

Criteria for the assignment of cases to chambers

(2009/C 270/07)

On 7 October 2009, in accordance with Article 4(4) of the Annex to the Statute of the Court of Justice and Article 12(2) of the Rules of Procedure, the Civil Service Tribunal decided to assign cases, as soon as the application has been lodged, to the First and Second Chambers alternately depending on the order in which they are lodged at the Registry and without prejudice to Articles 13, 14 and 46(2) of the Rules of Procedure.

A number of cases shall be assigned to the Third Chamber, at regular intervals to be determined at a plenary meeting of the Tribunal.

The President of the Tribunal may derogate from the above rules on assignment for reasons of connections between cases and to ensure a balanced and coherent workload within the Tribunal.

The present decision replaces that of 30 September 2008 ⁽¹⁾. It shall enter into force on the day following its publication.
