COMMISSION OF THE EUROPEAN COMMUNITIES

COM(77) 738 final.

Brussels, 21 December 1977.

Proposals for COUNCIL REGULATIONS (EEC)

establishing indicative ceilings and Community supervision for imports of certain products originating in Austria, Finland, Iceland, Norway, Portugal, Sweden and Switzerland (1978)

DRAFTS OF DECISIONS OF THE REPRESENTATIVES OF THE GOVERNMENTS OF THE MEMBER STATES OF THE EUROPEAN COAL AND STEEL COMMUNITY, MEETING WITHIN THE COUNCIL

establishing supervision of imports of certain products originating in Austria and Sweden (1978)

(submitted to the Council by the Commission)

EXPLANATORY MEMORANDUM

The proposals for Regulations joint hereto have as their objective

- to establish indicative ceilings to be applied in 1978 for imports of certain products originating in the EFTA-countries;
- to attribute to the Commission the competence to reestablish customs duties under certain conditions;
- to establish a system of surveillance relating to imports of products which are or are not subject to ceilings.

A. Agreements between the EEC and the non-applicant EFTA countries

1. The Agreements concluded by the EEC with Austria, Finland, Ireland, Norway, Portugal, Sweden and Switzerland specially provide for the phased abolition of customs duties, entailing five reductions each of 20 % during a transitional period extending until 1 July 1977.

Exceptionally, Articles 1 and 2 of the Protocols n° 1 annexed to these Agreements stipulate that, for a certain number of products, this abolition of duties is to be achieved by smaller reductions of duties over longer transitional periods. Furthermore, another provision in this Protocol is that imports of some of these products to which these special tariff arrangements apply shall be subject to indicative ceilings above which the customs duties applicable to non-member countries may be reintroduced until the end of the calendar year. Nevertheless in the event of shortterm economic difficulties, the Community may, under Article 3 (c) of Protocol n° 1, maintain the ceiling amounts of preceding year. With the view on the declining production and sale of the most of paper products it seems justified to apply this measure.

2. Implementation of these two provisions :

(a) annual target ceilings, and

(b) reintroduction of customs duties,

implies the adoption of precise common rules to be applied uniformly by all Member States. These requirements may be met by the establishment of a Community system of supervision of actual imports from each of the partner countries. To this end, the Member States should take appropriate measures to permit the rapid collection of statistical returns at Community level. In this connection it is necessary to take into account only imports of the products in question as and when they are submitted to the customs authorities under the cover of a declaration of entry for home use and accompanied by a movement certificate conforming to the rules contained in the Agreements referred to under 1 above.

.../...

These returns should be drawn up by each Member State at the end of every month and forwarded by the fifteenth day of the following month to the Commission so as to enable the latter to communicate by telex to all the Member States the overall, product-by-product returns for the imports in question in the preceding month. The system of supervision will require of the responsible departments of the Member States and the Commission diligence and close cooperation.

The following system would be adopted for setting in train machinery to reintroduce duties : if one of the overall monthly returns drawn up by the Commission revealed that 75 % of the ceiling fixed for a given product had been reached, consultations could be held, for example in the Working Party on Economic Tariff Problems, either at the request of a Member State or upon the Commission's initiative. The aim of these consultations would be to examine, case by case, the reintroduction or not of the levying of customs duties applicable to non-member countries once the target ceiling is actually reached.

Monthly returns would still be made in respect of imports of the product in question or, if it is requested by the Commission by telex at intervals of ten days. The set term for the transmission of this last mentioned information is five days. In this conditions, the Commission would be able to take, within the shortest possible time, measures leading to the reintroduction, by regulation, of customs duties in respect of the partner country until the end of the calendar year. In the above hypothesis, the reintroduction of the levying of customs duties on the product under consideration would, naturally, be effected within the time-limit fixed by the regulation, putting an end to the reduction of duties provided for in the Protocols n° 1.

3. As far as application of the rule on ceilings and reintroduction of duties is concerned, the attached proposals make provisions for conferring powers of the Council upon the Commission.

The proposed regulations do no more than outline how these powers are to be exercised so that, in consultation with the Member States, the machinery to be set in train may be adapted flexibly and rapidly. Furthermore, it is likewise with a view to maximum efficiency and rapidity that the proposed regulations lay down that it would be up to the Commission to reintroduce, in respect of the partner country, the levying of the duties applicable to non-member countries.

B. Agreements between the ECSC and the non-applicant EFTA countries

In addition to the Agreements between the EEC and the non-applicant EFTA countries, Agreements were concluded at the same time between the Member States of the European Coal and Steel Community and the European Coal and Steel Community on the one hand, and those EFTA countries on the other hand.

The above considerations are valid mutatis mutandis for these Agreements, the sole difference being that only the Protocols annexed to the Agreements with Austria and Sweden make provision for the application of indicative ceilings to certain products and for a possible reintroduction of customs duties. Another special feature is that, as far as these ceilings are concerned, Article 2 of each of the Protocols in question refers to the contents of Annex O to each Protocol to the EEC agreements, for there are no special ceilings for ECSC products. For reasons of simplification, the EEC and ECSC products falling within the one tariff heading in question (73.15) have been placed together under four single ceilings.

C. Finally, as in the case of analogous agreements which were adopted for the year 1977, the following statement might be recorded in the Council Report on the occasion of the adoption of the mentioned agreement :

"La décision de rétablir les droits de douane, pour le reste de l'année en cours, lorsqu'un plafond est atteint, est prise à l'initiative de la Commission ou immédiatement si un Etat membre le demande."

ANNEXES :

- 7 proposals of Regulations of the Council
- 2 drafts of Decisions.

Proposal of a
COUNCIL REGULATION (EEC)

establishing indicative ceilings and Community supervision for imports of certain
products originating in Austria (1978)

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the
European Economic Community, and in particular
Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas an Agreement ⁽¹⁾ between the European
Economic Community and the Republic of Austria
was signed on 22 July 1972;

Whereas Articles 1 and 2 of Protocol 1 annexed to
this Agreement make provision for a specific time-
table for the progressive abolition of customs duties
in respect of the products to which the Agreement
applies; whereas under Article 3 of that Protocol
the imports of these products are limited to annual
indicative ceilings above which the customs duties
applicable to third countries may be reintroduced;
whereas, however, under Article 3 (b) the Community
has to suspend the application of certain ceilings;
whereas, on the other hand, in the event of short-
term economic difficulties, the Community may,
under Article 3 (c) of Protocol 1, maintain the ceiling
amounts of the preceding year; whereas, however,
application of this measure must be limited to prod-
ucts most affected by the short-term difficulties;
whereas, therefore, the ceilings to be applied in 1978
must be established; whereas in this situation it is
also necessary that the Commission be regularly in-
formed of the trend of the imports of the products in
question and, in consequence, it is necessary to
subject these imports to supervision;

Whereas this objective may be achieved by means of
an administrative procedure based on setting off
imports of the products in question against the
indicative ceilings at Community level, as and when
these products are submitted to the customs auth-
orities under cover of declarations that they have
been made available for consumption; whereas this
administrative procedure must make provision for
the reintroduction of customs tariff duties as soon as
the ceilings have been reached at Community level;

Whereas this administrative procedure requires close
and particularly rapid cooperation between the
Member States and the Commission; whereas the
latter must, in particular, be able to follow the
progress of amounts set off against the indicative
ceilings and keep the Member States informed;
whereas this cooperation must be all the closer since
the Commission must be able to take adequate
measures to reintroduce customs tariff duties when-
ever one of the ceilings has been reached;

Whereas the trend of imports should be followed for
certain products for which, under Article 3 of
Protocol 1, the Community has suspended the
application of ceilings and for products which are
not subject to the ceiling system; whereas it is there-
fore desirable that imports of such products should
be subject to supervision,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January until 31 December 1978 imports
of products originating in Austria and indicated in
Annex I to this Regulation shall be subject to indi-
cative ceilings and to Community supervision.

⁽¹⁾ OJ No L 300, 31. 12. 1972, p. 1.

The description of the products referred to in the preceding subparagraphs, their tariff headings and statistic numbers and the levels of the indicative ceilings are given in Annex I.

2. Amounts shall be set off against the indicative ceilings as and when goods are entered with customs authorities for home use

and accompanied by a movement certificate conforming to the rules contained in Protocol 3 of the Agreement.

Goods shall be set off against the indicative ceiling only if the movement certificate has been submitted before the date on which customs duties are reimposed.

The reaching of a ceiling shall be determined at Community level on the basis of imports set off against it in the manner defined in the preceding subparagraphs.

The Member States shall periodically inform the Commission of imports effected in accordance with the above rules; such information shall be supplied under the conditions laid down in paragraph 4.

3. As soon as the ceilings have been reached, the Commission may issue a Regulation reimposing the customs duties provided for in Article 3 (f) of Protocol 1 to the Agreement until the end of the calendar year.

4. Member States shall forward to the Commission not later than the 15th day of each month state-

ments of the amounts set off during the preceding month. They shall, if the Commission so requests, make up such statements for periods of 10 days and forward them within five clear days of expiry of the preceding 10-day period.

Article 2

From 1 January until 31 December 1978, imports of the products referred to in Annex II which originate in Austria shall be subject to Community supervision.

Member States shall forward to the Commission not later than the 15th day of each month statements of imports of the products in question effected during the preceding month; to this end, only products submitted to the customs authorities under cover of a declaration that they have been made available for consumption and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Agreement shall be taken into consideration.

Article 3

For the implementation of this Regulation the Commission shall take all necessary measures in close cooperation with the Member States.

