THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 92/65/EEC of 13 July 1992 laying down animal health requirements governing trade in and imports into the Community of animals, semen, ova and embryos not subject to animal health requirements laid down in specific Community rules referred to in Annex A(l) to Directive 90/425/EEC⁽¹⁾, and in particular Article 17(3)(a) thereof,

Having regard to Council Directive 2009/156/EC of 30 November 2009 on animal health conditions governing the movement and importation from third countries of equidae⁽²⁾, and in particular Article 12(1) and (4), and the introductory phrase and points (a) and (b) of Article 19 thereof,

Whereas:

- (1) Directive 92/65/EEC lays down conditions applicable to imports into the Union, *inter alia*, of semen, ova and embryos of the equine species. Those conditions are to be at least equivalent to those applicable to trade between Member States.
- (2) Directive 2009/156/EC lays down animal health conditions for the importation into the Union of live equidae. It provides that imports of equidae into the Union are only authorised from those third countries that meet certain animal health requirements.
- (3) Commission Decision 2004/211/EC⁽³⁾ establishes a list of third countries, or parts thereof where regionalisation

applies, from which Member States are to authorise the importation of equidae and semen, ova and embryos thereof, and indicates the other conditions applicable to such imports. That list is set out in Annex I to Decision 2004/211/EC.

- (4) In order to host an equestrian event of the Global Champions Tour in October 2013, carried out under the auspices of the World Equestrian Federation (FEL), the competent Chinese authorities requested the recognition of an equine disease-free zone in the Metropolitan area of Shanghai, directly accessible from the nearby international airport. In view of the temporary nature of the purpose build facilities at the EXPO 2010 parking it is appropriate to foresee only a temporary approval of that zone.
- (5) In the light of the guarantees and information provided by the Chinese authorities and in order to allow for a limited period of time from a part of the territory of China the re-entry of registered horses after temporary export in accordance with the requirements of Commission Decision 93/195/EEC⁽⁴⁾, the Commission adopted Implementing Decision 2013/259/EU⁽⁵⁾ by which the region CN-2 was temporarily approved.
- (6) Because the equestrian event was deferred for technical reasons to 6-8 June 2014, and the animal health conditions have remained unchanged, it is necessary to adapt for the region CN-2 the date in column 15 of the table in Annex I to Decision 2004/211/EC accordingly.
