wishes to use such information for other purposes, it shall obtain the prior written consent of the authority which provided the information. Such use shall then be subject to any restrictions laid down by that authority.

*Article 11***Experts and witnesses**

An official of a requested authority may be authorised to appear, within the limitations of the authorisation granted, as an expert or witness in judicial or administrative proceedings regarding the matters covered by this Protocol, and produce such objects, documents or certified copies thereof, as may be needed for the proceedings. The request for appearance must indicate specifically before which judicial or administrative authority the official must appear, on what matters and by virtue of what capacity or qualification he/she will be questioned.

*Article 12***Assistance expenses**

The Parties shall waive all claims on each other for the reimbursement of expenses incurred pursuant to this Protocol, except, as appropriate, for the expenses of experts and witnesses, and those for interpreters and translators who are not public service employees.

*Article 13***Implementation**

1. The implementation of this Protocol shall be entrusted, on the one hand, to the customs authorities of Côte d'Ivoire and, on the other hand, to the competent departments of the Commission of the European Communities and, where appropriate, the customs authorities of the Member States of the European Community. They shall decide on all practical measures and arrangements necessary for its application, taking into consideration the rules in force in particular in the field of data protection. They may recommend to the competent bodies amendments which they consider should be made to this Protocol.

**▼B**

2. The Parties shall consult each other and keep each other informed of the detailed rules of implementation which are adopted in accordance with the provisions of this Protocol.

*Article 14***Other agreements**

1. Taking into account the respective competencies of the European Community and the Member States, the provisions of this Protocol shall:

- not affect the obligations of the Parties under any other international agreement or convention,
- be deemed complementary to agreements on mutual assistance which have been or may be concluded between individual Member States of the European Community and Côte d'Ivoire,
- not affect the Community provisions governing the communication between the competent services of the Commission of the European Communities and the customs authorities of the Member States of any information obtained in the fields covered by this Protocol which could be of interest to the Community.

2. Notwithstanding the provisions of paragraph 1, the provisions of this Protocol shall take precedence over the provisions of any bilateral agreement on mutual assistance which has been or may be concluded between individual Member States and Côte d'Ivoire insofar as the provisions of the latter are incompatible with those of this Protocol.

3. In respect of questions relating to the applicability of this Protocol, the Parties shall consult each other to resolve the matter in the framework of the EPA Committee set up under Article 73 of the stepping stone Economic Partnership Agreement between Cote d'Ivoire and the European Community and its Member States.

▼ M2

4. The customs authorities may make the granting of the authorisation referred to in paragraphs 1 and 2 of this Article subject to any conditions deemed appropriate.
5. The method shall be applied and its use shall be recorded on the basis of the general accounting principles applicable in the country where the product was manufactured.

7. The customs authorities shall monitor the use made of the authorisation and may withdraw it whenever the beneficiary makes improper use of the authorisation in any manner whatsoever or fails to fulfil any of the other conditions laid down in this Protocol.

For the application of Article 21(1)(b) and Article 26(3) of this Protocol in cases where products are invoiced in a currency other than euro, amounts in the national currencies of Côte d'Ivoire, of the Member States of the European Union or of the other countries or territories referred to in Articles 6, 7 and 8 of this Protocol equivalent to the amounts expressed in euro shall be fixed annually by each of the countries concerned.

The national currency equivalent may be retained unchanged if the conversion would result in a decrease in that equivalent value.
5. The amounts expressed in euro shall be reviewed by the Committee at the request of the European Union or of Côte d'Ivoire. When carrying out this review, the Committee shall consider the desirability of preserving the effects of the limits concerned in real terms. 1. In order to ensure the proper application of this Protocol, the European Union, Côte d'Ivoire and the other countries referred to in Articles 6, 7 and 8 of this Protocol shall ensure, through their competent customs authorities, that the authenticity of the movement certificates EUR.1, the origin declarations or the supplier's declarations and the accuracy of the information given in these documents are checked. ▼ M2*Article 35***Verification of proof of origin**

