COMMISSION REGULATION (EC) No 2724/2000**of 30 November 2000****amending Council Regulation (EC) No 338/97 on the protection of species of wild fauna and flora by regulating trade therein**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 338/97 of 9 December 1996 on the protection of species of wild fauna and flora by regulating trade therein⁽¹⁾, as last amended by Commission Regulation (EC) No 1476/1999⁽²⁾, and in particular Article 19(3), thereof,

Whereas:

- (1) At the 11th session of the Conference of the Parties to the Convention on International Trade in Endangered Species of Wild Fauna and Flora, held in Gigiri (Kenya) from 10 to 20 April 2000, amendments were made to Appendices I and II to the Convention.
- (2) An amendment was made to Appendix III to the Convention.
- (3) The Member States, Parties to the Convention, have entered a reservation with respect to the listing of the species *Mustela altaica*, *Mustela kathiah* and *Mustela sibirica* in Appendix III to the Convention.

(4) Annexes A, B, C and D to Regulation (EC) No 338/97 should now be amended to incorporate these amendments, taking account of the provisions of Article 2 of Regulation 338/97.

(5) The measures provided for in this Regulation are in accordance with the opinion of the Committee on Trade in Wild Fauna and Flora established pursuant to Article 18 of Regulation (EC) No 338/97,

HAS ADOPTED THIS REGULATION:

Article 1

Annexes A, B, C and D to Regulation (EC) No 338/97 are hereby replaced by the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

This Regulation is binding in its entirety and directly applicable in all Member States.

Done at Brussels, 30 November 2000.

ANNEX

Notes on interpretation of Annexes A, B, C and D

1. Species included in these Annexes A, B, C and D are referred to:
 - (a) by the name of the species; or
 - (b) as being all of the species included in a higher taxon or designated part thereof.
2. The abbreviation 'spp.' is used to denote all species of a higher taxon.
3. Other references to taxa higher than species are for the purposes of information or classification only.
4. Species printed in bold in Annex A are listed there in consistency with their protection as provided for by Council Directive 79/409/EEC⁽¹⁾ ('Birds Directive') or Council Directive 92/43/EEC⁽²⁾ ('Habitats Directive').
5. The following abbreviations are used for plant taxa below the level of species:
 - (a) 'ssp' is used to denote subspecies;
 - (b) 'var(s)' is used to denote variety (varieties); and
 - (c) 'fa' is used to denote *forma*.
6. The abbreviation 'p.e.' is used to denote species that are possibly extinct.
7. An asterisk '*' placed against the name of a species or higher taxon indicated that one or more geographically separate populations, subspecies or species of that species or taxon are included in Annex A and are excluded from Annex B.
8. Two asterisks '**' placed against the name of a species or higher taxon indicate that one or more geographically separate populations, subspecies or species of that species or taxon are included in Annex B and are excluded from Annex A.
9. The symbols '(I)', '(II)' and '(III)' and the symbol 'x' followed by a number placed against the name of a species or higher taxon refer to the Appendices of the Convention in which the species concerned are listed, as indicated in notes 10 to 13. Where none of these annotations appears, the species concerned are not listed in the Appendices to the Convention.
10. (I) against the name of a species or higher taxon indicates that the species or higher taxon concerned is included in Appendix I to the Convention.
11. (II) against the name of a species or higher taxon indicates that the species or higher taxon concerned is included in Appendix II to the Convention.
12. (III) against the name of a species or higher taxon indicates that it is included in Appendix III to the Convention. In this case the country with respect to which the species or higher taxon is included in Appendix III is also indicated by a two-letter code as follows: BO (Bolivia), BR (Brazil), BW (Botswana), CA (Canada), CO (Colombia), CR (Costa Rica), GB (United Kingdom of Great Britain and Northern Ireland), GH (Ghana), GT (Guatemala), HN (Honduras), IN (India), MY (Malaysia), MU (Mauritius), NP (Nepal), TN (Tunisia) UY (Uruguay) and ZA (South Africa).
13. The symbol 'x' followed by a number placed against the name of a species or higher taxon in Annex A or B denotes that certain geographically separate populations, species, groups of species or families of that species or taxon are listed in Appendix I, II or III to the Convention, as follows:
 - ×701 The species is listed in Appendix II but subspecies *Cercocebus galeritus galeritus* is listed in Appendix I.
 - ×702 The species is listed in Appendix II but the subspecies *Procolobus pennantii kirkii* (also referenced as *Colobus bodius kirkii*) is listed in Appendix I

⁽¹⁾ OJ L 103, 25.4.1979, p. 1. Directive as last amended by Commission Directive 97/49/EC (OJ L 233, 13.8.1997, p. 9).

