

COUNCIL REGULATION (EEC) No 926/79**of 8 May 1979****on common rules for imports**

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the instruments establishing common organization of agricultural markets and to the instruments concerning processed agricultural products adopted in pursuance of Article 235 of the Treaty, in particular the provisions of those instruments which allow for derogation from the general principle that all quantitative restrictions or measures having equivalent effect may be replaced solely by the measures provided for in those same instruments,

Having regard to the proposal from the Commission,

Whereas the common commercial policy must be based on uniform principles; whereas the import rules established by Regulation (EEC) No 1439/74 ⁽¹⁾ are an important aspect of that policy;

Whereas the common liberalization list drawn up under Regulation (EEC) No 1439/74 and amended by Regulations (EEC) No 3279/75 ⁽²⁾ and (EEC) No 516/77 ⁽³⁾ is the starting point for common rules in this field; whereas this list may be extended by decision of the Council to include other products and other third countries;

Whereas the products contained in the common liberalization list must not be subject to any quantitative restriction;

Whereas the Commission must, however, be informed by the Member States of any danger created by trends in imports which might call for protective measures;

Whereas it is essential that examination should take place at Community level, and within an advisory committee, of import terms and conditions, of import

trends, of the various aspects of the economic and commercial situation, and of the measures, if any, to be taken;

Whereas it may become apparent from this examination that there should be either Community surveillance or surveillance at national level over certain of these imports;

Whereas in this case the putting into free circulation of the products concerned should be made subject to production of an import document satisfying uniform criteria; whereas that document must, on declaration or on simple application by the importer, be issued or endorsed by the authorities of the Member States within a certain period but without the importer thereby acquiring any right to import; whereas the document must therefore be valid only during such period as the import rules remain unchanged;

Whereas it is in the interest of the Community that the Member States and the Commission should make as full an exchange as possible of information resulting from either Community surveillance or surveillance at national level;

Whereas it is for the Council to adopt the protective measures called for by the interests of the Community; whereas to this end, the Commission should submit proposals to the Council which have regard for existing international obligations; whereas, therefore, protective measures against a country which is a contracting party to GATT may be considered only if the product in question is imported into the Community in such greatly increased quantities and on such terms or conditions as to cause, or threaten to cause, substantial injury to Community producers of like or directly competing products, unless international obligations permit derogation from this rule;

Whereas experience has shown that trade practices may in certain cases call for a more accelerated protective procedure; whereas the Community must therefore be able to provide appropriate protection until such time as a decision taken by the Council enters into force;

Whereas a speedier procedure than normal should therefore be provided for as a safeguard against

⁽¹⁾ OJ No L 159, 15. 6. 1974, p. 1.

⁽²⁾ OJ No L 326, 18. 12. 1975, p. 1.

⁽³⁾ OJ No L 73, 21. 3. 1977, p. 1.

unforeseen practices; whereas the need for rapid and effective action makes it justifiable for the Commission to be empowered, without prejudice to the subsequent position of the Council, to adopt emergency measures;

Whereas Member States should be empowered, in certain circumstances and provided that their actions are on an interim basis only, to take protective measures individually;

Whereas Articles 14 (6) and 16 (1) of Regulation (EEC) No 1439/74 provide that the Council shall decide on the adjustments to be made to that Regulation;

Whereas such adjustments should be made primarily for the purpose of greater uniformity of rules for imports, particularly in respect of those imports hitherto not included in the common liberalization list; whereas provision should therefore be made to liberalize such imports, except in those Member States which still make them subject to quantitative restrictions which they have notified to the Commission;

Whereas the conditions under which Member States may make certain changes to their rules for those imports not hitherto included in the common liberalization list should be determined as transitional measures; whereas, in order to prevent these unilateral changes from constituting barriers to the implementation of the common commercial policy and from injuring the interests of the Community or of one of its Member States, they should be made subject to prior consultation and, if necessary, to an authorization procedure; whereas additional procedures for changes to the rules for such imports should also be drawn up;

Whereas, furthermore, the experience acquired in implementing Regulation (EEC) No 1439/74 has shown that consultation procedures should be simplified, surveillance measures rationalized and safeguard clauses amended to a limited extent;

Whereas the Regulation thus amended should be published in its entirety, and the liberalization list updated,

HAS ADOPTED THIS REGULATION:

TITLE I

General principles

Article 1

1. Importation into the Community of the products included in the common liberalization list

contained in column 1 of Annex I and originating in any third country included in the list of countries contained in Annex II, shall be free, that is to say not subject to any quantitative restriction.

