

## Notice from the Commission on a simplified procedure for treatment of certain types of State Aid

(Text with EEA relevance)

(2009/C 136/03)

### 1. INTRODUCTION

1. This Notice sets out a simplified procedure under which the Commission intends, in close cooperation with the Member State concerned, to examine within an accelerated time frame certain types of State support measures which only require the Commission to verify that the measure is in accordance with existing rules and practices without exercising any discretionary powers. The Commission's experience gained in applying Article 87 of the Treaty establishing the European Community and the regulations, frameworks, guidelines and notices adopted on the basis of Article 87<sup>(1)</sup>, has shown that certain categories of notified aid are normally approved without raising any doubts as to their compatibility with the common market, provided that there are no special circumstances. These categories of aid are described in Section 2. Other aid measures notified to the Commission will be subject to the appropriate procedures<sup>(2)</sup> and normally to the Code of Best Practice for the conduct of State aid control procedures<sup>(3)</sup>.
2. The purpose of this Notice is to set out the conditions under which the Commission will usually adopt a short-form decision declaring certain types of State support measures compatible with the common market under the simplified procedure and to provide guidance in respect of the procedure itself. When all the conditions set out in this Notice are met, the Commission will use its best endeavours to adopt a short-form decision that the notified measure does not constitute aid or not to raise objections within 20 working days from the date of notification, in accordance with Article 4(2) or Article 4(3) of Council Regulation (EC) No 659/1999 of 22 March 1999 laying down detailed rules for the application of Article 93 of the EC Treaty<sup>(4)</sup>.
3. However, if any of the safeguards or exclusions set out in points 6 to 12 of this Notice are applicable, the Commission will revert to the normal procedure regarding notified aid described in Chapter II of Regulation (EC) No 659/1999 and will then adopt a full-form decision pursuant to Article 4 and/or Article 7 of that Regulation. In any case, the only legally enforceable time limits are those set out in Article 4(5) and Article 7(6) of Regulation (EC) No 659/1999.
4. By following the procedure outlined in this Notice, the Commission aims to make Community State Aid control more predictable and efficient, pursuant to the general principles set out in the State Aid Action Plan: Less and Better Targeted State Aid: A Roadmap for State Aid Reform 2005-2009<sup>(5)</sup>.

<sup>(1)</sup> See, in particular, the Community framework for State aid for research and development and innovation, OJ C 323, 30.12.2006, p. 1, hereinafter referred to as the 'Framework for Research and Development and Innovation'; the Community Guidelines on State aid to promote risk capital investments in small and medium-sized enterprises, OJ C 194, 18.8.2006, p. 2, hereinafter the 'Risk Capital Guidelines'; the Community Guidelines on State aid for environmental protection, OJ C 82, 1.4.2008, p. 1, hereinafter the 'Environmental Aid Guidelines'; the Guidelines on national regional aid for 2007-2013, OJ C 54, 4.3.2006, p. 13, hereinafter the 'Regional Aid Guidelines'; the Commission communication concerning the prolongation of the Framework on State aid to shipbuilding, OJ C 260, 28.10.2006, p. 7, hereinafter the 'Shipbuilding Framework'; the Commission Communication concerning the prolongation of the application of the Communication on the follow-up to the Commission communication on certain legal aspects relating to cinematographic and other audiovisual works, OJ C 134, 16.6.2007, p. 5, hereinafter the 'Cinema Communication'; Commission Regulation (EC) No 800/2008 of 6 August 2008 declaring certain categories of aid compatible with the common market in application of Articles 87 and 88 of the Treaty (General block exemption Regulation), OJ L 214, 9.8.2008, p. 3.

<sup>(2)</sup> Measures notified to the Commission in the context of the current financial crisis pursuant to the Communications from the Commission entitled 'The application of State aid rules to measures taken in relation to financial institutions in the context of the current global financial crisis' (OJ C 270, 25.10.2008, p. 8) and the 'Temporary Community framework for State aid measures to support access to finance in the current financial and economic crisis' (OJ C 16, 22.1.2009, p. 1) and State aid measures implementing the European Recovery Plan (Communication from the Commission to the European Council, A European Economic Recovery Plan, COM(2008) 800 final of 26 November 2008) will not be subject to the simplified procedure set out in this Notice. Specific ad hoc arrangements have been put in place in order to deal swiftly with those cases.

