ADMINISTRATIVE PROCEDURES

EUROPEAN PERSONNEL SELECTION OFFICE (EPSO)

NOTICE OF OPEN COMPETITION

EPSO/AD/373/19 — ADMINISTRATORS (AD 5)

(2019/C 177 A/01)

Deadline for registration: 25 June 2019 at 12.00 (midday), CET

The European Personnel Selection Office (EPSO) is organising an open competition, based on tests, to draw up a reserve list from which the institutions of the European Union may recruit new members of the civil service as **administrators** (function group AD).

This notice of competition and its annexes form the legally binding framework for this selection procedure.

Please see ANNEX II to read the general rules governing open competitions.

Number of successful candidates sought: 147

WHAT TASKS CAN I EXPECT TO PERFORM?

The general role of administrators is to support decision-makers in fulfilling the mission of their institution or body.

AD 5 is the grade at which most graduates begin their careers as administrators in the European institutions.

If you are recruited at this grade following this competition, you will do, as part of a team, one of 3 main types of work in the EU institutions:

1. policy formulation,
2. operational delivery,
3. resource management

Please see ANNEX I for more information about the typical duties to be performed.

AM I ELIGIBLE TO APPLY?

The application form is divided in 2 parts, each with its own deadline, described hereunder. You must meet ALL of the following general and specific conditions on the closing date **of the first part of the online applications**. During the course of the competition, EPSO will check whether you meet the general eligibility conditions while the Selection Board will check compliance with the specific eligibility conditions mentioned hereunder.

1) **General conditions:**

- Enjoy full rights as a citizen of a Member State of the EU
- Meet any obligations under national laws on military service
- Meet the character requirements for the duties concerned

2) **Specific conditions — languages:**

You must have knowledge of **at least 2 official EU languages**; one at minimum C1 level (thorough knowledge) and the other at minimum B2 level (satisfactory knowledge).

Please note that the minimum levels required above must apply to each linguistic ability (speaking, writing, reading and listening) requested in the application form. These abilities reflect those of the *Common European Framework of Reference for Languages*: <https://europass.cedefop.europa.eu/en/resources/european-language-levels-cefr>.

In this notice of competition we will refer to the languages as:

- Language 1: language used for the verbal, numerical and abstract reasoning tests
- Language 2: language used for the situational judgment test, e-tray exercise, assessment centre tests and communication between EPSO and the candidates who have submitted a valid application. This must be different from language 1.

For the purpose of this competition, EPSO intends to offer as language 2 **the 5 languages most frequently declared by candidates at B2 level or higher in the first part of their application form, while also taking into account the needs of the services as described below.**

Why must I select my language 2 from a limited number of languages?

For practical and organisational reasons, it is not feasible to offer 24-language testing at all stages of the competition. The methodology of the assessment centre in particular requires that candidates work in groups and are assessed by a common selection board composed of a limited number of members, to ensure equal treatment.

Moreover, in order to ensure uniformity when comparing candidates, EPSO and the Selection Board will work in a limited number of vehicular languages.

Lastly, the effort and resources for each additional language should be proportionate to the number of supplementary candidates who could apply to the competition should an additional language be offered.

For these reasons, EPSO and the EU institutions agreed that up to a maximum of 5 languages can be offered as language 2.

For these same reasons, it is reasonable to limit the language of communication between candidates who have submitted a valid application and the institutions.

How are the languages to be chosen as language 2 established?

EU institutions require new recruits to be immediately capable of communicating effectively in their daily work with a broad representation of their co-workers and stakeholders. The efficient functioning of the institutions could be severely impaired should this not be the case.

In order to include a maximum of applicants having one of the five vehicular languages allowed for above, candidates are invited to declare **all** official EU languages of which they have knowledge, including their main language. EPSO will then consolidate all application forms validated by the first deadline in order to rank the languages declared at B2 level or higher in descending order. Thereafter, EPSO will share the information with its Management Board and the Human Resources (HR) departments of each Institution having requested successful candidates from this competition, in order to compare the current operational and linguistic needs of all their recruiting services with the languages declared by the candidates. Based on this comparison, the Institutions and EPSO will agree on the 5 languages to be offered as language 2 within this competition, in conformity with the interest of the services. The languages in which the situational judgment test, e-tray and the assessment centre will take place (language 2) will be determined formally by EPSO acting as Appointing Authority and communicated to you **shortly after the deadline for registration**.

3) *Specific conditions — qualifications & work experience:*

- A level of education corresponding to **at least 3 years'** completed university studies attested by a diploma (must be awarded by 31 July 2019 at the latest)

Please see ANNEX III for examples of minimum qualifications

- No professional experience required

HOW WILL I BE SELECTED?

