

**COMMISSION DECISION****of 27 November 1980****authorizing the French Republic not to apply Community treatment to parkas, anoraks, windcheaters, waister jackets and the like, woven, originating in the Philippines****(Only the French text is authentic)****(80/1198/EEC)**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular the first paragraph of Article 115 thereof,

Having regard to Commission Decision 80/47/EEC of 20 December 1979 on surveillance and protective measures which Member States may be authorized to take in respect of imports of certain products originating in third countries and put into free circulation in other Member States <sup>(1)</sup>, and in particular Article 3 thereof,

Whereas on 21 November 1980 a request was made under the first paragraph of Article 115 of the Treaty by the French Government to the Commission of the European Communities for authorization not to apply Community treatment to parkas, anoraks, windcheaters, waister jackets and the like, woven, falling within subheadings ex 61.01 B IV and ex 61.02 B II of the Common Customs Tariff (category 21), originating in the Philippines and in free circulation in the other Member States;

Whereas the importation into the Community of the products in question originating in the Philippines is covered by an Agreement negotiated between the Community and that country; whereas under that Agreement the Philippines have undertaken to take all necessary steps to limit their exports of the products in question to the Community within certain ceilings;

Whereas, in order to implement that Agreement and take account of its characteristics, the Council adopted Regulation (EEC) No 3059/78 <sup>(2)</sup>, as last amended by Commission Regulation (EEC) No 3063/79 <sup>(3)</sup>, introducing specific common rules for imports of certain textile products;

Whereas the differences in market conditions within the Community and the particular sensitivity of this branch of Community industry have been taken into account in allocating the abovementioned Community ceiling between the Member States;

Whereas for this reason disparities still exist between the conditions governing the importation of the products in question into the different Member States; whereas uniformity can only be brought about gradually;

Whereas these disparities in the commercial policy measures applied by the Member States have resulted in deflections of trade, in that since 1 January 1980 France has admitted the products in question in free circulation, originating in the said third country, amounting to approximately 32 % of the direct quota;

Whereas total imports of the products in question originating in third countries have increased from 33 910 000 pieces in 1978 to 42 560 000 pieces in 1979;

Whereas the prices of the products in question originating in the Philippines are considerably below the prices of like products manufactured in France;

Whereas further indirect imports, in addition to those already admitted or planned, would be likely to aggravate these difficulties in the sector concerned and jeopardize the aims of the abovementioned commercial policy measures;

Whereas it is not possible to set in motion rapidly the machinery for bringing about the necessary cooperation from the other Member States;

Whereas authorization should accordingly be given for the application of protective measures under the first paragraph of Article 115, subject to the conditions laid down in Decision 80/47/EEC, and in particular Article 3 thereof;

Whereas an application for import documents covering 31 000 pieces is duly pending with the authorities of the Member State having made the request; whereas in view of the amount involved, this application does not need to be covered by such authorization,