Article 4

This Regulation shall enter into force on 1 January 1978.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels,

For the Council

The President

DEFINITIONS

ANNEX A

- ex 48.01 C II Kraftliner**
- 'Kraftliner' means machine-finished or machine-glazed paper or paperboard, in rolls, containing not less than 80% of chemical sulphate softwood pulp calculated on total fibre content, weighing more than 115 g/m² and having a Mullen burst ratio of not less than 35.
- ex 48.01 C II Kraft paper for large sacks**
- 'Kraft paper for large sacks' means machine-finished paper, in rolls, containing not less than 80% of chemical sulphate softwood pulp calculated on total fibre content, weighing not less than 60 g/m² but not more than 115 g/m², having a Mullen burst ratio of not less than 38, and having a stretch factor of more than 4.5% in the cross direction and of more than 2% in the machine direction.
- ex 48.01 F Other printing paper and other writing paper, not containing mechanical wood pulp or containing not more than 5% of mechanical wood pulp**
- 'Other printing paper and other writing paper, not containing mechanical wood pulp or containing not more than 5% of mechanical wood pulp' means paper other than machine-glazed, used for printing or writing, which contains not more than 5% of mechanical wood pulp calculated on total fibre content.
- ex 48.01 F Printing paper and writing paper, containing mechanical wood pulp**
- 'Printing paper and writing paper containing mechanical wood pulp' means paper other than machine-glazed, used for printing and writing, containing more than 5% of mechanical wood pulp calculated on total fibre content.
- ex 48.01 F Fluting paper for corrugated paperboard**
- 'Fluting paper for corrugated paperboard' means paper, in rolls, containing not less than 65% of unbleached semi-chemical hardwood pulp (pulp obtained from wood by light chemical treatment followed by mechanical treatment) calculated on total fibre content and having a CMT (Concora Medium Test) crush resistance exceeding 20 kp.
- ex 48.01 F Sulphite paper for wrapping purposes**
- 'Sulphite paper for wrapping purposes' means machine-glazed paper, containing more than 40% of chemical bisulphite wood pulp, calculated on total fibre content, having an ash content of not more than 8% and having a Mullen burst ratio of not less than 15.
- ex 73.15 B Alloy steel, stainless or heat-resisting**
- 'Alloy steel, stainless or heat-resisting' means alloy steel, containing by weight 12% or more of chromium, with or without other alloy elements, and less than 1% of carbon.
- ex 73.15 B High-speed alloy steel**
- 'High-speed alloy steel' means alloy steel containing, with or without other alloy elements, at least two of the following three elements: tungsten (wolfram), molybdenum and vanadium with a total content, by weight, of not less than 7% of these elements taken together, and containing more than 0.6% by weight, of carbon.

Proposal for a
COUNCIL REGULATION (EEC)

ANNEX B

establishing indicative ceilings and Community supervision for imports of certain
products originating in Finland (1978)

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the
European Economic Community, and in particular
Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas an Agreement (1) between the European
Economic Community and the Republic of Finland
was signed on 5 October 1973,

Whereas Articles 1 and 2 of Protocol 1 annexed to
this Agreement make provision for a specific time-
table for the progressive abolition of customs duties
in respect of the products to which the Agreement
applies; whereas under Article 3 of that Protocol
the imports of these products are limited to annual
indicative ceilings above which the customs duties
applicable to third countries may be reintroduced;
whereas, however, under Article 3 (b) the
Community has to suspend the application of certain
ceilings; whereas, on the other hand in the
event of short-term economic difficulties,
the Community may, under Article 3 (c)
of Protocol 1, maintain the ceiling amounts
of the preceding year. Whereas, however,
application of this measure must be
limited to products most affected
by the short-term difficulties;

whereas, therefore, the ceilings to be applied
in 1978 must be established; whereas in this situation
it is also necessary that the Commission be regularly
informed of the trend of the imports of the products
in question and, in consequence, it is necessary to
subject these imports to supervision;

Whereas this objective may be achieved by means
of an administrative procedure based on setting off
imports of the products in question against the
indicative ceilings at Community level, as and when
these products are submitted to the customs author-
ities under cover of declarations that they have
been made available for consumption; whereas this
administrative procedure must make provision for
the reintroduction of customs tariff duties as soon as
the ceilings have been reached at Community level;

Whereas this administrative procedure requires close
and particularly rapid cooperation between the

Member States and the Commission; whereas the
latter must, in particular, be able to follow the pro-
gress of amounts set off against the indicative
ceilings and keep the Member States informed;
whereas this cooperation must be all the closer since
the Commission must be able to take adequate
measures to reintroduce customs tariff duties when-
ever one of the ceilings has been reached;

Whereas the trend of imports should be followed for
certain products for which, under Article 3 of
Protocol 1, the Community has suspended the appli-
cation of ceilings and for products which are not
subject to the ceiling system; whereas it is therefore
desirable that imports of such products should be
subject to supervision,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January until 31 December 1978 imports
of products originating in Finland and indicated in
Annex I to this Regulation shall be subject to indica-
tive ceilings and to Community supervision.

The description of the products referred to in the
preceding subparagraphs, their tariff headings and
statistic numbers and the levels of the indicative
ceilings are given in Annex I.

2. Amounts shall be set off against the indicative
ceilings as and when the goods are entered with
customs authorities for home use

and, accompanied by a movement certificate
conforming to the rules contained in Protocol 3 to
the Agreement.

Goods shall be set off against the indicative ceiling
only if the movement certificate has been submitted
before the date on which customs duties are
reimposed.

The reaching of a ceiling shall be determined at Community level on the basis of imports set off against it in the manner defined in the preceding subparagraphs.

The Member States shall periodically inform the Commission of imports effected in accordance with the above rules; such information shall be supplied under the conditions laid down in paragraph 4.

3. As soon as the ceilings have been reached, the Commission may issue a Regulation reimposing the customs duties provided for in Article 3 (f) of Protocol 1 to the Agreement until the end of the calendar year.

