(2003/363/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

HAS ADOPTED THIS DECISION:

Having regard to the Treaty establishing the European Community,

Article 1

Having regard to Council Directive 2001/89/EC of 23 October 2001 on Community measures for the control of classical swine fever ⁽¹⁾, and in particular Article 16(1), thereof,

The plan submitted by Belgium for the eradication of classical swine fever in feral pigs in the areas referred to in the Annex is approved.

Whereas:

Article 2

(1) In November 2002 classical swine fever was confirmed in the feral pig population in Belgium.

Belgium shall bring into force the laws, regulations and administrative provisions for implementing the plan referred to in Article 1.

(2) In the light of the epidemiological situation, Belgium has submitted a plan for the eradication of classical swine fever in feral pigs in the concerned areas of Belgium.

Article 3

(3) The submitted plan has been examined and found to comply with the provisions of Directive 2001/89/EC and should therefore be approved.

This Decision is addressed to Belgium.

(4) For the sake of transparency it is appropriate to indicate in the present Decision the geographical areas of Belgium where the eradication plan shall be implemented.

Done at Brussels, 14 May 2003.

(5) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

For the Commission
