

COMMISSION REGULATION (EC) No 604/2003**of 2 April 2003****on periodical sales by tender of beef held by certain intervention agencies and intended for processing within the Community**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1254/1999 of 17 May 1999 on the common organisation of the market in beef and veal ⁽¹⁾, as last amended by Commission Regulation (EC) No 2345/2001 ⁽²⁾, and in particular Article 27(4), Article 28(2) and Article 41 thereof,

Whereas:

- (1) The application of intervention measures in respect of beef has created stocks in several Member States. In order to prevent an excessive prolongation of storage, part of these stocks should be sold by tender for processing in the Community.
- (2) The sale should be made subject to the rules laid down by Commission Regulation (EEC) No 2173/79 of 4 October 1979 on detailed rules of application for the disposal of beef bought in by intervention agencies and repealing Regulation (EEC) No 216/69 ⁽³⁾, as last amended by Regulation (EC) No 2417/95 ⁽⁴⁾, Commission Regulation (EEC) No 3002/92 of 16 October 1992 laying down common detailed rules for verifying the use and/or destination of products from intervention ⁽⁵⁾, as last amended by Regulation (EC) No 770/96 ⁽⁶⁾, and Commission Regulation (EEC) No 2182/77 of 30 September 1977 laying down detailed rules for the sale of frozen beef from intervention stocks for processing in the Community and amending Regulation (EEC) No 1687/76 ⁽⁷⁾, as last amended by Regulation (EC) No 2417/95, subject to certain special exceptions on account of the particular use to which the products in question are to be put.
- (3) With a view to ensuring a regular and uniform tendering procedure, measures should be taken in addition to those laid down in Article 8(1) of Regulation (EEC) No 2173/79.
- (4) Provision should be made for derogations from Article 8(2)(b) of Regulation (EEC) No 2173/79, in view of the administrative difficulties which application of this point creates in the Member States concerned.

- (5) In order to ensure a proper functioning of the tender arrangements it is necessary to provide for a higher amount of security than the one fixed in Article 15(1) of Regulation (EEC) No 2173/79.
- (6) On the basis of experience gained with regard to the disposal of bone-in intervention beef, it is necessary to reinforce the quality controls of the products before their delivery to the purchasers, in particular to ensure that the products comply with the provisions in Annex III of Regulation (EC) No 562/2000 of 15 March 2000 laying down detailed rules for the application of Council Regulation (EC) No 1254/1999 as regards the buying-in of beef ⁽⁸⁾, as last amended by Regulation (EC) No 1564/2001 ⁽⁹⁾.
- (7) In order to ensure optimum monitoring of the destination of beef from intervention stocks, control measures should be taken, in addition to the measures provided for in Regulation (EEC) No 3002/92, which are based on physical inspection of quantities and qualities.
- (8) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

The closed envelope must not be opened by the intervention agency before the expiry of the tender deadline referred to in paragraph 4.

6. Notwithstanding Article 8(2)(b) of Regulation (EEC) No 2173/79, tenders shall not indicate in which cold store or stores the products are held.

Article 3

1. Member States shall provide the Commission with information concerning the tenders received not later than on the working day following the deadline set for the submission of tenders.

2. After the tenders received have been examined a minimum selling price shall be set for each product or the sale will not proceed.

Article 4

1. A tender shall be valid only if presented by or on behalf of a natural or legal person who, for the 12 months prior to the entry into force of this Regulation, has been engaged in the processing of products containing beef and who is entered in a national VAT register. In addition, tenders must be presented by or on behalf of a processing establishment approved in accordance with Article 8 of Council Directive 77/99/EEC ⁽¹⁾.

For the purposes of the preceding subparagraph, a retail or catering establishment or an establishment attached to a retail sales outlet where meat is processed and put up for sale to the final consumer shall not be taken into consideration.

2. Notwithstanding Article 3(1) and (2) of Regulation (EEC) No 2182/77, a tender must be accompanied by:

- a written undertaking by the tenderer to process the meat into the products specified in Article 6 within the period referred to in Article 5(1) of Regulation (EEC) No 2182/77,
- precise details of the establishment or establishments where the meat which has been purchased is to be processed.

3. The tenderers referred to in paragraph 1 may instruct an agent in writing to take delivery, on their behalf, of the products which they purchase. In this case the agent shall submit the bids of the tenderers represented together with the written instruction referred to above.

4. Notwithstanding Article 18(1) of Regulation (EEC) No 2173/79 the time limit for taking over meat sold pursuant to this Regulation shall be two months from the day of the notification referred to in Article 11 of the same Regulation.

5. The purchasers and agents referred to in the preceding paragraphs shall maintain and keep up to date an accounting system which permits the destination and use of the products to be ascertained with a view in particular to ensuring that the quantities of products purchased and manufactured tally.

Article 5

1. The Member States shall take all necessary measures to ensure that bone-in intervention products delivered to the purchasers are presented in a state which fully complies with Annex III of Regulation (EC) No 562/2000 and in particular the sixth indent of point 2(a) of that Annex.

2. The costs related to the measures referred to in paragraph 1 shall be borne by the Member States and shall, in particular, not be imposed on the purchaser or any other third party.

3. Member States shall notify the Commission ⁽²⁾ of all cases where a bone-in intervention quarter has been identified as not complying with Annex III as referred to in paragraph 1, specifying the quality and quantity of the quarter as well as the slaughterhouse where it was produced.

The product must be subjected to a heat treatment sufficient to ensure the coagulation of meat proteins in the whole of the product, which may not therefore show any traces of a pinkish liquid on the cut surface when the product is cut along a line passing through its thickest part.

3. A 'B product' means a processed product containing beef, other than:

- one specified in Article 1(1)(a) of Regulation (EEC) No 1254/1999, or

However, a processed product falling within CN code 0210 20 90 which has been dried or smoked so that the colour and consistency of the fresh meat has totally disappeared and with a water/protein ratio not exceeding 3,2 shall be considered to be a B product.

Article 7

1. Member States shall set up a system of physical and documentary supervision to ensure that all meat is processed in accordance with Article 6.

The system must include physical checks of quantity and quality at the start of the processing, during the processing and after the processing operation is completed. To this end, processors shall at any time be able to demonstrate the identity and use of the meat through appropriate production records.

Technical verification of the production method by the competent authority may, to the extent necessary, make allowance for drip losses and trimmings.

In order to verify the quality of the finished product and establish its conformity with the processor's recipe Member States shall undertake representative sampling and analysis of the product. The costs of such operations shall be borne by the processor concerned.

2. Member States may, at the request of the processor, authorise the boning of bone-in forequarters in an establishment other than that provided for in respect of processing provided the relevant operations take place in the same Member State under appropriate supervision.