2. Importation of the products included in column 2 of Annex I, originating in one of the third countries referred to in paragraph 1, shall be free in the Member States indicated opposite these products.

Article 2

1. The Council may, acting by a qualified majority on a proposal from the Commission, resolve that column 1 of Annex I be extended to include further products or that Annex II be extended to include other third countries, if it considers that such action is not liable to create a situation where the application of protective measures would be justified.

2. Where the Commission notes that, by virtue of the revocation of a quantitative restriction by a Member State, a product is liberalized throughout the Community, it may decide to include that product in the common liberalization list, unless a Member State, in the course of consultation to be carried out beforehand in accordance with Article 5 (4), requests that a proposal within the meaning of paragraph 1 of this Article be submitted to the Council.

TITLE II

Community information and consultation procedure

Article 3

1. Member States shall inform the Commission of any danger resulting from trends in imports which appear to call for measures of surveillance or protective measures.

2. The Commission shall inform the other Member States forthwith.

Article 4

Consultations may be held, either at the request of a Member State or on the initiative of the Commission. They shall take place within eight working days following receipt by the Commission of the information provided for in Article 3 and, in any event, before the introduction of any measure of surveillance or protective measure by the Community.

Article 5

1. Consultation shall take place within an advisory committee (hereinafter called 'the Committee') which shall consist of representatives of each Member State with a representative of the Commission as chairman.
2. The Committee shall meet when convened by its chairman. He shall provide the Member States, as promptly as possible, with all relevant information.
3. Consultation shall cover in particular:
 - (a) terms and conditions of importation, import trends, and the various aspects of the economic and commercial situation as regards the product in question;
 - (b) the measures, if any, to be adopted.
4. Consultations may be in writing if necessary. The Commission shall in this event inform the Member States, which may express their opinion or request oral consultations within a period of five to eight working days to be decided by the Commission.

Article 6

1. In order to enable the Commission to assess the economic and commercial situation as regards a particular product, Member States shall, on request and in such form and manner as the Commission shall determine, supply the latter with information concerning developments on the market in that product.
2. The Commission shall inform the other Member States.

TITLE III

Surveillance

Article 7

1. Where developments on the market in respect of a product originating in a third country listed in Annex II threaten to cause injury to Community producers of like or directly competing products and the interests of the Community so require, importation of that product may be made subject, as the case may be, to:
 - (a) retrospective Community surveillance carried out according to the procedures laid down in the Decision referred to in paragraph 2, or

- (b) prior Community surveillance carried out according to the procedures laid down in Article 8.

In these cases the product together with the indication 'EUR' shall be entered in column 3 of Annex I.

2. Where the decision to impose surveillance is taken simultaneously with the inclusion of the product in column 1 of Annex I, that decision shall be taken by the Council, acting by a qualified majority on a proposal from the Commission. In all other cases it shall be taken by the Commission and Article 12 (5) shall apply.
3. The surveillance measures shall be of limited duration. Unless otherwise provided, they shall cease to be valid at the end of the second half calendar year following that in which they were introduced.

Article 8

1. Products under prior Community surveillance may be put into free circulation only on production of an import document. Such document shall be issued or endorsed by Member States, free of charge, for any quantity requested and within a maximum of five working days following submission, in accordance with the national laws in force, either of a declaration or simply of an application by any Community importer, regardless of his place of business in the Community, without prejudice to the observance of the other conditions required by the regulations in force.
2. Subject to any provision to the contrary made when surveillance was imposed and under the procedure there followed, the declaration or application by the importer must give:
 - (a) the name and address of the importer;
 - (b) a description of the product with the following particulars:
 - commercial description,
 - tariff heading, or reference number, of the product in the goods nomenclature used for foreign trade purposes by the country concerned,
 - country of origin,
 - exporting country;
 - (c) the cif price free-at-frontier and the quantity of the product in units customarily used in the trade in question;

(d) the proposed date or dates as well as the place or places of importation.

Member States may request further particulars.

3. Paragraph 2 shall not preclude the putting into free circulation of the product in question if the unit price at which the transaction is effected exceeds that indicated in the import document, or if the total value or quantity of the products to be imported exceeds the value or quantity given in the import document by less than 5 %. The Commission, having heard the opinions expressed in the Committee and taking account of the nature of the products and other special features of the transactions concerned, may fix a different percentage, which, however, should not normally exceed 10 %.