4. Member States shall forward to the Commission not later than the 15th day of each month statements of the amounts set off during the preceding month. They shall, if the Commission so requests, make up such statements for periods of 10 days and forward them within five clear days of expiry of the preceding 10-day period.

Article 2

From 1 January until 31 December 1978, imports of the products referred to in Annex 11 which originate in Finland shall be subject to Community supervision.

Member States shall forward to the Commission not later than the 15th day of each month statements of imports of the products in question effected during the preceding month; to this end, only products submitted to the customs authorities under cover of a declaration that they have been made available for consumption and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Agreement shall be taken into consideration.

Article 3

For the implementation of this Regulation the Commission shall take all necessary measures in close cooperation with the Member States.

Article 4

This Regulation shall enter into force on 1 January 1978.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

DEFINITIONS

- ex 45.01 C II Kraftliner**
- 'Kraftliner' means machine-finished or machine-glazed paper or paperboard, in rolls, containing not less than 80% of chemical sulphate softwood pulp calculated on total fibre content, weighing more than 115 g/m² and having a Mullen burst ratio of not less than 35.
- ex 48.01 C II Kraft paper for large sacks**
- 'Kraft paper for large sacks' means machine-finished paper, in rolls, containing not less than 80% of chemical sulphate softwood pulp calculated on total fibre content, weighing not less than 60 g/m² but not more than 115 g/m², having a Mullen burst ratio of not less than 38, and having a stretch factor of more than 4.5% in the cross direction and of more than 2% in the machine direction.
- ex 48.01 F Other printing paper and other writing paper, not containing mechanical wood pulp or containing not more than 5% of mechanical wood pulp**
- 'Other printing paper and other writing paper, not containing mechanical wood pulp or containing not more than 5% of mechanical wood pulp' means paper other than machine-glazed, used for printing or writing, which contains not more than 5% of mechanical wood pulp calculated on total fibre content.
- ex 48.01 F Printing paper and writing paper, containing mechanical wood pulp**
- 'Printing paper and writing paper containing mechanical wood pulp' means paper other than machine-glazed, used for printing and writing, containing more than 5% of mechanical wood pulp calculated on total fibre content.
- ex 48.01 F Fluting paper for corrugated paperboard**
- 'Fluting paper for corrugated paperboard' means paper, in rolls, containing not less than 65% of unbleached semi-chemical hardwood pulp (pulp obtained from wood by light chemical treatment followed by mechanical treatment) calculated on total fibre content and having a CMT (Concora Medium Test) crush resistance exceeding 20 kp.
- ex 48.01 F Sulphite paper for wrapping purposes**
- 'Sulphite paper for wrapping purposes' means machine-glazed paper, containing more than 40% of chemical bisulphite wood pulp, calculated on total fibre content, having an ash content of not more than 8% and having a Mullen burst ratio of not less than 15.

Proposal of a
COUNCIL REGULATION (EEC)

establishing Community supervision for imports of certain products originating
in Iceland (1978)

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the
European Economic Community, and in particular
Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas an Agreement ⁽¹⁾ between the European
Economic Community and the Republic of Iceland
was signed on 22 July 1972;

Whereas Articles 1 and 2 of Protocol 1 annexed to
this Agreement make provision for a specific time-
table for the progressive abolition of customs duties
in respect of the products to which the Agreement
applies; whereas under Article 3 of that Protocol the
imports of these products are limited to annual
indicative ceilings above which the customs duties
applicable to third countries may be reintroduced;
whereas, however, under Article 3 (b) the Community
has to suspend the application of certain ceilings;
whereas in the light of the current situation of the
trade in these products and its likely development
in 1978 it does not seem desirable to establish indi-
cative ceilings for this year;

Whereas the trend of imports should be followed
for certain products for which, under Article 3 of
Protocol 1, the Community has suspended the appli-
cation of ceilings; whereas it is therefore desirable

that imports of such products should be subject to
supervision,

HAS ADOPTED THIS REGULATION:

Article 1

From 1 January until 31 December 1978, imports
of products originating in Iceland and indicated in
the Annex to this Regulation shall be subject to
Community supervision.

Member States shall forward to the Commission not
later than the 15th day of each month statements of
imports of the products in question effected during
the preceding month; to this end, only products
submitted to the customs authorities under cover of
a declaration that they have been made available for
consumption and accompanied by a movement
certificate conforming to the rules contained in
Protocol 3 to the Agreement shall be taken into
consideration.

Article 2

For the implementation of this Regulation the
Commission shall take all necessary measures in
close cooperation with the Member States.

Article 3

This Regulation shall enter into force on 1 January
1978.

This Regulation shall be binding in its entirety and directly applicable in all Member
States.

