THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2016/1036 of the European Parliament and of the Council of 8 June 2016 on protection against dumped imports from countries not members of the European Union ⁽¹⁾ (‘the basic Regulation’) and in particular Articles 11(4) and 14(5) thereof,

After having informed the Member States,

Whereas:

1. REQUEST

- (1) On 26 April 2022, the Commission received a request for a ‘new exporter’ review under Article 11(4) of the basic Regulation. The request was updated on 14 October 2022.
- (2) The request was lodged by Xinjiang Xinlianxin Energy Chemical Co., Ltd. (‘the applicant’), an exporting producer of melamine in the People’s Republic of China (‘the PRC’).

2. PRODUCT UNDER REVIEW

- (3) The product under review is melamine, currently falling under CN code 2933 61 00 originating in the PRC.
- (4) Melamine is a white crystalline powder obtained from urea. It is used mainly in laminates, moulding powders, wood-based panels and coating resins.

3. EXISTING MEASURES

- (5) The measures currently in force are a definitive anti-dumping duty imposed by Council Implementing Regulation (EU) No 457/2011 ⁽²⁾ and extended by Commission Implementing Regulation (EU) 2017/1171 ⁽³⁾. The duty was imposed in the form of a minimum import price (‘MIP’) for the cooperating exporting producers and a fixed duty per tonne for all other exporting producers.
- (6) On 1 July 2022, the Commission initiated an expiry review investigation of the anti-dumping measures applicable to imports of melamine originating in the PRC, following a request for review pursuant to Article 11(2) of the basic Regulation ⁽⁴⁾.

4. GROUNDS FOR THE REVIEW

- (7) The applicant provided sufficient evidence that it did not export the product under review to the Union during the investigation period on which the anti-dumping measures were based (1 January 2009 to 31 December 2009).

⁽¹⁾ OJ L 176, 30.6.2016, p. 21.

⁽²⁾ Council Implementing Regulation (EU) No 457/2011 of 10 May 2011 imposing a definitive anti-dumping duty and collecting definitively the provisional duty imposed on imports of melamine originating in the People’s Republic of China (OJ L 124, 13.5.2011, p. 2).

⁽³⁾ Commission Implementing Regulation (EU) 2017/1171 of 30 June 2017 imposing a definitive anti-dumping duty on imports of melamine originating in the People’s Republic of China following an expiry review pursuant to Article 11(2) of Regulation (EU) 2016/1036 of the European Parliament and of the Council (OJ L 170, 1.7.2017, p. 62).

⁽⁴⁾ Notice of initiation of an expiry review of the anti-dumping measures applicable to imports of melamine originating in the People’s Republic of China (OJ C 252, 1.7.2022, p. 6).

- (8) The applicant provided sufficient evidence that it is not related to any of the exporting producers of the product under review which are subject to the anti-dumping duties in force.
- (9) Finally, the applicant provided sufficient evidence that it has begun exporting the product under review to the Union after the end of the investigation period on which the anti-dumping measures were based.

5. PROCEDURE

5.1. Initiation

- (10) The Commission examined the evidence available and concluded that there was sufficient evidence to justify the initiation of a 'new exporter' review pursuant to Article 11(4) of the basic Regulation, with a view to determining an individual margin of dumping for the applicant. Should dumping be found, the Commission will determine the level of the duty to which the imports of the product under review produced by the applicant should be subject.
- (11) In accordance with Articles 11(3) and 11(4) of the basic Regulation, normal value for the applicant shall be determined following the methodology laid down in Article 2(1) to (6a) of the basic Regulation, as the latest expiry review of the measures was initiated after 20 December 2017.
- (12) Union producers known to be concerned were informed of the request for a review on 2 December 2022 and were given an opportunity to comment until 15 December 2022.
- (13) The Commission also draws the attention of the parties that further to the COVID-19 outbreak a Notice ^(⁵) has been published on the consequences of the COVID-19 outbreak on anti-dumping and anti-subsidy investigations that may be applicable to this proceeding.

5.2. Repeal of the existing measures and registration of imports

- (14) Pursuant to Article 11(4) of the basic Regulation, the anti-dumping duty in force should be repealed with regard to imports of the product under review produced by the applicant. At the same time, such imports should be made subject to registration in accordance with Article 14(5) of the basic Regulation, in order to ensure that anti-dumping duties can be levied from the date of the registration of these imports should the review result in a finding of dumping in respect of the applicant. Furthermore, the Commission notes that it is not possible, at this stage, to provide a reliable estimate of the amount of possible future liability, without prejudice to Article 9(4) of the basic Regulation. Should the request be withdrawn and the review terminated, the amount of the liability for the registered imports will continue to be based on the anti-dumping duty rate established by the Implementing Regulation (EU) 2017/1171 for 'all other exporting producers', subject to the outcome of the expiry review investigation mentioned in recital (6).

5.3. Review investigation period

- (15) The investigation will cover the period from 1 January 2022 to 31 December 2022 ('review investigation period'). However, the Commission reserves the right to also examine if transactions may have occurred in a subsequent period, and may amend the review investigation period as appropriate in light of the findings of the investigation.

5.4. Investigating the applicant

- (16) In order to obtain information it deems necessary for its investigation, the Commission has made a questionnaire for the applicant available in the file for inspection by interested parties and on the website of the Directorate-General for Trade <https://tron.trade.ec.europa.eu/investigations/case-view?caseId=2657>. The applicant must submit the completed questionnaire within the time limit specified in Article 4(2) of this Regulation.
