Proposal for a

COUNCIL REGULATION

providing for the management of Community tariff quotas and of reference quantities for products eligible for preferences by virtue of agreements with certain Mediterranean countries and repealing Regulations (EC) Nos. 1981/94 and 934/95

(presented by the Commission)

EXPLANATORY MEMORANDUM

In trade agreements which the Community has concluded with certain Mediterranean countries, tariff concessions have been provided for a number of products within Community tariff quotas and/or reference quantities.

The tariff quotas have been implemented by Council Regulation (EC) No 1981/94 of 25 July 1994, whilst the administration of the reference quantities has been provided for by Council Regulation (EC) No 934/95 of 10 April 1995.

As these Regulations have been repeatedly and substantially amended, they now need to be recast and simplified. In the interest of rationalising the implementation of the measures concerned, it is proposed to group the provisions relating to tariff quotas and reference quantities currently included in different regulations in one single regulation.

The attached proposal takes account of subsequent amendments of Regulations 1981/94 and 934/95, together with amendments to the Combined Nomenclature codes and to the Taric-subdivisions. In addition, it includes the implementing provisions for three new tariff quotas and for some changes to existing tariff quotas and reference quantities for products originating in Tunisia. These are provided for in Council Decision of [...] on the conclusion of an Agreement in the form of an exchange of letters between the European Community and the Republic of Tunisia on reciprocal liberalisation measures and on the amendment of the agricultural protocols to the Association agreement between the European Community and the Republic of Tunisia.

This is the purpose of the attached proposal.

Proposal for a

COUNCIL REGULATION

providing for the management of Community tariff quotas and of reference quantities for products eligible for preferences by virtue of agreements with certain Mediterranean countries and repealing Regulations (EC) Nos. 1981/94 and 934/95

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 133 thereof,

Having regard to the proposal from the Commission¹,

Whereas:

- (1) The Additional Protocols to the Cooperation Agreements between the European Economic Community, of the one part, and the People's Democratic Republic of Algeria², the Arab Republic of Egypt³, the Hashemite Kingdom of Jordan⁴, the Syrian Arab Republic⁵, of the other part, and the supplementary Protocol to the Agreement establishing an association between the European Economic Community and Malta⁶, provide tariff concessions of which some fall within Community tariff quotas and reference quantities.
- (2) The Protocol laying down the conditions and procedures for the implementation of the second stage of the Agreement establishing an Association between the European Economic Community and the Republic of Cyprus and adapting certain provisions of the Agreement⁷, supplemented by Council Regulation (EC) No 3192/94 of 19 December 1994 amending the arrangements applying to imports into the Community of certain agricultural products originating in Cyprus⁸, also provide tariff concessions of which some fall within Community tariff quotas and reference quantities.
- (3) Council Regulation (EEC) No 1764/92 of 29 June 1992 amending the arrangements for the import into the Community of certain agricultural products originating in Algeria, Cyprus, Egypt, Israel, Jordan, Lebanon, Malta, Morocco, Syria and Tunisia⁹,

accelerated the tariff dismantling and provided for an increase of the volumes of the tariff quotas and reference quantities laid down in the Protocols to the Association or Cooperation Agreements with the Mediterranean countries in question.

- (4) The arrangements for importing oranges originating in Cyprus, in Egypt and in Israel into the Community has been adjusted by the Agreements in the form of an Exchange of Letters between the European Community and Cyprus¹⁰, between the European Community and Egypt¹¹ and between the European Community and Israel¹².
- (5) Decision No 1/98 of the EC-Turkey Association Council of 25 February 1998 on the trade regime for agricultural products¹³, provides for tariff concessions of which some are granted within tariff quotas.
- (6) The Euro-Mediterranean Interim Association Agreement on trade and cooperation between the European Community, of the one part, and the Palestine Liberation Organization (PLO) for the benefit of the Palestinian Authority of the West Bank and the Gaza Strip¹⁴, of the other part, as well as the Euro-Mediterranean Agreements establishing an association between the European Communities and their Member States, of the one part, and the Republic of Tunisia¹⁵, the Kingdom of Morocco¹⁶, the State of Israel¹⁷, of the other part, provide tariff concessions of which some fall within Community tariff quotas and reference quantities.
- (7) These tariff concessions have been implemented by Council Regulation (EC) No 1981/94 of 25 July 1994, opening and providing for the administration of Community tariff quotas for certain products originating in Algeria, Cyprus, Egypt, Israel, Jordan, Malta, Morocco, the West Bank and the Gaza Strip, Tunisia and Turkey, and providing detailed rules for extending and adapting these tariff quotas¹⁸, and by Council Regulation (EC) No 934/95 of 10 April 1995, establishing a Community statistical surveillance in the framework of reference quantities for a certain number of products originating in Cyprus, Egypt, Jordan, Israel, Tunisia, Syria, Malta, Morocco and the West Bank and the Gaza Strip¹⁹.
- (8) As both Council Regulations (EC) Nos. 1981/94 and 934/95 have been repeatedly and substantially amended, they now need to be recast and simplified in line with the Council Resolution of 25 October 1996 on the simplification and rationalisation of the Community's customs regulations and procedures²⁰. In the interest of rationalising the implementation of the tariff measures concerned, the provisions relating to tariff quotas and reference quantities should be grouped together in one single regulation which takes account of subsequent amendments of Regulations 1981/94 and 934/95,