1) *Application process*

The application form is divided into two parts; you can select any of the 24 official EU languages when completing both parts of your application form:

- i) The first part must be completed by the deadline for registration stated in this notice.

When completing the first part of the application form, you will be asked to confirm your eligibility for the competition and indicate **your level of knowledge of all official EU languages of which you have at least a basic spoken and written command. However please note that for your application to be eligible, you must declare a minimum of 2 languages; one at minimum C1 level and another at minimum B2 level.**

Shortly after the deadline for registration, the 5 languages offered as Language 2 will be communicated to you.

If you have not declared in the first part of your application form knowledge at level B2 or above for any of the 5 languages offered you will be disqualified from the competition.

By validating the first part of your application form you declare on your honour that you meet all the conditions mentioned under the section 'Am I eligible to apply?'

- ii) If at least one of the languages, of which you have declared knowledge at level B2 or above in the first part of your application form, is among the 5 languages offered as language 2, you will be invited to complete the second part of the application form. The invitation will stipulate a mandatory deadline for completing this part. Here you will be asked to provide further information relevant to this competition (for example diplomas or work experience). You will also have to select your languages 1 and 2 from amongst the languages you already declared in the first part of the application form. Your language 1 may be any of the 24 official EU languages, and your language 2 from among the 5 languages offered.

Once you have validated each part of your application form, you will no longer be able to make any changes.

It is your responsibility to ensure that you complete and validate the first and second parts of your application **within the respective deadlines**.

Please note that your whole application form will be accessed by the Selection Board (during the competition) and by the HR services of the European Institutions (for recruitment in case you are a successful candidate) who work in a limited number of vehicular languages as explained above.

In case you succeed in the competition and your name is placed on the reserve list, you will be asked to provide a translation of the application form into your language 2 (chosen from among the 5 languages offered) to the recruiting services if you have used another language for filling in the application form.

2) Computer-based Multiple-Choice Question (MCQ) tests

If you validate the second part of your application form within the deadline, you will be invited to sit a series of computer-based MCQ tests in one of EPSO's accredited centres.

Unless instructed otherwise, **you must book** an appointment for the MCQ tests following the instructions received from EPSO. Typically, you will be offered several dates on which you can sit the tests, in various locations. The booking and testing periods **are limited**.

The computer-based MCQ tests will be organised as follows:

Tests	Language	Questions	Duration	Pass mark
Verbal reasoning	Language 1	10 questions	18 min	5/10
Numerical reasoning	Language 1	10 questions	20 min	5/10
Abstract reasoning	Language 1	20 questions	20 min	10/20
Situational judgment	Language 2	20 questions	30 min	24/40

The results of the verbal and numerical reasoning tests **will not be taken into account** in the calculation of your overall MCQ tests mark; however, you must reach the minimum pass marks in all tests and score one of the **highest overall combined marks** for the abstract reasoning and situational judgment tests in order to be able to qualify for the next stage of the competition.

Approximately 10 times, but no more than 11 times, the number of successful candidates sought will be invited to the next stage of the competition. The precise number will be defined by the Director of EPSO acting as Appointing Authority and will be posted on the EPSO website.

3) Intermediate test: the e-tray exercise

If you have passed all the computer-based MCQ tests, and have one of the **highest overall combined marks** for the abstract reasoning and situational judgment tests, you will be invited to sit the e-tray exercise held in your **language 2** in one of EPSO's accredited centres.

The e-tray exercise comprises between 15 and 25 questions and will assess 4 general competencies as described in the competency matrix under point 4. Each competency will be marked out of 10. You must score one of the **highest overall combined marks** for this exercise to qualify for the next stage of the competition.

Approximately 2 times, but no more than 2.5 times, the number of successful candidates sought will be invited to take the tests at the assessment centre.

4) **Assessment centre**

If you scored one of the **highest overall combined marks** for the e-tray exercise, you will be invited to attend an assessment centre for 1 or 2 days, most probably in **Brussels**, where you will take tests held in your **language 2**.

Unless instructed otherwise, you will have to bring a USB key containing scanned copies of your supporting documents to your assessment centre. EPSO will download your files during your assessment centre tests and return the USB key to you on the same day.

