

## COMMISSION REGULATION (EEC) No 3401/92

of 26 November 1992

## fixing for the 1992/93 marketing year the reference price for clementines

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables<sup>(1)</sup>, as last amended by Regulation (EEC) No 1754/92<sup>(2)</sup>, and in particular Article 27 (1) thereof,

Having regard to Council Regulation (EEC) No 1677/85 of 11 June 1985 on monetary compensatory amounts in agriculture<sup>(3)</sup>, as last amended by Regulation (EEC) No 2205/90<sup>(4)</sup>, and in particular Article 6 (3) thereof,

Whereas Article 23 (1) of Regulation (EEC) No 1035/72 provides that reference prices for the whole Community are to be fixed each year before the beginning of the marketing year;

Whereas the importance of clementine production in the Community is such that a reference price must be fixed for that product;

Whereas the period during which clementines harvested during a given crop year are marketed extends from October to 15 May of the following year; whereas the quantities put on the market at the beginning and at the end of the marketing year represent only a relatively small percentage of that marketed over the whole marketing year; whereas the reference price should therefore be fixed only for the period running from 1 December to the last day of February of the following year;

Whereas the fixing of a single reference price valid for the whole marketing year appears to be the solution most suited to the particular nature of the Community market in the product in question;

Whereas Article 23 (2) (b) of Regulation (EEC) No 1035/72 stipulates that reference prices are to be fixed at the same level as for the preceding marketing year, adjusted, after deducting the amount referred to in paragraph 2 (a) of that Article and the standard cost of transporting Community products between production areas

and Community consumption centres in the preceding year, by:

- the increase in production costs for fruit and vegetables, less productivity growth, and
- the amount referred to in paragraph 2 (a) of that Article,
- the standard rate of transport costs in the current marketing year;

Whereas the resulting figure may nevertheless not exceed the arithmetic mean of producer prices in each Member State, with regard to Article 23, of the amount referred to in paragraph 2 (a), plus transport costs for the current year, after this amount has been increased by the rise in production costs less productivity growth; whereas the reference price may, however, not be lower than in the preceding marketing year;

Whereas producer prices are to correspond to the average of the prices recorded on the representative market or markets situated in the production areas where prices are lowest, during the three years prior to the date on which the reference price is fixed, for a home-grown product with defined commercial characteristics, being a product or variety representing a substantial proportion of the production marketed over the year or over part thereof and satisfying specified requirements as regards market preparation; whereas, when the average of prices recorded on each representative market is being calculated, prices which could be considered excessively high or excessively low in relation to normal price fluctuations on that market are to be disregarded;

Whereas Article 6 of Regulation (EEC) No 1677/85 provides that agricultural prices fixed in ecus must be reduced when the amendment of the agricultural conversion rate takes effect at the beginning of the marketing year following a monetary realignment, as a result of the dismantlement of transferred monetary gaps; whereas, because of automatic dismantlement of the negative monetary gaps created by the realignments of 13 to 17 September 1992. It is necessary to divide the prices in ecus by the coefficient reducing agricultural prices fixed at 1,002650 by Article 2 of Commission Regulation (EEC) No 2735/92<sup>(5)</sup>; however, this adjustment cannot result in a lower level of the reference prices than the prices in force during the preceding marketing year pursuant to Article 23 (2) of Regulation (EEC) No 1035/72;

<sup>(1)</sup> OJ No L 118, 20. 5. 1972, p. 1.

<sup>(2)</sup> OJ No L 180, 1. 7. 1992, p. 23.

<sup>(3)</sup> OJ No L 164, 24. 6. 1985, p. 6.

<sup>(4)</sup> OJ No L 201, 31. 7. 1990, p. 9.

<sup>(5)</sup> OJ No L 277, 22. 9. 1992, p. 18.

Whereas the measures provided for in this Regulation are in accordance with the Management Committee for Fruit and Vegetables,

per 100 kilograms net of packed products of quality class I, of all sizes, shall, for the period 1 December 1992 to 28 February 1993, be : 59,57.

HAS ADOPTED THIS REGULATION :

*Article 1*

For the 1992/93 marketing year, the reference price for fresh clementines (CN code 0805 20 10) expressed in ecus

*Article 2*

This Regulation shall enter into force on 1 December 1992.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 26 November 1992.
