

New national sides of euro circulation coins

(2013/C 309/03)

On 9 July 2013 the Council of the European Union decided that the Republic of Latvia fulfils the necessary conditions for the adoption of the euro on 1 January 2014⁽¹⁾.

From 1 January 2014 the Republic of Latvia will therefore issue euro coins, subject to the approval by the ECB of the volume of the issue (cf. Article 128(2) of the Treaty on the Functioning of the European Union).

Euro circulation coins have legal tender status throughout the euro area. The Commission publishes all new euro coin designs⁽²⁾ with a view to informing all parties required to handle coins in the course of their work as well as the public at large.