Eight general competencies and your motivation to join the EU institutions will be tested at the assessment centre through **five tests** (case study, oral presentation, competency-based interview, group exercise and a motivational interview). The marks scored in the general competency tests will be combined with those already scored for the e-tray exercise to give an overall score out of 80, as described in the following matrix:

Competency	Tests	
1. Analysis and problem solving	Oral presentation	e-tray
2. Communication	Oral presentation	Case study
3. Delivering quality and results	Case study	e-tray
4. Learning and development	Group exercise	Competency-based interview
5. Prioritising and organising	Case study	e-tray
6. Resilience	Oral presentation	Competency-based interview
7. Working with others	Group exercise	e-tray
8. Leadership	Group exercise	Competency-based interview

Pass marks: 3/10 per competency and 50/80 in total.

The marks obtained in the motivational interview will be added to the marks obtained in the other assessment centre tests to give candidates their final overall mark.

Test	Pass mark
Motivational interview	5/10

5) **Reserve list**

After checking candidates' eligibility against their supporting documents, the selection board will draw up a reserve list – until the number of successful candidates sought is reached - of those eligible candidates who have obtained all pass marks as well as the highest overall marks following the assessment centre. Names will be listed alphabetically.

The reserve list and the competency passports, giving qualitative feedback from the Selection Board, of successful candidates will be made available to the EU institutions for recruitment procedures and future career development. Inclusion on a reserve list **does not confer any right to or guarantee of** recruitment.

EQUAL OPPORTUNITIES AND SPECIAL ADJUSTMENTS

EPSO endeavours to apply equal opportunities, treatment and access to all candidates.

If you have a disability or a medical condition that may affect your ability to sit the tests, please indicate this in your application form and let us know the type of special adjustments you need.

Discover more about our equal opportunities policy and procedure to request special adjustments on our website (https://epso.europa.eu/how-to-apply/equal-opportunities_en) and in the General rules annexed to this notice (under point 1.3. Equal opportunities and special adjustments).

WHEN AND WHERE CAN I APPLY?

In order to apply, you will first need to create an EPSO account. Please note that you must create only one account for all EPSO applications.

First deadline: apply online on the EPSO website <http://jobs.eu-careers.eu> by:

25 June 2019 at 12.00 (midday), CET

The period during which the second part of the application form will have to be filled in will be communicated shortly after the first deadline to those candidates invited to complete it.

1.2. **Supporting documents**

At different steps of the selection procedure, you will need to provide an official document proving your citizenship (e.g. passport or identity card) which must be valid on the closing date of your application (closing date of the first part of your application in the case of a 2-part application scenario).

All periods of professional activity must be covered by originals or certified photocopies of:

2. BY WHOM WILL I BE ASSESSED?

A Selection Board is appointed to compare candidates and select the best ones on the basis of their competencies, aptitudes and qualifications in the light of the requirements set out in this notice of competition. Its members also decide on the difficulty of the competition tests and approve their content on the basis of proposals made by EPSO.

To ensure the Selection Board's independence, it is strictly forbidden for candidates or anyone outside the board to attempt to contact any of its members, except in the context of tests which require direct interaction between the candidates and the board.

Candidates who wish to state their case or assert their rights must do so in writing, addressing their correspondence intended for a Selection Board to EPSO, which will pass it on to the board. Any direct or indirect intervention by candidates that does not comply with these procedures is forbidden and may result in disqualification from the competition.

The existence of a family relationship or a hierarchical link between a candidate and a Selection Board member, in particular, gives rise to a conflict of interest. Selection Boards are asked to declare any such situations to EPSO immediately when they become aware of them. EPSO will evaluate each case individually and take the appropriate measures. The non-respect of the above mentioned rules could make Selection Board members liable to disciplinary action and result in disqualification from the competition for candidates (see section 4.4).

The names of the Selection Board members are published on the EPSO website (www.eu-careers.eu) before the beginning of the assessment centre/phase.

3. COMMUNICATION

3.1. *Communication with EPSO*

You should consult your EPSO account **at least twice a week** to keep track of your progress during the competition. If you are prevented from doing so because of a technical problem on EPSO's side, you must notify EPSO immediately and exclusively via the EPSO website (https://epso.europa.eu/help_en).

EPSO reserves the right not to supply information that is already clearly stated in this notice of competition, its annexes or on the EPSO website, including under 'frequently asked questions'.

In all correspondence relating to an application, please mention your **name** as given in your EPSO account, your **application number** and the **reference number of the selection procedure**.

EPSO applies the principles of the code of good administrative behaviour https://ec.europa.eu/info/about-european-union/principles-and-values/ethics-and-integrity/code-conduct-eu-staff_en (as published in the *Official Journal*). Accordingly, EPSO reserves the right to cease any improper (i.e. repetitive, abusive and/or irrelevant) correspondence.

3.2. *Access to information*

Candidates have specific rights of access to certain information concerning them individually, granted in the light of the obligation to state reasons, in order to allow for an appeal against rejection decisions.