⁽²⁾ OJ L 206, 22.7.1992, p. 7. Directive as last amended by Council Directive 97/62/EC (OJ L 305, 8.11.1997, p. 42).

- ×703 All species are listed in Appendix II except *Lipotes vexillifer*, *Platanista* spp., *Bernardius* spp., *Hyperoodon* spp., *Physeter catodon* (includes synonym *Physeter macrocephalus*), *Sotalia* spp., *Sousa* spp., *Neophocaena phocaenoides*, *Phocoena sinus*, *Eschrichtius robustus* (includes synonym *Eschrichtius glaucus*), *Balaenoptera* spp. (except population of West Greenland of *Balaenoptera acutorostrata*), *Megaptera novaeangliae*, *Eubalaena* spp. (formerly included in genus *Balaena*) and *Caperea marginata* which are listed in Appendix I. Specimens of the species listed in Appendix II to the Convention, including products and derivatives other than meat products for commercial purposes, taken by the people of Greenland under licence granted by the competent authority concerned, shall be treated as belonging to Annex B.
 - ×704 Populations of Bhutan, India, Nepal and Pakistan are listed in Appendix I, other populations are listed in Appendix II.
 - ×705 Populations of Bhutan, China, Mexico and Mongolia and the subspecies *Ursus arctos isabellinus* are listed in Appendix I, other populations and subspecies listed in Appendix II.
 - ×706 *Trichechus inunguis* and *Trichechus manatus* are listed in Appendix I. *Trichechus senegalensis* is listed in Appendix II.
 - ×707 The species is listed in Appendix II but subspecies *Equus hemionus hemionus* is listed in Appendix I.
 - ×708 *Haliaeetus albicilla* and *Haliaeetus leucocephalus* are listed in Appendix I, the other species are listed in Appendix II.
 - ×709 The following species are listed in Appendix III: *Crax alberti*, *Crax daubentoni* and *Crax globulosa* for Colombia and *Crax rubra* for Colombia, Costa Rica, Guatemala and Honduras.
 - ×710 *Pauxi pauxi* is listed in Appendix III for Colombia.
 - ×711 The species is listed in Appendix II but subspecies *Grus canadensis nesiotis* and *Grus canadensis pulla* are listed in Appendix I.
 - ×712 *Vini ultramarina* is listed in Appendix I, the other species are listed in Appendix II.
14. The symbol ‘-’ followed by a number placed against the name of a species or higher taxon denotes that designated geographically separate populations, species, groups of species or families of that species or taxon are excluded from the annex concerned, as follows:
- 101 Populations of Spain north of the Duero, Greek populations north of the 39th parallel.
 - 102 Populations of Botswana, Namibia, South Africa and Zimbabwe
 - 103 Population of *Pecari tajacu* of Mexico and the United States of America
 - 104 — **Argentina:** the population of the Province of Jujuy and the semi-captive populations of the provinces of Jujuy, Salta, Catamarca, La Rioja and San Juan.
— **Bolivia:** the populations of the Conservation Units of Mauri-Desaguadero, Ulla Ulla and López-Chichas.
— **Chile:** part of the population of Parinacota Province, 1a. Region of Tarapacá
— **Peru:** the whole population
 - 105 Populations of Afghanistan, Bhutan, India, Myanmar, Nepal and Pakistan
 - 106 Cathartidae
 - 107 *Melopsittacus undulatus*, *Nymphicus hollandicus* and *Psittacula krameri*
 - 108 Population of *Rhea pennata pennata* of Argentina
 - 108a Population of Argentina
 - 109 Population of Ecuador, subject to a zero annual export quota until an annual export quota has been approved by the CITES Secretariat and the IUCN/SSC Crocodile Specialist Group
 - 110 Populations of Botswana, Ethiopia, Kenya, Madagascar, Malawi, Mozambique, South Africa, Uganda, the United Republic of Tanzania (subject to an annual export quota of no more than 1600 wild specimens including hunting trophies, in addition to ranched specimens), Zambia and Zimbabwe.
 - 111 Populations of Australia, Indonesia and Papua New Guinea
 - 112 Populations of Argentina and Chile.
 - 113 All species that are not succulent
 - 114 *Aloe vera*; also referenced as *Aloe barbadensis*.

15. The symbol '+' followed by a number placed against the name of a species or higher taxon denotes that only designated geographically separate populations, subspecies or species of that species or taxon are included in the annex concerned, as follows:

- +201 Populations of Spain north of the Duero, Greek populations north of the 39th parallel.
- +202 Populations of Cameroon and Nigeria
- +203 Population of Asia
- +204 Population of Central and North America
- +205 Populations of Bangladesh, India and Thailand
- +206 Population of India
- +207 Populations of Botswana, Namibia, South Africa and Zimbabwe
- +208 Population of South Africa
- +209 — **Argentina:** the population of the Province of Jujuy and the semi-captive populations of the Provinces of Jujuy, Salta, Catamarca, La Rioja and San Juan
- **Bolivia:** the populations of the Conservation Units of Mauri-Desaguadero, Ulla Ulla and Lipez-Chichas.
- **Chile:** part of the population of Parinacota Province, 1a. Region of Tarapacà
- **Peru:** the whole population
- +210 Populations of Afghanistan, Bhutan, India, Myanmar, Nepal and Pakistan
- +211 Population of Mexico
- +212 Populations of Algeria, Burkino Faso, Cameroon, Central African Republic, Chad, Mali, Mauritania, Morocco, Niger, Nigeria, Senegal and Sudan
- +213 Population of Argentina
- +214 Population of the Seychelles
- +215 Population of Europe, except the area which formerly constituted the USSR
- +216 Population of the Russian Federation
- +217 Populations of Argentina and Chile.
- +218 Populations of the Americas.

16. The symbol '=' followed by a number placed against the name of a species or higher taxon denotes that the name of that species or taxon shall be interpreted as follows:

- =301 Also referenced as *Phalanger maculatus*
- =302 Also referenced as *Vampyrops lineatus*
- =303 Includes family Tupaiidae
- =304 Formerly included in family Lemuridae

17. The symbol “°” followed by a number placed against the name of a species or higher taxon shall be interpreted as follows:
- °601 A zero annual export quota has been established. All specimens shall be deemed to be specimens of species included in Annex A and the provisions of this Regulation shall be applied to them accordingly.
- °602 A zero annual export quota has been established for *Manis crassicaudata*, *Manis pentadactyla* and *Manis javanica* for specimens removed from the wild and traded for primarily commercial purposes.
- °603 Specimens of the domesticated form are not subject to the provisions of the Regulation.
- °604 Annual export quotas for live specimens and hunting trophies are granted as follows:
- Botswana: 5
- Namibia: 150
- Zimbabwe: 50
- The trade in such specimens is subject to the provisions of Article 4.1 of the Regulation.
- °605 *Populations of Botswana, Namibia and Zimbabwe.*
- For the exclusive purpose of allowing: 1) export of hunting trophies for non-commercial purposes; 2) export of live animals to appropriate and acceptable destinations (Namibia: for non-commercial purposes only); 3) export of hides (Zimbabwe only); 4) export of leather goods and ivory carvings for non-commercial purposes (Zimbabwe only). All other specimens shall be deemed to be specimens of species included in Annex A and the provisions of this Regulation shall be applied to them accordingly. To ensure that where a) destinations for live animals are to be ‘appropriate and acceptable’ and/or b) the purpose of the import is to be ‘non-commercial’, export permits and re-export certificates may be issued only after the issuing Management Authority has received, from the Management Authority of the State of import, a certification to the effect that:
- in case a), in analogy to Article 4(l)(c) of the Regulation, the holding facility has been reviewed by the competent Scientific Authority, and the proposed recipient has been found to be suitably equipped to house and care for the animals; and/or
- in case b), in analogy to Article 4(l)(d), the Management Authority is satisfied that the specimens will not be used for primarily commercial purposes; and
- Population of South Africa*
- For the exclusive purpose of allowing: 1) trade in hunting trophies for non-commercial purposes; 2) trade in live animals for re-introduction purposes into protected areas formally proclaimed in terms of legislation of the importing country; 3) trade in hides and leather goods. Trade in raw ivory shall be whole tusks of government-owned stock originating from the Kruger National Park, subject to a zero quota. All other specimens shall be deemed to be specimens of species included in Appendix A and the trade in them shall be regulated accordingly.

