**COUNCIL REGULATION (EC) No 1116/2001  
of 5 June 2001**

**amending Regulation (EEC) No 3677/90 laying down measures to be taken to discourage the diversion of certain substances to the illicit manufacture of narcotic drugs and psychotropic substances**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 133 thereof,

Having regard to the proposal from the Commission,

Whereas:

- (1) Regulation (EEC) No 3677/90 <sup>(1)</sup> lays down measures to be taken to discourage the diversion of certain substances to the illicit manufacture of narcotic drugs and psychotropic substances.
- (2) The measures applicable to sassafras oil are currently interpreted in different ways in the Community, since it is regarded as a mixture containing safrole and is therefore controlled in some Member States, while other Member States regard it as a natural product not subject to controls. Inserting a reference to natural products in the definition of scheduled substance should resolve this discrepancy and therefore allow controls to be applied to sassafras oil. Only natural products from which scheduled substances can be easily extracted should be covered by the definition.
- (3) The establishment of a cooperation procedure is foreseen in the European Union's anti-drug action plan, approved by the Santa Maria da Feira European Council on 19 and 20 June 2000. To underpin cooperation between the authorities of the Member States and the chemical industry, in particular as regards substances which, although not covered by the rules on precursors, may be used in the illicit manufacture of synthetic drugs, the Commission should be given responsibility for drawing up guidelines to assist that industry.
- (4) The provisions of Regulation (EEC) No 3677/90 concerning the committee procedure should be amended to take account of Council Decision 1999/468/EC of 28 June 1999 laying down the procedures for

the exercise of implementing powers conferred on the Commission <sup>(2)</sup>.

- (5) Regulation (EEC) No 3677/90 should be amended accordingly,