<sup>(3)</sup> See page 13 of this Official Journal.

<sup>(4)</sup> OJ L 83, 27.3.1999, p. 1.

<sup>(5)</sup> COM(2005) 107 final.

This Notice thereby also contributes to the simplification strategy launched by the Commission in October 2005 <sup>(1)</sup>. No part of this Notice should be interpreted as implying that a support measure which does not qualify as State aid within the meaning of Article 87 of the Treaty must be notified to the Commission, although Member States remain free to notify such support measures for reasons of legal certainty.

## 2. CATEGORIES OF STATE AID SUITABLE FOR TREATMENT UNDER THE SIMPLIFIED PROCEDURE

### *Eligible categories of State aid*

5. The following categories of measures are in principle suitable for treatment under the simplified procedure:

(a) Category 1: Aid measures falling within the 'standard assessment' sections of existing frameworks or guidelines

Aid measures falling within the 'standard assessment' (so-called 'safe harbour' sections <sup>(2)</sup>), or equivalent types of assessment <sup>(3)</sup> in horizontal guidelines and frameworks, which are not covered by the General block exemption Regulation, are in principle suitable for treatment under the simplified procedure.

The simplified procedure will only be applied in cases where the Commission is satisfied, after the pre-notification phase (see points 13 to 16), that all the substantive and procedural requirements laid down in the applicable sections of the respective instruments are fulfilled. This implies that the pre-notification phase confirms that the notified aid measure *prima facie* meets the relevant conditions, as further detailed in each of the applicable horizontal instruments, concerning:

- type of beneficiaries,
- eligible costs,
- aid intensities and bonuses,
- individual notification ceiling or maximum aid amount,
- type of aid instrument used,
- cumulation,
- incentive effect,
- transparency,
- exclusion of beneficiaries which are subject to an outstanding recovery order <sup>(4)</sup>.

<sup>(1)</sup> Implementing the Community Lisbon programme: A strategy for the simplification of the regulatory environment COM(2005) 535 final.

<sup>(2)</sup> Such as Section 5 of the Framework for Research and Development and Innovation or Section 3 of the Environmental Aid Guidelines, and Section 4 of the Risk Capital Guidelines.

<sup>(3)</sup> Regional Aid Guidelines; Section 3.1.2 of the Community Guidelines on State aid for rescuing and restructuring firms in difficulty, OJ C 244, 1.10.2004, p. 2, hereinafter the 'Rescue and Restructuring Guidelines'.

<sup>(4)</sup> The Commission will revert to the normal procedure where the notified aid measure could benefit an undertaking which is subject to an outstanding recovery order following a previous Commission decision declaring an aid unlawful and incompatible with the common market (so-called *Deggendorf* issue). See Case C-188/92 *TWD Textilwerke Deggendorf* [1994] ECR I-833.

The types of measures for which the Commission is prepared to consider applying the simplified procedure within this category include in particular the following:

- (i) risk capital measures taking a form other than a participation into a private equity investment fund and meeting all other conditions of Section 4 of the Risk Capital Guidelines <sup>(1)</sup>;
- (ii) environmental investment aid meeting the conditions of Section 3 of the Environmental Aid Guidelines:
  - the eligible cost basis of which is determined on the basis of a full cost calculation methodology in line with point 82 of the Environmental Aid Guidelines <sup>(2)</sup>, or
  - including an eco-innovation bonus demonstrated to be in line with point 78 of the Environmental Aid Guidelines <sup>(3)</sup>;
- (iii) aid for young innovative enterprises granted in accordance with Section 5.4 of the Framework for Research and Development and Innovation and the innovative character of which is determined on the basis of Section 5.4(b)(i) of the Framework <sup>(4)</sup>;
- (iv) aid for innovation clusters granted in accordance with Sections 5.8 and 7.1 of the Framework for Research and Development and Innovation;
- (v) aid for process and organisational innovation in services granted in accordance with Section 5.5 of the Framework for Research and Development and Innovation;
- (vi) ad hoc regional aid which is below the individual notification threshold laid down in point 64 of the Regional Aid Guidelines <sup>(5)</sup>;
- (vii) rescue aid in the manufacturing and services sectors (except in the financial sector) meeting all substantive conditions of Sections 3.1.1 and 3.1.2 of the Rescue and Restructuring Guidelines <sup>(6)</sup>;
- (viii) rescue and restructuring schemes for small enterprises meeting all conditions of Section 4 of the Rescue and Restructuring Guidelines <sup>(7)</sup>;
- (ix) ad hoc restructuring aid for small and medium enterprises, provided it meets all the conditions laid down in Section 3 of the Rescue and Restructuring Guidelines <sup>(8)</sup>;

<sup>(1)</sup> Including cases where the financial institutions of the European Union act as holding fund to the extent the risk capital measure at stake falls under Section 4 of the Risk Capital Guidelines.

<sup>(2)</sup> Article 18(5) of the General block exemption Regulation foresees a simplified cost calculation methodology.

<sup>(3)</sup> The General block exemption Regulation does not exempt eco-innovation bonuses.

<sup>(4)</sup> Only aid to young innovative enterprises meeting the conditions laid down in point 5.4(b)(ii) of the Framework for Research and Development and Innovation are subject to the General block exemption Regulation.

<sup>(5)</sup> In such cases, the information to be provided by the Member State will need to demonstrate upfront that: (i) the aid amount remains below the notification threshold (without sophisticated net present value calculations); (ii) the aid concerns a new investment (no replacement investment); and (iii) the beneficial effects of the aid on regional development manifestly outweigh the distortions of competition it creates. See for example the Commission's Decision in case N 721/2007 (Poland, 'Reuters Europe SA').

<sup>(6)</sup> See for example the Commission's Decision in cases N 28/2006 (Poland, Techmatrans), N 258/2007 (Germany, Rettungsbeihilfe zugunsten der Erich Rohde KG) and N 802/2006 (Italy, rescue aid to Sandretto Industrie).

<sup>(7)</sup> See for example the Commission's Decisions in cases N 85/2008 (Austria, Guarantee scheme for small and medium-sized enterprises in the region of Salzburg), N 386/2007 (France, Rescue and restructuring scheme for small and medium-sized enterprises), N 832/2006 (Italy, Rescue and restructuring scheme Valle d'Aosta). This approach is in line with Article 1(7) of the General block exemption Regulation.

<sup>(8)</sup> See for example the Commission's Decisions in cases N 92/2008 (Austria, Restructuring aid for Der Bäcker Legat) and N 289/2007 (Italy, Restructuring aid to Fiem SRL).

- (x) export credits in the shipbuilding sector meeting all the conditions of Section 3.3.4 of the Shipbuilding Framework <sup>(1)</sup>;
- (xi) audiovisual support schemes meeting all the conditions set out in Section 2.3 of the Cinema Communication as regards the development, production, distribution and promotion of audiovisual works <sup>(2)</sup>.

The above list is illustrative and may evolve on the basis of future revisions of the currently applicable instruments or the adoption of new instruments. The Commission may review this list from time to time to keep it in line with applicable State aid rules.

(b) Category 2: Measures corresponding to well-established Commission decision-making practice

Aid measures with features corresponding to those of aid measures approved in at least three earlier Commission decisions (hereinafter 'precedent decisions'), the assessment of which can thus be immediately carried out on the basis of this established Commission decision-making practice, are in principle suitable for treatment under the simplified procedure. Only Commission decisions adopted within the last ten years preceding the date of pre-notification (see point 14) may qualify as 'precedent decisions'.