- °606 For the exclusive purpose of allowing international trade in live animals to appropriate and acceptable destinations and hunting trophies. All other specimens shall be deemed to be specimens of species included in Annex A and the provisions of this Regulation shall be applied to them accordingly.
- °607 For the exclusive purpose of allowing international trade in wool sheared from live vicuñas of the populations included in Annex B (see +209), and the stock extant at the time of the ninth meeting of the Conference of the Parties (November 1994) in Peru of 3 249 kg of wool, and in cloth and items made thereof, including luxury handicrafts and knitted articles. The reverse side of the cloth and the selvages must bear the logotype adopted by the range states of the species, which are signatories to the Convenion para la Conservación y Manejo de la Vicuña, the words 'VICUNA — COUNTRY OF ORIGIN', depending on the country of origin. All other specimens shall be deemed to be specimens of species included in Annex A and the provisions of this Regulation shall be applied to them accordingly.
- °608 A zero annual export quota has been established for *Geochelone sulcata* for specimens removed from the wild and traded for primarily commercial purposes.
- °609 Designates, in addition to whole animals, fins and parts of fins only.
- °610 Fossils are not subject to the provisions of the Regulation.
- °611 Artificially propagated specimens of the following hybrids and/or cultivars are not subject to the provisions of the Regulation:
- Hatiora x graeseri*
Schlumbergera x buckleyi
Schlumbergera russelliana x Schlumbergera truncata
Schlumbergera orssichiana x Schlumbergera truncata
Schlumbergera opuntioides x Schlumbergera truncata
Schlumbergera truncata (cultivars)
- Gymnocalycium mihanovichii* (cultivars) forms lacking chlorophyll, grafted on the following grafting stocks: *Harrisia 'Jusbertii'*, *Hylocereus trigonus* or *Hylocereus undatus*
- Opuntia microdasys* (cultivars)
- °612 Artificially propagated specimens of cultivars of *Euphorbia trigona* are not subject to the provisions of the Regulation.
- °613 Seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers are not subject to the provisions of the Regulation.
- °614 Artificially propagated specimens of cultivars of *Cyclamen persicum* are not subject to the provisions of the Regulation. However, the exemption does not apply to such specimens traded as dormant tubers
18. In accordance with Article 2(t) of this Regulation, the symbol '#' followed by a number placed against the name of a species or higher taxon included in Annex B or C designates parts or derivatives which are specified in relation thereto for the purposes of the Regulation as follows:
- #1 designates all parts and derivatives, except:
- seeds, spores and pollen (including pollinia);
 - seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers, and
 - cut flowers of artificially propagated plants;
- #2 designates all parts and derivations, except:
- seeds and pollen;
 - seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers;
 - cut flowers of artificially propagated plants; and
 - chemical derivatives and finished pharmaceutical products;
- #3 designates whole and sliced roots and parts of roots, excluding manufactured parts or derivatives such as powders, pills, extracts, tonics, teas and confectionery;

- #4 designates all parts and derivatives, except:
 - (a) seeds, except those from Mexican cacti originating in Mexico, and pollen;
 - (b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers;
 - (c) cut flowers of artificially propagated plants;
 - (d) fruits and parts and derivatives thereof of naturalised or artificially propagated plants; and
 - (e) separate stem joints (pads) and parts and derivatives thereof of naturalised or artificially propagated plants of the genus *Opuntia* subgenus *Opuntia*;
 - #5 designates logs, sawn wood and veneer sheets;
 - #6 designates logs, wood-chips and unprocessed broken material;
 - #7 designates all parts and derivatives, except:
 - (a) seeds and pollen (including pollinia);
 - (b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers;
 - (c) cut flowers of artificially propagated plants; and
 - (d) fruits and parts and derivatives thereof of artificially propagated plants of the genus *Vanilla*.
19. As none of the species or higher taxa of FLORA included in Annex A is annotated to the effect that its hybrids shall be treated in accordance with the provisions of Article 4.1 of the Regulation, this means that artificially propagated hybrids produced from one or more of these species or taxa may be traded with a certificate of artificial propagation, and that seeds and pollen (including pollinia), cut flowers, seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers of these hybrids are not subject to the provisions of the Regulation.
20. In respect of fauna species listed in Annex D, the provisions, shall apply only to live specimens and whole or substantially whole, dead specimens except for taxa which are annotated as follows to show that other parts and derivatives are also covered:
- § 1 Any whole or substantially whole skins, raw or tanned;
 - § 2 Any feathers or any skin or other part with feathers on it.
21. In respect of flora species listed in Annex D, the provisions shall apply only to live specimens except for taxa which are annotated as follows to show that other parts and derivatives are also covered:
- § 3 Dried and fresh plants, including; leaves, roots/rootstock, stems, seeds/spores, bark and fruits.