Proposal of a
COUNCIL REGULATION (EEC)

establishing indicative ceilings and Community supervision for imports of certain
products originating in Norway (1973)

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas an Agreement (1) between the European Economic Community and the Kingdom of Norway was signed on 14 May 1973;

Whereas Articles 1, 2 and 3 of Protocol 1 annexed to this Agreement make provision for a specific timetable for the progressive abolition of customs duties in respect of the products to which the Agreement applies; whereas under Article 4 of that Protocol the imports of these products are limited to annual indicative ceilings above which the customs duties applicable to third countries may be reintroduced; whereas, however, under Article 4 (b) the Community has to suspend the application of certain ceilings;

whereas, on the other hand, in the event of short-term economic difficulties, the Community may, under Article 3 (c) of Protocol 1, maintain the ceiling amounts of the preceding year; whereas, however, application of this measure must be limited to products most affected by the short-term difficulties;

whereas, therefore, the ceilings to be applied in 1978 must be established; whereas in this situation it is also necessary that the Commission be regularly informed of the trend of the imports of the products in question and, in consequence, it is necessary to subject these imports to supervision;

Whereas this objective may be achieved by means of an administrative procedure based on setting off imports of the products in question against the indicative ceilings at Community level, as and when these products are submitted to the customs authorities under cover of declarations that they have been made available for consumption; whereas this administrative procedure must make provision for the reintroduction of customs tariff duties as soon as the ceilings have been reached at Community level;

Whereas this administrative procedure requires close and particularly rapid cooperation between the

Member States and the Commission; whereas the latter must, in particular, be able to follow the progress of amounts set off against the indicative ceilings and keep the Member States informed; whereas this cooperation must be all the closer since the Commission must be able to take adequate measures to reintroduce customs tariff duties whenever one of the ceilings has been reached;

Whereas the trend of imports should be followed for certain products for which, under Article 4 of Protocol 1, the Community has suspended the application of ceilings and for products which are not subject to the ceiling system; whereas it is therefore desirable that imports of such products should be subject to supervision,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January until 31 December 1978, imports of products originating in Norway and indicated in Annex 1 to this Regulation shall be subject to indicative ceilings and to Community supervision.

The description of the products referred to in the preceding subparagraphs, their tariff headings and statistic numbers and the levels of the indicative ceilings are given in Annex 1.

2. Amounts shall be set off against the indicative ceilings as and when the goods are entered with customs authorities for home use and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Agreement.

Goods shall be set off against the indicative ceiling only if the movement certificate has been submitted before the date on which customs duties are reimposed.

(1) OJ No L 171, 27. 6. 1973, p. 2.

The reaching of a ceiling shall be determined at Community level on the basis of imports set off against it in the manner defined in the preceding subparagraphs.

The Member States shall periodically inform the Commission of imports effected in accordance with the above rules; such information shall be supplied under the conditions laid down in paragraph 4.

3. As soon as the ceilings have been reached, the Commission may issue a Regulation reimposing the customs duties provided for in Article 4 (f) of Protocol 1 to the Agreement until the end of the calendar year.

4. Member States shall forward to the Commission not later than the 15th day of each month statements of the amounts set off during the preceding month. They shall, if the Commission so requests, make up such statements for periods of 10 days and forward them within five clear days of expiry of the preceding 10-day period.

Article 2

From 1 January until 31 December 1978, imports of the products referred to in Annex II which originate in Norway shall be subject to Community supervision.

Member States shall forward to the Commission not later than the 15th day of each month statements of imports of the products in question effected during the preceding month; to this end, only products submitted to the customs authorities under cover of a declaration that they have been made available for consumption and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Agreement shall be taken into consideration.

Article 3

For the implementation of this Regulation the Commission shall take all necessary measures in close cooperation with the Member States.

Article 4

This Regulation shall enter into force on 1 January 1978.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC)

establishing indicative ceilings and Community supervision for imports of certain products originating in Portugal (1978)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas an Agreement ⁽¹⁾ between the European Economic Community and the Portuguese Republic was signed on 22 July 1972;

Whereas Articles 1 and 2 of Protocol 1 annexed to this Agreement make provision for a specific timetable for the progressive abolition of customs duties in respect of the products to which the Agreement applies; whereas under Article 2 of that Protocol the imports of these products are limited to annual indicative ceilings above which the customs duties applicable to third countries may be reintroduced; whereas, however, under Article 2 (2) the Community has to suspend the application of certain ceilings; whereas, therefore, the ceilings to be applied in 1978 must be established; whereas in this situation it is also necessary that the Commission be regularly informed of the trend of the imports of the products in question and, in consequence, it is necessary to subject these imports to supervision;

Whereas this objective may be achieved by means of an administrative procedure based on setting off imports of the products in question against the indicative ceilings at Community level, as and when these products are submitted to the customs authorities under cover of declarations that they have been made available for consumption; whereas this administrative procedure must make provision for the reintroduction of customs tariff duties as soon as the ceilings have been reached at Community level;

Whereas this administrative procedure requires close and particularly rapid cooperation between the

Member States and the Commission; whereas the latter must, in particular, be able to follow the progress of amounts set off against the indicative ceilings and keep the Member States informed; whereas this cooperation must be all the closer since the Commission must be able to take adequate measures to reintroduce customs tariff duties whenever one of the ceilings has been reached;

Whereas the trend of imports should be followed for certain products for which, under Article 2 of Protocol 1, the Community has suspended the application of ceilings and for products which are not subject to the ceiling system; whereas it is therefore desirable that imports of such products should be subject to supervision,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January until 31 December 1978 imports of products originating in Portugal and indicated in Annex I to this Regulation shall be subject to indicative ceilings and to Community supervision.

The description of the products referred to in the preceding subparagraphs, their tariff headings and statistic numbers and the levels of the indicative ceilings are given in Annex I.

2. Amounts shall be set off against the indicative ceilings as and when the goods are entered with customs authorities for home use and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Agreement.

Goods shall be set off against the indicative ceiling only if the movement certificate has been submitted before the date on which customs duties are reimposed.

⁽¹⁾ OJ No L 301, 31. 12. 1972, p. 10.

The reaching of a ceiling shall be determined at Community level on the basis of imports set off against it in the manner defined in the preceding subparagraphs.

The Member States shall periodically inform the Commission of imports effected in accordance with the above rules; such information shall be supplied under the conditions laid down in paragraph 4.

3. As soon as the ceilings have been reached, the Commission may issue a Regulation reimposing the customs duties provided for in Article 2 (7) of Protocol 1 to the Agreement until the end of the calendar year.

4. Member States shall forward to the Commission not later than the 15th day of each month statements of the amounts set off during the preceding month. They shall, if the Commission so requests, make up such statements for periods of 10 days and forward them within five clear days of expiry of the preceding 10-day period.

Article 2

From 1 January until 31 December 1978 imports of the products referred to in Annex II which originate in Portugal shall be subject to Community supervision.

Member States shall forward to the Commission not later than the 15th day of each month statements of imports of the products in question effected during the preceding month; to this end, only products submitted to the customs authorities under cover of a declaration that they have been made available for consumption and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Agreement shall be taken into consideration.

Article 3

For the implementation of this Regulation the Commission shall take all necessary measures in close cooperation with the Member States.

Article 4

This Regulation shall enter into force on 1 January 1978.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC)

establishing indicative ceilings and Community supervision for imports of certain products originating in Sweden (1978)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas an Agreement⁽¹⁾ between the European Economic Community and the Kingdom of Sweden was signed on 22 July 1972;

Whereas Articles 1 and 2 of Protocol 1 annexed to this Agreement make provision for a specific timetable for the progressive abolition of customs duties in respect of the products to which the Agreement applies; whereas under Article 3 of that Protocol the imports of these products are limited to annual indicative ceilings above which the customs duties applicable to third countries may be reintroduced; whereas, however, under Article 3 (b) the Community has to suspend the application of certain ceilings; whereas, on the other hand, in the event of short-term economic difficulties, the Community may, under Article 3 (c) of Protocol 1, maintain the ceiling amounts of the preceding year; whereas, however, application of this measure must be limited to products most affected by the short-term difficulties; whereas, therefore, the ceilings to be applied in 1978 must be established; whereas in this situation it is also necessary that the Commission be regularly informed of the trend of the imports of the products in question and, in consequence, it is necessary to subject these imports to supervision;

Whereas this objective may be achieved by means of an administrative procedure based on setting off imports of the products in question against the indicative ceilings at Community level, as and when these products are submitted to the customs authorities under cover of declarations that they have been made available for consumption; whereas this

administrative procedure must make provision for the reintroduction of customs tariff duties as soon as the ceilings have been reached at Community level;

Whereas this administrative procedure requires close and particularly rapid cooperation between the Member States and the Commission; whereas the latter must, in particular, be able to follow the progress of amounts set off against the indicative ceilings and keep the Member States informed; whereas this cooperation must be all the closer since the Commission must be able to take adequate measures to reintroduce customs tariff duties whenever one of the ceilings has been reached;

Whereas the trend of imports should be followed for certain products for which, under Article 3 of Protocol 1, the Community has suspended the application of ceilings and for products which are not subject to the ceiling system; whereas it is therefore desirable that imports of such products should be subject to supervision,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January until 31 December 1978, imports of products originating in Sweden and indicated in Annex I to this Regulation shall be subject to indicative ceilings and to Community supervision.

The description of the products referred to in the preceding subparagraphs, their tariff headings and statistic numbers and the levels of the indicative ceilings are given in Annex I.

2. Amounts shall be set off against the indicative ceilings as and when ~~products~~ the goods are entered with customs authorities for home use

and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Agreement.

(¹) OJ No L 300, 31. 12. 1972, p. 96.

Goods shall be set off against the indicative ceiling only if the movement certificate has been submitted before the date on which customs duties are reimposed.

The reaching of a ceiling shall be determined at Community level on the basis of imports set off against it in the manner defined in the preceding subparagraphs.

The Member States shall periodically inform the Commission of imports effected in accordance with the above rules; such information shall be supplied under the conditions laid down in paragraph 4.

3. As soon as the ceilings have been reached, the Commission may issue a Regulation reimposing the customs duties provided for in Article 3 (f) of Protocol 1 to the Agreement until the end of the calendar year.

4. Member States shall forward to the Commission not later than the 15th day of each month statements of the amounts set off during the preceding month. They shall, if the Commission so requests, make up such statements for periods of 10 days and forward them within five clear days of expiry of the preceding 10-day period.

Article 2

From 1 January until 31 December 197⁸, imports of the products referred to in Annex II which originate in Sweden shall be subject to Community supervision.

Member States shall forward to the Commission not later than the 15th day of each month statements of imports of the products in question effected during the preceding month; to this end, only products submitted to the customs authorities under cover of a declaration that they have been made available for consumption and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Agreement shall be taken into consideration.

