In accordance with Article 5(1) of the specific programme, the Commission of the European Communities (referred to as the Commission) has adopted on 30 September 2002 a work programme ⁽³⁾ (referred to as the work programme) setting out in greater detail the objectives and scientific and technological priorities of the specific programme, and the timetable for implementation.

In accordance with Article 9(1) of Regulation (EC) No 2321/2002 of the European Parliament and of the Council, of 16 December 2002, concerning the rules for the participation of undertakings, research centres and universities in, and for the dissemination of research results for, the implementation of the European Community sixth framework programme (2002 to 2006) ⁽⁴⁾ (referred to as the rules for participation), proposals for indirect RTD actions should be submitted under the terms of calls for proposals.

2. The present call for proposals for indirect RTD actions (referred to as the call) comprises the present general part and the specific conditions that are described in the Annex. The Annex indicates, in particular, the date of closure for the submission of proposals for indirect RTD actions, an indicative date for the completion of the evaluations, the indicative budget, the instruments and the areas concerned, the evaluation criteria for the evaluation of proposals for indirect RTD actions, the minimum number of participants, and any applicable restrictions.

3. Natural or legal persons fulfilling the conditions stated in the rules for participation and that do not fall under any of the exclusion cases in the rules for participation or in Article 114(2) of Council Regulation (EC, Euratom) No 1605/2002 of 25 June 2002 on the Financial Regulation applicable to the general budget of the European Communities ⁽⁵⁾ (referred to as the proposers) are invited to submit to the Commission proposals for indirect RTD actions subject to the conditions in the rules for participation and in the call concerned being fulfilled.
