ANNEX

**Statements on Article 51**

The European Parliament, the Council and the Commission note that any of the provisions of a non-essential character of the basic legislative act, which now are listed under Article 51 of the Regulation (delegation of powers), can become at any time in the future a significant element of the existing NEAFC control scheme from a political point of view, in which case the European Parliament, the Council and the Commission recall that either of the legislators, the Council or the European Parliament, can immediately exercise either the right to object to a draft Commission delegated act or the right to revoke the delegated powers as provided under Article 48 and Article 49 of the Regulation respectively.

The Council and the Parliament agree that the inclusion of any provision of the NEAFC control scheme into this Regulation as a non-essential element, now listed under Article 51, does not imply per se that such provisions will automatically be considered by the legislators as being of a non-essential character in any future Regulations.

The European Parliament, the Council and the Commission declare that the provisions of this Regulation shall be without prejudice to any future position of the institutions as regards the implementation of Article 290 TFEU or individual legislative acts containing such provisions.