Article 3

For the implementation of this Regulation the Commission shall take all necessary measures in close cooperation with the Member States.

Article 4

This Regulation shall enter into force on 1 January 1978.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

ANNEX III

DEFINITIONS

- ex 43.01 C II** **Kraft liner**
- 'Kraftliner' means machine-finished or machine-glazed paper or paperboard, in rolls, containing not less than 80% of chemical sulphate softwood pulp calculated on total fibre content, weighing more than 115 g/m² and having a Mullen burst ratio of not less than 35.
- ex 48.01 C II** **Kraft paper for large sacks**
- 'Kraft paper for large sacks' means machine-finished paper, in rolls, containing not less than 80% of chemical sulphate softwood pulp calculated on total fibre content, weighing not less than 60 g/m² but not more than 115 g/m², having a Mullen burst ratio of not less than 38, and having a stretch factor of more than 4.5% in the cross direction and of more than 2% in the machine direction.
- ex 48.01 F** **Other printing paper and other writing paper, not containing mechanical wood pulp or containing not more than 5% of mechanical wood pulp**
- 'Other printing paper and other writing paper, not containing mechanical wood pulp or containing not more than 5% of mechanical wood pulp' means paper other than machine-glazed, used for printing or writing, which contains not more than 5% of mechanical wood pulp calculated on total fibre content.
- ex 48.01 F** **Printing paper and writing paper, containing mechanical wood pulp**
- 'Printing paper and writing paper containing mechanical wood pulp' means, paper other than machine-glazed, used for printing and writing, containing more than 5% of mechanical wood pulp calculated on total fibre content.
- ex 48.01 F** **Fluting paper for corrugated paperboard**
- 'Fluting paper for corrugated paperboard' means paper, in rolls, containing not less than 65% of unbleached semi-chemical hardwood pulp (pulp obtained from wood by light chemical treatment followed by mechanical treatment) calculated on total fibre content and having a CMT (Concora Medium Test) crush resistance exceeding 20 kp.
- ex 48.01 F** **Sulphite paper for wrapping purposes**
- 'Sulphite paper for wrapping purposes' means machine-glazed paper, containing more than 40% of chemical bisulphite wood pulp, calculated on total fibre content, having an ash content of not more than 8% and having a Mullen burst ratio of not less than 15.
- ex 73.15 B** **Alloy steel, stainless or heat-resisting**
- ex 73.18 C**
- 'Alloy steel, stainless or heat-resisting' means alloy steel, containing by weight 12% or more of chromium, with or without other alloy elements, and less than 1% of carbon.
- ex 73.15 B** **High-speed alloy steel**
- 'High-speed alloy steel' means alloy steel containing, with or without other alloy elements, at least two of the following three elements: tungsten (wolfram), molybdenum and vanadium with a total content, by weight, of not less than 7% of these elements taken together, and containing more than 0.6%, by weight, of carbon.

COUNCIL REGULATION (EEC)

establishing Community supervision for imports of certain products originating in Switzerland (1978)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas an Agreement ⁽¹⁾ between the European Economic Community and the Swiss Confederation was signed on 22 July 1972;

Whereas Articles 1 and 2 of Protocol 1 annexed to this Agreement make provision for a specific timetable for the progressive abolition of customs duties in respect of the products to which the Agreement applies; whereas under Article 3 of that Protocol the imports of these products are limited to annual indicative ceilings above which the customs duties applicable to third countries may be reintroduced; whereas, however, under Article 3 (b) the Community has to suspend the application of certain ceilings; whereas in the light of the current situation of the trade in these products and its likely development in 1978, it does not seem desirable to establish indicative ceilings for this year;

Whereas the trend of imports should be followed for certain products for which, under Article 3 of Protocol 1, the Community has suspended the application of ceilings and for other products not subject to ceilings; whereas it is therefore desirable

that imports of such products should be subject to supervision,

HAS ADOPTED THIS REGULATION:

Article 1

From 1 January until 31 December 1978 imports of products originating in Switzerland and indicated in the Annex to this Regulation shall be subject to Community supervision.

Member States shall forward to the Commission not later than the 15th day of each month statements of imports of the products in question effected during the preceding month; to this end, only products submitted to the customs authorities under cover of a declaration that they have been made available for consumption and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Agreement shall be taken into consideration.

Article 2

For the implementation of this Regulation the Commission shall take all necessary measures in close cooperation with the Member States.

Article 3

This Regulation shall enter into force on 1 January 1978.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels,

For the Council

The President

DECISION

OF THE REPRESENTATIVES OF THE GOVERNMENTS OF THE MEMBER
STATES OF THE EUROPEAN COAL AND STEEL COMMUNITY, MEETING
WITHIN THE COUNCIL,

establishing supervision for imports of certain products originating in Austria (1978)

THE REPRESENTATIVES OF THE GOVERNMENTS
OF THE MEMBER STATES OF THE EUROPEAN
COAL AND STEEL COMMUNITY, MEETING
WITHIN THE COUNCIL,

in agreement with the Commission,

HAVE DECIDED AS FOLLOWS:

Article 1

1. Imports of certain products originating in Austria and indicated in Articles 1 and 2 of Protocol 1 to the Agreement between the Member States of the European Coal and Steel Community and the European Coal and Steel Community, of the one part, and the Republic of Austria, of the other part, shall be subject to annual indicative ceilings and to Community supervision from 1 January until 31 December 1978.

