- (2) Taking into account the significant disparities between Member States regarding the level of costs for a particular type of operation, the definition and amounts of standard scales of unit costs and lump sums may differ according to the type of operation and the Member State concerned in order to reflect their specificities.
- (3) Czechia, France, Croatia, Italy, the Netherlands and the United Kingdom have submitted methods for amending existing standard scales of unit costs or defining additional standard scales of unit costs for reimbursement by the Commission concerning types of operation not yet covered by Commission Delegated Regulation (EU) 2015/2195 ⁽³⁾.
- (4) Malta has submitted a method for defining lump sums.
- (5) Delegated Regulation (EU) 2015/2195 should therefore be amended accordingly,

⁽¹⁾ OJ L 347, 20.12.2013, p. 470.

2. Adjustment of amounts

Unit cost 1 may be adjusted by replacing the initial minimum wage and/or the statutory bonus and/or weekly allowances and/or social security contributions in the calculation method that consists of the lowest weekly rate of national minimum wage for a particular year, the statutory bonus, weekly allowances and social security contributions, and dividing this result by 2.

Unit Cost 2 may be adjusted by applying the annual rate of inflation to the respective rates. From 2017, for a given year N, this can be done by applying the inflation rate for year N – 1 as published by the Maltese National Statistics Office at: https://nso.gov.mt/en/nso/Selected_Indicators/Retail_Price_Index/Pages/Index-of-Inflation.aspx

Unit costs 3-4 may be adjusted by replacing the initial national minimum wage for persons 18 years or over and/or the statutory bonuses and/or weekly allowances and/or social security contributions in the calculation method that consists of the hourly rate of national minimum wage for persons 18 years or over for a particular year, the statutory bonuses, the weekly allowances and social security contributions.

Adjustments will be based on updated data as follows:

- The national minimum wage is specified in national Subsidiary Legislation 452.71 (National Minimum Wage Standing Order).
- The statutory bonuses, weekly allowances and social security contributions provided for in Chapter 452 of the Maltese legislation on the Employment and Industrial relations Act.

Unit costs 5-9 may be adjusted in line with the cost of inflation at a national level for the relevant year the particular intervention is being undertaken. The annual rates of inflation are published by the National Statistics Office and can be found at: https://nso.gov.mt/en/nso/Selected_Indicators/Retail_Price_Index/Pages/Index-of-Inflation.aspx

⁽¹⁾ “Similar operations” are to be understood as including those operations with similar activities to those in measure 1.B of NOP YEI but with different target groups.

⁽²⁾ “Similar operations” are to be understood as including those operations with similar activities to those in measure 1.C of NOP YEI but with different target groups.

⁽³⁾ “Similar operations” are to be understood as including those operations with similar activities to those in measures 2A, 2B, 4A, 4C and 7.1 of NOP YEI but with different target groups.

⁽⁴⁾ For unit cost number 3 relating to training for self-employment and self-entrepreneurship, the amount will be reimbursed only in the case of group formation of 4 or more students.

⁽⁵⁾ The definition of the classes is in accordance with the provisions of Ministerial Circular no. 2 of 2 February 2009. This Circular defines the classes according to the type of teachers providing training.

⁽⁶⁾ Similar operations is to be understood as including those operations with similar activities to those in measure 3 of NOP YEI but with different target groups

⁽⁷⁾ The young person will be profiled according to one of the four classes (low, medium, high, very high) on the basis of the following variables:

— age;

— sex;

— education;

— employment status one year before;

— region and province where the competent body which took in charge the young person is based;

— language skills (only for non-nationals who have not obtained the educational qualification in Italy), for the evaluation of which will be used the already developed methodology for the issuance of an EC residence permit for long-term residents.

Based on the variables identified for the young, a “disadvantage coefficient” is calculated, with a value between 0 and 1.

⁽⁸⁾ “Similar operations” are to be understood as including those operations with similar activities to those in measure 5 of NOP YEI but with different target groups.