This obligation to state reasons must be balanced with the confidentiality of the Selection Board proceedings, which ensures the boards' independence and the objectivity of the selection. Due to confidentiality, attitudes adopted by members of Selection Boards regarding the individual or comparative assessments of candidates cannot be disclosed.

These access rights are specific to candidates in an open competition and legislation on public access to documents may not confer on them rights broader than those specified in this section.

3.2.1. Automatic disclosure

You will **automatically receive** the following information via your EPSO account after each stage of the selection process organised for a given competition:

- **MCQ tests:** your results and a grid with your answers and the correct answers by reference number/letter. Access to **the text of the questions and answers is explicitly excluded;**
- **eligibility:** whether you were admitted; if not, the eligibility conditions that were not met;
- **Talent Screener:** your results and a grid with the question weightings, the points awarded for your answers and your total score;
- **preliminary tests:** your results;
- **intermediate tests:** your results if you are not amongst the candidates invited to the next phase;
- **assessment centre/phase:** if you are not disqualified, your competency passport showing your overall marks for each competency and the Selection Board's comment providing quantitative and qualitative feedback on your performance at the assessment centre/phase.

As a rule, EPSO does not communicate to candidates any source texts or test assignments, as these are intended for re-use in future competitions. For certain tests, however, it may exceptionally publish the source texts or assignments on its website if:

- the tests have been completed;
- the results have been established and communicated to candidates; and
- the source texts/assignments are not intended for reuse in future competitions.

3.2.2. Information on request

You may request an **uncorrected** copy of your answers in written tests where the content is **not intended for reuse** in future competitions. This explicitly excludes answers to e-tray exercises and case studies.

Your corrected answer papers and the details of the marking, in particular, are covered by the secrecy of Selection Board proceedings and **will not be disclosed**.

EPSO endeavours to make as much information available to candidates as possible, in accordance with the obligation to state reasons, the confidential nature of Selection Board proceedings and the rules on the protection of personal data. All requests for information will be evaluated in light of these obligations.

Any requests for information should be submitted via the EPSO website (https://epso.europa.eu/help_en) within 10 calendar days of the day your results were published in your EPSO account.

4. COMPLAINTS AND ISSUES

4.1. Technical and organisational issues

If, at any stage of the selection procedure, you encounter a serious technical or organisational problem, in order to allow us to investigate the issue and take corrective measures, **please inform EPSO exclusively** via the EPSO website (https://epso.europa.eu/help_en).

In all correspondence, please mention your **name** (as given in your EPSO account), your **application number** and the **reference number of the selection procedure**.

If the problem occurs at a test centre, please:

- alert the invigilators immediately so that a solution can be investigated at the centre itself. In any case, ask them to record your complaint in writing; and
- contact EPSO no later than 3 calendar days after your tests via the EPSO website (https://epso.europa.eu/help_en) with a brief description of the problem.

For **problems occurring outside test centres** (e.g. mainly concerning the test booking process), please follow the instructions in your EPSO account and on EPSO's website or contact EPSO immediately via the EPSO website (https://epso.europa.eu/help_en).

For issues with your application, you must contact EPSO immediately and in any case before the deadline for applications via the EPSO website (https://epso.europa.eu/help_en). Queries sent less than 5 working days before the deadline for applications might not be answered before the deadline.

4.2. *Internal review procedures*

4.2.1. *Error in the computer-based multiple choice questions (MCQs)*

The MCQ database is subject to permanent in-depth quality control by EPSO and Selection Boards.

If you believe that an error in one or more of the MCQs affected your ability to answer, you are entitled to ask for the question(s) to be reviewed by the Selection Board (under the 'neutralisation' procedure).

Under this procedure, the Selection Board may decide to cancel the question containing the error and to redistribute the points among the remaining questions of the test. Only those candidates who received that question will be affected by the recalculation. The marking of the tests remains as indicated in the relevant sections of this notice of competition.

Arrangements for complaints about the MCQ tests are as follows:

- **procedure:** please contact EPSO **only via the EPSO website** (https://epso.europa.eu/help_en);
- **language:** in the Language 2 you chose for the competition in question;
- **deadline:** within **3 calendar** days of the date of your computer-based tests;
- **additional information:** describe what the question was about (content) in order to identify the question(s) concerned, and explain the nature of the alleged error as clearly as possible.

Requests received after the deadline or that do not clearly describe the contested question(s) and alleged error will not be taken into account.

In particular, complaints merely pointing out alleged issues of translation, and which do not clearly specify the problem, will not be taken into account.

The same review procedure applies with regard to errors in the e-tray exercise.

4.2.2. *Requests for review*

You can request a review of any **decision** taken by the Selection Board or EPSO that establishes your results and/or determines whether you can proceed to the next stage of the competition or are excluded.

Requests for review may be based on:

- a material irregularity in the competition process; and/or
- non-compliance, by the Selection Board or EPSO, with the Staff Regulations, the notice of competition, its annexes and/or case law.

Please note that you are not allowed to challenge the validity of the Selection Board's assessment of the quality of your performance in a test or the relevance of your qualifications and professional experience. This assessment is a value judgment made by the board and your disagreement with the board's evaluation of your tests, experience and/or qualifications does not prove that it has made an error. Requests for review submitted on this basis will not lead to a positive outcome.

Arrangements for requests for review are as follows:

- **procedure:** please contact EPSO only via the EPSO website (https://epso.europa.eu/help_en);
- **language:** in the Language 2 you chose for the competition in question;
- **deadline:** within **10 calendar days** of the date on which the contested decision was published in your EPSO account;
- **additional information:** indicate clearly the decision you wish to contest and on what grounds.

Requests received after the deadline will not be taken into account.

You will receive an acknowledgment of receipt within 15 working days. The body which took the contested decision (either the Selection Board or EPSO) will analyse and decide on your request and you will receive a reasoned reply as soon as possible.

If the outcome is positive, you will be re-entered in the selection process at the stage at which you were excluded, regardless of how far the competition has progressed in the meantime.

4.3. *Other forms of contestation*

4.3.1. *Administrative complaints*

As a candidate in an open competition, you have the right to address an administrative complaint to the Director of EPSO acting as the appointing authority.

You may submit a complaint against a decision, or lack thereof, that directly and immediately affects your legal status as a candidate, only if the rules governing the selection procedure have clearly been infringed. **The Director of EPSO cannot overturn a value judgment made by a Selection Board** (see section 4.2.2).

Arrangements for administrative complaints are as follows:

- **procedure:** please contact EPSO only via the EPSO website (https://epso.europa.eu/help_en);
- **language:** in the Language 2 you chose for the competition in question;
- **deadline:** within **three months** of notification of the contested decision or of the date by which a decision should have been made;
- **additional information:** indicate clearly the decision you wish to contest and on what grounds.

Requests received after the deadline will not be taken into account.

4.3.2. *Judicial appeals*

As a candidate in an open competition, you have the right to submit a judicial appeal to the General Court, under Article 270 of the Treaty on the Functioning of the European Union and Article 91 of the Staff Regulations.

Note that appeals against decisions taken by EPSO rather than by the Selection Board will not be admissible before the General Court unless an administrative complaint under Article 90(2) of the Staff Regulations has first been made (see section 4.3.1). In particular, this is the case with the decisions concerning the general eligibility criteria, which are taken by EPSO not the Selection Board.

Arrangements for judicial appeals are as follows:

- **procedure:** please consult the website of the General Court (<http://curia.europa.eu/jcms/>).

4.3.3. *European Ombudsman*

All EU citizens and residents can make a complaint to the European Ombudsman.

Before you submit a complaint to the Ombudsman, you must first make the appropriate administrative approaches to the institutions and bodies concerned (see sections 4.1.-4.3.).

Making a complaint to the Ombudsman does not extend the deadlines for lodging administrative complaints or judicial appeals.

Arrangements for complaints to the Ombudsman are as follows:

- **procedure:** please consult the website of the European Ombudsman (<http://www.ombudsman.europa.eu/>).

4.4. ***Disqualification from the selection procedure***

You may be disqualified at any stage in a selection procedure if EPSO finds that you:

- have created more than one EPSO account;
- have applied to incompatible fields or profiles;
- do not meet all the eligibility conditions;
- made false declarations or declarations unsupported by the appropriate documents;
- have failed to book or sit one or more of your tests;
- have cheated during the tests;
- did not declare in your application form the languages required in this Notice of Competition, or did not declare the minimum level(s) required for those languages;
- attempted to contact a member of the Selection Board in an unauthorised manner;
- failed to inform EPSO of a possible conflict of interest with a Selection Board member;
- submitted your application in a language other than that/those specified in this notice of competition (allowances may be made regarding the use of another language for proper nouns, official titles and job titles as indicated in the supporting documents or labels/titles of diplomas); and/or
- signed or wrote a distinctive mark on anonymously marked written or practical tests.

Candidates for recruitment by the EU institutions must show the highest possible integrity. Fraud or attempted fraud may render you liable to penalty and compromise your eligibility for future competitions.