4. Import documents may be used only for such time as arrangements for the liberalization of imports remain in force in respect of the transactions concerned and in any event not beyond the expiry of a period laid down, with regard for the nature of the products and other special features of the transactions, at the same time, and by means of the same procedure, as the imposition of surveillance.

5. Where the decision taken under Article 7 so requires, the origin of products under Community surveillance must be proved by a certificate of origin. This paragraph shall not prejudice other provisions concerning the production of any such certificate.

6. Where the product under prior Community surveillance is not liberalized in a Member State, the import authorization granted by that Member State may replace the aforementioned import document.

Article 9

1. Where importation of a product has not been made subject to prior Community surveillance within a period of eight working days following the end of consultations, the Member State, having informed the Commission under Article 3 (1) may carry out surveillance over such importation at national level.

2. In cases of extreme urgency the Member State may carry out surveillance at national level after informing the Commission in accordance with Article 3. The latter shall inform the other Member States.

3. The Commission shall be informed, upon the entry into force of the surveillance, of the detailed

rules for its application and shall amend Annex I by means of a notice published in the *Official Journal of the European Communities*, by entering the name of the Member State opposite the product in question in column 3 of that Annex.

Article 10

Products under national surveillance may be put into free circulation only on production of an import document. Such document shall be issued or endorsed by the Member State, free of charge, for any quantity requested and within a maximum of five working days following submission of a declaration or simply of an application by any Community importer, regardless of his place of business in the Community, without prejudice to the observance of the other conditions required by the regulations in force. Import documents may be used only for such time as arrangements for the liberalization of imports remain in force in respect of the transactions concerned.

Article 11

1. Member States shall communicate to the Commission within the first 10 days of each month in the case of Community surveillance and within the first 20 days of each quarter in the case of national surveillance:

- (a) in the case of prior surveillance, details of the sums of money (calculated on the basis of cif prices) and quantities of goods in respect of which import documents were issued or endorsed during the preceding period;
- (b) in every case, details of imports during the period preceding the period referred to in subparagraph (a).

The information supplied by Member States shall be broken down by product and by countries.

Different provisions may be laid down at the same time and by the same procedure as the surveillance arrangements.

2. Where the nature of the products or special circumstances so require, the Commission may, at the request of a Member State or on its own initiative, amend the timetables for submitting this information.

3. The Commission shall inform the Member States.

TITLE IV

Protective measures

Article 12

1. Where a product is imported into the Community in such greatly increased quantities and/or on such terms or conditions as to cause, or threaten to cause, substantial injury to Community producers of like or directly competing products, and where a critical situation, in which any delay would cause injury which it would be difficult to remedy, calls for immediate intervention in order to safeguard the interests of the Community, the Commission may, acting at the request of a Member State or on its own initiative:

- (a) limit the period of validity of import documents within the meaning of Article 8 to be issued or endorsed after the entry into force of this measure;
- (b) alter the import rules for that product by providing that it may be put into free circulation only on production of an import authorization, the granting of which shall be governed by such provisions and subject to such limits as the Commission shall lay down pending action, if any, by the Council under Article 13.

The measures referred to in (a) and (b) shall take effect immediately.

2. Where the establishment of a quota constitutes a withdrawal of liberalization, account shall be taken in particular of:

- the desirability of maintaining, as far as possible, traditional trade flows,
- the volume of goods exported under contracts concluded on normal terms and conditions before the entry into force of a protective measure within the meaning of this Title, where such contracts have been notified to the Commission by the Member State concerned,
- the need to avoid jeopardizing achievement of the aim pursued in establishing the quota.

3. (a) The measures referred to in this Article shall apply to every product which is put into free circulation after their entry into force. They may be limited to imports intended for certain regions of the Community.

(b) However, such measures shall not prevent the putting into free circulation of products

already on their way to the Community provided that the destination of such products cannot be changed and that those products which, under Articles 7 and 8 may be put into free circulation only on production of an import document are in fact accompanied by such a document.

4. Where intervention by the Commission has been requested by a Member State, the Commission shall take a decision within a maximum of five working days of receipt of such request.

5. Any decision taken by the Commission under this Article shall be communicated to the Council and to the Member States. Any Member State may, within one month following the day of communication, refer such decision to the Council.

6. If a Member State refers the decision taken by the Commission to the Council, the Council shall, by a qualified majority, confirm, amend or revoke the decision of the Commission.