1. Subsequent verifications of proof of origin shall be carried out on the basis of a risk analysis, by random sampling or whenever the customs authorities of the importing country have reasonable doubts as to the authenticity of such documents, the originating status of the products concerned or compliance with the other requirements of this Protocol.
2. For the purposes of implementing paragraph 1 of this Article, the customs authorities of the importing country shall return the movement certificate EUR.1 and the invoice, if it has been submitted, the origin declaration, or a copy of these documents, to the customs authorities of the exporting country giving, where appropriate, the reasons for the request for verification. Any documents and information obtained suggesting that the information given on the proof of origin is incorrect shall be forwarded in support of the request for verification.
3. The verification shall be carried out by the customs authorities of the exporting country. For that purpose, they shall have the right to call for any evidence and to carry out any inspection of the exporter's accounts or any other check considered appropriate.
4. If the customs authorities of the importing country decide to suspend the granting of preferential treatment to the products concerned while awaiting the results of the verification, release of the products shall be offered to the importer subject to any precautionary measures deemed necessary.
5. The customs authorities requesting the verification shall be informed of the results thereof as soon as possible. Those results must indicate clearly whether the documents are authentic and whether the products concerned can be considered as products originating in Côte d'Ivoire, in the European Union or in one of the other countries referred to in Articles 6, 7 and 8 of this Protocol and fulfil the other requirements of this Protocol.
6. If in cases of reasonable doubt there is no reply within ten (10) months of the date of the verification request or if the reply does not contain sufficient information to determine the authenticity of the document in question or the real origin of the products, the requesting customs authorities shall, except in exceptional circumstances, refuse entitlement to the preferences.

**▼ M2**

2. The customs authorities to which a supplier's declaration is submitted may request the customs authorities of the State where the declaration was made out to issue an information certificate, a specimen of which appears in Annex VI to this Protocol. Alternatively, the certifying authorities to which a supplier's declaration is submitted may request that the exporter produce an information certificate issued by the customs authorities of the State where the declaration was made out.

A copy of the information certificate shall be preserved by the office which has issued it for at least three (3) years.

3. The customs authorities requesting the verification shall be informed of the results thereof as soon as possible. The results must indicate clearly whether the information given in the supplier's declaration is correct and make it possible for them to determine whether and to what extent this supplier's declaration could be taken into account for issuing a movement certificate EUR.1 or for making out an origin declaration.

4. The verification shall be carried out by the customs authorities of the country where the supplier's declaration was made out. For this purpose, they shall have the right to call for any evidence or to carry out any inspection of the supplier's account or any other check which they consider appropriate in order to verify the accuracy of the supplier's declaration.

2. In all cases the settlement of disputes between the importer and the customs authorities of the importing country shall take place under the legislation of that country.

*Article 38***Penalties**

Penalties shall be imposed on any person who draws up, or causes to be drawn up, a document which contains inaccurate information for the purpose of obtaining preferential treatment for products.

▼ M2*Article 39***Free zones**

1. Côte d'Ivoire and the European Union shall take all necessary steps to ensure that products traded under cover of a proof of origin or a supplier's declaration and which in the course of transport use a free zone situated in their territory, are not substituted by other goods and do not undergo handling other than normal operations designed to prevent their deterioration.

2. By way of derogation from paragraph 1 of this Article, when products originating in Côte d'Ivoire or in the European Union are imported into a free zone under cover of a proof of origin and undergo treatment or processing, the authorities concerned shall issue a new movement certificate EUR.1 at the exporter's request if the treatment or processing undergone complies with the provisions of this Protocol.

*Article 40***Derogations**

1. Derogations from this Protocol may be adopted by the Committee where the development of existing industries or the creation of new industries in Côte d'Ivoire justifies them. To that end, Côte d'Ivoire shall, before or when it submits the matter to the Committee, notify the European Union of its request together with the reasons for the request in accordance with paragraph 2 of this Article. The European Union shall respond positively to all requests by Côte d'Ivoire which are duly justified in accordance with this Article and which cannot cause serious injury to an established EU industry.

2. In order to facilitate the examination by the Committee of requests for derogation, Côte d'Ivoire shall, by means of the form set out in Annex VII to this Protocol, furnish in support of its request the fullest possible information covering in particular the points listed below:

- (a) description of the finished product;
- (b) nature and quantity of materials originating in a third country;
- (c) nature and quantity of materials originating in Côte d'Ivoire or in the States or territories referred to in Article 7 of this Protocol or the materials which have been processed there;
- (d) manufacturing processes;
- (e) value added;
- (f) number of employees in the undertaking concerned;
- (g) anticipated volume of exports to the European Union;
- (h) other possible sources of supply for raw materials;

**▼ M2**

- (i) reasons for the duration requested in the light of efforts made to find new sources of supply;
- (j) other observations.

The same rules shall apply to any requests for extension.

The Committee may modify the form.

3. The examination of requests shall in particular take into account:

- (a) the level of development or the geographical situation of Côte d'Ivoire;
- (b) cases where the application of the existing rules of origin would significantly affect the ability of an existing industry in Côte d'Ivoire to continue exporting to the European Union, with particular reference to cases where this could lead to cessation of its activities;
- (c) specific cases where it can be clearly demonstrated that significant investment in an industry could be deterred by the rules of origin and where a derogation favouring the implementation of an investment programme would enable these rules to be complied with in stages.

