

COUNCIL REGULATION (EEC) No 524/77

of 14 March 1977

opening, allocating and providing for the administration of a Community tariff quota for preserved pineapples, in slices, half slices or spirals, originating in developing countries

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament ⁽¹⁾,

Whereas in the Joint Declaration of Intent on the development of trade relations with Sri Lanka, India, Malaysia, Pakistan and Singapore ⁽²⁾, the Community declared its readiness to seek solutions to the problems which may arise in the field of trade with the countries referred to;

Whereas in respect of several Asian countries of the Commonwealth and particularly as regards Malaysia, preserved pineapples are an important export product and the flow of trade in such products is likely to be changed as a result of the enlargement of the Community; whereas the system of generalized tariff preferences may constitute a solution to problems of this nature; whereas certain forms of preserved pineapples should therefore be included in the system of generalized preferences;

Whereas, within the context of UNCTAD, the European Economic Community offered to grant tariff preferences on certain processed agricultural products of Chapters 1 to 24 of the Common Customs Tariff originating in developing countries; whereas the preferential treatment proposed in that offer consists, in respect of certain goods which are subject to the trade arrangements laid down in Regulation (EEC) No 1059/69, of a reduction in the fixed component of the charge applicable to such goods by virtue of

that Regulation, and, in respect of products which are subject to the single customs duty, of a reduction in such duty; whereas preferential imports of the products concerned could be effected without quantitative restrictions; whereas it appears appropriate, however, in view of the sensitiveness of the preserved fruit and vegetable sector generally and of the need to safeguard the interests of the ACP States in this field, to lay down for preserved pineapples, in slices, half slices or spirals, special conditions consisting in a reduction of the customs duty applicable to that product within the limits of a Community tariff quota;

Whereas the offer made by the Community includes a clause stating that the Community drew up the offer on the assumption that all the main industrialized countries which are members of the OECD would participate in granting preferences and would make similar efforts in this direction; whereas, moreover, it is evident from the conclusions worked out in UNCTAD that this offer, while being of a temporary nature, does not constitute a binding commitment and, in particular, may be withdrawn wholly or in part at a later date; whereas this possibility may be adopted *inter alia* with a view to remedying any unfavourable situations which might arise in the ACP States following the implementation of the generalized preference scheme;

Whereas tariff preferences have been applied as from the second half of 1971; whereas it is expedient to continue to apply them throughout 1977;

Whereas it is expedient, therefore, that the Community should open for 1977 in respect of the said products, originating in the countries and territories listed in the Annex, a Community tariff quota limited to 28 000 tonnes and at a customs duty of 15%, increased by the levy on sugar where the sugar content exceeds 17% by weight in the case of products falling within subheading ex 20.06 B II a) 5 aa), and 19% by weight in the case of products falling within subheading ex 20.06 B II b) 5 aa);

⁽¹⁾ OJ No C 30, 7. 2. 1977, p. 25.

⁽²⁾ OJ No L 73, 27. 3. 1972, p. 195.

Whereas, in accordance with Protocol 23 to the Act of Accession⁽¹⁾, the generalized tariff preference scheme became fully applicable in the new Member States on 1 January 1974;

Whereas, for the said products, this scheme would, however, involve the application in the new Member States in 1977 of customs duties higher than or very close to those which will be applied by the new Member States to non-member countries in general on the basis of the provisions of the abovementioned Act; whereas this situation would comply neither with the spirit nor with the very nature of the generalized preference scheme; whereas, in order to maintain an equivalent preferential margin for these products, also, reduced customs duties should be applied to them, in accordance with detailed rules based on the principle of maintaining, in the new Member States, a preference proportional to that which exists between the duties of the Common Customs Tariff and the duties given in Article 1 to this Regulation; whereas, with a view to granting the beneficiary developing countries the best possible treatment, in accordance with the objectives of the preference scheme, the duties given in the abovementioned Article 1 should also be applied wherever the duties calculated according to the abovementioned detailed rules prove to be higher than them;

Whereas the benefit of this tariff quota should be reserved for products originating in the countries and territories under consideration, the concept of 'originating products' being determined in accordance with the procedure laid down in Article 14 of Council Regulation (EEC) No 802/68 of 27 June 1968 on the common definition of the concept of the origin of goods⁽²⁾;

Whereas it is necessary to ensure equal and continuous access for all Community importers to the abovementioned quota and the uninterrupted application of the rate laid down for this quota to all imports of the products concerned into all Member States until this quota is used up; whereas having regard to the principles set out above, the Community nature of the quota can be respected by allocating the Community tariff quota among Member States; whereas, moreover, to this end and in the context of the utilization system, the actual charges against the quota may relate only to products which have been entered for home use and which are accompanied by a certificate of origin;

Whereas the statistical data available cover only a relatively brief period, and they should be weighted on the basis of the estimates which may be made for the quota year; whereas the percentage of the shares of the quota amount may be drawn up as follows:

Germany	35.1%
Benelux	13.0%
France	1.0%
Italy	2.8%
Denmark	2.7%
Ireland	1.0%
United Kingdom	44.4%

Whereas, without affecting the Community nature of the tariff quota under consideration, it appears possible to provide temporarily for a utilization scheme based on a single allocation among the Member States; whereas, moreover, the allocation set out by this Regulation in no way prejudices the possibility of adopting the general method of allocation of Community tariff quotas comprising the setting up of a reserve share; whereas at this transitional stage it appears feasible that such allocation could be made according to the percentage set out in the above table;

Whereas the percentage for the shares of the Member States in the Community tariff quotas, in view of their duration and their amount, does not appear in this instance to compromise the equal access for Community importers to Community tariff quotas; whereas for this same reason it would appear expedient to allow each Member State to choose the system for administering its share;

Whereas since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united in and represented by the Benelux Economic Union, all transactions concerning the administration of the share allocated to that economic union may be carried out by any one of its members,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1977, a Community tariff quota of 28 000 tonnes shall be opened by the Community for the imports of preserved pineapples in slices, half slices or spirals, falling within the following subheadings of the Common Customs Tariff: ex 20.06 B II a) 5, ex 20.06

⁽¹⁾ OJ No L 73, 27. 3. 1972, p. 14.

⁽²⁾ OJ No L 148, 28. 6. 1968, p. 1.

B II b) 5, ex 20.06 B II c) 1 dd) and ex 20.06 B II c) 2 bb). Within this tariff quota the customs duty shall be suspended at 15%, increased by the levy on sugar where the sugar content exceeds 17% by weight in the case of products falling within subheading ex 20.06 B II a) 5 aa), and 19% by weight in the case of products falling within subheading ex 20.06 B II b) 5 aa).

On importation into Denmark, Ireland and the United Kingdom, there shall be applied to the abovementioned products the customs duty obtained by multiplying, by a coefficient equal to the margin of preferences existing between the duty of 15% given in paragraph 1 and the Common Customs Tariff duties applicable, the duties obtained by reducing by 80% the difference between the lowest duty applied on 1 January 1972 to the developing countries set out in the Annex and the Common Customs Tariff.

However, the duty of 15% given in the first subparagraph shall be applied when the customs duty resulting from the abovementioned calculation is higher than it.

2. The benefit of this tariff quota shall be reserved for the products originating in the countries and territories listed in the Annex. However, the imports already benefiting from exemption of customs duties under another preferential tariff scheme granted by the Community shall not be charged to this quota.

For the purpose of implementing this Regulation the concept of originating products shall be determined in accordance with the procedure laid down in Article 14 of Regulation (EEC) No 802/68.

Article 2

The Community tariff quotas mentioned in Article 1 shall be allocated in shares which in respect of each Member State shall be of the amount indicated below:

Germany	9 820 tonnes,
Benelux	3 640 tonnes,
France	280 tonnes,
Italy	780 tonnes,
Denmark	770 tonnes,
Ireland	280 tonnes,
United Kingdom	12 430 tonnes.

Article 3

1. The Member States shall ensure free access to each of the shares which have been allocated to them for importers of the products concerned who are established on their territory.

2. The extent to which the shares of Member States have been used up shall be determined on the basis of imports of the said goods which have been entered for home use, and which are accompanied by a certificate of origin in accordance with the rules referred to in Article 1 (2).

3. Goods may qualify for a tariff quota only if the certificate of origin referred to in paragraph 2 is submitted before the date on which the levying of duties is re-introduced.

Article 4

Member States shall inform the Commission at monthly intervals of imports of the products in question charged against their shares. This information shall cover both the value expressed in units of account and quantity expressed in tonnes.

Article 5

If the Community should find that the products benefiting under the arrangements provided for in Article 1 are being imported into the Community in quantities or at prices such as to put or be likely to put Community producers of similar or directly competitive products at a serious disadvantage or to create an unfavourable situation in the ACP States, the customs duties applied within the Community may be re-introduced in part or in full for imports of the products in question from the country or countries or territory or territories which are the cause of such disadvantage. Such measures may also be taken in the event of a serious disadvantage, either actual or foreseeable, which is confined to a single region of the Community.

Article 6

1. In order to ensure that Article 5 is applied, the Commission may, by way of a Regulation, re-introduce Common Customs Tariff duties for a fixed period.

2. If the Commission has acted at the request of a Member State, the former shall give its decision within a maximum period of 10 working days from the date of receipt of the request and shall inform the Member State of the action taken.

3. Each Member State may refer the measure taken by the Commission to the Council within a period of 10 working days following the date it was notified. The fact that the matter has been referred to the Council shall not constitute the suspension of the measure. The Council shall meet without delay. Acting on a qualified majority, it may amend or repeal the measure in question.

Article 7

The provisions of Articles 5 and 6 shall not prejudice the application of the safeguard clauses drawn up in connection with the common agricultural policy pursuant to Article 43 of the Treaty or those drawn up in connection with the common commercial policy pursuant to Article 113 of the Treaty.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 14 March 1977.

Article 8

1. Council Regulation (EEC) No 3029/76 of 13 December 1976 opening, allocating and providing for the administration of a Community tariff quota for preserved pineapples, in slices, half slices or spirals, originating in developing countries⁽¹⁾, is hereby repealed.

2. All references to the Regulation repealed by virtue of paragraph 1 shall be treated as references to this Regulation.

Article 9

This Regulation shall enter into force on 1 April 1977.

For the Council

The President

J. SILKIN