If within three months of the referral of the matter to the Council, the latter has not given a decision, the measure taken by the Commission shall be deemed revoked.

Article 13

1. Where the interests of the Community so require, the Council may, acting by a qualified majority on a proposal from the Commission, adopt appropriate measures:

- (a) to prevent a product being imported into the Community in such greatly increased quantities and/or on such terms or conditions as to cause, or threaten to cause, substantial injury to Community producers of like or directly competing products;
- (b) to allow the rights and obligations of the Community or of all its Member States to be exercised and fulfilled at international level, in particular those relating to trade in primary products.

2. Article 12 (2) and (3) shall apply.

3. Where measures taken under Title IV established quantitative restrictions, the product affected shall be indicated in column 4 of Annex I with, where necessary, a designation of the Member States concerned.

Restrictive arrangements for textiles shall be indicated in column 5 of Annex I.

Article 14

1. In the following cases a Member State may, as an interim protective measure, alter the import rules for a particular product by providing that it may be put into free circulation only on production of an import authorization, the granting of which shall be governed by such provisions and subject to such limits as that Member State shall lay down:

- (a) where there exists in its territory a situation such as that defined as regards the Community in Article 12 (1);
 - (b) where such measure is justified by a protective clause contained in a bilateral agreement between the Member State and a third country.
2. (a) The Member State shall inform the Commission and the other Member States by telex of the reasons for and the details of the proposed measures. The Commission and the other Member States shall treat this information in strictest confidence. The Commission shall forthwith convene the Committee. The Member State may take these measures after having heard the opinions expressed by the Committee.
- (b) Where a Member State claims that the matter is especially urgent, consultations shall take place within a period of five working days following information transmitted to the Commission: at the end of this period, the Member State may take these measures. During this period the Member State may make imports of the product in question subject to production of an import authorization to be granted under the procedure and within the limits to be laid down at the end of the said period.

3. The Commission shall be notified by telex of the measures immediately following their adoption.

4. The notification shall be equivalent to a request within the meaning of Article 12 (4). The measures shall operate only until the coming into operation of the decision taken by the Commission. However, where the Commission decides not to introduce any measure or adopts measures pursuant to Article 12, different from those taken by the Member State, its decision shall apply as from the sixth day following its entry into force, unless the Member State which has taken the measures refers the decision to the Council; in that case, the national measures shall continue to operate until the entry into force of the

decision taken by the Council, but in no case beyond the expiry of a period of one month following referral of the matter to the latter. The Council shall take a decision before the expiry of that period.

5. This Article shall apply until 31 December 1981. Before 31 December 1980, the Commission shall propose to the Council amendments to be made to it. The Council shall act, before 31 December 1981, by a qualified majority, upon the Commission proposal. However, the provisions relating to protective measures justified by a safeguard clause contained in a bilateral agreement shall not be affected by that time limit.

Article 15

1. While any measure of surveillance or protective measure applied in accordance with Titles III and IV is in operation, consultations within the Committee shall be held, either at the request of a Member State or on the initiative of the Commission. The purpose of such consultations shall be:

- (a) to examine the effects of the measure;
- (b) to ascertain whether its application is still necessary.

2. Where, as a result of the consultations referred to in paragraph 1, the Commission considers that any measure referred to in Article 7, 9, 12 or 13 should be revoked or amended it shall proceed as follows:

- (a) where the Council has acted on a measure, the Commission shall propose that it be revoked or amended; the Council shall act by a qualified majority;
- (b) in all other cases, the Commission shall amend or revoke Community protective measures and measures of surveillance. Where this decision concerns national measures of surveillance, it shall apply as from the sixth day following its entry into force, unless the Member State which has taken the measure refers it to the Council; in that case the national measure shall continue to operate until the entry into force of the decision taken by the Council, but in no event after the expiry of a period of three months following referral of the matter to the latter. The Council shall act before the expiry of that period.

TITLE V

Transitional and final provisions

Article 16

1. By 31 December 1981 at the latest, the Council shall decide on the adjustments to be made to this

Regulation for the purpose of greater uniformity of rules for imports. The Council shall act by a qualified majority on a proposal from the Commission and with due regard to the progress of the common commercial policy, in particular following the conclusion of Community trade agreements.

