

COMMISSION REGULATION (EC) No 1035/2009**of 30 October 2009****fixing the coefficients applicable to cereals exported in the form of Scotch whisky for the period 2009/2010**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1234/2007 of 22 October 2007 establishing a common organisation of agricultural markets and on specific provisions for certain agricultural products (Single CMO Regulation) ⁽¹⁾,

Having regard to Commission Regulation (EC) No 1670/2006 of 10 November 2006 laying down certain detailed rules for the application of Council Regulation (EC) No 1784/2003 as regards the fixing and granting of adjusted refunds in respect of cereals exported in the form of certain spirit drinks ⁽²⁾, and in particular Article 5 thereof,

Whereas:

- (1) Article 4(1) of Regulation (EC) No 1670/2006 lays down that the quantities of cereals eligible for the refund are to be the quantities placed under control and distilled, weighted by a coefficient to be fixed annually for each Member State concerned. The coefficient is to express the average ratio between the total quantities exported and the total quantities marketed of the spirit drink concerned, on the basis of the trend noted in those quantities during the number of years corresponding to the average ageing period of the spirit drink in question.
- (2) According to the information provided by the United Kingdom in respect of the period 1 January to 31 December 2008, the average ageing period for Scotch whisky in 2008 was eight years.
- (3) The coefficients for the period 1 October 2009 to 30 September 2010 should therefore be fixed accordingly.

(4) Article 10 of Protocol 3 to the Agreement on the European Economic Area excludes the grant of refunds in respect of exports to Liechtenstein, Iceland and Norway. Moreover, the Community has concluded agreements abolishing export refunds with certain third countries. Under the terms of Article 7(2) of Regulation (EC) No 1670/2006, this should be taken into account in calculating the coefficients for 2009/2010.

(5) Commission Regulation (EC) No 1196/2008 of 2 December 2008 fixing the coefficients applicable to cereals exported in the form of Scotch whisky for the period 2008/2009 ⁽³⁾ has exhausted its effects, as it concerns the coefficients applicable for the year 2008/2009. For reasons of legal security and clarity, this Regulation should be repealed,

HAS ADOPTED THIS REGULATION:
