

COMMISSION REGULATION (EEC) No 131/91

of 18 January 1991

introducing a countervailing charge on fresh sweet oranges originating in Egypt

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables⁽¹⁾, as last amended by Regulation (EEC) No 3920/90⁽²⁾, and in particular the second subparagraph of Article 27 (2) thereof,

Whereas Article 25 (1) of Regulation (EEC) No 1035/72 provides that, if the entry price of a product imported from a third country remains at least ECU 0,6 below the reference price for two consecutive market days, a countervailing charge must be introduced in respect of the exporting country concerned, save in exceptional circumstances; whereas this charge is equal to the difference between the reference price and the arithmetic mean of the last two entry prices available for that exporting country;

Whereas Commission Regulation (EEC) No 3009/90 of 18 October 1990 fixing for the 1990/91 marketing year the reference prices for fresh sweet oranges⁽³⁾ fixed the reference price for products of class I for the period 1 December 1990 to 31 May 1991 at ECU 22,75 per 100 kilograms net;

Whereas the entry price for a given exporting country is equal to the lowest representative prices recorded for at least 30 % of the quantities from the exporting country concerned which are marketed on all representative markets for which prices are available less the duties and the charges indicated in Article 24 (3) of Regulation (EEC) No 1035/72 according to the dispositions of Regulation (EEC) No 3982/89 of 20 December 1989 altering the entry price for citrus fruit originating in certain Mediterranean third countries⁽⁴⁾; whereas the meaning of representative price is defined in Article 24 (2) of Regulation (EEC) No 1035/72;

Whereas, in accordance with Article 3 (1) of Regulation (EEC) No 2118/74⁽⁵⁾, as last amended by Regulation

(EEC) No 3811/85⁽⁶⁾, the prices to be taken into consideration must be recorded on the representative markets or, in certain circumstances, on other markets;

Whereas, for fresh sweet oranges originating in Egypt the entry price calculated in this way has remained at least ECU 0,6 below the reference price for two consecutive market days; whereas a countervailing charge should therefore be introduced for these fresh sweet oranges;

Whereas, if the system is to operate normally, the entry price should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the corrective factor provided for in the last paragraph of Article 3 (1) of Council Regulation (EEC) No 1676/85⁽⁷⁾, as last amended by Regulation (EEC) No 2205/90⁽⁸⁾,
- for the other currencies, an exchange rate based on an average of the ecu rates published in the *Official Journal of the European Communities*, C series, over a period to be determined, multiplied by the coefficient referred to in the preceding indent;

HAS ADOPTED THIS REGULATION:

Article 1

A countervailing charge of ECU 8,52 per 100 kilograms net is applied to fresh sweet oranges (CN code ex 0805 10) originating in Egypt.
