

**COMMISSION REGULATION (EC) No 596/2004
of 30 March 2004**

laying down detailed rules for implementing the system of export licences in the egg sector

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 2771/75 of 29 October 1975 on the common organisation of the market in eggs ⁽¹⁾, as last amended by Regulation (EC) No 806/2003 ⁽²⁾, and in particular Articles 3(2), 8(12) and 15 thereof,

Having regard to Council Regulation (EC) No 3290/94 of 22 December 1994 on the adjustments and transitional arrangements required in the agricultural sector in order to implement the agreements concluded during the Uruguay Round of multilateral trade negotiations ⁽³⁾, as last amended by Regulation (EC) No 1340/98 ⁽⁴⁾, and in particular Article 3(1) thereof,

Whereas

- (1) Commission Regulation (EC) No 1371/95 of 16 June of 1995 laying down detailed rules for implementing the system of export licences in the egg sector ⁽⁵⁾ has been substantially amended several times ⁽⁶⁾. In the interest of clarity and rationality the said Regulation should be codified.
- (2) Regulation (EEC) No 2771/75 provides that all exports for which export refunds are requested, with the exception of exports of hatching eggs, shall be subject to the presentation of an export licence with advance fixing of the refund. Therefore specific implementing rules should be laid down for the egg sector which should, in particular, include provisions for the submission of the applications and the information which must appear on the applications and licences, in addition to those contained in Commission Regulation (EC) No 1291/2000 of 9 June 2000 laying down common detailed rules for the application of the system of import and export licences and advance fixing certificates for agricultural products ⁽⁷⁾, as last amended by Regulation (EC) No 322/2004 ⁽⁸⁾.
- (3) In order to assure proper administration of the system, the rate of the security for export licences under the said system should be fixed. In view of the risk of speculation inherent in the system in the egg sector, export licences should not be transferable and precise conditions governing access by traders to the said system should be laid down.
- (4) Article 8(12) of Regulation (EEC) No 2771/75 provides that compliance with the obligations arising from agreements concluded during the Uruguay Round of multilateral trade negotiations regarding the export volume shall be ensured on the basis of the export licences. Therefore a detailed schedule for the lodging of applications and for the issuing of licences should be laid down.
- (5) In addition, the decision regarding applications for export licences should be communicated only after a period of consideration. This period would allow the Commission to appreciate the quantities applied for as well as the expenditure involved and, if appropriate, to take specific measures applicable in particular to the applications which are pending. It is in the interest of traders to allow the licence application to be withdrawn after the acceptance coefficient has been fixed.
- (6) In the case of applications concerning quantities equal to or less than 25 tonnes, the export licence should be issued immediately if the trader requests it. However, such licences should be restricted to short-term commercial transactions in order to prevent the mechanism provided for in this Regulation from being circumvented.
- (7) In order to ensure an exact follow up of the quantities to be exported, a derogation from the rules regarding the tolerances laid down in Regulation (EC) No 1291/2000 should be laid down.
- (8) The Commission should dispose of precise information concerning applications for licences and of the use of licences issued, in order to be able to manage this system. In the interest of efficient administration, the notifications from Member States to the Commission should be made according to a uniform model.
- (9) Article 8(6) of Regulation (EEC) No 2771/75 provides that for hatching eggs export refunds may be granted on the basis of an *ex post* export licence. Therefore implementing rules for such a system should be laid down with the aim of ensuring efficient verification with the obligations arising from the agreements concluded in the framework of the Uruguay Round negotiations are complied with. However, it would appear unnecessary to require the lodging of a security in the case of licences applied for after exportation.

HAS ADOPTED THIS REGULATION:

2. Applicants for export licences shall be natural or legal persons who, at the time applications are submitted, are able to prove to the satisfaction of the competent authorities in the

Member States that they have been engaged in trade in the egg sector for at least 12 months. However, retail establishments or restaurants selling their products to end consumers may not lodge applications.

3. Export licences are issued on the Wednesday following the period referred to in paragraph 1, provided that none of the particular measures referred to in paragraph 4 have since been taken by the Commission.

4. Where applications for export licences concern quantities and/or expenditure which exceed the normal trade patterns, or where there is a risk that they will be exceeded, taking account of the limits referred to in Article 8(12) of Regulation (EEC) No 2771/75 and/or the corresponding expenditure during the period in question, the Commission may:

- (a) set a single percentage by which the quantities applied for are accepted;
- (b) refuse the applications for which export licences have not yet been awarded;
- (c) suspend the lodging of applications for export licences for a maximum of five working days. A suspension for a longer period may be decided in accordance with the procedure provided for in Article 17 of Regulation (EEC) No 2771/75. In these cases, applications for export licences lodged during the suspension period shall be inadmissible.

These measures may be adjusted according to the category of product and to destination.

5. Where quantities applied for are rejected or reduced, the security shall be released immediately for all quantities for which an application was not satisfied.

6. During the 10 working days following its publication, the operator may:

- either withdraw his application, in which case the security is released immediately,

7. By way of derogation from paragraph 3, the Commission can set a day other than Wednesday for the issuing of export licences when it is not possible to respect this day.

Article 4
