COMMISSION OF THE EUROPEAN COMMUNITIES

COM(83) 206 final

Brussels, 15 April 1983

Draft for a
COUNCIL REGULATION (EEC)

temporarily suspending the autonomous Common Customs Tariff
duties on certain industrial products

(submitted to the Council by the Commission)

EXPLANATORY MEMORANDUM

1. The subject of the following draft regulation is the temporary suspension of duties in the Common Customs Tariff for a number of industrial items, as requested by the Member States.
It is partly a prolongation and partly a new measure.
2. It seems appropriate to the Commission that a duty suspension is justified for the goods listed in the annex to this regulation.
The Commission proposes a total suspension for those products for which Community production does not exist or is minimal. A partial suspension is proposed in cases where the Community production covers only a part of the requirements. The rate of the partially suspended duty depends on the extent of the possible Community supply to the Community users. The Commission is also always looking for the right balance between the interests of the suppliers, users and the consumers in the Community.
It also takes into account the need to protect employment.
3. The proposed measures are confined to six or twelve months because of the difficulties of estimating the evolution of the basic factors.
4. For a number of items for which the Member States also requested duty suspensions the Commission does not propose a tariff measure because the necessary conditions are not fulfilled. This concerns the following items :

Draft for a

COUNCIL REGULATION (EEC)

temporarily suspending the autonomous Common Customs Tariff duties on certain industrial products

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 28 thereof,

Having regard to the draft Regulation submitted by the Commission,

Whereas production of the products referred to in this Regulation is at present inadequate or non-existent within the Community and producers are thus unable to meet the needs of user industries in the Community;

Whereas it is in the Community's interest to suspend the autonomous Common Customs Tariff duties only partially in certain cases, due particularly to the existence of Community production, and to suspend them completely in other cases;

Whereas, taking account of the difficulties involved in accurately assessing the development of the economic situation in the sectors concerned in the near future,

these suspension measures should be taken only temporarily with their term of validity fixed to coincide with the interests of Community production,

HAS ADOPTED THIS REGULATION:

Article 1

The autonomous Common Customs Tariff duties for the products listed in the tables annexed to this Regulation shall be suspended at the level indicated in respect of each of them.

These suspensions shall be valid:

- from 1 July to 31 December 1983 for the products listed in Table I,
- from 1 July 1983 to 30 June 1984 for the products listed in Table II.

Article 2

This Regulation shall enter into force on 1 July 1983.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Luxembourg,

*For the Council
The President*
