

## COMMISSION REGULATION (EC) No 1111/2003

of 26 June 2003

**amending Regulation (EC) No 2375/2002 opening and providing for the administration of a Community tariff quota for common wheat of a quality other than high quality from third countries and derogating from Council Regulation (EEC) No 1766/92**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organisation of the market in cereals<sup>(1)</sup>, as last amended by Regulation (EC) No 1104/2003<sup>(2)</sup>, and in particular Article 12(1) thereof,

Having regard to Council Decision 2003/253/EC of 19 December 2002 concerning the conclusion of an Agreement in the form of an Exchange of Letters between the European Community and Canada pursuant to Article XXVIII of GATT 1994 for the modification of concessions with respect to cereals provided for in EC Schedule CXL annexed to the GATT 1994<sup>(3)</sup>, and in particular Article 2 thereof,

Having regard to Council Decision 2003/254/EC of 19 December 2002 on the conclusion of an Agreement in the form of an Exchange of Letters between the European Community and the United States of America relating to the modification of concessions with respect to cereals provided for in EC Schedule CXL to the GATT 1994<sup>(4)</sup>, and in particular Article 2 thereof,

Whereas:

(1) Commission Regulation (EC) No 2375/2002<sup>(5)</sup>, as amended by Regulation (EC) No 531/2003<sup>(6)</sup>, opens a tariff quota for the import of 2 981 600 tonnes of low and medium quality common wheat falling under CN code 1001 90 99. This tariff quota includes 572 000 tonnes for imports originating in the United States of America and 38 000 tonnes for imports originating in Canada.

(2) In the first and second quarter of 2003 for imports under subquota III, that covers all third countries except the United States of America and Canada, there has been substantial interest from operators, leading to oversubscription. There have also been communication problems between the Commission and authorities in some Member States, leading to uncertainties about the

actual quantities requested in the whole of the Community and to difficulties in checking availability within the quota. It is appropriate to clarify the obligations of Member States in this context.

(3) The validity of import licences is currently regulated by Article 6(1) of Commission Regulation (EC) No 1162/95<sup>(7)</sup>, as last amended by Regulation (EC) No 498/2003<sup>(8)</sup>. In view of the uncertainty as to the validity of import licences, it is appropriate to insert an express provision in Regulation (EC) No 2375/2002 in order to ensure that the validity of import licences under the tariff-rate quota is not shorter than 45 days.

(4) Regulation (EC) No 2375/2002 was initially adopted for a transitional period, from 1 January 2003 to 30 June 2003, pending the amendment of Regulation (EC) No 1766/92. Since the provisions of that Regulation have operated satisfactorily during the period concerned, it is appropriate to apply them on a permanent basis.

(5) Regulation (EC) No 2375/2002 should therefore be amended accordingly.

(6) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:
