(Preparatory Acts)

COMMISSION

Proposal for a Council Regulation (EC) laying down certain control measures to ensure compliance with the measures adopted by ICCAT

*(98/C 371/07)**(Text with EEA relevance)**COM(1998) 620 final — 98/0305(CNS)**(Submitted by the Commission on 30 October 1998)*

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 43 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament,

Whereas the European Community has since 14 November 1997 been a contracting party to the International Convention for the Conservation of Atlantic Tunas, hereinafter referred to as the 'ICCAT Convention';

Whereas the ICCAT Convention provides a regional framework for cooperation with a view to the conservation and management of resources of tuna and tuna-like fish in the Atlantic Ocean and adjacent seas through the agency of an International Commission for the Conservation of Atlantic Tunas, hereinafter referred to as 'ICCAT', and the adoption of recommendations on conservation and management in the Convention area that become binding on contracting parties;

Whereas, with a view to ensuring compliance with the conservation measures in place, ICCAT adopted at its 15th ordinary meeting (14-21 November 1997) a recommendation on transshipments and vessel observation that became binding on contracting parties from 13 June 1998; whereas the Community should apply that recommendation;

Whereas it is necessary to lay down rules on the transmission of information on vessels suspected of fishing activity detrimental to the effectiveness of the conservation measures adopted by ICCAT;

Whereas it is essential to strengthen control at sea by allowing Community fishing vessels and mother ships to receive transshipments only from vessels flying the flag of a contracting party or cooperating party, entity or fishing entity;

Whereas ICCAT has constantly encouraged non-contracting parties, entities and fishing entities fishing in the Convention area for species falling within ICCAT's competence to become cooperating parties, entities or fishing entities by making a firm commitment to comply with ICCAT's conservation and management measures,

HAS ADOPTED THIS REGULATION:

Article 1

For the purposes of this Regulation:

1. 'Fishing activities' means fishing, fish processing, transshipment of fish or fish products or any other related activity where the species in question falls within the competence of ICCAT.
2. 'Observation' means any observation by a Member State's vessel, aircraft or competent authority, responsible for surveillance at sea, of a vessel:

— the nationality of which is not apparent (termed 'stateless vessel' below) and that appears to be fishing for species falling within ICCAT's competence, or

- flying the flag of another contracting party and appearing to be fishing contrary to ICCAT's conservation measures, or
- flying the flag of a non-contracting party, entity or fishing entity and appearing to be fishing contrary to ICCAT's conservation measures.

The observation shall be recorded on an observation form as shown in Annex I. As much as possible of the specified information shall be given. It may be accompanied by photographs of the vessel observed.

Article 2

1. Observation forms shall be transmitted without delay to the observer's Member State, which shall forward them without delay to the Commission.
2. The Commission shall without delay transmit observation forms to the flag country of the vessel in question and to the ICCAT secretariat.

Article 3

1. A Member State receiving through the agency of a contracting party an observation on the activity of a vessel flying its flag shall without delay notify the observation and all relevant information to the Commission.
2. The Commission shall duly notify this relevant information to the ICCAT secretariat for examination by the ICCAT compliance committee.

Article 4

1. The competent authority of a Member State that has boarded and/or inspected a stateless fishing vessel as referred to in Article 1 shall without delay notify the Commission of the inspection findings and of any action taken under international law.
2. The Commission shall immediately transmit the information to the ICCAT secretariat.

Article 5

1. Community fishing vessels and mother vessels may not receive transshipments at sea of species falling within ICCAT's competence from vessels flying the flag of a non-contracting party that does not have the status of cooperating party, entity or fishing entity.
2. Before the beginning of each year the Commission shall send Member States a list of cooperating parties, entities and fishing entities as drawn up by ICCAT.
3. Member States shall transmit details of transshipment activities by Community vessels from 1 November of the previous year to the Commission, which shall forward them to ICCAT.

Article 6

This Regulation shall enter into force on the seventh day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

ANNEX

VESSEL OBSERVATION FORM

1. Date of observation: (month) (day) (year)

2. Position of vessel observed:

At sea:

Latitude

Longitude

3. Name of vessel observed:

4. Flag country:

5. Port (and country) of registration:

6. Vessel type:

7. International call sign:

8. Estimated length and GRT:

metres

MT

9. Type of fishing gear:

10. Situation of vessel when observed at sea (please tick):

Fishing

Sailing

Drifting

Transshipping

Other

11. Activity of vessel when observed:
