## NOTICE OF OPEN COMPETITION

EPSO/AST-SC/08/19 — PARLIAMENTARY USHERS (SC 1/SC 2)

(2019/C 233 A/01)

***Deadline for registration: 10 September 2019 at 12.00 (midday), Brussels time***

The European Personnel Selection Office (EPSO) is organising an open competition, based on qualifications and tests, to draw up reserve lists from which the European Parliament may recruit new members of the civil service as '**parliamentary ushers**' (function group AST-SC).

Successful SC 2 grade candidates may also be recruited for similar duties by the Court of Justice of the European Union in Luxembourg.

This notice of competition and its annexes form the legally binding framework for these selection procedures.

Please see ANNEX III to read the general rules governing open competitions.

Number of successful candidates sought:

**Grade SC 1: 20 Grade SC 2: 27**

***This notice of open competition covers two grades. You may only apply to one.*** You must make your choice when you apply online and you will not be able to change it after you have validated your online application form. However, ***under certain conditions*** described under point 3) of section **HOW WILL I BE SELECTED?**, your application to grade SC 2 may be reassigned by the Selection Board into grade SC 1.

**WHAT TASKS CAN I EXPECT TO PERFORM?**

The task of Parliamentary ushers is to assist Members of the European Parliament (MEPs) and other dignitaries during plenary sessions, at meetings of parliamentary bodies, and during the various events that take place on the European Parliament's premises. They ensure the respect of the rules and the observance of the security principles.

This includes, amongst others, the preparation and monitoring of meeting rooms, accompanying and assigning a seat to MEPs, VIPs or visitors in meeting rooms or in the hemicycle, as well as performing ceremonial tasks in cooperation with the Protocol service. The duties require ushers to be flexible in terms of working hours, and will involve travel between the Parliament's three regular places of work (Brussels, Luxembourg and Strasbourg), as well as elsewhere. They are required to wear a uniform supplied by the European Parliament.

Please see ANNEX I for more information about the typical duties to be performed.

**AM I ELIGIBLE TO APPLY?**

You must meet ALL of the following general and specific conditions on the closing date for online applications:

**1) General conditions**

- Enjoy full rights as a citizen of a Member State of the EU
- Meet any obligations under national laws on military service
- Meet the character requirements for the duties concerned

**2) Specific conditions — languages**

You must have knowledge of **at least 3 official EU languages**; one at minimum C1 level (thorough knowledge), one at minimum B2 level (satisfactory knowledge), and another at minimum A2 level (basic knowledge).

Please note that the minimum levels required above must apply to each linguistic ability (speaking, writing, reading and listening) requested in the application form. These abilities reflect those of the *Common European Framework of Reference for Language* (<https://europass.cedefop.europa.eu/en/resources/european-language-levels-cefr>).

In this notice of competition we will refer to the languages as:

- Language 1: language used for the computer-based Multiple-Choice Question tests.
- Language 2: language used for the selection based on qualifications (Talent Screener), for the general and field-related competency tests during the assessment phase and for communication between EPSO and the candidates who have submitted a valid application. This must be different from language 1.
- Language 3: language used for the oral test during the assessment phase. This must be different from languages 1 and 2.

**Language 2 must be English or French.**

The purpose of this competition is to create reserve lists of Parliamentary ushers for recruitment within the European Parliament. The language requirements for this competition take into account the duties of the posts offered. Once recruited, it is essential that the ushers are able to communicate with MEPs, EU Commissioners, visitors, their colleagues and managers. Indeed, a large part of the tasks of Parliamentary ushers consists in assisting event participants, such as MEPs and other VIPs from international organisations, who mainly communicate in English and/or in French. Ushers therefore act as go-between for MEPs and their colleagues. This choice of the two languages 2 is therefore service-oriented and intends to minimize disruption in the service. Ushers should be capable of understanding what they are asked to do, to give safety instructions in case of danger, to give information and assistance in a language that is largely understood by the largest number of people visiting the premises of the European Parliament.

On this basis, an additional **third language** is requested for this competition because of the large linguistic diversity within the European assembly and the visitors or dignitaries invited.

**3) Specific conditions — qualifications and work experience****Grades SC 1 and SC 2**

- A level of secondary education attested by a diploma giving access to post-secondary education followed by **at least 3 years'** professional experience directly related to the duties

**or**

- Professional training (equivalent to European Qualification Framework Level 4 — [http://ec.europa.eu/plo-teus/search/site?f%5B0%5D=im\\_field\\_entity\\_type%3A97](http://ec.europa.eu/plo-teus/search/site?f%5B0%5D=im_field_entity_type%3A97)), followed by **at least 3 years'** professional experience. At least the experience must be directly related to the duties

**or**

- Professional experience of **at least 8 years** directly related to the duties.

***Additional professional experience:***

**Grade SC2 only**

**At least 4 years'** additional professional experience directly related to the nature of the duties.

This professional experience is relevant only where it has been gained after obtaining the qualification and/or professional experience required for access to the competition (see Grades SC 1 and SC 2 above).

The professional experience required for both grades must be directly related to the duties of an usher as described in ANNEX I. Experience in the management of colleagues performing the tasks of an usher will not be taken into consideration.

Please see ANNEX IV for examples of minimum qualifications

**HOW WILL I BE SELECTED?**

**1) *Application process***

When completing your application form, you will have to select a language 1, a language 2 and a language 3. You will have to select your language 1 from among any of the 24 official EU languages, your language 2 from among English and French, and your language 3 also from among any of the 24 official EU languages; however, language 3 must be different from languages 1 and 2. You will also be asked to confirm your eligibility for the competition and provide further information **relevant to this competition** (for example: diplomas, work experience and answers to field-related questions (Talent Screener)).

You can select any of the 24 official EU languages when completing your application form, except for the **Talent Screener** section which **must be completed in your language 2** for the following reasons: the Talent Screener is subject to a comparative assessment by the Selection Board, it is used as a reference document by the Board during the field-related interview during the assessment phase, and is used for recruitment purposes if a candidate is successful. It is therefore in the interest of the service and the candidates to complete the Talent Screener in Language 2.

Please note that your whole application form will be accessed by the Selection Board (during the competition) and by the HR services of the European Institutions (for recruitment in case you are a successful candidate) who work in a limited number of vehicular languages.

In case you succeed in the competition and your name is placed on the reserve list, you will be asked to provide a translation of the application form in language 2 (English or French) to the recruiting services if you have used another language for filling in the application form.

By validating your application form you declare on your honour that you meet all the conditions mentioned under the section 'Am I eligible to apply?' Once you have validated your application form, you will no longer be able to make any changes. It is your responsibility to ensure that you complete and validate your application **within the deadline**.

**2) *Computer-based Multiple-Choice Question (MCQ) tests***

If the number of candidates **exceeds a certain threshold**, as defined by the director of EPSO acting as Appointing Authority, all candidates who validated their application form by the deadline will be invited to sit a series of computer-based MCQ tests in one of EPSO's accredited centres.

Unless instructed otherwise, **you must book** an appointment for the MCQ tests following the instructions received from EPSO. Typically, you will be offered several dates on which you can sit the tests, in various locations. The booking and testing periods **are limited**.

If the number of candidates **is below the threshold**, these tests will be held during the assessment phase (point 5) instead.

The computer-based MCQ tests will be organised as follows:

| Tests               | Language   | Questions    | Duration | Marking   | Pass mark                            |
|---------------------|------------|--------------|----------|-----------|--------------------------------------|
| Verbal reasoning    | Language 1 | 20 questions | 35 min   | Out of 20 | 10/20                                |
| Numerical reasoning | Language 1 | 10 questions | 20 min   | Out of 10 | Numerical + abstract combined: 10/20 |
| Abstract reasoning  | Language 1 | 10 questions | 10 min   | Out of 10 |                                      |

These tests are eliminatory and do not count towards the other tests held during the assessment phase.

### 3) *Eligibility checks*

The eligibility requirements laid down in the section 'Am I eligible to apply?' above will be checked against the data provided in candidates' online applications. EPSO will check whether you meet the general eligibility conditions while the selection board will check compliance with the specific eligibility conditions under the sections 'Education and Training', 'Professional Experience' and 'Language Skills' of the candidates' online application.

There are 2 possible scenarios:

- If the computer-based MCQ **tests are organised upfront**, the files of the candidates will be checked for eligibility in descending order of the marks obtained in those tests until the number of eligible candidates reaches **a maximum of 10 times** the number of successful candidates sought for each grade. The other files will not be checked.
- If the computer-based MCQ tests **are not organised upfront**, the files of all candidates who validated their application form by the deadline will be checked for eligibility.

**Grade SC 2 candidates:** during the check for eligibility, the selection board may reassign your application to grade SC 1 if you meet the following conditions:

- you reached one of the highest overall marks for grade SC 2 in the MCQ tests (see point 2) under section '**HOW WILL I BE SELECTED?**'), and
- according to the data given in your application you do not meet the eligibility requirements for grade SC 2 but you do meet those for grade SC 1, and
- you gave your consent for reassignment to grade SC 1 when you applied, and
- you also reached one of the highest overall marks in the MCQ tests for grade SC 1.

In that case, you will be considered as candidate to grade SC 1 for the rest of the procedure.

Any such reassignment will take place before the selection based on qualifications takes place and will be made on the basis of the information given in your online application. Candidates whose marks are below the threshold set for the highest marks in grade SC 2 will not be considered for transfer to grade SC 1.

#### 4) *Selection based on qualifications — Talent Screener*

In order to allow the selection board to carry out an objective assessment of the comparative merits of all candidates in a structured way, all candidates in this competition must answer the same set of questions in the ‘Talent Screener’ section of the application form. The selection based on qualifications will be carried out, **only for those candidates deemed eligible** as described above in point 3, using **solely** the information provided in this Talent Screener section. **You should therefore include all relevant information in your Talent Screener answers, even if already mentioned in other sections of your application form.** The questions are based on the selection criteria included in this notice.

Please see ANNEX II for the list of criteria.

To carry out the selection based on qualifications, the selection board will first assign each **selection criterion** a weighting that reflects its relative importance (1 to 3) and each of the candidate’s responses will be awarded between 0 and 4 points. The points are multiplied by the weighting for each criterion and added up to identify those candidates whose profiles best match the duties to be performed.

Only the candidates with the highest total marks at the selection based on qualifications will go through to the next stage.

#### 5) *Assessment phase*

**A maximum of 3 times** the number of successful candidates sought for each grade will be invited to this phase. If you meet the eligibility requirements according to the data in your online application and if you scored one of the **highest total marks** for the selection based on qualifications, you will be invited to attend an assessment phase for 1 or 2 days, most probably in **Brussels**, where you will take tests held in your **languages 2 and 3**.

If the computer-based MCQ tests described in point 1 were **not organised upfront**, you will sit them during the assessment phase. These tests are eliminatory and the marks obtained will not be added to the marks of the other assessment tests in the calculation of your total score.

Unless instructed otherwise, you will have to bring a USB key containing scanned copies of your supporting documents to your assessment phase. EPSO will download your files during your assessment tests and return the USB key to you on the same day.

Seven general competencies, each marked out of 10, as well as the specific competencies required for this competition, will be tested during the assessment phase through **4 tests** (general competency-based interview, field-related interview and a role-play exercise in your language 2, and a language-specific oral test in your language 3) as described in the following matrices:

| Competency                        | Test                               |
|-----------------------------------|------------------------------------|
| 1. Analysis and problem solving   | Role-play                          |
| 2. Communication                  | General competency-based interview |
| 3. Delivering quality and results | Role-play                          |
| 4. Learning and development       | General competency-based interview |
| 5. Prioritising and organising    | General competency-based interview |
| 6. Resilience                     | Role-play                          |
| 7. Working with others            | Role-play                          |

**Pass mark:** 35/70 in total

| Competency                 | Test                        | Marking and pass marks   |
|----------------------------|-----------------------------|--------------------------|
| Field-related competencies | Field-related interview     | 50/100                   |
| Language 3                 | Language-specific oral test | Out of 10 – no pass mark |

There is no required pass mark for the Language 3 oral test; the mark obtained will, however, be added to those obtained in the other assessment phase tests to give candidates their overall score.

#### 6) **Reserve list**

After checking candidates' eligibility against their supporting documents and qualifications (Talent Screener), the selection board will draw up a reserve list for each grade — until the number of successful candidates sought is reached — of those eligible candidates who have obtained all pass marks as well as the highest overall marks following the assessment phase. Names will be listed alphabetically.

The reserve lists and the competency passports, giving qualitative feedback from the Selection Board, of successful candidates will be made available to the EU institutions for recruitment procedures and future career development. Inclusion on a reserve list **does not confer any right to or guarantee of** recruitment.

#### **EQUAL OPPORTUNITIES AND SPECIAL ADJUSTMENTS**

EPSO endeavours to apply equal opportunities, treatment and access to all candidates.

If you have a disability or a medical condition that may affect your ability to sit the tests, please indicate this in your application form and let us know the type of special adjustments you need.

Discover more about our equal opportunities policy and procedure to request special adjustments on our website ([https://epso.europa.eu/how-to-apply/equal-opportunities\\_en](https://epso.europa.eu/how-to-apply/equal-opportunities_en)) and in the General rules annexed to this notice (under point 1.3. ## 2. BY WHOM WILL I BE ASSESSED?

A Selection Board is appointed to compare candidates and select the best ones on the basis of their competencies, aptitudes and qualifications in the light of the requirements set out in this notice of competition. Its members also decide on the difficulty of the competition tests and approve their content on the basis of proposals made by EPSO.

To ensure the Selection Board's independence, it is strictly forbidden for candidates or anyone outside the board to attempt to contact any of its members, except in the context of tests which require direct interaction between the candidates and the board.

Candidates who wish to state their case or assert their rights must do so in writing, addressing their correspondence intended for a Selection Board to EPSO, which will pass it on to the board. Any direct or indirect intervention by candidates that does not comply with these procedures is forbidden and may result in disqualification from the competition.

The existence of a family relationship or a hierarchical link between a candidate and a Selection Board member, in particular, gives rise to a conflict of interest. Selection Boards are asked to declare any such situations to EPSO immediately when they become aware of them. EPSO will evaluate each case individually and take the appropriate measures. The non-respect of the above mentioned rules could make Selection Board members liable to disciplinary action and result in disqualification from the competition for candidates (see section 4.4).

The names of the Selection Board members are published on the EPSO website ([www.eu-careers.eu](http://www.eu-careers.eu)) before the beginning of the assessment centre/phase.

### 3. COMMUNICATION

#### 3.1. Communication with EPSO

You should consult your EPSO account **at least twice a week** to keep track of your progress during the competition. If you are prevented from doing so because of a technical problem on EPSO's side, you must notify EPSO immediately and exclusively via the EPSO website ([https://epso.europa.eu/help\\_en](https://epso.europa.eu/help_en)).

EPSO reserves the right not to supply information that is already clearly stated in this notice of competition, its annexes or on the EPSO website, including under 'frequently asked questions'.

In all correspondence relating to an application, please mention your **name** as given in your EPSO account, your **application number** and the **reference number of the selection procedure**.

EPSO applies the principles of the code of good administrative behaviour [https://ec.europa.eu/info/about-european-union/principles-and-values/ethics-and-integrity/code-conduct-eu-staff\\_en](https://ec.europa.eu/info/about-european-union/principles-and-values/ethics-and-integrity/code-conduct-eu-staff_en) (as published in the *Official Journal*). Accordingly, EPSO reserves the right to cease any improper (i.e. repetitive, abusive and/or irrelevant) correspondence.

#### 3.2. Access to information

Candidates have specific rights of access to certain information concerning them individually, granted in the light of the obligation to state reasons, in order to allow for an appeal against rejection decisions.

This obligation to state reasons must be balanced with the confidentiality of the Selection Board proceedings, which ensures the boards' independence and the objectivity of the selection. Due to confidentiality, attitudes adopted by members of Selection Boards regarding the individual or comparative assessments of candidates cannot be disclosed.

These access rights are specific to candidates in an open competition and legislation on public access to documents may not confer on them rights broader than those specified in this section.

##### 3.2.1. Automatic disclosure

You will **automatically receive** the following information via your EPSO account after each stage of the selection process organised for a given competition:

- **MCQ tests:** your results and a grid with your answers and the correct answers by reference number/letter. Access to **the text of the questions and answers is explicitly excluded**;
- **eligibility:** whether you were admitted; if not, the eligibility conditions that were not met;
- **Talent Screener:** your results and a grid with the question weightings, the points awarded for your answers and your total score;
- **preliminary tests:** your results;
- **intermediate tests:** your results if you are not amongst the candidates invited to the next phase;
- **assessment centre/phase:** if you are not disqualified, your competency passport showing your overall marks for each competency and the Selection Board's comment providing quantitative and qualitative feedback on your performance at the assessment centre/phase.

