

**Proposal for a Council Regulation fixing for the 1984 and 1985 marketing years the
basic and intervention prices for sheepmeat**

(84/C 62/46)

THE COUNCIL OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1837/80 of 27 June 1980 on the common organization of the market in sheepmeat and goatmeat ⁽¹⁾, as last amended by Regulation (EEC) No ..., and in particular Articles 3 (1) and 7 (6) thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament,

Having regard to the opinion of the Economic and Social Committee,

Whereas the change in the start of the marketing year, in accordance with Article 1 (2) of Regulation (EEC) No ..., makes it advisable to fix prices simultaneously for the two marketing years beginning on 2 April 1984 and 7 January 1985;

Whereas, when the basic price for sheep carcasses is fixed, account should be taken both of the objectives of the common agricultural policy and of the contribution the Community wishes to make to the harmonious development of world trade; whereas the main objectives of the common agricultural policy are to ensure a fair standard of living for the agricultural community, to assure the availability of supplies and to ensure that supplies reach consumers at reasonable prices;

Whereas the basic price must be fixed in accordance with the criteria laid down in Article 3 (2) of Regulation (EEC) No 1837/80; whereas it should be fixed for each of the marketing years concerned at a level exceeding that fixed for the preceding year; whereas the intervention prices correspond to a percentage of the basic price;

Whereas the marketing year beginning in 1984 runs for only 40 weeks because of the change referred to above; whereas, to ensure that the seasonal adjustments to the basic price always reflect the usual sea-

sonal changes in the Community market, the basic price fixed for the marketing year in question should be multiplied by a correcting factor in calculating any income losses to sheepmeat producers;

Whereas, in accordance with the second subparagraph of Article 9 (2) of Regulation (EEC) No 1837/80, it is necessary to fix that percentage of the guide level, itself corresponding to 85 % of the basic price as referred to in Article 3 (1) of the said Regulation, which is not to be exceeded at any time by the variable slaughter premium; whereas this ceiling should be fixed at a high enough level to ensure that it will only apply in practice during the relatively short part of the marketing year in which market prices attain a very low level,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1984 marketing year in the sheepmeat sector:

1. The basic price is hereby fixed at 438,85 ECU per 100 kilograms carcass weight.
2. The intervention price is hereby fixed at 373,02 ECU per 100 kilograms carcass weight.
3. The derived intervention price applicable in region 3 is hereby fixed at 352,92 ECU per 100 kilograms carcass weight.

By way of derogation from Article 5 (2) of Regulation (EEC) No 1837/80, the basic price for the 1984

⁽¹⁾ OJ No L 183, 16. 7. 1980, p. 1.

marketing year as referred to in Article 1 of this Regulation shall be multiplied by a factor of 0,967 in determining any income losses to sheepmeat producers.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