- (⁹) “Similar operations” are to be understood as including those operations with similar activities to those in measure 5 of NOP YEI but with different target groups
- (¹⁰) “Similar operations” are to be understood as including those operations with similar activities to those in NOP YEI but with different target groups.
- (¹¹) “Similar operations” is to be understood as including those operations with similar activities to those in measure 7.1 of NOP YEI but with different target groups.
- (¹²) For unit cost number 8 relating to support for self-employment and self-entrepreneurship, the amount will be reimbursed only in the case of individual or individualised training (“individualised” meaning a maximum of 3 students).
- (¹³) “Similar operations” are to be understood as including those operations with similar activities to those in measure 8 of NOP YEI but with different target groups.
- (¹⁴) The amounts in table 3.4 are the maximum allowance payable. Where an employer provides an allowance to cover travel, accommodation or meals, the allowance mentioned in point 3.4 will be reduced by:
- the amount mentioned in point 3.1 for travel (depending on location)
 - the amount mentioned in point 3.2 for accommodation (depending on location)
 - the amount mentioned in point 3.3 for meals (depending on location).
- The amounts mentioned in tables 3.1, 3.2 and 3.3. will also be payable in a situation where the beneficiary pays only the categories of allowances mentioned in those tables.
- (¹⁵) Additional specific support is limited to one unit per student per module.
- (¹⁶) “Istituto Tecnico Superiore”.
- (¹⁷) Successfully completion of an academic year corresponds to admission to the next year or admission to the final exam.
- (¹⁸) A researcher hired under the law n.240/2010 for a period of 36 months with a full-time fixed-term contract, and selected through a public competition
- (¹⁹) Line of Activity **Mobility**
Concerning this line of activity, the NOP will co-finance the international mobility of researchers holding a PhD since no more than four years at the time of the call publication. The NOP will support the hiring under the law n.240/2010 (art.24.3, letter a) of full time fixed-term researchers mainly to address them to international mobility programs.
- (²⁰) Line of activity **Attraction**
This line of activity will co-finance the return of researchers to less developed and in transition Regions hired under the law n.240/2010.(art.24.3, letter a) holding a PhD since no more than eight years at the time of the call publication, working in universities/research institutes/enterprises/other institutions out of the NOP target areas or even abroad, with an experience of at least two years in such structures.

2. Adjustment of amounts

- (a) For standard scales of unit costs 1-9, the amounts may be adjusted where the FOI index (consumer price index for blue and white collar worker households, excluding tobacco products) shows a monetary revaluation equal to or exceeding 5 %. In particular, in a given year y, the adjustment is made if in a period y + t the difference between the benchmarking coefficients shown by the FOI index for such years is equal to or higher than 5 %. The base year applied — and on the basis of which the amounts were adjusted — is 2014. Where this rate is equal to or higher than 5 %, each unit cost may be adjusted accordingly.
- (b) For standard scale of unit costs 10, the rate may be adjusted by replacing the monthly scholarship and/or social security contributions in the calculation method that consists of monthly scholarship plus social security contributions plus an amount for all other costs. Updated data can be found in amendments to the Ministerial Decree of 18.6.2008 (which defines the total gross annual amount of PhD scholarships) and biannual adjustment of the rate of social security contributions (Circular letter No 13 of 29/01/2016 of the Director-General of INPS, the National Institute for Social Security).
- (c) For standard scales of unit costs 11-15, which are based on the historical average number of certificates (output) awarded per module, the rate may be adjusted at the end of each financial year (31/12) following an assessment by the Managing Authority of the implementation of the operations related to each of the unit costs. Where such an assessment shows a divergence in the average number of certificates awarded per module for each type of training as compared to the average number used as the basis for calculating the existing unit cost, then a new unit cost will be calculated according to the following formula:

$$UC_{\text{new}} = UC_{\text{old}} + \text{Variation}$$

where

$$\text{Variation} = UC_{\text{old}} - (UC_{\text{old}} * \text{Output}_{\text{new}} / \text{Output}_{\text{old}})$$

(d) For standard scales of unit costs 17, the rates will be reviewed every four years and if, taking 2017 as the reference year, there is an increase of more than 5 % an adjustment will be made by ISTAT based on the FOI consumer price index (consumer price index for blue and white collar worker households, excluding tobacco products).

(e) For standard scales of unit costs 18, the rates may be adjusted following amendments of the current legislation (which includes Law n.240/2010, the Presidential Decree n.232/2011, the Law n.232/2016 (Budget Law 2017), Law n.448/1998 “Misure di finanza pubblica per la stabilizzazione e lo sviluppo”, Law n.335/1995, Legislative Decree n.446/1997, and the Presidential Decree n.1032/1973.) as well as changes of the social security contribution rates.

2. Adjustment of amounts

The amounts of unit costs set out for types of operation 1-3 will be adjusted yearly in line with the Dutch consumer price index (CPI): <https://www.cbs.nl/nl-nl/conversie/uitgelicht/de-consumentenprijsindex>. Index figures can be found on CBS Statline.

The first indexation will be calculated in 2017. The baseline year for the amounts of unit costs set out in this annex is 2015. (CPI 2015 = 100).

Every year (N), as from 2017, the amounts will be indexed by applying the CPI of the year N – 1 with the year 2015 as baseline. The following formula will be used for calculating the amounts of unit costs to be applied in a given year:

*Unit cost amounts in year N = Unit cost amounts included in this annex * CPI in year N – 1 (with baseline 2015 = 100)/100*

The amounts of unit costs set out for types of operation unit cost 4 will be adjusted when the rules and regulations about job coaching change according to the Dutch law. The set percentage of 60 % which forms the basis in the calculation of the hourly amount, to take into account that the assigned number of hours are not always used, will be recalculated every two 2 years in the same way the present calculations have been made with baseline year 2018. If the average differs more than 2 percent of the total number of hours the new percentage will be applied as the new average.