2. Pending these adjustments:

- (a) in so far as standardization between the areas of liberalization has not been wholly realized, Member States may subject imports of products not included in the Annex to Council Regulation (EEC) No 925/79 of 8 May 1979 on common rules for imports from State-trading countries⁽¹⁾ to the requirement that not only the country of origin but also the country of purchase or the country of export shall be listed in Annex II; for the Federal Republic of Germany, this shall apply also to those products included in the Annex to the abovementioned Regulation whose importation is not yet exempted in respect of all third countries, under German import arrangements, from the requirement of an import authorization;
- (b) the Italian Republic may subject imports of products originating in Egypt, Yugoslavia and Japan to the requirement that the country of origin shall be the same as the country of export;
- (c) import documents required for Community surveillance under Article 8 shall be valid only in the Member State which issued or endorsed them;
- (d) the Benelux countries and the Italian Republic may retain the automatic-licence or import-declaration formalities currently applied by them to imports originating in Japan and Hong Kong;
- (e) the Member States listed in column 3 of Annex I opposite the products marked with an asterisk may retain national surveillance over imports of such products, including imports under automatic licences; Article 9, Article 10, last sentence, Article 11 and Article 15 shall not be applicable;
- (f) this Regulation shall not preclude the continuance of measures taken by the Italian Republic — pursuant to the Ministerial Decree of 31 October 1962, including the list annexed thereto (Tabella A import), and the subsequent amendments to it — making subject to special

authorization the importation of articles, machinery and equipment, whether used or new but in poorly maintained condition, falling within heading No 73.24, Chapters 84 to 87 and 93 or subheading 97.04 B of the Common Customs Tariff.

Article 17

- 1. The Member States other than those indicated in column 2 of Annex I opposite the products listed therein may retain the quantitative restrictions which they notified to the Commission at the date of entry into force of this Regulation.
- 2. Where a Member State intends to make a unilateral change to its import arrangements for a product not included on the common list of liberalized products, it shall inform the Commission and the other Member States thereof.
- 3. (a) At the request of the Commission or a Member State, the measures referred to in paragraph 2 shall be the subject of prior consultation within the Committee.
 - (b) If the Commission does not request consultation within five working days after receiving the information referred to in paragraph 2 and has received no requests for consultation from a Member State by the end of that period, it shall inform the Member State concerned, which may then put the proposed measure into effect.
 - (c) In other cases, the consultation procedure shall commence within five working days after the expiry of the period provided for in (b).
- 4. (a) If after consultation no objection has been raised by the other Member States or by the Commission, the Commission shall forthwith inform the Member State concerned, which may put the measure into effect immediately.
 - (b) In other cases, the Member State concerned may not put the proposed measure into effect until three weeks after the opening of the consultation.
 - (c) If, within this period, the Commission submits to the Council, under Article 113 of the Treaty, a proposal meeting the objections raised, the proposed measure may not be put into effect until the Council has acted.

⁽¹⁾ See page 1 of this Official Journal.

5. In cases of extreme urgency, the following provisions shall apply:

- (a) liberalization may be withdrawn or a quota abolished or reduced without prior consultation but after the transmission of information referred to in paragraph 2;
- (b) when a quota has been exhausted and the economic requirements of a Member State call for additional imports from the non-member country or countries benefiting from the quota the Member State concerned may, without prior notification, open additional import facilities up to a maximum of 20 % of the quantity or value of the exhausted quota; it shall forthwith inform the Commission and the other Member States thereof. The emergency procedure laid down in this paragraph shall not apply once the opening of negotiations with the non-member country concerned has been authorized;
- (c) at the request of any Member State or of the Commission, subsequent consultation under the terms of paragraph 3 shall be held on measures taken by a Member State under this paragraph.

6. Article 14 shall not apply to products which are the subject of the procedure described in this Article. This shall also be the case for the provisions of Article 11 concerning the communication of the results of national surveillance.

7. Where a Member State intends to make a unilateral change to its import arrangements for a petroleum product which is referred to in Article 3 of Council Regulation (EEC) No 802/68 of 27 June 1968 on the common definition of the concept of the origin of goods⁽¹⁾, and which is other than one of those included in the common liberalization list, it shall inform the Commission and the other Member States thereof. The procedure laid down in paragraphs 3, 4 and 5 shall be applicable; the other provisions of this Regulation shall not apply to such products.

8. The Benelux countries may, where they are mentioned in column 3 of Annex I opposite a product other than one included on the common liberalization list and marked with an asterisk, retain the automatic licence formality as currently applied

by them; such licences shall be issued, free of charge, for any quantity requested and simply on submission of an application by any Community importer, regardless of his place of business in the Community; Article 10 shall not apply to these products.

9. From 31 December 1981, the procedure described in paragraphs 2 to 6 shall no longer apply to any measures withdrawing liberalization envisaged by a Member State for a product listed in column 2 of Annex I which can be imported freely into that Member State. After that date, the introduction of such national measures shall be governed only by Title IV, with the exception of Article 14 (5) which shall not apply here.

Article 18

Without prejudice to other Community provisions, this Regulation shall not preclude the adoption or application by Member States:

- (a) of prohibitions, quantitative restrictions or measures of surveillance on grounds of public morality, public policy or public security; the protection of health and life of humans, animals or plants; the protection of national treasures possessing artistic, historic or archaeological value, or the protection of industrial and commercial property;
- (b) of special formalities concerning foreign exchange;
- (c) of formalities introduced pursuant to international agreements in accordance with the Treaty.

Article 19

1. This Regulation shall be without prejudice to the operation of the instruments establishing the common organization of agricultural markets or of Community or national administrative provisions derived therefrom or of the specific instruments adopted under Article 235 of the Treaty applicable to goods resulting from the processing of agricultural products; it shall operate by way of complement to those instruments.

2. However, in the case of products covered by such instruments, Articles 7 to 11 and 15 shall not

⁽¹⁾ OJ No L 148, 28. 6. 1968, p. 1.

apply to those in respect of which the Community rules on trade with third countries require the production of a licence or other import document, and Articles 12, 14 and 15 shall not apply to those in respect of which such rules make provision for the application of quantitative import restrictions.

Article 20

The Commission shall publish at regular intervals an updated text of Annex I, which will take account of Acts adopted in accordance with this Regulation both by the Community and by Member States. The Commission shall be informed of the introduction, amendment or repeal of all national measures.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 8 May 1979.

Article 21

Regulation (EEC) No 1439/74 and Decision 72/455/EEC ⁽¹⁾ are hereby repealed.

References to the repealed Regulation shall be understood as referring to this Regulation.

Article 22

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

For the Council

The President

P. BERNARD-REYMOND

⁽¹⁾ OJ No L 299, 31. 12. 1972, p. 46.

ANNEX I

SIGNIFICANCE OF THE INFORMATION DESIGNATED BY NUMBER IN ANNEX I

- (¹) Commission Regulation (EEC) No 3020/77 of 30 December 1977 on the arrangements for imports of certain products originating in Taiwan.
Commission Regulation (EEC) No 2604/78 of 26 October 1978 amending the arrangements for the importation of certain textile products originating in Taiwan.
- (²) Council Regulation (EEC) No 846/77 of 25 April 1977 concerning import arrangements for certain jute products originating in the Republic of India.
- (³) Council Regulation (EEC) No 1393/77 of 27 June 1977 concerning import arrangements for certain jute products originating in the People's Republic of Bangladesh.
- (⁴) Council Regulation (EEC) No 2463/77 of 7 November 1977 concerning import arrangements into the Benelux countries of jute yarn originating in Thailand, and repealing Regulation (EEC) No 1278/77.
- (⁶) Council Regulation (EEC) No 3059/78 of 21 December 1978 on common rules for imports of certain textile products originating in third countries.
- (¹²) Commission Regulation (EEC) No 1251/78 of 12 June 1978 making the import of certain textile products from certain third countries subject to Community surveillance, extended by Regulation (EEC) No 10/79 of 29 December 1978.
- (¹³) Commission Regulation (EEC) No 10/79 of 29 December 1978 extending the period of validity of Regulation (EEC) No 1251/78 making the import of certain textile products from certain third countries subject to Community surveillance.
- (¹⁴) Community rules conforming to the MFA replacing former national rules.
- (¹⁵) Commission Regulation (EEC) No 646/75 of 13 March 1975 establishing Community surveillance over imports of slide fasteners, extended by Regulation (EEC) No 2988/78 of 18 December 1978.
- (¹⁶) Commission Regulation (EEC) No 3353/75 of 23 December 1975 establishing Community surveillance on the importation of certain live plants and floricultural products originating in various countries.
- (¹⁷) Commission Regulation (EEC) No 440/77 of 1 March 1977 establishing Community surveillance over imports of certain phosphate fertilizers, extended by Regulation (EEC) No 2988/78 of 18 December 1978.
- (²⁰) See Protocol 7 of the Act of Accession concerning the importation of motor vehicles into Ireland.
- (²¹) Excluding transmitting apparatus and television image apparatus using processes other than magnetic.