4. In all cases, an examination shall be carried out to ascertain whether the rules relating to cumulation of origin do not provide a solution to the problem.

5. In the examination of requests, special account shall be taken, on a case-by-case basis, of the possibility of conferring originating status on products which include in their composition materials originating in neighbouring developing countries, least-developed countries or developing countries with which Côte d'Ivoire has special relations, provided that administrative cooperation can be established.

6. The Committee shall take all the necessary steps to ensure that a decision is reached as soon as possible and in any case not later than seventy five (75) working days after the request is received by the EU Co-Chair of the Committee. If the European Union does not inform Côte d'Ivoire of its position on the request within this period, the request shall be deemed to have been accepted.

- 7. (a) Derogations shall be valid for a period, generally of five (5) years, to be determined by the Committee.
- (b) The derogation decision may provide for renewals without a new decision of the Committee being necessary, provided that Côte d'Ivoire submits, three (3) months before the end of each period, proof that it is still unable to meet the conditions of this Protocol which have been derogated from.

▼ M2

If any objection is made to the extension, the Committee shall examine it as soon as possible and decide whether to extend the derogation. The Committee shall proceed as provided for in paragraph 7 of this Article. All necessary measures shall be taken to avoid interruptions in the application of the derogation.

- (c) In the periods referred to in subparagraphs (a) and (b), the Committee may review the terms for implementing the derogation should a significant change be found to have taken place in the substantive factors governing the decision to grant the derogation. On conclusion of its review the Committee may decide to amend the terms of its decision as regards the scope of the derogation or any other condition previously laid down.

8. Notwithstanding paragraphs 1 to 7 of this Article, the automatic derogations for canned tuna and tuna loins of HS heading 1604 shall be granted only for a period of two (2) years from the date of entry into force of this Protocol, within the limits of an annual degressive quota of 2 000 tonnes in the first year and 1 000 in the second year for canned products and an annual quota of 200 tonnes for tuna loins.

## ANNEX I

**INTRODUCTORY NOTES TO THE LIST IN ANNEX II TO THE  
PROTOCOL***Note 1:*

The list in Annex II to this Protocol sets out, for all products, the requisite conditions for the products to be considered as sufficiently worked or processed within the meaning of Article 4 of the Protocol.

*Note 2:*

1. The first two columns in the list describe the product obtained. The first column gives the heading number or chapter number used in the Harmonised System and the second column gives the description of goods used in that system for that heading or chapter. For each entry in the first two columns, a rule is specified in columns 3 or 4. Where, in some cases, the entry in the first column is preceded by an 'ex', this signifies that the rules in columns 3 or 4 apply only to the part of that heading as described in column 2.
2. Where several heading numbers are grouped together in column 1 or a chapter number is given and the description of products in column 2 is therefore given in general terms, the adjacent rules in column 3 or 4 apply to all products which, under the Harmonised System, are classified in headings of the chapter or in any of the headings grouped together in column 1.
3. Where there are different rules in the list applying to different products within a heading, each indent contains the description of that part of the heading covered by the adjacent rules in columns 3 or 4.
4. Where, for an entry in the first two columns, a rule is specified in both columns 3 and 4, the exporter may opt to apply either the rule set out in column 3 or that set out in column 4. If no origin rule is given in column 4, the rule set out in column 3 has to be applied.

*Note 3:*

1. The provisions of Article 4 of this Protocol, concerning products having acquired originating status which are used in the manufacture of other products, apply regardless of whether this status has been acquired inside the factory where these products are used or in another factory in the European Union or in Côte d'Ivoire.

For example:

An engine of heading 8407, for which the rule states that the value of the non-originating materials which may be incorporated may not exceed 40% of the ex-works price, is made from 'other alloy steel roughly shaped by forging' of heading ex 7224.

If that forging has been forged in the European Union from a non-originating ingot, it has already acquired originating status by virtue of the rule for heading ex 7224 in the list. The forging can then count as originating in the value calculation for the engine, regardless of whether it was produced in the same factory or in another factory in the European Union. The value of the non-originating ingot is thus not taken into account when adding up the value of the non-originating materials used.

▼ M2

2. The rule in the list represents the minimum amount of working or processing required, and the carrying out of more working or processing also confers originating status; conversely, the carrying out of less working or processing cannot confer originating status. In other words, if a rule provides that non-originating material, at a certain level of manufacture, may be used, the use of such material at an earlier stage of manufacture is allowed, and the use of such material at a later stage is not.
  