As a rule, EPSO does not communicate to candidates any source texts or test assignments, as these are intended for re-use in future competitions. For certain tests, however, it may exceptionally publish the source texts or assignments on its website if:

- the tests have been completed;
- the results have been established and communicated to candidates; and
- the source texts/assignments are not intended for reuse in future competitions.

### 3.2.2. *Information on request*

You may request an **uncorrected** copy of your answers in written tests where the content is **not intended for reuse** in future competitions. This explicitly excludes answers to e-tray exercises and case studies.

Your corrected answer papers and the details of the marking, in particular, are covered by the secrecy of Selection Board proceedings and **will not be disclosed**.

EPSO endeavours to make as much information available to candidates as possible, in accordance with the obligation to state reasons, the confidential nature of Selection Board proceedings and the rules on the protection of personal data. All requests for information will be evaluated in light of these obligations.

Any requests for information should be submitted via the EPSO website ([https://epso.europa.eu/help\\_en](https://epso.europa.eu/help_en)) within 10 calendar days of the day your results were published in your EPSO account.

## 4. COMPLAINTS AND ISSUES

### 4.1. **Technical and organisational issues**

If, at any stage of the selection procedure, you encounter a serious technical or organisational problem, in order to allow us to investigate the issue and take corrective measures, **please inform EPSO exclusively** via the EPSO website ([https://epso.europa.eu/help\\_en](https://epso.europa.eu/help_en)).

In all correspondence, please mention your **name** (as given in your EPSO account), your **application number** and the **reference number of the selection procedure**.

**If the problem occurs at a test centre**, please:

- alert the invigilators immediately so that a solution can be investigated at the centre itself. In any case, ask them to record your complaint in writing; and
- contact EPSO no later than 3 calendar days after your tests via the EPSO website ([https://epso.europa.eu/help\\_en](https://epso.europa.eu/help_en)) with a brief description of the problem.

For **problems occurring outside test centres** (e.g. mainly concerning the test booking process), please follow the instructions in your EPSO account and on EPSO's website or contact EPSO immediately via the EPSO website ([https://epso.europa.eu/help\\_en](https://epso.europa.eu/help_en)).

For issues with your application, you must contact EPSO immediately and in any case before the deadline for applications via the EPSO website ([https://epso.europa.eu/help\\_en](https://epso.europa.eu/help_en)). Queries sent less than 5 working days before the deadline for applications might not be answered before the deadline.

### 4.2. **Internal review procedures**

#### 4.2.1. *Error in the computer-based multiple choice questions (MCQs)*

The MCQ database is subject to permanent in-depth quality control by EPSO and Selection Boards.

If you believe that an error in one or more of the MCQs affected your ability to answer, you are entitled to ask for the question(s) to be reviewed by the Selection Board (under the 'neutralisation' procedure).

Under this procedure, the Selection Board may decide to cancel the question containing the error and to redistribute the points among the remaining questions of the test. Only those candidates who received that question will be affected by the recalculation. The marking of the tests remains as indicated in the relevant sections of this notice of competition.

Arrangements for complaints about the MCQ tests are as follows:

- **procedure:** please contact EPSO **only via the EPSO website** ([https://epso.europa.eu/help\\_en](https://epso.europa.eu/help_en));
- **language:** in the Language 2 you chose for the competition in question;
- **deadline:** within **3 calendar** days of the date of your computer-based tests;
- **additional information:** describe what the question was about (content) in order to identify the question(s) concerned, and explain the nature of the alleged error as clearly as possible.

**Requests received after the deadline or that do not clearly describe the contested question(s) and alleged error will not be taken into account.**

In particular, complaints merely pointing out alleged issues of translation, and which do not clearly specify the problem, will not be taken into account.

**The same review procedure applies with regard to errors in the e-tray exercise.**

#### 4.2.2. *Requests for review*

You can request a review of any **decision** taken by the Selection Board or EPSO that establishes your results and/or determines whether you can proceed to the next stage of the competition or are excluded.

Requests for review may be based on:

- a material irregularity in the competition process; and/or
- non-compliance, by the Selection Board or EPSO, with the Staff Regulations, the notice of competition, its annexes and/or case law.

