⁽³⁾ No standstill period since the Commission accepts the grounds of urgent adoption invoked by the notifying Member State.

⁽⁴⁾ No standstill period since the measure concerns technical specifications or other requirements linked to fiscal or financial measures, pursuant to the third indent of the second paragraph of Article 1 (9) of Directive 93/189/EEC.

⁽⁵⁾ Information procedure closed.

The Commission draws attention to the judgment given on 30 April 1996 in the 'CIA Security' case (C-194/94), in which the Court of Justice ruled that Articles 8 and 9 of Directive 83/189/EEC are to be interpreted as meaning that individuals may rely on them before the national court which must decline to apply a national technical regulation which has not been notified in accordance with the Directive.

This judgment confirms the Commission's communication of 1 October 1986 (OJ No C 245, 1. 10. 1986, p. 4).

Accordingly, breach of the obligation to notify renders the technical regulations concerned inapplicable, so that they are unenforceable against individuals.
