

COMMISSION DECISION

of 7 July 1999

on a common technical regulation for digital enhanced cordless telecommunications (DECT) equipment accessing the integrated services digital network (ISDN) (Version 2)

(notified under document number C(1999) 2027)

(Text with EEA relevance)

(1999/498/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Directive 98/13/EC of the European Parliament and of the Council of 12 February 1998 relating to telecommunications terminal equipment and satellite earth station equipment, including the mutual recognition of their conformity⁽¹⁾, and in particular Article 7(2), second indent, thereof,

- (1) Whereas the Commission has adopted measures identifying the type of terminal equipment for which a common technical regulation is required, as well as the associated scope statement according to Article 7(2), first indent;
- (2) Whereas the corresponding harmonised standards, or parts thereof, implementing the essential requirements which are to be transformed into common technical regulations should be adopted;
- (3) Whereas in order to ensure continuity of access to markets for manufacturers, it is necessary to allow for transitional arrangements regarding equipment approved according to national type-approval regulations;
- (4) Whereas the proposal has been submitted to the Committee (ACTE), according to article 29(2);
- (5) Whereas the common technical regulation to be adopted in this Decision is in accordance with the opinion of ACTE,

HAS ADOPTED THIS DECISION:

Article 1

1. This Decision shall apply to terminal equipment intended to be connected to a public telecommunications network and

⁽¹⁾ OJ L 74, 12.3.1998, p. 1.

falling within the scope of the harmonised standard identified in Article 2(1).

2. This Decision establishes a common technical regulation covering the attachment requirements for DECT equipment accessing the ISDN.

Article 2

1. The common technical regulation shall include the harmonised standard prepared by the relevant standardisation body implementing to the extent applicable the essential requirements referred to in Article 5(c) to 5(g) of Directive 98/13/EC. The reference to the standard is set out in Annex I, with exception of the requirements listed in Annex II.

2. Terminal equipment covered by this Decision shall comply with either the common technical regulation referred to in paragraph 1 or alternatively shall comply with the common technical regulations as defined in Commission Decisions 98/515/EC⁽²⁾ and 97/523/EC⁽³⁾ or 1999/310/EC⁽⁴⁾. In addition it shall meet the essential requirements referred to in Article 5(a) and (b) of Directive 98/13/EC, and shall meet the requirements of any other applicable Directives, in particular Council Directives 73/23/EEC⁽⁵⁾ and 89/336/EEC⁽⁶⁾.

Article 3

Notified bodies designated for carrying out the procedures referred to in Article 10 of Directive 98/13/EC shall, as regards terminal equipment covered by Article 1(1) of this Decision, use or ensure the use of the harmonised standard referred to in Annex I by the coming into force of this Decision or alternatively the harmonised standards referred to in the Annexes to Decisions 98/515/EC, 97/523/EC or 1999/310/EC.

⁽²⁾ OJ L 232, 19.8.1998, p. 7.

⁽³⁾ OJ L 215, 7.8.1997, p. 48.

⁽⁴⁾ OJ L 119, 7.5.1999, p. 57.

⁽⁵⁾ OJ L 77, 26.3.1973, p. 29.

⁽⁶⁾ OJ L 139, 23.5.1989, p. 19.

Article 4

This Decision is addressed to the Member States.

Done at Brussels, 7 July 1999.

For the Commission
Karel VAN MIERT
Member of the Commission

*ANNEX***Reference to the harmonised standard applicable**

The harmonised standard referred to in Article 2 of this decision is:

Digital enhanced cordless telecommunications (DECT); integrated services digital network (ISDN); attachment requirements for terminal equipment for DECT/ISDN interworking profile applications