Please note that you are not allowed to challenge the validity of the Selection Board's assessment of the quality of your performance in a test or the relevance of your qualifications and professional experience. This assessment is a value judgment made by the board and your disagreement with the board's evaluation of your tests, experience and/or qualifications does not prove that it has made an error. Requests for review submitted on this basis will not lead to a positive outcome.

Arrangements for requests for review are as follows:

- **procedure:** please contact EPSO only via the EPSO website ([https://epso.europa.eu/help\\_en](https://epso.europa.eu/help_en));
- **language:** in the Language 2 you chose for the competition in question;
- **deadline:** within **10 calendar days** of the date on which the contested decision was published in your EPSO account;
- **additional information:** indicate clearly the decision you wish to contest and on what grounds.

**Requests received after the deadline will not be taken into account.**

You will receive an acknowledgment of receipt within 15 working days. The body which took the contested decision (either the Selection Board or EPSO) will analyse and decide on your request and you will receive a reasoned reply as soon as possible.

**If the outcome is positive, you will be re-entered in the selection process at the stage at which you were excluded**, regardless of how far the competition has progressed in the meantime.

### 4.3. **Other forms of contestation**

#### 4.3.1. *Administrative complaints*

As a candidate in an open competition, you have the right to address an administrative complaint to the Director of EPSO acting as the appointing authority.

You may submit a complaint against a decision, or lack thereof, that directly and immediately affects your legal status as a candidate, only if the rules governing the selection procedure have clearly been infringed. **The Director of EPSO cannot overturn a value judgment made by a Selection Board** (see section 4.2.2).

Arrangements for administrative complaints are as follows:

- **procedure:** please contact EPSO only via the EPSO website ([https://epso.europa.eu/help\\_en](https://epso.europa.eu/help_en));
- **language:** in the Language 2 you chose for the competition in question;
- **deadline:** within **three months** of notification of the contested decision or of the date by which a decision should have been made;
- **additional information:** indicate clearly the decision you wish to contest and on what grounds.

**Requests received after the deadline will not be taken into account.**

#### 4.3.2. *Judicial appeals*

As a candidate in an open competition, you have the right to submit a judicial appeal to the General Court, under Article 270 of the Treaty on the Functioning of the European Union and Article 91 of the Staff Regulations.

Note that appeals against decisions taken by EPSO rather than by the Selection Board will not be admissible before the General Court unless an administrative complaint under Article 90(2) of the Staff Regulations has first been made (see section 4.3.1). In particular, this is the case with the decisions concerning the general eligibility criteria, which are taken by EPSO not the Selection Board.

Arrangements for judicial appeals are as follows:

- **procedure:** please consult the website of the General Court (<http://curia.europa.eu/jcms/>).

#### 4.3.3. *European Ombudsman*

All EU citizens and residents can make a complaint to the European Ombudsman.

**Before you submit a complaint to the Ombudsman, you must first make the appropriate administrative approaches to the institutions and bodies concerned** (see sections 4.1.-4.3.).

Making a complaint to the Ombudsman does not extend the deadlines for lodging administrative complaints or judicial appeals.

Arrangements for complaints to the Ombudsman are as follows:

- **procedure:** please consult the website of the European Ombudsman (<http://www.ombudsman.europa.eu/>).

#### 4.4. **Disqualification from the selection procedure**

You may be disqualified at any stage in a selection procedure if EPSO finds that you:

- have created more than one EPSO account;
- have applied to incompatible fields or profiles;
- do not meet all the eligibility conditions;
- made false declarations or declarations unsupported by the appropriate documents;
- have failed to book or sit one or more of your tests;
- have cheated during the tests;
- did not declare in your application form the languages required in this Notice of Competition, or did not declare the minimum level(s) required for those languages;
- attempted to contact a member of the Selection Board in an unauthorised manner;
- failed to inform EPSO of a possible conflict of interest with a Selection Board member;

- submitted your application in a language other than that/those specified in this notice of competition (allowances may be made regarding the use of another language for proper nouns, official titles and job titles as indicated in the supporting documents or labels/titles of diplomas); and/or
- signed or wrote a distinctive mark on anonymously marked written or practical tests.

Candidates for recruitment by the EU institutions must show the highest possible integrity. Fraud or attempted fraud may render you liable to penalty and compromise your eligibility for future competitions.