The simplified procedure will only be applied in cases where the Commission is satisfied, after the pre-notification phase (see points 13-16), that the relevant substantive and procedural conditions which governed the precedent decisions are met, in particular as regards the objectives and overall set-up of the measure, the types of beneficiaries, eligible costs, individual notification ceilings, aid intensities and (where applicable) bonuses, cumulation provisions, incentive effect, and transparency requirements. In addition, as pointed out in point 11, the Commission will revert to the normal procedure where the notified aid measure could benefit an undertaking which is subject to an outstanding recovery order following a previous Commission decision declaring an aid unlawful and incompatible with the common market (so-called *Deggendorf* issue).

The types of measures for which the Commission is prepared to consider applying the simplified procedure within this category include in particular the following:

- (i) aid measures for the preservation of national cultural heritage related to activities linked to historic, ancient sites or national monuments, provided that the aid is limited to 'heritage conservation' within the meaning of Article 87(3)(d) of the Treaty <sup>(3)</sup>;
- (ii) aid schemes for theatre, dance and music activities <sup>(4)</sup>;

<sup>(1)</sup> See for example the Commission's Decisions in cases N 76/2008 (Germany, Prolongation of CIRR financing scheme for the export of ships), N 26/2008 (Denmark, Changes to financing scheme for the export of ships) and N 760/2006 (Spain, Extension of export financing scheme — Spanish shipbuilding).

<sup>(2)</sup> Although the Communication's criteria apply directly only to the activity of production, in practice, they are also applied by analogy to assess the compatibility of the activities of pre- and post-production of audiovisual works, as well as the principles of necessity and proportionality under Articles 87(3)(d) and 151 of the Treaty. See for example the Commission's Decisions in cases N 233/2008 (Latvian film support scheme), N 72/2008 (Spain, Scheme for the promotion of films in Madrid), N 60/2008 (Italy, Film support in the Sardinia region) and N 291/2007 (Netherlands Film Fund).

<sup>(3)</sup> See for example the Commission's Decisions in cases N 393/2007 (Netherlands, Subsidy to NV Bergkwartier), N 106/2005 (Poland, Hala Ludowa in Wroclaw) and N 123/2005 (Hungary, Earmarked scheme for tourism and culture in Hungary).

<sup>(4)</sup> See for example the Commission's Decisions in cases N 340/2007 (Spain, Aid for theatre, dance, music and audiovisual activities in the Basque country), N 257/2007 (Spain, Promotion of theatre production in the Basque country) and N 818/99 (France; Parafiscal tax on spectacles and concerts).

- (iii) aid schemes for the promotion of minority languages <sup>(1)</sup>;
- (iv) aid measures in favour of the publishing industry <sup>(2)</sup>;
- (v) aid measures in favour of broadband connectivity in rural areas <sup>(3)</sup>;
- (vi) guarantee schemes for shipbuilding finance <sup>(4)</sup>;
- (vii) aid measures fulfilling all other applicable provisions of the General block exemption Regulation, but excluded from its application merely because:
  - the measures constitute ‘ad hoc aid’ <sup>(5)</sup>,
  - the measures are provided in an untransparent form (Article 5 of the General block exemption Regulation), but their gross grant equivalent is calculated on the basis of a methodology approved by the Commission in three individual decisions adopted after 1 January 2007;
- (viii) measures supporting the development of local infrastructure not constituting State aid within the meaning of Article 87(1) of the Treaty in view of the fact that, having regard to the specificities of the case, the measure in question will not have any effect on intra-Community trade <sup>(6)</sup>;
- (ix) the prolongation and/or modification of existing schemes outside the scope of the simplified procedure foreseen in Commission Regulation (EC) No 794/2004 of 21 April 2004 implementing Council Regulation (EC) No 659/1999 laying down detailed rules for the application of Article 93 of the EC Treaty <sup>(7)</sup> (see category 3 below), for example as regards the adaptation of existing schemes to new horizontal guidelines <sup>(8)</sup>.

<sup>(1)</sup> See for example the Commission’s Decisions in cases N 776/2006 (Spain, Aid for the promotion of the Basque Language), N 49/2007 (Spain, Aid for the promotion of the Basque Language) and N 161/2008 (Spain, Aid to the Basque Language).