3. Without prejudice to Note 3.2, where a rule states that 'materials of any heading' may be used, materials of the same heading as the product may also be used, subject, however, to any specific limitations which may also be contained in the rule. However, the expression 'manufacture from materials of any heading, including other materials of heading ...' means that only materials classified in the same heading as the product of a description other than that of the product as given in column 2 of the list may be used.
  
4. When a rule in the list specifies that a product may be manufactured from more than one material, this means that one or more materials may be used. It does not require that all be used.

For example:

The rule for fabrics of headings 5208 to 5212 indicates that natural fibres may be used and that chemical materials, among other materials, may also be used. This does not mean that both have to be used; it is possible to use one or the other or both.

5. Where a rule in the list specifies that a product must be manufactured from a particular material, the condition obviously does not prevent the use of other materials which, because of their inherent nature, cannot satisfy the rule (see also Note 6.3 below in relation to textiles).

For example:

The rule for prepared foods of heading 1904, which specifically excludes the use of cereals and their derivatives, does not prevent the use of mineral salts, chemicals and other additives which are not produced from cereals.

However, this does not apply to products which, although they cannot be manufactured from the particular materials specified in the list, can be produced from a material of the same nature at an earlier stage of manufacture.

For example:

In the case of an article of apparel of ex Chapter 62 of the Harmonised System made from non-woven materials, if the use of only non-originating yarn is allowed for this class of article, it is not possible to start from non-woven cloth – even if non-woven cloths cannot normally be made from yarn. In such cases, the starting material would normally be at the stage before yarn — that is the fibre stage.

**▼ M2**

6. Where, in a rule in the list, two percentages are given for the maximum value of non-originating materials that can be used, then those percentages may not be added together. In other words, the maximum value of all the non-originating materials used may never exceed the higher of the percentages given. Furthermore, the individual percentages must not be exceeded in relation to the particular materials to which they apply.

*Note 4:*

1. The term 'natural fibres' is used in the list to refer to fibres other than artificial or synthetic fibres. It is restricted to the stages before spinning takes place, including waste, and, unless otherwise specified, includes fibres which have been carded, combed or otherwise processed, but not spun.
2. The term 'natural fibres' includes horsehair of heading 0511, silk of headings 5002 and 5003 as well as wool fibres and fine or coarse animal hair of headings 5101 to 5105, cotton fibres of headings 5201 to 5203 and other vegetable fibres of headings 5301 to 5305.
3. The terms 'textile pulp', 'chemical materials' and 'paper-making materials' are used in the list to describe the materials not classified in Chapters 50 to 63 of the Harmonised System which can be used to manufacture artificial, synthetic or paper fibres or yarns.
4. The term 'man-made staple fibres' is used in the list to refer to synthetic or artificial filament tow, staple fibres or waste, of headings 5501 to 5507.

*Note 5:*

1. Where, for a given product in the list, reference is made to this Note, the conditions set out in column 3 shall not be applied to any basic textile materials used in the manufacture of this product, which, taken together, represent 10% or less of the total weight of all the basic textile materials used (see also Notes 5.3 and 5.4 below.)
2. However, the tolerance mentioned in Note 5.1 may only be applied to mixed products which have been made from two or more basic textile materials.

The following are the basic textile materials:

- silk,
- wool,
- coarse animal hair,
- fine animal hair,
- horsehair,
- cotton,
- paper-making materials and paper,
- flax,
- true hemp,

▼ M2

- jute and other textile bast fibres,
- sisal and other textile fibres of the genus *Agave*,
- coconut, abaca, ramie and other vegetable textile fibres,
- synthetic man-made filaments,
- artificial man-made filaments,
- current conducting filaments,
- synthetic man-made staple fibres of polypropylene,
- synthetic man-made staple fibres of polyester,
- synthetic man-made staple fibres of polyamide,
- synthetic man-made staple fibres of polyacrylonitrile,
- synthetic man-made staple fibres of polyimide,
- synthetic man-made staple fibres of polytetrafluoroethylene,
- synthetic man-made staple fibres of polyphenylene sulphide,
- synthetic man-made staple fibres of polyvinyl chloride,
- other synthetic man-made staple fibres,
- artificial man-made staple fibres of viscose,
- other artificial man-made staple fibres,
- yarn made of polyurethane segmented with flexible segments of polyether whether or not gimped,
- yarn made of polyurethane segmented with flexible segments of polyester whether or not gimped,
- products of heading 5605 (metallised yarn) incorporating strip consisting of a core of aluminium foil or of a core of plastic film whether or not coated with aluminium powder, of a width not exceeding 5 mm, sandwiched by means of a transparent or coloured adhesive between two layers of plastic film,
- other products of heading 5605.

For example:

A yarn of heading 5205 made from cotton fibres of heading 5203 and synthetic staple fibres of heading 5506 is a mixed yarn. Therefore, non-originating synthetic staple fibres that do not satisfy the origin rules (which require manufacture from chemical materials or textile pulp) may be used up to a weight of 10 % of the yarn.

For example:

A woollen fabric of heading 5112 made from woollen yarn of heading 5107 and synthetic yarn of staple fibres of heading 5509 is a mixed fabric. Therefore, synthetic yarn which does not satisfy the origin rules (which require manufacture from chemical materials or textile pulp) or woollen yarn which does not satisfy the origin rules (which require manufacture from natural fibres, not carded or combed or otherwise prepared for spinning) or a combination of the two may be used, provided that their total weight does not exceed 10 % of the weight of the fabric.

**▼ M2**

For example:

Tufted textile fabric of heading 5802 made from cotton yarn of heading 5205 and cotton fabric of heading 5210 is only a mixed product if the cotton fabric is itself a mixed fabric made from yarns classified in two separate headings or if the cotton yarns used are themselves mixtures.

For example:

If the tufted textile fabric concerned had been made from cotton yarn of heading 5205 and synthetic fabric of heading 5407, then, obviously, the yarns used are two separate basic textile materials and the tufted textile fabric is, accordingly, a mixed product.

3. In the case of products incorporating ‘yarn made of polyurethane segmented with flexible segments of polyether, whether or not gimped’, the tolerance is 20 % in respect of this yarn.
4. In the case of products incorporating ‘strip consisting of a core of aluminium foil or of a core of plastic film whether or not coated with aluminium powder, of a width not exceeding 5 mm, sandwiched by means of an adhesive between two layers of plastic film’, the tolerance is 30 % in respect of the strip.

*Note 6:*

1. In the case of those textile products which are marked in the list by a footnote referring to this Introductory Note, textile trimmings and accessories which do not satisfy the rule set out in the list in column 3 for the made up products concerned may be used provided that their weight does not exceed 10 % of the total weight of all the textile materials incorporated.

The textile trimmings and accessories concerned are those classified in Chapters 50 to 63 of the Harmonised System. Linings and interlinings are not be regarded as trimmings or accessories.

2. Any non-textile trimmings and accessories or other materials used which contain textiles do not have to satisfy the conditions set out in column 3 even though they fall outside the scope of Note 3.5.
3. In accordance with Note 3.5, any non-originating non-textile trimmings and accessories or other product which do not contain any textiles may, in all cases, be used freely where they cannot be made from the materials listed in column 3.

For example <sup>(1)</sup>, if a rule in the list says that for a particular textile item, such as a blouse, yarn must be used, this does not prevent the use of metal items, such as buttons, because they cannot be made from textile materials.

4. Where a percentage rule applies, the value of trimmings and accessories must be taken into account when calculating the value of the non-originating materials incorporated.

<sup>(1)</sup> This example is given for explanatory purposes only. It is not legally binding.

2. For the purposes of headings 2710 to 2712, the 'specific processes' are as follows:
  - (a) vacuum distillation;
  - (b) redistillation by a very thorough fractionation process <sup>(3)</sup>;
  - (c) cracking;
  - (d) reforming;

**▼ M2**

- (l) in respect of heavy oils falling within heading ex 2710 only, treatment with hydrogen at a pressure of more than 20 bar and a temperature of more than 250 °C with the use of a catalyst, other than to effect desulphurisation, when the hydrogen constitutes an active element in a chemical reaction. Further treatment with hydrogen of lubricating oils falling within heading ex 2710 (e.g. hydrofinishing or decolourisation) in order, more especially, to improve colour or stability shall not, however, be deemed to be a specific process;
  - (m) in respect of fuel oils falling within heading ex 2710 only, atmospheric distillation, on condition that less than 30 % of these products distils, by volume, including losses, at 300 °C by the ASTM D 86 method;
  - (n) in respect of heavy oils other than gas oils and fuel oils falling within heading ex 2710 only, treatment by means of a high-frequency electrical brush-discharge.
3. For the purposes of headings ex 2707, 2713 to 2715, ex 2901, ex 2902 and ex 3403, simple operations such as cleaning, decanting, desalting, water separation, filtering, colouring, marking, obtaining a sulphur content as a result of mixing products with different sulphur contents, any combination of these operations or like operations do not confer origin.