The description of the products referred to in the preceding subparagraph, their tariff headings and statistic numbers and the levels of the indicative ceilings are given in Council Regulation (EEC) No of establishing indicative ceilings and Community supervision for imports of certain products originating in Austria (1).

2. Amounts shall be set off against the indicative ceilings as and when ~~per~~ the goods are entered with customs authorities for home use

and are accompanied by a movement certificate conforming to the rules contained in the Agreement referred to in paragraph 1.

Goods shall be set off against the indicative ceiling only if the movement certificate has been submitted before the date on which customs duties are reimposed.

The reaching of a ceiling shall be determined at Community level on the basis of imports set off against it in the manner defined in the preceding subparagraphs.

The Member States shall periodically inform the Commission of imports effected in accordance with the above rules; such information shall be supplied under the conditions laid down in paragraph 4.

3. As soon as the ceilings have been reached, the Member States may, at the request of one of them or of the Commission, reimpose, until the end of the calendar year, each in respect of its own territory, the customs duties applicable to third countries, adjusted, where appropriate, by the

(1) See page 1 of this Official Journal.

percentages laid down in Article 2 (e) of Protocol 1 to the Agreement referred to in paragraph 1.

4. Member States shall forward to the Commission not later than the 15th day of each month statements of the amounts set off during the preceding month. They shall, if the Commission so requests, make up such statements for periods of 10 days and forward them within five clear days of expiry of the preceding 10-day period.

Article 2

1. Imports of products originating in Austria which are mentioned in Articles 1 and 2 of Protocol 1 to the Agreement and indicated in Annex II to Regulation (EEC) No shall be subject to Community supervision.

2. Member States shall forward to the Commission not later than the 15th day of each month statements of imports of the products in question effected during the preceding month; only products submitted

to the customs authorities under cover of a declaration that they are to be made available for consumption and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Agreement shall be taken into consideration for this purpose.

Article 3

For the implementation of this Decision the Member States shall take all necessary measures in close cooperation with the Commission.

Article 4

The Member States shall take all measures required to implement this Decision.

Done at Brussels,

The President

DECISION
OF THE REPRESENTATIVES OF THE GOVERNMENTS OF THE MEMBER
STATES OF THE EUROPEAN COAL AND STEEL COMMUNITY, MEETING
WITHIN THE COUNCIL,

establishing supervision for imports of certain products originating in Sweden (1978)

THE REPRESENTATIVES OF THE GOVERNMENTS
 OF THE MEMBER STATES OF THE EUROPEAN
 COAL AND STEEL COMMUNITY, MEETING
 WITHIN THE COUNCIL,

in agreement with the Commission,

HAVE DECIDED AS FOLLOWS:

Article 1

1. Imports of certain products originating in Sweden and indicated in Articles 1 and 2 of Protocol 1 to the Agreement between the Member States of the European Coal and Steel Community and the European Coal and Steel Community, of the one part, and the Kingdom of Sweden, of the other part, shall be subject to annual indicative ceilings and to Community supervision from 1 January until 31 December 1978.

The description of the products referred to in the preceding subparagraph, their tariff headings and statistic numbers and the levels of the indicative ceilings are given in Council Regulation (EEC) No of establishing indicative ceilings and Community supervision for imports of certain products originating in Sweden ⁽¹⁾.

2. Amounts shall be set off against the indicative ceilings as and when the goods are entered with customs

authorities and are accompanied by a movement certificate conforming to the rules contained in the Agreement referred to in paragraph 1.

Goods shall be set off against the indicative ceiling only if the movement certificate has been submitted before the date on which customs duties are reimposed.

⁽¹⁾ See page 25 of this Official Journal.

The reaching of a ceiling shall be determined at Community level on the basis of imports set off against it in the manner defined in the preceding subparagraphs.

The Member States shall periodically inform the Commission of imports effected in accordance with the above rules; such information shall be supplied under the conditions laid down in paragraph 4.

3. As soon as the ceilings have been reached, the Member States may, at the request of one of them or of the Commission, reimpose, until the end of the calendar year, each in respect of its own territory, the customs duties applicable to third countries, adjusted, where appropriate, by the percentages laid down in Article 2 (e) of Protocol 1 to the Agreement referred to in paragraph 1.

4. Member States shall forward to the Commission not later than the 15th day of each month statements of the amounts set off during the preceding month. They shall, if the Commission so requests, make up such statements for periods of 10 days and forward them within five clear days of expiry of the preceding 10-day period.

Article 2

1. Imports of products originating in Sweden which are mentioned in Articles 1 and 2 of Protocol 1 to the Agreement and indicated in Annex II to Regulation (EEC) No shall be subject to Community supervision.

2. Member States shall forward to the Commission not later than the 15th day of each month statements of imports of the products in question effected during the preceding month; only products submitted to the customs authorities under cover of a declaration that

they are to be made available for consumption, and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Agreement shall be taken into consideration for this purpose.

Article 3

For the implementation of this Decision the Member States shall take all necessary measures in close cooperation with the Commission.

Article 4

The Member States shall take all measures required to implement this Decision.

Done at Brussels,

The President