<sup>(2)</sup> See for example the Commission’s Decisions in cases N 687/2006 (Slovak Republic, Aid to Kalligram s.r.o. in favour of a periodical), N 1/2006 (Slovenia, Promotion of the publishing industry in Slovenia) and N 268/2002 (Italy, Aid in favour of the publishing industry in Sicily).

<sup>(3)</sup> See for example the Commission’s Decisions in cases N 264/2006 (Italy, Broadband for rural Tuscany), N 473/2007 (Italy, Broadband connections for Alto Adige) and N 115/2008 (Broadband in rural areas of Germany).

<sup>(4)</sup> See for example the Commission’s Decisions in cases N 325/2006 (Germany, prolongation of the guarantee schemes for shipbuilding finance), N 35/2006 (France, Guarantee scheme for ship financing and bonding) and N 253/2005 (Netherlands, Guarantee scheme for ship financing).

<sup>(5)</sup> Ad hoc aid is often excluded from the scope of the General block exemption Regulation. This exclusion applies to all large enterprises (Article 1(6) of the General block exemption Regulation), as well as, in certain instances, to small and medium-sized enterprises (see Articles 13 and 14 concerning regional aid, Article 16 concerning female entrepreneurship, Article 29 concerning aid in the form of risk capital and Article 40 concerning aid for the recruitment of disadvantaged workers). As regards the specific conditions governing ad hoc regional investment aid, see footnote 14 above. Moreover this Notice is without prejudice to any Commission communication or guidance paper laying down detailed economic assessment criteria for the compatibility analysis of cases subject to individual notification.

<sup>(6)</sup> See the Commission’s Decisions in cases N 258/2000 (Germany, leisure pool Dorsten), N 486/2002 (Sweden, Aid in favour of a congress hall in Visby), N 610/2001 (Germany, Tourism infrastructure program Baden-Württemberg), N 377/2007 (The Netherlands, Support to *Bataviawerf* — Reconstruction of a vessel from the 17th century). In order for the measure concerned to be considered as not having any effect on intra-Community trade, these four precedent decisions require, most prominently, a demonstration by the Member State of the following features: 1. that the aid does not lead to investments being attracted in the region concerned; and 2. that the goods/services produced by the beneficiary are purely local and/or have a geographically limited attraction zone; and 3. that there is no more than marginal effect on consumers from neighbouring Member States; and 4. that the market share of the beneficiary is minimal on any relevant market definition used and that the beneficiary does not belong to a wider group of undertakings. These features should be highlighted in the draft notification form referred to in point 14 of this Notice.

<sup>(7)</sup> OJ L 140, 30.4.2004, p. 1.

<sup>(8)</sup> See for example the Commission’s Decisions in cases N 585/2007 (United Kingdom, Prolongation of Yorkshire R&D scheme), N 275/2007 (Germany, Prolongation of rescue and restructuring scheme for small and medium-sized enterprises in Bremen), N 496/2007 (Italy (Lombardia) Guarantee Fund for the development of risk capital) and N 625/2007 (Latvia, Aid to risk capital to small and medium-sized enterprises).

This list is illustrative, since the exact scope of this category may evolve in line with Commission decision-making practice. The Commission may review this illustrative list from time to time to keep it in line with evolving practice.

(c) Category 3: Prolongation or extension of existing schemes

Article 4 of Regulation (EC) No 794/2004 foresees a simplified notification procedure for certain alterations to existing aid. Under that Article, the '[...] following alterations to existing aid shall be notified on the simplified notification form set out in Annex II:

- (a) increases in the budget of an authorised aid scheme exceeding 20 %;
- (b) prolongation of an existing authorised aid scheme by up to six years, with or without an increase in the budget;
- (c) tightening of the criteria for the application of an authorised aid scheme, a reduction of aid intensity or a reduction of eligible expenses'.

The possibility of applying Article 4 of Regulation (EC) No 794/2004 remains unaffected by this Notice. However, the Commission invites the notifying Member State to proceed in accordance with this Notice, including pre-notification of the aid measures concerned, while using the simplified notification form annexed to Regulation (EC) No 794/2004. The Commission will, in the context of this procedure, also invite the Member State concerned to agree on the publication on the Commission's website of the summary of its notification.