together with amendments to the Combined Nomenclature codes and to the Taric-subdivisions.

- (9) As the preferential agreements concerned are concluded for an unlimited period, it is appropriate not to limit the duration of this Regulation.
- (10) Entitlement to benefit from the tariff concessions is subject to presentation to the customs authorities of the relevant proof of origin as provided for in the preferential agreements in question between the European Community and Mediterranean countries.
- (11) The preferential agreements in question provide, when a reference quantity is exceeded, for the Community to have the possibility to replace in the following preferential period the concession granted within that reference quantity by a tariff quota of equal amount.
- (12) As a result of the agreements reached in the Uruguay Round multilateral negotiations the customs duties of the Common Customs Tariff became as favourable for certain products as the tariff concession granted for these products in the Mediterranean preferential agreements. It is therefore not necessary to continue providing for the management of the tariff quota for prepared or preserved turkey meat originating in Israel or of the reference quantity for peas for sowing originating in Morocco.
- (13) Council or Commission decisions amending the Combined Nomenclature and Taric codes do not entail any substantive changes. For the sake of simplification and of timely publication of regulations implementing the Community tariff quotas and reference quantities provided for in new preferential agreements, protocols, exchanges of letters or other acts concluded between the Community and Mediterranean countries, and insofar these acts already specify the products eligible for tariff preferences in the framework of tariff quotas and reference quantities, their volumes, duties, periods and any eligibility criteria, it is appropriate to provide that the Commission may, having consulted the Customs Code Committee, make any necessary changes and technical amendments to this Regulation. This does not affect the specific procedure provided in Council Regulation (EC) No 3448/93 of 6 December 1993 laying down the trade arrangements applicable to certain goods resulting from the processing of agricultural products²¹.
- (14) Commission Regulation (EC) No 2454/93 of 2 July 1993 laying down provisions for the implementation of Council Regulation (EEC) No 2913/92 establishing the Community Customs Code²² codified the management rules for tariff quotas designed to be used following the chronological order of dates of customs declarations and for surveillance of preferential imports.
- (15) For reasons of speed and efficiency, communication between the Member States and the Commission should, as far as possible, take place by telematic link.

- (16) Entitlement to benefit from the tariff concessions for large-flowered roses, small-flowered roses, uniflorous (bloom) carnations and multiflorous (spray) carnations is subject to compliance with the conditions of Council Regulation (EEC) No 4088/87 of 21 December 1987 fixing conditions for the application of preferential customs duties on imports of certain flowers originating in Cyprus, Israel, Jordan, Morocco and the West Bank and the Gaza Strip²³.
- (17) Wines originating in Algeria, Morocco and Tunisia and carrying a registered designation of origin, must be accompanied either by a certificate of designation of origin in accordance with the model specified in the preferential agreement or by the VI 1 document or a VI 2 extract annotated in compliance with Article 9 of Commission Regulation (EEC) No 3590/85 of 18 December 1985 on the certificate and analysis report required for the importation of wine, grape juice and grape must²⁴.
- (18) Entitlement to benefit from the tariff quota for liqueur wines originating in Cyprus is subject to compliance with the condition that the wines be designated as 'liqueur wines' in the VI 1 document or a VI 2 extract provided for in Commission Regulation (EEC) No 3590/85.
- (19) Council Decision of [...] on the conclusion of an Agreement in the form of an exchange of letters between the European Community and the Republic of Tunisia on reciprocal liberalisation measures and on the amendment of the agricultural protocols to the Association agreement between the European Community and the Republic of Tunisia²⁵, provides for new tariff concessions and for changes to existing concessions of which some fall within Community tariff quotas and reference quantities.
- (20) Since the measures necessary for the implementation of this Regulation are management measures within the meaning of Article 2 of Council Decision 1999/468/EC of 28 June 1999 laying down the procedures for the exercise of implementing powers conferred on the Commission²⁶, they should be adopted by use of the management procedure provided for in Article 4 of that Decision,
