COMMISSION PROPOSAL

AMENDMENT BY THE EUROPEAN PARLIAMENT

(Amendment No 1)

Point 6

(new)

6. That an appropriate tariff strategy be developed at Community level as regards charges for minimum service capabilities and facilities, that will stimulate the development of the universal mobile telecommunications market, that will permit users to roam without penalty from one Community country to another and that will permit tariffs to be less distance-dependent.

(Point 6 renumbered 7)

(Amendment No 2)

Point 7

7. That Member States inform the Commission at the end of each year, from the end of 1990 onwards, of the measures taken and the problems encountered in the course of implementing this Recommendation; that the progress of work be examined by the Commission and the Senior Officials Group on Telecommunications (SOG-T) which was set up by the Council on 4 November 1983; and that the European Parliament be regularly informed.

Point 8

8. That Member States inform the Commission at the end of each year, from the end of 1992 onwards, of the measures taken and the problems encountered in the course of implementing this Recommendation: that provision be made for consultation of the telecommunications organizations, users, consumers, manufacturers, service providers and the trade unions: that the progress of work be examined by the Commission and the Senior Officials Group on Telecommunications (SOG-T) which was set up by the Council on 4 November 1983; and that the European Parliament be regularly informed, and at least on an annual basis.