*Safeguards and exclusions*

6. Since the simplified procedure applies only to aid notified on the basis of Article 88(3) of the Treaty, unlawful aids are excluded. Moreover, due to the specificities of the sectors concerned the simplified procedure will not apply to aid favouring activities in the fishery and aquaculture sectors, activities in the primary production of agricultural products or activities in the processing or marketing of agricultural products. In addition, the simplified procedure will not be applied retroactively to measures pre-notified before 1 September 2009.
7. In assessing whether a notified aid measure falls into one of the eligible categories set out in point 5, the Commission will ensure that the applicable frameworks or guidelines and/or established Commission decision-making practice on the basis of which the notified aid measure is to be assessed, as well as all relevant factual circumstances, are established with sufficient clarity. Given that the completeness of the notification constitutes a key element for determining whether the simplified procedure is to be applied, the notifying Member State is invited to provide all relevant information, including the precedent decisions relied upon, if appropriate, at the outset of the pre-notification phase (see point 14).
8. Where the notification form is not complete or contains misleading or incorrect information, the Commission will not apply the simplified procedure. In addition, to the extent that the notification involves novel legal issues of a general interest, the Commission will not normally apply the simplified procedure.
9. While it can normally be assumed that aid measures falling into the categories set out in point 5 will not raise doubts as to their compatibility with the common market, there may nonetheless be special circumstances which require a closer investigation. In such cases, the Commission may revert to the normal procedure at any time.

10. Such special circumstances may include in particular: certain forms of aid as yet untested in the Commission's decision-making practice, precedent decisions which the Commission may be in the course of reassessing in the light of recent case-law or developments of the common market, novel technical issues, or concerns as regards the measure's compatibility with other provisions of the Treaty (for example, non-discrimination, the four freedoms, etc.).
11. The Commission will revert to the normal procedure where the notified aid measure could benefit an undertaking which is subject to an outstanding recovery order following a previous Commission decision declaring an aid unlawful and incompatible with the common market (so-called *Deggendorf* issue).
12. Finally, if a third party expresses substantiated concerns about the notified aid measure within the time-limit laid down in point 21 of this Notice, the Commission will revert to the normal procedure<sup>(1)</sup> and will inform the Member State to that effect.

### 3. PROCEDURAL PROVISIONS

#### *Pre-notification contacts*

13. The Commission has found pre-notification contacts with the notifying Member State beneficial even in seemingly unproblematic cases. Such contacts allow the Commission and the Member States, in particular, to determine at an early stage the relevant Commission instruments or precedent decisions, the degree of complexity which the Commission's assessment is likely to involve and the scope and depth of the information required for the Commission to make a full assessment of the case.
14. In view of the time constraints of the simplified procedure, the assessment of a State support measure under the simplified procedure is conditional upon the Member State holding pre-notification contacts with the Commission. In this context, the Member State is invited to submit a draft notification form with the necessary supplementary information sheets provided for in Article 2 of Regulation (EC) No 794/2004, and the relevant precedent decisions if appropriate, via the Commission's established IT application. The Member State may also request, at this stage, that the Commission waive the completion of certain parts of the notification form. The Member State and the Commission may also agree, in the context of the pre-notification contact, that the Member State does not need to provide a draft notification form and accompanying information in the pre-notification phase. Such an agreement may be appropriate, for instance, due to the repetitive nature of certain aid measures (for instance the category of aid set out in point 5(c) of this Notice). In this context, the Member State may be invited to proceed directly with the notification where detailed discussion about the envisaged aid measures is not considered necessary by the Commission.
15. Within two weeks from the receipt of the draft notification form, the Commission services will organise a first pre-notification contact. The Commission will promote the holding of contacts via email or conference calls or, at the specific request of the Member State concerned, organise meetings. Within 5 working days after the last pre-notification contact, the Commission services will inform the Member State concerned whether it considers that the case qualifies *prima facie* for treatment under the simplified procedure, which information still needs to be provided for the measure to qualify for treatment under that procedure, or whether the case will remain subject to the normal procedure.
16. The indication by the Commission services that the case concerned can be treated under the simplified procedure implies that the Member State and the Commission services agree *prima facie* that the information provided in the pre-notification context would, if submitted as a formal notification, constitute a complete notification. The Commission would thus, in principle, be in a position to approve the measure, once formally notified on the basis of a notification form embodying the result of the pre-notification contacts, without a further request for information.

<sup>(1)</sup> This does not imply any increase of third parties' rights in view of the case law of the Community Courts. See Case T-95/03 *Asociación de Empresarios de Estaciones de Servicio de la Comunidad Autónoma de Madrid and Federación Catalana de Estaciones de Servicio v Commission* [2006] ECR II-4739, paragraph 139 and Case T-73/98 *Prayon-Rupel v Commission* [2001] ECR II-867, paragraph 45.

*Notification*

17. The Member State must notify the aid measure(s) concerned no later than 2 months after it is informed by the Commission services that the measure qualifies *prima facie* for treatment under the simplified procedure. If the notification includes any changes as compared to the information presented in the pre-notification documents, such changes must be highlighted prominently in the context of the notification form.
18. The submission of the notification by the Member State concerned triggers the start of the period referred to in point 2.
19. The simplified procedure does not provide for a specific simplified notification form. Except as regards cases which fall within the category of aid set out in point 5(c) of this Notice, the notification is to be carried out on the basis of the standard notification forms in Regulation (EC) No 794/2004.

*Publication of a summary of the notification*

20. The Commission will publish on its website a summary of the notification, based on the information provided by the Member State, in the standard form set out in the Annex to this Notice. The standard form contains an indication that, on the basis of the information provided by the Member State, the aid measure may qualify for the application of a simplified procedure. By requesting the Commission to treat a notified measure under this Notice, the Member State concerned will be considered to agree that the information provided in its notification, which is to be published on the website in the form set out in the Annex to this Notice, is non-confidential in nature. Furthermore, Member States are invited to clearly indicate whether the notification contains any business secrets.
21. Interested parties will then have 10 working days to submit observations (including a non-confidential version), in particular on circumstances which might require a more thorough investigation. In cases where substantiated competition concerns are raised by interested parties with respect to the notified measure, the Commission will revert to the normal procedure and inform the Member State and the interested party or parties concerned to that effect. The Member State concerned will also be informed of any substantiated concerns and will be given the opportunity to comment on them.

*Short-form decision*

22. If the Commission is satisfied that the notified measure fulfils the criteria for the simplified procedure (see, in particular, point 5), it will issue a short-form decision. The Commission will thus use its best endeavours to adopt a decision that the notified measure does not constitute aid or a decision not to raise objections pursuant to Article 4(2) or (3) of Regulation (EC) No 659/1999 within 20 working days from the date of notification, unless any safeguard or exclusion referred to in points 6 to 12 of this Notice is applicable.

*Publication of the short-form decision*

23. In accordance with Article 26(1) of Regulation (EC) No 659/1999 the Commission will publish a summary notice of the decision in the *Official Journal of the European Union*. The short-form decision will be made available on the Commission's website. It will contain a reference to the summary information about the notification as published on the Commission's website at the time of notification, a standard assessment of the measure under Article 87(1) of the Treaty and, where applicable, a statement that the aid measure is declared compatible with the common market because it falls within one or more of the categories set out in point 5 of this Notice, with the applicable category or categories being explicitly identified and a reference to the applicable horizontal instruments and/or precedent decisions included.

#### 4. FINAL PROVISIONS

24. Upon request of the Member State concerned, the Commission will apply the principles set out in this Notice to measures notified pursuant to point 17 as from 1 September 2009.
  25. The Commission may review this Notice on the basis of important competition policy considerations or in order to take account of the evolution of State aid law and decision-making practice. The Commission intends to carry out a first review of this Notice at the latest four years after its publication. In this context, the Commission will examine the extent to which specific simplified notification forms should be developed in order to facilitate the implementation of this Notice.
